10. EVERY. 1

GEN - PROJECT DESCRIPTION

RECOMMND

The project will expand the existing hotel accommodations located on the project site by adding 30 guest rooms (24,949 SF), a pool house with guest services(14,214 SF) and 30 additional parking spaces. The project site includes parcels 942230012, 942230013, 942230014, 942230025 and 942230024. The total area covered by the plot plan is 46.01 gross acres. The existing hotel is a secondary use to an existing winery. Therefore, PP16891R3 will also classify the existing winery and its incidental uses as a Class V Winery as defined under the Wine Country - Winery Zone. Outdoor amplified sounds are not permitted in the expanded area as part of this project.

No other changes to the existing winery or its incidental commercial uses are proposed through this project, and the uses allowed under PP16891, PP16891R1 and PP16891R2 may continue to operate. The conditions of approval for PP16891R3 are in addition to the conditions of approval for PP16891, PP16891R1 and PP16891R2, which remain in full force and effect.

10. EVERY. 2

USE - HOLD HARMLESS

RECOMMND

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PLOT PLAN; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the PLOT PLAN, including, but not limited to, decisions made in response to California Public Records Act requests.

The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense,

10. GENERAL CONDITIONS

10. EVERY. 2 USE - HOLD HARMLESS (cont.)

RECOMMND

the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

10. EVERY. 3 USE - DEFINITIONS

RECOMMND

The words identified in the following list that appear in all capitals in the attached conditions of Plot Plan No. 16891R3 shall be henceforth defined as follows:

APPROVED EXHIBIT A = Plot Plan No. 16891R3, Exhibit A (SITE PLAN - VINEYARD PLANTING AREA) DATED APRIL 12, 2016.

APPROVED EXHIBIT B, C AND M = PLOT PLAN NO. 16891R3, EXHIBIT B,C AND M (ELEVATION, FLOOR AND MATERIALS PLAN) DATED APRIL 12, 2016.

APPROVED EXHIBIT G = PLOT PLAN NO. 16891R3 EXHIBIT G (GRADING PLAN) DATED APRIL 12, 2016

APPROVED EXHIBIT L = PLOT PLAN NO. 16891R3 EXHIBIT L (LANDSCAPE PLAN) DATED APRIL 12, 2016.

APPROVED EXHIBIT X = PLOT PLAN NO. 16891R3 EXHIBIT X (PHOTOMETRIC PLANS) DATED APRIL 12, 2016.

10. EVERY. 4 USE - 90 DAYS TO PROTEST

RECOMMND

The project developer has 90 days from the date of approval of these conditions to protest, in accordance with the procedures set forth in Government Code Section 66020, the imposition of any and all fees, dedications, reservations and/or other exactions imposed on this project as a result of this approval or conditional approval of this project.

PLOT PLAN:TRANSMITTED Case #: PP16891R3

10. GENERAL CONDITIONS

BS GRADE DEPARTMENT

10.BS GRADE. 1 USE - GENERAL INTRODUCTION RECOMMND

Improvements such as grading, filling, over excavation and recompaction, and base or paving which require a grading permit are subject to the included Building and Safety Department Grading Division conditions of approval.

10.BS GRADE. 2 USE - OBEY ALL GDG REGS RECOMMND

All grading shall conform to the California Building Code, Ordinance 457, and all other relevant laws, rules, and regulations governing grading in Riverside County and prior to commencing any grading which includes 50 or more cubic yards, the applicant shall obtain a grading permit from the Building and Safety Department.

10.BS GRADE. 3 USE - DISTURBS NEED G/PMT RECOMMND

Ordinance 457 requires a grading permit prior to clearing, grubbing, or any top soil disturbances related to construction grading.

10.BS GRADE. 4 USE - EROSION CNTRL PROTECT RECOMMND

Graded but undeveloped land shall provide, in addition to erosion control planting, any drainage facility deemed necessary to control or prevent erosion. Additional erosion protection may be required during the rainy season from October 1, to May 31.

10.BS GRADE. 5 USE - DUST CONTROL RECOMMND

All necessary measures to control dust shall be implemented by the developer during grading. A PM10 plan may be required at the time a grading permit is issued.

Dust control measures shall include the following SCAQMD CEQA Air Quality Handbook Dust Control Measures:

- Revegetate disturbed areas as quickly as possible.
- All excavating and grading operations shall be suspended when wind speeds (as instantaneous gusts) exceed 25 mph.
- All streets shall be swept once a day if visible soil materials are carried to adjacent streets (recommend water sweepers with reclaimed water).
- Install wheel washers where vehicles enter and exit

USE - DUST CONTROL (cont.)

RECOMMND

unpaved roads onto paved roads, or wash trucks and any equipment leaving the site each trip.

As well as the following dust control measures recommended by the Project's Air Quality Study:

- Apply soil stabilizers or moisten inactive areas.
- Address previously disturbed areas if subsequent construction is delayed.
- Water exposed surfaces as needed to avoid visible dust leaving the construction site (typically 2-3 times/day).
- Cover all stock piles with tarps at the end of each day or as needed.
- Provide water spray during loading and unloading of earthen materials.
- Minimize in-out traffic from construction zone
- Cover all trucks hauling dirt, sand, or loose material and require all trucks to maintain at least two feet of freeboard

10.BS GRADE. 6

USE - 2:1 MAX SLOPE RATIO

RECOMMND

Graded slopes shall be limited to a maximum steepness ratio of 2:1 (horizontal to vertical) unless otherwise approved.

10.BS GRADE. 7

USE - MINIMUM DRAINAGE GRADE

RECOMMND

Minimum drainage grade shall be 1% except on portland cement concrete where .35% shall be the minimum.

10.BS GRADE. 8

USE - SLOPE SETBACKS

RECOMMND

Observe slope setbacks from buildings & property lines per the California Building Code as amended by Ordinance 457.

10.BS GRADE. 9

USE - OFFST. PAVED PKG

RECOMMND

All offstreet parking areas which are conditioned to be paved shall conform to Ordinance 457 base and paving design and inspection requirements.

10.BS GRADE. 10

USE - FINISH GRADE

RECOMMND

Finish grade shall be sloped to provide proper drainage away from all exterior foundation walls in accordance with the California Building Code and Ordinance 457.

BS PLNCK DEPARTMENT

10.BS PLNCK. 1 SUBMISSION REQUIREMENT

RECOMMND

Prior to submission of plans for plan check...

Per 2013 CBC 11B-208.2 Minimum Number - "Where more than one parking facility is provided on a site, the number of accessible spaces provided on the site shall be calculated according to the number of spaces required for each parking facility."

With 29 additional parking spaces being added in the new parking lot for the addition, you will need to supply 2 additional accessible parking spaces. At least one of the additional spaces shall be designated as "Van Accessible".

Craig Lobnow
Riverside County Building & Safety
Principal Building Inspector
(951) 955-8578

E HEALTH DEPARTMENT

10.E HEALTH. 1 USE - WATER AND SEWER SERVICE

RECOMMND

PP16891R3 is proposing potable water service from Rancho California Water District and sanitary sewer service from Eastern Municipal Water District. It is the responsibility of the developer to ensure that all requirements to obtain potable water service and sanitary sewer service are met with the appropriate purveyor(s) as well as all other applicable agencies. PRIOR TO BUILDING PERMIT ISSUANCE will serve letters from the appropriate purveyors must be submitted.

Any existing onsite wastewater treatment system and/or onsite water well shall be properly removed or abandoned under permit with the Department of Environmental Health.

10.E HEALTH. 2 USE - 16891R3 ECP COMMENTS

RECOMMND

Based on the information provided in the environmental assessment documents submitted for this project and a site visit conducted by DEH-ECP staff and with the provision that the information was accurate and representative of site conditions, DEH-ECP concludes no further environmental assessment is required for this project.

10.E HEALTH. 2

USE - 16891R3 ECP COMMENTS (cont.)

RECOMMND

If contamination or the presence of a naturally occurring hazardous material is discovered at the site, assessment, investigation, and/or cleanup may be required. Contact Riverside County Department of Environmental Health - Environmental Cleanup Programs at (951) 955-8980, for further information.

Please note that the above statement is only applicable to the 30 room hotel expansion that was proposed as PP16891R3. Future projects will be subject to additional evaluation by the Environmental Cleanup Program.

FLOOD RI DEPARTMENT

10.FLOOD RI. 1

USE FLOOD HAZARD REPORT

RECOMMND

Plot Plan (PP) 16891R3 is a proposal for a hotel expansion to an existing winery/resort in the Rancho California area. The site is located on the south/east side of Rancho California Road approximately 2000 feet north/east of Anza Road. The site is on Parcels 1 and 9 of Tract Map 29975 while the existing winery (Plot Plan 16891) is on Parcel 2 of the same map.

The site is subject to sheet flow type runoff from existing vineyards to the east. Most of the flows from this watershed are tributary to an existing low along the northeastern boundary of the property. This low is a tributary to Santa Gertrudis Creek.

The finished floor shall be constructed a minimum of one foot above the adjacent ground, measured at the upstream edge of the structure. The project is considered free from ordinary storm flood hazard. However, a storm of unusual magnitude could cause some damage. The proposed improvements are located on relatively high ground with minimal flows tributary to them. New construction should comply with all applicable ordinances.

The site is located within the bounds of the Murrieta Creek/Santa Gertrudis Valley Area Drainage Plan (ADP) for which drainage fees have been established by the Board of Supervisors. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to permits for this project. Although

the current fee for this ADP is \$1,179 per acre of disturbed and impervious area added to the site, the fee due will be based on the fee in effect at the time of payment.

PARKS DEPARTMENT

10.PARKS. 1 USE - RANCHO CALIFORNIA TRAIL RECOMMND

There is a design guideline roadside trail located on Rancho California Road along the Project's frontage as part of the Temecula Wine Country Design Guidelines. The roadside trail is considered to be located entirely within the road right-of-way. The ROW shall be kept free from obstruction.

PLANNING DEPARTMENT

10.PLANNING. 1 USE - COMPLY WITH ORD./CODES RECOMMND

The development of these premises shall comply with the standards of Ordinance No. 348 and all other applicable Riverside County ordinances and State and Federal codes.

The development of the premises shall conform substantially with that as shown on APPROVED EXHIBIT A, unless otherwise amended by these conditions of approval.

10.PLANNING. 2 USE - FEES FOR REVIEW RECOMMND

Any subsequent submittals required by these conditions of approval, including but not limited to grading plan, building plan or mitigation monitoring review, shall be reviewed on an hourly basis (research fee), or other such review fee as may be in effect at the time of submittal, as required by Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

10.PLANNING. 3 USE - LIGHTING HOOD/DIRECTED RECOMMND

Any outside lighting shall be hooded and directed so as not to shine directly upon adjoining property or public rights-of-way. Lighting shall comply with County Ordinance No. 655 and No. 915 to prevent spillover light or glare

onto the adjacent property. Parking lot lighting shall be in conformance with PP16891R3 EXHIBIT X.

10.PLANNING. 4 USE - COLORS & MATERIALS RECOMMND

Building colors and materials shall be in substantial conformance with those shown on APPROVED EXHIBIT B and C dated 07/09/15.

10.PLANNING. 5 USE - BASIS FOR PARKING RECOMMND

Parking for this project was determined primarily on the basis of County Ordinance No. 348, Section 18.12. a.(2).b),

Lodging Uses: - 1 space per room plus 2 spaces for resident manager. - 2 accessible parking spaces

The 30 room addition will require 34 parking spaces. The proposed project provides an additional 30 parking spaces with the existing parking lot absorbing the 4 spaces needed for this expansion.

10.PLANNING. 6 USE - NO OUTDOOR ADVERTISING RECOMMND

No outdoor advertising display, sign or billboard (not including on-site advertising or directional signs) shall be constructed or maintained within the property subject to this approval.

10.PLANNING. 7 USE - RECLAIMED WATER RECOMMND

The permit holder shall connect to a reclaimed water supply for landscape watering purposes when secondary or reclaimed water is made available to the site.

10.PLANNING. 8 USE - MAINTAIN LICENSING RECOMMND

At all times during the conduct of the permitted use the permittee shall maintain and keep in effect valid licensing approval from the County Environmental Health Department, County Transportation and Land Management Agency, and California Department of Alcohol Beverage Control, or equivalent agency as provided by law. Should such licensing be denied, expire or lapse at any time in the future, this permit shall become null and void.

10. GENERAL CONDITIONS

10.PLANNING. 9

USE - EXTERIOR NOISE LEVELS

RECOMMND

Exterior noise levels produced by any use allowed under this permit, including, but not limited to, any outdoor public address system, shall not exceed 45 db(A), 10-minute LEQ, between the hours of 10:00 p.m. to 7:00 a.m., and 65 db(A), 10-minute LEQ, at all other times as measured at any residential, hospital, school, library, nursing home or other similar noise sensitive land use. In the event noise exceeds this standard, the permittee or the permittee's successor-in-interest shall take the necessary steps to remedy the situation, which may include discontinued operation of the facilities. The permit holder shall comply with the applicable standards of Ordinance No. 847.

10.PLANNING. 10

USE - NOISE MONITORING REPORTS

RECOMMND

The permit holder may be required to submit periodic noise monitoring reports as determined by the Department of Building and Safety as part of a code enforcement action. Upon written notice from the Department of Building and Safety requiring such a report, the permittee or the permittee's successor-in-interest shall prepare and submit an approved report within thirty (30) calendar days to the Department of Building and Safety, unless more time is allowed through written agreement by the Department of Building and Safety. The noise monitoring report shall be approved by the Office of Industrial Hygiene of the Health Service Agency (the permittee or the permittee's successor-in-interest shall be required to place on deposit sufficient funds to cover the costs of this approval prior to commencing the required report).

10.PLANNING. 11

USE - CAUSES FOR REVOCATION

RECOMMND

In the event the use hereby permitted under this permit, a) is found to be in violation of the terms and conditions of this permit, b) is found to have been obtained by fraud or perjured testimony, or c) is found to be detrimental to the public health, safety or general welfare, or is a public nuisance, this permit shall be subject to the revocation procedures.

10.PLANNING. 12

USE - CEASED OPERATIONS

RECOMMND

In the event the use hereby permitted ceases operation for a period of one (1) year or more, this approval shall

become null and void.

Additionally, in the event the winery ceases operation, the associated hotel will also need to cease operations.

10.PLANNING. 13 USE - MT PALOMAR LIGHTING AREA RECOMMND

Within the Mt. Palomar Special Lighting Area, as defined in Ordinance No. 655, low pressure sodium vapor lighting or overhead high pressure sodium vapor lighting with shields or cutoff luminaires, shall be utilized.

10.PLANNING. 14 USE - ORD 810 O S FEE (1) RECOMMND

In accordance with Riverside County Ordinance No. 810, to assist in providing revenue to acquire and preserve open space and habitat, an Open Space Mitigation Fee shall be paid for each development project or portion of an expanded development project to be constructed in Western Riverside County. The amount of the fee for commercial or industrial development shall be calculated on the basis of "Project Area," which shall mean the net area, measured in acres, from the adjacent road right-of-way to the limits of the project development. The net project area that includes the hotel expansion area is approximately 1.46 acres.

10.PLANNING. 15 USE - PERMIT SIGNS RECOMMND

No signs are approved pursuant to this project approval. Prior to the installation of any on-site advertising or directional signs, a signing plan shall be submitted to and approved by the Planning Department pursuant to the requirements of Section 18.30 (Planning Department review only) of Ordinance No. 348.

10.PLANNING. 16 USE - 3RD & 5TH DIST DSGN STDS RECOMMND

The permit holder shall comply with the "DESIGN STANDARDS & GUIDELINES, THIRD AND FIFTH SUPERVISORIAL DISTRICTS, COUNTY OF RIVERSIDE, adopted by the Board of Supervisors, July 17, 2001; as well as the TEMECULA VALLEY WINE COUNTRY DESIGN GUIDELINES, adopted by the Board of Supervisors, March 11, 2014.

10. GENERAL CONDITIONS

10.PLANNING. 17 USE - BUSINESS LICENSING

RECOMMND

Every person conducting a business within the unincorporated area of Riverside County, as defined in Riverside County Ordinance No. 857, shall obtain a business license. For more information regarding business registration, contact the Business Registration and License Program Office of the Building and Safety Department at www.rctlma.org/building.

10.PLANNING. 18 USE - VINEYARD MAINTENANCE

RECOMMND

Seventy-five percent of the net project area of 41.69 acres, approximately 31.27 acres shall be planted with 31.27 acres. The approved Plot Plan provides seventy-eight percent, approximately 32.81 acres of vineyards. The planting requirement shall be maintained for the life of the permit. To achieve the seventy-five percent planting requirement, fifteen percent of the planing requirement may include the planting of olive trees and the remaining sixty percent of the planting requirement shall be planted in vineyards. Vineyards used to meet the above planting requirement shall have a minimum average density of 450 vines per acre. Olive trees used to meet the planting requirement shall have a minimum average density of 100 olive trees per acre.

The seventy-five percent planting requirement shall be maintained for the life of the permit.

10.PLANNING. 19 USE - WINE PRODUCTION

RECOMMND

Seventy-five percent of grapes utilized in wine production and retail wine sales shall be grown in Riverside County except when the Board of Supervisors declares an Agricultural Emergency for the Temecula Valley Wine Country Area and during the first three years from the plot plan permit's effective date. Of wine sold by a winery, at least fifty percent of the wine shall be produced on the Winery's project site. Plot Plan No. 16891R3 permits a Class V Winery, as such the winery area shall be at least 3,000 square feet and shall produce at least 7,000 gallons of wine annually as determined by the County Agricultural Commissioner.

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.PLANNING. 20 USE - IF HUMAN REMAINS FOUND

RECOMMND

IF HUMAN REMAINS ARE FOUND ON THIS SITE:

The developer/permit holder or any successor in interest shall comply with the following codes:

Pursuant to State Health and Safety Code Section 7050.5, if human remains are encountered, no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted by the Coroner within the period specified by law (24 hours). Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant". The Most Likely Descendant shall then make recommendations and engage in consultation with the property owner and the County Archaeologist concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Archaeologist.

10.PLANNING. 21 USE - UNANTICIPATED RESOURCES

RECOMMND

UNANTICIPATED RESOURCES:

"The developer/permit holder or any successor in interest shall comply with the following for the life of this permit:

If during ground disturbance activities, unanticipated cultural resources* are discovered, the following procedures shall be followed:

1)All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist**, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the County Archaeologist to discuss the significance of the find.

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.PLANNING. 21 USE - UNANTICIPATED RESOURCES (cont.)

RECOMMND

2)The developer shall call the County Archaeologist immediately upon discovery of the cultural resource to convene the meeting.

3)At the meeting with the aforementioned parties, the significance of the discoveries shall be discussed and a decision is to be made, with the concurrence of the County Archaeologist, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

4)Further ground disturbance shall not resume within the area of the discovery until a meeting has been convened with the aforementioned parties and a decision is made, with the concurrence of the County Archaeologist, as to the appropriate mitigation measures.

* A cultural resource site is defined, for this condition, as being a feature and/or three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to sacred or cultural importance.

** If not already employed by the project developer, a County approved archaeologist shall be employed by the project developer to assess the value/importance of the cultural resource, attend the meeting described above, and continue monitoring of all future site grading activities as necessary."

10.PLANNING. 22 USE - GEO02168 UPDATE

RECOMMND

County Geologic Report (GEO) No. 2168, was originally submitted for PP16891R2, (proposed 60-room Hotel) and was prepared by GEOCON Inland Empire, Inc.. This report was previously reviewed and approved by the County based on the following collection of submitted documents:

"Geotechnical Investigation, Ponte Winery, Additional Facilities, 35053 Rancho California Road, Riverside County, California", dated April 6, 2009. In addition, GEOCON prepared the following documents for this project:

"Due Diligence Geotechnical Investigation, Proposed 60-Room Hotel, Ponte Winery, 35053 Rancho California Road,

10. GENERAL CONDITIONS

10.PLANNING. 22 USE - GEO02168 UPDATE (cont.)

RECOMMND

Riverside County, California", Project No. T2477-62-01,
dated June 29, 2009.

"Geotechnical Opinion Regarding Infiltration Rates,
Proposed 60 Room Hotel, Ponte Winery, 35053 Rancho
California Road, Riverside County, California", dated June
5, 2009.

"Addendum to Due Diligence Report and Response to County
Comments, Proposed 60 Room Hotel, Ponte Winery, 35053
Rancho California Road, Riverside County, California",
dated September 16, 2009

The following report, prepared by Earth Strata, Inc. (ESI),
was submitted as an update to GEO02168 for a proposed
30-room expansion to the hotel under PP25831(now PP1689R3)
"Updated Preliminary Geotechnical Interpretive Report,
Proposed 30 Room Expansion, Located on Rancho California
Road, Temecula Area, Riverside County, California", dated
March 12, 2015. In addition, ESI submitted "Response to
the County of Riverside Review Comments Regarding Geologic
Report 2168, proposed 30 Room Expansion, Located on Rancho
California Road, Temecula Area, Riverside County
California", dated March 19, 2016. These documents are
herein incorporated as an update to GEO02168.

The update to GEO02168 concluded:

1.ESI is the consultant of record for PP25831
(now PP16891R3).

2.The site is underlain by relatively uniform soils
consisting of 2 to 4 feet of topsoil over Pauba Formation
Sandstone.

3.No active faults are known to project through the site.

4.The potential for surface rupture to adversely impact the
proposed structures is very low to remote.

5.The potential for earthquake induced liquefaction and
lateral spreading beneath the proposed structures is
considered very low to remote.

6.No landslides are known to exist on this site.

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.PLANNING. 22 USE - GEO02168 UPDATE (cont.) (cont.) RECOMMND

7.The gross stability of graded slopes should not be adversely affected, provided all drainage provisions are properly constructed and maintained.

8.The potential for subsidence is considered low to remote.

The Project shall comply with the recommendation of the updated GEO02168:

1.Three (3) to five (5)-foot removals to found the proposed compacted fill mat on competent Pauba Formation sandstone.

2.Engineered slopes should be landscaped with deep rooted, drought tolerant maintenance free plant species, as recommended by the project landscape architect.

This update to GEO No. 2168 satisfies the requirement for a geologic/geotechnical study for Planning/CEQA purposes for PP25831. This update to GEO No. 2168 is hereby accepted for planning purposes for PP25831 (now PP16891R3). Engineering and other Building Code parameters were not included as a part of this review or approval. This approval is not intended and should not be misconstrued as approval for grading permit. Engineering and other building code parameters should be reviewed and additional comments and/or conditions may be imposed by the County upon application for grading and/or building permits.

10.PLANNING. 23 USE - SCAQMD APPLCBLE RULE403 RECOMMND

During Consturction and operation the Project shall comply with the following SQMAD Applicable Rule 403 Measures:

- Apply nontoxic chemical soil stabilizers according to manufacturers' specifications to all inactive construction areas (previously graded areas inactive for ten days or more).

- Water active sites at least three times daily (locations where grading is to occur will be thoroughly watered prior to earthmoving).

- All trucks hauling dirt, sand, soil, or other loose materials are to be covered, or should maintain at least two feet of freeboard in accordance with the requirements of California Vehicle Code (CVC) Section 23114 (freeboard means vertical space between the top of the load and top of

RECOMMND

the trailer).

- Pave construction access roads at least 100 feet onto the site from main road.

- Traffic speeds on all unpaved roads shall be reduced to 15 mph or less.

- Stockpiled dirt may be covered with a tarp to reduce the need for watering or soil stabilizers.

10.PLANNING. 24 USE - CONSTRCT EQUIP/EXHAUST

RECOMMND

The Project shall mitigate potential air quality impacts from Construction Equipment and Vehicles Exhaust Emissions:

- Select construction equipment to be used on site based on low emission factors (equipment which releases little atmospheric pollutants) and high energy efficiency (equipment which requires less energy to do the same work).

Examples of low emission and high energy efficiency equipment include, but are not limited to, use of EPA Tier 2 (or better) emission compliant construction equipment and use of alternative fueled construction equipment (natural gas) as deemed appropriate by the County during application review.

- Include a statement on the final grading plans that all construction equipment will be tuned and maintained in accordance with the manufacturer's specifications.

- Utilize electric- or diesel-powered equipment, in lieu of gasoline-powered engines, as deemed appropriate by the County during application review (see GHG-1 for criteria).

- Include a statement on the final grading plans that work crews will shut off equipment when not in use. During smog season (May through October), the overall length of the construction period will be extended, thereby decreasing the size of the area prepared each day, to minimize vehicles and equipment operating at the same time.

- Time construction activities so as to not interfere with peak hour traffic and minimize obstruction of through traffic lanes adjacent to the site; if deemed necessary by the County to maintain acceptable levels of service and safety, a flag person shall be retained to maintain safety adjacent to existing roadways.

- Use EPA-rated engines of Tier 3 or better, or prevailing ARB construction fleet specifications.

- Supply construction site with electricity from the local utility and all equipment that can be electrically operated shall use the electric utility rather than portable

10.PLANNING. 24 USE - CONSTRCT EQUIP/EXHAUST (cont.)

RECOMMND

generators, where reasonable and feasible.

- Retain on site dust generated by the development activities, and keep dust to a minimum by following the dust control measures listed below:

a)During clearing, grading, earthmoving, excavation, or transportation of cut or fill materials, water trucks or sprinkler systems shall be used to prevent dust from leaving the site and to create a crust after each day's activities cease.

b)During construction, water trucks or sprinkler systems shall be used to keep all areas of vehicle movement damp enough to prevent dust from leaving the site. At a minimum, this would require watering at least three times per day which include wetting down such areas in the late morning, mid-day after work is completed for the day, and whenever wind exceeds 15 miles per hour. Soil stabilizers may also be used instead of watering as deemed appropriate by the County during application review, to comply with County and SCAQMD nuisance and dust regulations.

c)Immediately after clearing, grading, earthmoving, or excavation is completed, the entire area of disturbed soil shall be treated until the area is paved or otherwise developed so that dust generation will not occur.

d)Soil stockpiled for more than two days shall be covered, kept moist, or treated with soil binders to prevent dust generation.

e)Trucks transporting soil, sand, cut or fill materials, and/or construction debris to or from the site shall be tarped/covered from the point of origin.

As well as the following exhaust emissions control measures outlined in the Project's Air Quality Study:

-Utilize well-tuned off-road construction equipment.

-Establish a preference for contractors using Tier 3 or better heavy equipment.

-Enforce 5-minute idling limits for both on-road trucks and off-road equipment.

10.PLANNING. 25 USE - TEMECULA BOMB SITE 107

RECOMMND

The Project site is not within the Temecula Bombing Site Target 102 Formerly Used Defense Site. However, it is in close proximity of the formerly used defense site and caution should be taken in case an unexploded ordinance is found. If unexploded ordinances are identified during earth

disturbance activities associated with implementing projects, the Riverside County Fire Department (Hazardous Materials Emergency Response Team) will be notified and all safety and remediation actions contained within the U.S. Department of Defense 2004) will be implemented.

10.PLANNING. 26 USE - CONSTRUCTION NOISE RECOMMND

Construction activity noise is restricted by ordinance to occur during hours of lesser sensitivity. Construction within one-quarter (1/4 mile) from an inhabited dwelling is exemption from noise standards occurs provided that:

- Construction does not occur between the hours of 6:00 p.m. and 6:00 a.m. during the months of June through September, and
- Construction does not occur between the hours of 6:00 p.m. and 7:00 a.m. during the months of October through May.
- To minimize noise from idling engines, all vehicles and construction equipment shall be prohibited from idling in excess of three minutes when not in use.
- Best efforts shall be made to locate stockpiling and/or vehicle staging area as far as practicable from existing residential dwellings.
- Equipment and trucks shall utilize the best available noise control techniques (e.g., improved mufflers, equipment redesign, use of intake silencers, ducts, engine enclosures, and acoustically-attenuating shields or shrouds, wherever feasible).
- Impact tools (e.g., jack hammers, pavement breakers, and rock drills) shall be hydraulically or electronically powered wherever possible to avoid noise associated with compressed air exhaust from pneumatically powered tools. However, where use of pneumatic tools is unavoidable, an exhaust muffler shall be used; this muffler can lower noise levels from the exhaust by up to about ten dBA. External jackets on the tools themselves shall be used where feasible, and this could achieve a reduction of five dBA. Quieter procedures shall be used, such as drills rather than impact equipment, whenever feasible.

USE - CONSTRUCTION NOISE (cont.)

RECOMMND

-Stationary construction noise sources shall be located as far from adjacent receptors as possible, and they shall be muffled and incorporate insulation barriers, or other measures to the extent feasible.

A list of measures to respond to and track complaints pertaining to construction noise, ongoing throughout demolition, grading, and/or construction shall be submitted to the Planning Department. These measures may include the following:

- A sign posted on-site pertaining the permitted construction days and hours and complaint procedures and who to notify in the event of a problem. The sign shall also include a listing of both the County and construction contractor's telephone numbers (during regular construction hours and off-hours); and

- A pre-construction meeting may be held with the job inspectors and the general contractor/on-site project manager to confirm that noise measures and practices (including construction hours, neighborhood notification, posted signs, etc.) are completed.

TRANS DEPARTMENT

10.TRANS. 1

USE - STD INTRO (ORD 461)

RECOMMND

With respect to the conditions of approval for the referenced tentative exhibit, the landowner shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Riverside County Road Improvement Standards (Ordinance 461). It is understood that the exhibit correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the exhibit to be resubmitted for further consideration. This ordinance and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

Riverside County LMS
CONDITIONS OF APPROVAL

Page: 20

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.TRANS. 2 USE - COUNTY WEBSITE RECOMMND

Additional information, standards, ordinances, policies, and design guidelines can be obtained from the Transportation Department Web site:
<http://rctlma.org/trans/>. If you have questions, please call the Plan Check Section at (951) 955-6527.

10.TRANS. 3 USE - TS/EXEMPT RECOMMND

The Transportation Department has not required a traffic study for the subject project. The Transportation Department has determined that the project is exempt from traffic study requirements.

10.TRANS. 4 USE - NO ADD'L ON-SITE R-O-W RECOMMND

No additional on-site right-of-way shall be required on Rancho California Road (Public) and Via Del Ponte (Private) since adequate right-of-way exists, per MB 368/44-52.

10.TRANS. 5 USE - SUBMIT FINAL WQMP RECOMMND

In compliance with the currently effective Municipal Stormwater Permit issued by the San Diego Regional Water Quality Control Board [Order No. R9-2010-16, et seq.], and beginning January 1, 2005, all projects that 1) are located within the drainage boundary (watershed) of the Santa Margarita River; and 2) require discretionary approval by the County of Riverside must comply with the Water Quality Management Plan (WQMP) for Urban Runoff. The WQMP addresses post-development water quality impacts from new development and significant redevelopment projects within the priority development category. The WQMP addresses post-development water quality impacts from new development and significant redevelopment projects. The WQMP provides detailed guidelines and templates to assist the applicant in completing the necessary documentation and calculations. These documents are available on-line at:
www.rcflood.org/npdes.

To comply with the WQMP, applicants must prepare and submit a "Project Specific" WQMP. At a minimum, the WQMP must: a) identify the post-project pollutants associated with the development proposal together with any adverse hydrologic impacts to receiving waters; b) identify site-specific mitigation measures or Best Management Practices (BMPs) for the identified impacts including site design, source

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.TRANS. 5 USE - SUBMIT FINAL WQMP (cont.) RECOMMND

control and treatment control post-development BMPs; and c) identify a sustainable funding and maintenance mechanism for the aforementioned BMPs. A template for this report is included as 'Exhibit A' in the WQMP.

The applicant has submitted a report that meets the criteria for a Preliminary Project Specific WQMP (see Flood Hazard Report). However, in order to meet the requirements of a Final Project Specific WQMP, it shall be prepared in substantial conformance to the Preliminary Project Specific WQMP. Also, the applicant should note that, if the project requires a Section 401 Water Quality certification, the Regional Water Quality Control Board may require additional water quality impact mitigation measures.

10.TRANS. 6 MAP - 100 YR SUMP OUTLET RECOMMND

Drainage facilities that outlet under sump conditions shall be designed to convey the tributary 100 year storm flows. Additional emergency escape shall also be provided.

10.TRANS. 7 USE - PERP DRAINAGE PATTERNS RECOMMND

The property's street and lot grading shall be designed in a manner that perpetuates the existing natural drainage patterns with respect to tributary drainage areas, outlet points, and outlet conditions. Otherwise, a drainage easement shall be obtained from the affected property owners for the release of concentrated or diverted storm flows. A copy of the recorded drainage easement shall be submitted to the Transportation Department for review.

10.TRANS. 8 USE - INCREASED RUNOFF RECOMMND

The development of this site will adversely impact downstream property owners by increasing the rate and volume of flood flows. To mitigate this impact, the developer has proposed drainage facilities in the site design. Although final design of the drainage facilities will not be required until the improvement plan stage of this development, the applicant's engineer has submitted a preliminary hydrology and hydraulics study that indicates that the general configuration and location of the proposed drainage facilities are sufficient to mitigate the impacts of the development.

05/17/16
13:05

Riverside County LMS
CONDITIONS OF APPROVAL

Page: 22

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.TRANS. 8 USE - INCREASED RUNOFF (cont.) RECOMMND

The final design of the drainage facilities will conform to the increased runoff criteria of the Plan Check Policies and Guidelines and Flood Control Manual.

10.TRANS. 9 USE -INCREASED RUNOFF CRITERIA RECOMMND

The development of this site would increase peak flow rates on downstream properties. Mitigation shall be required to offset such impacts. An increased runoff basin shall be shown on the exhibit and calculations supporting the size of the basin shall be submitted to the Transportation Department for review. The entire area of proposed development will be routed through a detention facility(s) to mitigate increased runoff. All basins must have positive drainage; dead storage basins shall not be acceptable.

Storms to be studied will include the 1-hour, 3-hour, 6-hour and 24-hour duration events for the 2-year, 5-year and 10-year return frequencies. Detention basin(s) and outlet(s) sizing will ensure that none of these storm events has a higher peak discharge in the post-development condition than in the pre-development condition.

For the 2-year and 5-year events the loss rate will be determined using an AMC I condition. For the 10-year event AMC II will be used. Constant loss rates shall be used for the 1-hour, 3-hour and 6-hour events. A variable loss rate shall be used for the 24-hour events.

Low Loss rates will be determined using the following:

1. Undeveloped Condition --> LOW LOSS = 90%
2. Developed Condition --> LOW LOSS = .9 - (.8 X % IMPERVIOUS)
3. Basin Site --> LOW LOSS = 10%

Where possible and feasible the on-site flows should be mitigated before combining with off-site flows to minimize the size of the detention facility required. If it is necessary to combine off-site and on-site flows into a detention facility two separate conditions should be evaluated for each duration/return period/before-after development combination studied; the first for the total tributary area (off-site plus on-site), and the second for

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

10. GENERAL CONDITIONS

10.TRANS. 9 USE -INCREASED RUNOFF CRITERIA (cont.) RECOMMND

the area to be developed alone (on-site). It must be clearly demonstrated that there is no increase in peak flow rates under either condition (total tributary area or on-site alone), for each of the return period/duration combinations required to be evaluated. A single plot showing the pre-developed, post-developed and routed hydrographs for each storm considered, shall be included with the submittal of the hydrology study.

No outlet pipe(s) will be less than 18" in diameter. Where necessary an orifice plate may be used to restrict outflow rates. Appropriate trash racks shall be provided for all outlets less than 48" in diameter.

The basin(s) and outlet structure(s) must be capable of passing the 100-year storm without damage to the facility. Embankment shall be avoided in all cases unless site constraints or topography make embankment unavoidable in the judgment of the Director of Transportation.

Mitigation basins should be designed for joint use and be incorporated into open space or park areas. Sideslopes should be no steeper than 4:1 and depths should be minimized where public access is uncontrolled.

A viable maintenance mechanism, acceptable to the County, should be provided for detention facilities. Generally, this would mean a maintenance CFD, CSA, landscape district, parks agency or commercial property owners association. Residential homeowners associations are discouraged.

***** Preliminary sizing may be based on the difference in runoff hydrograph volume between the "developed" condition and the "pre-developed" condition for the 24-hour duration event for the 10-year return frequency. Final design of the basin, including a complete hydrology study will not be required until the improvement plan stage of this development. The project may need modifications at the plan check stage in order to comply with the increased runoff criteria.

10.TRANS. 10 USE - DRAINAGE EASEMENTS RECOMMND

Drainage facilities not located within the road right-of-way shall be contained within dedicated drainage easements. For offsite drainage facilities, dedicated

RECOMMND

drainage easements shall be obtained from the affected property owner(s). Document(s) shall be recorded and a copy submitted to the Transportation Department for review and approval.

10.TRANS. 11 USE - WRITTEN PERM FOR GRADING

RECOMMND

Written permission shall be obtained from the affected property owners allowing the proposed grading and/or facilities to be installed outside of the project boundaries. A copy of the written authorization shall be submitted to the Transportation Department for review and approval.

20. PRIOR TO A CERTAIN DATE

PLANNING DEPARTMENT

20.PLANNING. 1 USE - DEED RECORDATION

RECOMMND

Prior to issuance of any building permit or within six months of Plot Plan approval, whichever occurs first, the applicant shall provide proof of recordation of the deed restriction (Exhibit A of Board of Supervisor's Staff Report).

In the event the language of the deed restriction needs to change, the new language shall be approved by Riverside County County Counsel. The new language would need to be submitted to the Planning Department with the appropriate deposit for County Counsel review.

20.PLANNING. 2 USE - PARCEL MERGER REQD

RECOMMND

A Certificate of Parcel Merger shall be recorded within 60 days of PP16891R3 approval or prior to the issuance of any building permit, whichever occurs first. The Parcel Merger shall merge Assessor Parcel Nos. 942230012, 942230013, 942230014 and 942230025. The permit holder shall submit proof of recordation of the parcel merger to the Planning Department. The proposed parcel shall comply with the development standards of the Wine Country - Winery (WC-W) zone.

PLOT PLAN:TRANSMITTED Case #: PP16891R3

Parcel: 942-230-025

60. PRIOR TO GRADING PRMT ISSUANCE

BS GRADE DEPARTMENT

60.BS GRADE. 1 USE - NPDES/SWPPP

RECOMMND

Prior to issuance of any grading or construction permits - whichever comes first - the applicant shall provide the Building and Safety Department evidence of compliance with the following: "Effective March 10, 2003 owner operators of grading or construction projects are required to comply with the N.P.D.E.S. (National Pollutant Discharge Elimination System) requirement to obtain a construction permit from the State Water Resource Control Board (SWRCB). The permit requirement applies to grading and construction sites of "ONE" acre or larger. The owner operator can comply by submitting a "Notice of Intent" (NOI), develop and implement a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) and a monitoring program and reporting plan for the construction site. For additional information and to obtain a copy of the NPDES State Construction Permit contact the SWRCB at www.swrcb.ca.gov.

Additionally, at the time the county adopts, as part of any ordinance, regulations specific to the N.P.D.E.S., this project (or subdivision) shall comply with them.

60.BS GRADE. 2 USE - GRADING SECURITY

RECOMMND

Grading in excess of 199 cubic yards will require a performance security to be posted with the Building and Safety Department.

60.BS GRADE. 3 USE - IMPORT / EXPORT

RECOMMND

In instances where a grading plan involves import or export, prior to obtaining a grading permit, the applicant shall have obtained approval for the import/export location from the Building and Safety Department.

A separate stockpile permit is required for the import site. It shall be authorized in conjunction with an approved construction project and shall comply with the requirements of Ordinance 457.

If an Environmental Assessment, prior to issuing a grading permit, did not previously approve either location, a Grading Environmental Assessment shall be submitted to the Planning Director for review and comment and to the Building and Safety Department Director for approval.

60.BS GRADE. 3 USE - IMPORT / EXPORT (cont.)

RECOMMND

Additionally, if the movement of import / export occurs using county roads, review and approval of the haul routes by the Transportation Department may be required.

60.BS GRADE. 4 USE - GEOTECH/SOILS RPTS

RECOMMND

Geotechnical soils reports, required in order to obtain a grading permit, shall be submitted to the Building and Safety Department for review and approval prior to issuance of a grading permit. All grading shall be in conformance with the recommendations of the geotechnical/soils reports as approved by Riverside County.* *The geotechnical/soils, compaction and inspection reports will be reviewed in accordance with the RIVERSIDE COUNTY GEOTECHNICAL GUIDELINES FOR REVIEW OF GEOTECHNICAL AND GEOLOGIC REPORTS.

60.BS GRADE. 5 USE - DRAINAGE DESIGN Q100

RECOMMND

All drainage facilities shall be designed in accordance with the Riverside County Flood Control & Water District's conditions of approval regarding this application. If not specifically addressed in their conditions, drainage shall be designed to accommodate 100 year storm flows.

60.BS GRADE. 6 USE - OFFSITE GRDG ONUS

RECOMMND

Prior to the issuance of a grading permit, it shall be the sole responsibility of the owner/applicant to obtain any and all proposed or required easements and/or permissions necessary to perform the grading herein proposed.

60.BS GRADE. 7 USE - APPROVED WQMP

RECOMMND

Prior to the issuance of a grading permit, the owner / applicant shall submit to the Building & Safety Department Engineering Division evidence that the project - specific Water Quality Management Plan (WQMP) has been approved by the Riverside County Flood Control District or Riverside County Transportation Department and that all approved water quality treatment control BMPs have been included on the grading plan.

60.BS GRADE. 8 USE - PRE-CONSTRUCTION MTG RECOMMND

Upon receiving grading plan approval and prior to the issuance of a grading permit, the applicant is required to schedule a pre-construction meeting with the Building and Safety Department Environmental Compliance Division.

60.BS GRADE. 9 USE- BMP CONST NPDES PERMIT RECOMMND

Prior to the issuance of a grading permit, the owner / applicant shall obtain a BMP (Best Management Practices) Permit for the monitoring of the erosion and sediment control BMPs for the site. The Department of Building and Safety will conduct NPDES (National Pollutant Discharge Elimination System) inspections of the site based on Risk Level to verify compliance with the Construction General Permit, Stormwater ordinances and regulations until completion of the construction activities, permanent stabilization of the site and permit final.

60.BS GRADE. 10 USE - SWPPP REVIEW RECOMMND

Grading and construction sites of "ONE" acre or larger required to develop a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) - the owner/applicant shall submit the SWPPP to the Building and Safety Department Environmental Compliance Division for review and approval prior to issuance of a grading permit.

EPD DEPARTMENT

60.EPD. 1 - MBTA SURVEY RECOMMND

Birds and their nests are protected by the Migratory Bird Treaty Act (MBTA) and California Department of Fish and Wildlife (CDFW) Codes. Since the project supports suitable nesting bird habitat, removal of vegetation or any other potential nesting bird habitat disturbances shall be conducted outside of the avian nesting season (February 1st through September 15th). If habitat must be cleared during the nesting season, a preconstruction nesting bird survey shall be conducted. The preconstruction nesting bird survey must be conducted by a biologist who holds a current MOU with the County of Riverside. If nesting activity is observed, appropriate avoidance measures shall be adopted to avoid any potential impacts to nesting birds. The nesting bird survey must be completed no more than 3 days prior to any ground disturbance. If ground disturbance does

RECOMMND

not begin within 3 days of the survey date a second survey must be conducted. Prior to the issuance of a grading permit the project proponent must provide written proof to the Riverside County Planning Department, Environmental Programs Division (EPD) that a biologist who holds a MOU with the County of Riverside has been retained to carry out the required survey. Documentation submitted to prove compliance prior to grading permit issuance must at a minimum include the name and contact information for the Consulting Biologist and a signed statement from them confirming that they have been contracted by the applicant to conduct a Preconstruction Nesting Bird Survey. In some cases, EPD may also require a Monitoring and Avoidance Plan prior to the issuance of a grading permit. Prior to finalization of a grading permit or prior to issuance of any building permits, the projects consulting biologist shall prepare and submit a report to EPD for review, documenting the results of the survey.

FLOOD RI DEPARTMENT

60.FLOOD RI. 1 USE MITCHARGE

RECOMMND

The County Board of Supervisors has adopted the Murrieta Creek/San Gertrudis Valley Plan Area Drainage Plan (ADP) for the purpose of collecting drainage fees. This project may require earlier construction of downstream ADP facilities. To mitigate this effect, the District recommends that this project be required to pay a flood mitigation fee. The mitigation fee should be based upon the fee structures set for land divisions having comparable anticipated impermeable surface areas.

Plot Plan 16891R3 is located within the limits of the Murrieta Creek/San Gertrudis Valley Area Drainage Plan for which drainage fees have been adopted to help mitigate the impacts of this development. The mitigation charge for this proposal shall equal the prevailing Area Drainage Plan fee rate multiplied by the area of the new development. This new development has a total of 1.4 acres subject to the fee. The charge is payable to the Flood Control District by cashier's check or money order only, and shall be paid after final approval of the staff report/conditions of approval by the Board of Supervisors and prior to issuance of permits.

PLANNING DEPARTMENT

60.PLANNING. 1 USE - PALEO PRIMP & MONITOR

RECOMMND

This site is mapped in the County's General Plan as having a High potential for paleontological resources (fossils). Proposed project site grading/earthmoving activities could potentially impact this resource. HENCE:

PRIOR TO ISSUANCE OF GRADING PERMITS:

1.The applicant shall retain a qualified paleontologist approved by the County of Riverside to create and implement a project-specific plan for monitoring site grading/earthmoving activities (project paleontologist).

2.The project paleontologist retained shall review the approved development plan and grading plan and shall conduct any pre-construction work necessary to render appropriate monitoring and mitigation requirements as appropriate. These requirements shall be documented by the project paleontologist in a Paleontological Resource Impact Mitigation Program (PRIMP). This PRIMP shall be submitted to the County Geologist for review and approval prior to issuance of a Grading Permit.

Information to be contained in the PRIMP, at a minimum and in addition to other industry standards and Society of Vertebrate Paleontology standards, are as follows:

1.Description of the proposed site and planned grading operations.

2.Description of the level of monitoring required for all earth-moving activities in the project area.

3.Identification and qualifications of the qualified paleontological monitor to be employed for grading operations monitoring.

4.Identification of personnel with authority and responsibility to temporarily halt or divert grading equipment to allow for recovery of large specimens.

5.Direction for any fossil discoveries to be immediately reported to the property owner who in turn will immediately notify the County Geologist of the discovery.

60.PLANNING. 1

USE - PALEO PRIMP & MONITOR (cont.)

RECOMMND

6.Means and methods to be employed by the paleontological monitor to quickly salvage fossils as they are unearthed to avoid construction delays.

7.Sampling of sediments that are likely to contain the remains of small fossil invertebrates and vertebrates.

8.Procedures and protocol for collecting and processing of samples and specimens.

9.Fossil identification and curation procedures to be employed.

10.Identification of the permanent repository to receive any recovered fossil material. *Pursuant the County of Riverside "SABER Policy", paleontological fossils found in the County of Riverside should, by preference, be directed to the Western Science Center in the City of Hemet. A written agreement between the property owner/developer and the repository must be in place prior to site grading.

11.All pertinent exhibits, maps and references.

12.Procedures for reporting of findings.

13.Identification and acknowledgement of the developer for the content of the PRIMP as well as acceptance of financial responsibility for monitoring, reporting and curation fees. The property owner and/or applicant on whose land the paleontological fossils are discovered shall provide appropriate funding for monitoring, reporting, delivery and curating the fossils at the institution where the fossils will be placed, and will provide confirmation to the County that such funding has been paid to the institution.

All reports shall be signed by the project paleontologist and all other professionals responsible for the report's content (eg. Professional Geologist), as appropriate. Two wet-signed original copies of the report(s) shall be submitted to the office of the County Geologist along with a copy of this condition and the grading plan for appropriate case processing and tracking. These documents should not be submitted to the project Planner, the Plan Check staff, the Land Use Counter or any other County office. In addition, the applicant shall submit proof of hiring (i.e. copy of executed contract, retainer agreement,

etc.) a project paleontologist for the in-grading
implementation of the PRIMP.

Safeguard Artifacts Being Excavated in Riverside County
(SABER)

60.PLANNING. 3 USE - SKR FEE CONDITION RECOMMND

Prior to the issuance of a grading permit, the applicant shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance. The amount of the fee required to be paid may vary depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 1.46 acres (gross) in accordance with APPROVED EXHIBIT NO. A. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

60.PLANNING. 4 USE - FEE STATUS RECOMMND

Prior to the issuance of grading permits for Plot Plan No. 16891R3, the Planning Department shall determine the status of the deposit based fees. If the fees are in a negative status, the permit holder shall pay the outstanding balance.

60.PLANNING. 5 USE - PLANTING REQUIREMENT RECOMMND

Fifty percent of the planting requirement, which equals approximately 15.6 acres, shall be planted prior to issuance of a building permit for the winery.

60. PRIOR TO GRADING PRMT ISSUANCE

TRANS DEPARTMENT

60.TRANS. 1 USE - SUBMIT GRADING PLAN

RECOMMND

When you submit a grading plan to the Department of Building and Safety, two sets of the grading plan (24" X 36") shall be submitted to the Transportation Department for review and subsequently for the required clearance of the condition of approval prior to the issuance of a grading permit.

Please note, if improvements within the road right-of-way are required per the conditions of approval, the grading clearance may be dependent on the submittal of street improvement plans, the opening of an IP account, and payment of the processing fee.

Otherwise, please submit required grading plan to the Transportation Department, Plan Check Section, 8th Floor, 4080 Lemon Street, Riverside, CA

Standard plan check turnaround time is 10 working days.

60.TRANS. 2 USE - SUBMIT WQMP AND PLANS

RECOMMND

The project specific Final WQMP, improvement plans, grading plans, final map, Environmental Constraint Sheet, BMP improvement plans and any other necessary documentation along with supporting hydrologic and hydraulic calculations shall be submitted to the Transportation Department for review and approval. The Final WQMP and plans must receive Transportation Department approval prior to the issuance of grading permits. All submittals shall be date stamped by a registered engineer.

Conditions for the Final WMQP:

1. In first submittal of the Final WQMP, Applicant shall submit a project-specific document that is in general conformance with the approved Preliminary WQMP.

2. In first submittal of the Final WQMP, Applicant shall submit soil infiltration testing results based on testing performed in compliance with the Riverside County LID BMP Design Handbook, Appendix A testing methods and infiltration rate conversions. This includes that the methodology of the testing performed be in compliance with the listed methods within the LID BMP Design Handbook.

60.TRANS. 2 USE - SUBMIT WQMP AND PLANS (cont.)

RECOMMND

3. In first submittal of the Final WQMP, Applicant shall submit data input files for the SMRHM Program utilized to demonstrate compliance with the Hydrologic Performance Standards.

4. In first submittal of the Final WQMP, Applicant shall submit details regarding the filter media strip required prior to the infiltration trench LID BMP per the County LID BMP Design Handbook.

5. In first submittal of the Final WQMP, Applicant shall submit a copy of the site's utility plan to verify that no proposed utilities or light structures, if applicable, will be located within the proposed LID BMP.

6. In first submittal of the Final WQMP, Applicant provide a WQMP site plan that clearly identifies the entire tributary area draining to the proposed LID BMP. The WQMP site plan shall also clearly delineate the existing areas covered by the Hotel's approved WQMP and reference the document on the plan.

60.TRANS. 3 USE - WQMP MAINT DETERMINATION

RECOMMND

The project proponent shall contact the Transportation Department to determine the appropriate entity that will maintain the BMPs identified in the project specific WQMP. This determination shall be documented in the project specific WQMP. The project proponent shall begin the process of establishing the maintenance entity identified in the approved project specific WQMP.

60.TRANS. 4 USE -ACCESS AND MAINT EASEMENT

RECOMMND

Drainage and water quality facilities shall be contained within dedicated easements dedicated and accepted by the County. Additionally, the project proponent shall offer access easements to said facilities if not provided by public access. For offsite facilities, dedicated easements shall be obtained from the affected property owner(s) prior to issuance of a grading permit. Document(s) shall be recorded and a copy submitted to the Transportation Department for review and approval.

USE - SUBMIT FINAL PLANS

RECOMMND

A copy of the improvement plans, grading plans, final map, environmental constraint sheet, BMP improvement plans, and any other necessary documentation along with supporting hydrologic and hydraulic calculations shall be submitted to the Transportation Department for review. Refer to condition titled Increase Runoff Criteria for increased runoff analysis. All submittals shall be date stamped by the engineer and include the appropriate plan check fee deposit.

70. PRIOR TO GRADING FINAL INSPECT

PLANNING DEPARTMENT

70.PLANNING. 1

USE - PALEO MONITORING REPORT

RECOMMND

PRIOR TO GRADING FINAL:

The applicant shall submit to the County Geologist one wet-signed copy of the Paleontological Monitoring Report prepared for site grading operations at this site. The report shall be certified by the professionally-qualified Paleontologist responsible for the content of the report. This Paleontologist must be on the County's Paleontology Consultant List. The report shall contain a report of findings made during all site grading activities and an appended itemized list of fossil specimens recovered during grading (if any) and proof of accession of fossil materials into the pre-approved museum repository. In addition, all appropriate fossil location information shall be submitted to the Western Center, the San Bernardino County Museum and Los Angeles County Museum of Natural History, at a minimum, for incorporation into their Regional Locality Inventories.

TRANS DEPARTMENT

70.TRANS. 1

USE - IMPLEMENT WQMP

RECOMMND

All structural BMPs described in the project-specific WQMP shall be constructed and installed in conformance with approved plans and specifications. It shall be demonstrated that the applicant is prepared to implement all non-structural BMPs described in the approved project specific WQMP and that copies of the approved project-specific WQMP are available for the future owners/occupants.

BS GRADE DEPARTMENT

80.BS GRADE. 1 USE - NO B/PMT W/O G/PMT

RECOMMND

Prior to the issuance of any building permit, the property owner shall obtain a grading permit and/or approval to construct from the Building and Safety Department.

80.BS GRADE. 2 USE - ROUGH GRADE APPROVAL

RECOMMND

Prior to the issuance of any building permit, the applicant shall obtain rough grade approval and/or approval to construct from the Building and Safety Department. The Building and Safety Department must approve the completed grading of your project before a building permit can be issued. Rough Grade approval can be accomplished by complying with the following:

1.Submitting a "Wet Signed" copy of the Soils Compaction Report containing substantiating data from the Soils Engineer (registered geologist or certified geologist, civil engineer or geotechnical engineer as appropriate) for his/her certification of the project.

2.Submitting a "Wet Signed" copy of the Rough Grade certification from a Registered Civil Engineer certifying that the grading was completed in conformance with the approved grading plan.

3.Requesting a Rough Grade Inspection and obtaining rough grade approval from a Riverside County inspector.

4.Rough Grade Only Permits: In addition to obtaining all required inspections and approval of all final reports, all sites permitted for rough grade only shall provide 100 percent vegetative coverage to stabilize the site prior to receiving a rough grade permit final.

Prior to release for building permit, the applicant shall have met all rough grade requirements to obtain Building

E HEALTH DEPARTMENT

80.E HEALTH. 1 USE - POOL PLANS REQD RECOMMND

A set of three complete plans for the swimming pool/spa must be submitted to verify compliance with the California Administrative Code, the California Health and Safety Code and the Uniform Plumbing Code.

80.E HEALTH. 2 USE - FOOD PLANS REQD RECOMMND

A total of 3 complete set of plans for each food establishment are needed including a fixture schedule, a finish schedule, and a plumbing schedule in order to ensure compliance with current State and Local regulations.

80.E HEALTH. 3 USE - WATR/SEWR WILL SERVE RECOMMND

A "will-serve" letter from the appropriate water and sewer company/district shall be submitted to the Department of Environmental Health along with the filing fee in effect at the time of submittal.

FLOOD RI DEPARTMENT

80.FLOOD RI. 1 USE MITCHARGE RECOMMND

The County Board of Supervisors has adopted the Murrieta Creek/Santa Gertrudis Valley Area Drainage Plan (ADP) for the purpose of collecting drainage fees. This project may require earlier construction of downstream ADP facilities. to mitigate this effect, the District recommends that this project be required to pay a flood mitigation fee. The mitigation fee should be based upon the fee structures set for land divisions having comparable anticipated impermeable surface areas.

Plot Plan 16891R3 is located within the limits of the Murrieta Creek/Santa Gertrudis Valley Area Drainage Plan for which drainage fees have been adopted to help mitigate the impacts of this development. The mitigation charge for this proposal shall equal the prevailing Area Drainage Plan fee rate multiplied by the area of the new development. This new development has a total of 1.4 acres subject to

RECOMMND

Building and Safety for plan check approval and shall comply with the requirements of Riverside County Ordinance No. 655, Riverside County Ordinance No. 915 and the Riverside County Comprehensive General Plan. Parking lot light fixtures shall be consistent with existing light fixtures approved for PP16891R3, as shown on PP16891R3 EXHIBIT X.

80.PLANNING. 8 USE - FEE STATUS

RECOMMND

Prior to issuance of building permits for Plot Plan No. 16891R3, the Planning Department shall determine the status of the deposit based fees for project. If the case fees are in a negative state, the permit holder shall pay the outstanding balance.

WASTE DEPARTMENT

80.WASTE. 1 USE - WASTE RECYCLE PLAN (WRP)

RECOMMND

Prior to building permit issuance, a Waste Recycling Plan (WRP) shall be submitted to the Riverside County Department of Waste Resources for approval. At a minimum, the WRP must identify the materials (i.e., concrete, asphalt, wood, etc.) that will be generated by construction and development, the projected amounts, the measures/methods that will be taken to recycle, reuse, and/or reduce the amount of materials, the facilities and/or haulers that will be utilized, and the targeted recycling or reduction rate. During project construction, the project site shall have, at a minimum, two (2) bins: one for waste disposal and the other for the recycling of Construction and Demolition (C&D) materials. Additional bins are encouraged to be used for further source separation of C&D recyclable materials. Accurate record keeping (receipts) for recycling of C&D recyclable materials and solid waste disposal must be kept. Arrangements can be made through the franchise hauler.

BS GRADE DEPARTMENT

90.BS GRADE. 1 USE - WQMP BMP INSPECTION

RECOMMND

Prior to final building inspection, the applicant shall obtain inspection of all treatment control BMPs and/or clearance from the Building and Safety Department. All structural BMPs described in the project - specific WQMP and indicated on the approved grading plan shall be constructed and installed in conformance with the approved plans and specifications. The Building and Safety Department must inspect and approve the completed WQMP treatment control BMPs for your project before a building final can be obtained.

90.BS GRADE. 2 USE - WQMP BMP CERT REQ'D

RECOMMND

Prior to final building inspection, the applicant/owner shall submit a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the project - specific WQMP treatment control BMPs have been installed in accordance with the approved WQMP.

90.BS GRADE. 3 USE - BMP GPS COORDINATES

RECOMMND

Prior to final building inspection, the applicant/owner shall provide the Department of Building Safety with GPS coordinates for the location of the project - specific WQMP treatment control BMPs.

90.BS GRADE. 4 USE - BMP REGISTRATION

RECOMMND

Prior to final building inspection, the applicant/owner shall register the project - specific WQMP treatment control BMPs with the Department of Building Safety Business Registration Division. Any person or entity that owns or operates a commercial and/or industrial facility shall register such facility for annual inspections.

90.BS GRADE. 5 USE - REQ'D GRADING INSP'S

RECOMMND

The developer / applicant shall be responsible for obtaining the following inspections required by Ordinance 457.

1.Sub-grade inspection prior to base placement.

90.BS GRADE. 6 USE - PRECISE GRDG APPROVAL

RECOMMND

Prior to final building inspection, the applicant shall obtain precise grade approval and/or clearance from the Building and Safety Department. The Building and Safety Department must approve the precise grading of your project before a building final can be obtained. Precise Grade approval can be accomplished by complying with the following:

1.Requesting and obtaining approval of all required grading inspections.

2.Submitting a "Wet Signed" copy of the Soils Compaction Report from the Soils Engineer (registered geologist or certified geologist, civil engineer or geotechnical engineer as appropriate) for the sub-grade and base of all paved areas.

3.Submitting a "Wet Signed" copy of the Sub-grade (rough) Certification from a Registered Civil Engineer certifying that the sub-grade was completed in conformance with the approved grading plan.

4.Submitting a "Wet Signed" copy of the Precise (Final) Grade Certification for the entire site from a Registered Civil Engineer certifying that the precise grading was completed in conformance with the approved grading plan.

5.Submitting a "Wet Signed" copy of the Certification certifying the installation of any onsite storm drain systems not inspected by Riverside County Flood Control District or the Riverside County Transportation Department.

6.Submitting a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the Water Quality Management

Plan treatment control BMPs have been installed in accordance with the approved WQMP.

Prior to release for building final, the applicant shall have met all precise grade requirements to obtain Building and Safety Department clearance.

90.BS GRADE. 7 USE - WQMP ANNUAL INSP FEE RECOMMND

Prior to final building inspection, the applicant shall make payment to the Building and Safety Department for the Water Quality Management Plan (WQMP) Annual Inspection.

PLANNING DEPARTMENT

90.PLANNING. 1 USE - PARKING PAVING MATERIAL RECOMMND

A minimum of thirty (30) additional parking spaces shall be provided as shown on the APPROVED EXHIBIT A, unless otherwise approved by the Planning Department. The parking area shall be surfaced with asphaltic concrete or concrete or other materials as approved by the Department of Building and Safety and the Planning Director.

90.PLANNING. 2 USE - ACCESSIBLE PARKING RECOMMND

A minimum of two (2) accessible parking space[s] for persons with disabilities shall be provided as shown on APPROVED EXHIBIT A. Each parking space reserved for persons with disabilities shall be identified by a permanently affixed reflectorized sign constructed of porcelain on steel, beaded text or equal, displaying the International Symbol of Accessibility. The sign shall not be smaller than 70 square inches in area and shall be centered at the interior end of the parking space at a minimum height of 80 inches from the bottom of the sign to the parking space finished grade, or centered at a minimum height of 36 inches from the parking space finished grade, ground, or sidewalk. A sign shall also be posted in a conspicuous place, at each entrance to the off-street parking facility, not less than 17 inches by 22 inches, clearly and conspicuously stating the following:

"Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons may be towed away at owner's expense.

90.PLANNING. 2 USE - ACCESSIBLE PARKING (cont.)

RECOMMND

Towed vehicles may be reclaimed at ____ or by telephoning ____."

In addition to the above requirements, the surface of each parking space shall have a surface identification sign duplicating the symbol of accessibility in blue paint of at least 3 square feet in size.

90.PLANNING. 3 USE - LOADING SPACES

RECOMMND

A minimum of one (1) loading space shall be provided in accordance with Section 18.12.a.(2)f(3).b. of Ordinance 348, and as shown on APPROVED EXHIBIT A. The loading spaces shall be surfaced with six (6) inches of concrete over a suitable base and shall not be less than 10 feet wide by 35 feet long, with 14 feet vertical clearance. A sign shall be posted at the loading/delivery area directing drivers to shut down their trucks after five minutes of idle time.

90.PLANNING. 4 USE - ROOF EQUIPMENT SHIELDING

RECOMMND

Roof-mounted equipment shall be shielded from ground view. Screening material shall be subject to Planning Department approval.

90.PLANNING. 5 USE - UTILITIES UNDERGROUND

RECOMMND

All utilities, except electrical lines rated 33 kV or greater, shall be installed underground. If the permittee provides to the Department of Building and Safety and the Planning Department a definitive statement from the utility provider refusing to allow underground installation of the utilities they provide, this condition shall be null and void with respect to that utility.

90.PLANNING. 7 USE - EXISTING STRUCTURES

RECOMMND

All existing buildings, structures and uses on the entire property shall conform to all the applicable requirements of Ordinance No. 348 and Ordinance No. 457, and the conditions of this permit.

90.PLANNING. 9 USE - POOL AND SPA FENCING

RECOMMND

All swimming pools and spas shall be properly enclosed with minimum five (5) foot high fencing and self-latching gates

as required by the state building code (Title 24), notwithstanding any other provisions of Ordinance No. 421 to the contrary. Commercial/Public Swimming pools and spas shall provide or access by physically-handicapped persons.

90.PLANNING. 10 USE - SKR FEE CONDITION RECOMMND

Prior to the issuance of a certificate of occupancy, or upon building permit final inspection, whichever comes first, the applicant shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance.

The amount of the fee required to be paid may vary, depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 1.46 acres (gross) in accordance with APPROVED EXHIBIT A. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

90.PLANNING. 11 USE - CONDITION COMPLIANCE RECOMMND

The Department of Building and Safety shall verify that the Development Standards of this approval and all other preceding conditions have been complied with prior to any use allowed by this permit.

90.PLANNING. 12 USE - MITIGATION MONITORING RECOMMND

The permit holder shall prepare and submit a written report to the Riverside County Planning Department demonstrating compliance with all remaining conditions of approval and mitigation measures of this permit and E.A. No. 42804. The Planning Director may require inspection or other monitoring to ensure such compliance.

90.PLANNING. 13 USE - ORD 810 OS FEE (2)

RECOMMND

Prior to the issuance of a certificate of occupancy, or upon building permit final inspection prior to use or occupancy for cases without final inspection or certificate of occupancy (such as an SMP)], whichever comes first, the applicant shall comply with the provisions of Riverside County Ordinance No. 810, which requires the payment of the appropriate fee set forth in the Ordinance. The amount of the fee will be based on the "Project Area" as defined in the Ordinance and the aforementioned Condition of Approval. The Project Area for Plot Plan No. 16831R3 is calculated to be 1.46 net acres. In the event Riverside County Ordinance No. 810 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 810 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

90.PLANNING. 14 USE - ORD NO. 659 (DIF)

RECOMMND

Prior to the issuance of either a certificate of occupancy or prior to building permit final inspection, the applicant shall comply with the provisions of Riverside County Ordinance No. 659, which requires the payment of the appropriate fee set forth in the Ordinance. Riverside County Ordinance No. 659 has been established to set forth policies, regulations and fees related to the funding and installation of facilities and the acquisition of open space and habitat necessary to address the direct and cumulative environmental effects generated by new development project described and defined in this Ordinance, and it establishes the authorized uses of the fees collected.

The amount of the fee for commercial or industrial development shall be calculated on the basis of the "Project Area," as defined in the Ordinance, which shall mean the net area, measured in acres, from the adjacent road right-of-way to the limits of the project development. The Project Area for Plot Plan No. 16891R3 has been calculated to be 1.46 net acres.

In the event Riverside County Ordinance No. 659 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 659 be rescinded and superseded by a subsequent mitigation fee

ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

90.PLANNING. 15 USE - PLANTING REQUIREMENT RECOMMND

A total of seventy-five percent of the net project area shall be planted in vineyards prior to building permit final inspection approval, which is approximately 31.27 acres of the entire winery site.

90.PLANNING. 16 USE - INSTALL BIKE RACKS RECOMMND

A bicycle rack with a minimum of 2 spaces shall be provided in convenient location to facilitate bicycle access to the project area as shown on APPROVED EXHIBIT A. The location of the bicycle rack may be relocated with Planning Department's approval.

90.PLANNING. 17 USE - TRIP REDUCTION PROGRAM RECOMMND

The Project's Trip Reduction Program will promote commuter-choices, employer transportation management, guaranteed ride home programs and commuter assistance and outreach-type programs intended to reduce commuter vehicle miles traveled. The program shall be in place prior to Certificate of Occupancy

TRANS DEPARTMENT

90.TRANS. 1 USE - WRCOG TUMF RECOMMND

Prior to the issuance of an occupancy permit, the project proponent shall pay the Transportation Uniform Mitigation Fee (TUMF) in accordance with the fee schedule in effect at the time of issuance, pursuant to Ordinance No. 824.

90.TRANS. 3 USE - IMPLEMENT WQMP RECOMMND

All structural BMPs described in the project-specific WQMP shall be constructed and installed in conformance with approved plans and specifications. It shall be demonstrated that the applicant is prepared to implement all non-structural BMPs described in the approved project specific WQMP and that copies of the approved project-specific WQMP are available for the future owners/occupants.

90.TRANS. 4 USE - BMP MAINT AND INSPECT

RECOMMND

The BMP maintenance plan shall contain provisions for all treatment controlled BMPs to be inspected, and if required, cleaned no later than October 15 each year. Required documentation shall identify the entity that will inspect and maintain all structural BMPs within the project boundaries. A copy of all necessary documentation shall be submitted to the Transportation Department for review and approval prior to the issuance of occupancy permits.

90.TRANS. 5 USE - FACILITY COMPLETION

RECOMMND

The Transportation Department will not release occupancy permits prior to the Transportation Department's acceptance of the drainage system for operation and maintenance.

WASTE DEPARTMENT

90.WASTE. 1 USE - WASTE REPORTING FORM

RECOMMND

Prior to building final inspection, evidence (i.e., receipts or other types of verification) to demonstrate project compliance with the approved Waste Reporting Plan (WRP) shall be presented by the project proponent to the Planning Division of the Riverside County Waste Management Department. Receipts must clearly identify the amount of waste disposed and Construction and Demolition (C&D) materials recycled.

Good Morning Phayvanh, I apologize for not getting back to you sooner. Your site is outside of the Temecula Bombing Target 107 Formerly Used Defense Site. Nothing should be found at your site, but please make the sure the contractors know that Temecula Bombing Site 107 is nearby and that caution should be taken in case anything is found. If something is found please tell them to step away from the item, do not touch it and call the police to have them remove the item. Thank You.

To: Cordero, Daniel@DTSC; Gimeno-O'Brien, Alice@DTSC
Subject: Riverside County Plot Plan No. 16891R3 - address 35001 Rancho California Rd. Temecula CA 92591

Hi Daniel and Alice,

I have a project that is near Temecula Bomb Target # 107. Please refer to the image below:

The project is Plot Plan No. 16891R3 (formerly called Plot Plan No. 25831). The project proposes to expand the existing hotel accommodation by adding 30-rooms, pool guest service area, and an additional 30 rooms.

The map below is intended to show you how much the actual building footprint will expand. The expansion footprint is outlined in red on parcels 1 and 3. The expansion includes 30 rooms, additional parking spaces, and a guest pool. Parcel 2 is where the existing winery is located. Parcel 1 is where the existing hotel is located. Parcels 1, 3, 4, and 5 will be merged so that the hotel expand to 30 rooms. The 75% of the net project area will remain planted in vineyards. Parcel 5 will also have a residential pad.

Please let me know if the Department of Toxic Substance Control have any concerns.

Thank you,

AMENDED AND RESTATED DECLARATION OF DEED RESTRICTION

THIS AMENDED AND RESTATED DECLARATION OF DEED RESTRICTION ("**Declaration**") is made this ____ day of _____, 2016, by PVI Investors, LP, a California limited partnership ("**PVI**"), Wine Road Vintners, LLC, a California limited liability company ("**Wine Road**"), Siena Estates, Inc., a California corporation ("**Siena Estates**"), REI Management Company, a California corporation ("**REI**"), Felice Rovelli and Melissa Boles, husband and wife ("**Rovelli/Boles**"), and Graperoad, LLC, a California limited liability company ("**Graperoad**"), with reference to the following facts. Siena Estates, REI and Rovelli/Boles are collectively referred to herein as "**Siena**." PVI, Wine Road, Siena and Graperoad are collectively referred to herein as "**Declarants**".

RECITALS

A. Graperoad and Wine Road, as Declarants, executed and recorded that certain Declaration of Deed Restriction dated November 1, 2009, and recorded on March 28, 2011, in the Official Records of the County of Riverside as Instrument No. 2011-0136159 (the "**Original Deed**").

B. Following recordation of the Original Deed, Graperoad completed a parcel merger of Lots 1 and 3, as described in the Original Deed, and transferred its ownership of those parcels to PVI.

C. The Declarants herein now desire to amend and restate the Original Deed in its entirety as set forth in this Declaration.

D. PVI is the owner of approximately 20.03 gross acres of land known as "New Parcel of Certificate of Parcel Merger No. 01868" of Tract No. 29975 located in the County of Riverside, California ("**County**"), as more particularly described in Exhibit A attached to this Declaration ("**Parcel 1**").

E. Wine Road is the owner of approximately 10.29 gross acres of improved real property containing the existing Ponte Winery and known as "Lot B per Lot Line Adjustment No. 05377" of Tract No. 29975 located in the County, as more particularly described in Exhibit B attached to this Declaration ("**Parcel 2**").

F. Graperoad is the owner of approximately 3.65 gross acres of a private street known as Lot B of Tract No. 29975 located in the County, as more particularly described in Exhibit C attached to this Declaration (the "**Street Parcel**").

G. Siena Estates is the owner of approximately 4.95 gross acres of land known as Lot 8 of Tract No. 29975 located in the County, as more particularly described in Exhibit C attached to this Declaration (the "**Siena Parcel**").

H. Felice Rovelli and Melissa Boles are the owners of approximately 4.85 gross acres of land known as Lot 9 of Tract No. 29975 located in the County, as more particularly described in Exhibit C attached to this Declaration (the "**Rovelli/Boles Parcel**").

I. REI Management is the owner of approximately 4.81 gross acres of land known as Lot 10 of Tract No. 29975 located in the County, as more particularly described in Exhibit C attached to this Declaration (the "**REI Parcel**"). The Street Parcel, the Siena Parcel, the Rovelli/Boles Parcel and the REI Parcel are hereinafter collectively referred to as "**Parcel 3**."

J. Parcels 1, 2, and 3 are collectively referred to in this Declaration as "**The Parcels**." The Parcels total approximately 48.58 gross acres and approximately 45.38 net acres. Parcel 1 is contiguous with Parcel 2 and with Parcel 3. The relative locations of The Parcels are depicted in Exhibit D attached to this Declaration.

K. On behalf of Wine Road and Siena collectively, PVI has submitted to the County an application for a Revised Plot Plan ("**Plot Plan 16891-R3**") to permit, in addition to the existing sixty (60) room hotel, a new thirty (30) room two-story building, a pool building, related improvements and future primary residence on The Parcels (the "**Hotel Improvements**"). Plot Plan 16891-R3 contains a condition of approval requiring the restrictions set forth in this Declaration. Concurrently with the application for Plot Plan 16891-R3, PVI has applied for Change of Zone No. 9782, which will change the zoning classification for The Parcels from "Citrus/Vineyard" to "Wine Country-Winery" ("**WC-W Zone**"), as set forth in Riverside County Ordinance No. 348. The Parcels are also subject to the policies contained in the Temecula Valley Wine Country Policy Area, as provided under the County's Wine Country Community Plan.

L. Under the WC-W Zone, a maximum of two rooms are permitted per gross acre for a hotel. Accordingly, under the WC-W Zone, the proposed Hotel Improvements (consisting of an existing sixty (60) rooms plus an added thirty (30) rooms or ninety (90) rooms total) would be required to be developed on a minimum lot size of forty-five (45) gross acres.

M. Under the WC-W Zone, a minimum of seventy-five percent (75%) of the net acreage must be planted in vineyards. The Parcels have already been planted in vineyards and exceed the minimum planting requirements.

N. Due to certain existing financing restrictions on Parcel 2, it is impractical to merge Parcels 1, 2, and 3 into a single parcel of at least forty-five (45) gross acres to satisfy the requirements of the WC-W Zone. However, to satisfy the forty-five (45) acre minimum requirement for the Hotel Improvements, Declarants have applied for and will receive approval of a parcel merger of Parcels 1 and 3. The merger of Parcels 1 and 3 will result in a single parcel

of at least thirty-eight (38) gross acres (hereinafter the “**Hotel Parcel**”). Parcel 2 will remain at least ten (10) gross acres (hereinafter the “**Winery Parcel**”).

O. The purposes of this Declaration are: (i) to achieve the equivalent mix and density of development on the Hotel Parcel and the Winery Parcel, which would otherwise be permitted under the WC-W Zone if all three (3) of The Parcels were merged into a single parcel; and (ii) to restrict the use and development of the Hotel Parcel and the Winery Parcel strictly in accordance with the requirements of Plot Plan 16891-R3, as it may be revised from time to time. Therefore, PVI has proposed, and the County has agreed, to allow development of the proposed additional Hotel Improvements on the Hotel Parcel, subject to the provisions of this Declaration and the requirements of Plot Plan 16891-R3.

NOW, THEREFORE, for the reasons set forth above, the Declarant declares restrictions as follows:

1. Condition Precedent: This Declaration shall not become effective and shall not be recorded unless and until: (i) Plot Plan 16891-R3 is approved by the County; and (ii) Parcels 1 and 3 have been merged into a single parcel of at least thirty-eight (38) gross acres. If the County disapproves any of these conditions precedent, for whatever reason, then this Declaration shall be null and void.

2. Development Restriction. The Hotel Parcel and Winery Parcel shall be developed and operated strictly in accordance with Plot Plan 16891-R3 as it exists at the time this Declaration is recorded and as Plot Plan 16891-R3 may be amended from time to time. The Hotel Improvements shall be constructed on the Hotel Parcel, as depicted in the site plan for Plot Plan 16891-R3, attached as Exhibit E to this Declaration. Unless a revised plot plan, or other development permit, is approved in the future by the County, no other development shall be permitted on the Hotel Parcel or the Winery Parcel.

3. Satisfaction of WC-W Zone Acreage Requirement. Upon recordation of this Declaration, the Hotel Parcel and the Winery Parcel covered by Plot Plan 16891-R3 shall be considered a single parcel for purposes of satisfying the number of rooms per acre, and on-site winery requirements of the WC-W Zone. No further legal merger of the Hotel Parcel and the Winery Parcel shall be required in order to develop the Hotel Improvements in accordance with the approved Plot Plan 16891-R3. Nothing herein shall require the Hotel Parcel and the Winery Parcel to have common ownership.

4. Reservation of Rights for Future Development and Allocation of Common Area Maintenance. Nothing in this Declaration shall preclude the County’s approval of future development applications on the Hotel Parcel or the Winery Parcel, including but not limited to subsequent revisions to Plot Plan 16891-R3. In addition, nothing in this Declaration shall preclude Declarants from recording a declaration of covenants, conditions, and restrictions or other appropriate instrument with respect to the Hotel Parcel and the Winery Parcel in order to allocate the maintenance, operation and expenses of the Common Areas (as defined below), so long as the provisions of this Declaration are not affected.

5. Enforceable Restriction. This Declaration shall bind Declarants and their successor and assigns, is intended to run with the land, and any of the provisions thereof may be enforced by the County in the Superior Court of the State of California.

6. Easements and Licenses.

6.1 Reciprocal Ingress and Egress Easements. Declarants as the current owners of the Hotel Parcel and the Winery Parcel hereby grant and reserve for the benefit of themselves, all future owners of either the Hotel Parcel and the Winery Parcel, and their respective successors, assigns, occupants, employees, agents, customers and invitees, and the customers, employees and invitees of such occupants, a nonexclusive, irrevocable, reciprocal easement with a right of entry to use (a) the Common Areas, as the same may from time to time be constructed and maintained for such use, for pedestrian and vehicular travel, ingress and egress, the discharge of surface storm water drainage and/or runoff, and for the other Common Area uses provided for herein, and (b) all driveways, drive aisles, and sidewalks at any time located upon the Hotel Parcel or the Winery Parcel for ingress and egress, the discharge of surface storm water drainage and/or runoff, and for the other uses incidental thereto. This easement shall burden the Common Areas, the interests of each owner of the Hotel Parcel and the Winery Parcel and each occupant thereof, and shall benefit the Hotel Parcel and the Winery Parcel and the owner and occupant thereof. For purposes of this Section 6, "**Common Areas**" means those areas outside of any building existing now or hereinafter developed intended to serve or benefit the Hotel Parcel and the Winery Parcel (e.g., any retaining walls) and/or for the non-exclusive use of the owners, occupants and their invitees (landscaped areas, drive aisles, sidewalks, and parking areas), which Common Areas as currently contemplated are depicted in Exhibit F attached to this Declaration.

6.2 Utility Easements. Declarants hereby grant and reserve for the benefit of themselves and all future owners of the Hotel Parcel and the Winery Parcel and their respective successors, assigns, occupants, employees, and agents thereof, perpetual, non-exclusive easements in, on, and under the Common Areas for the purpose of the installation, operation, maintenance and use of utility lines (which shall be located underground whenever feasible), necessary to serve the Hotel Parcel and the Winery Parcel and the buildings therein including without limitation, the right to install and maintain manholes, meters, pipelines, valves, hydrants, sprinkler controls, conduits, drainage, run-off, sewage facilities, and all related facilities. An Owner shall have the right to dedicate any utility lines exclusively located on and exclusively serving its parcel to any governmental agency or utility provider.

(i) Utility Lines. With respect to any easement granted and/or reserved pursuant to subsection 6.2, Declarants (or the owner of the affected parcel) shall have the right to assign the benefit and use of any such easement to any public or private utility company, agency or district for the purpose of installing, operating, repairing, servicing and maintaining utilities or drainage facilities and enforcing the easement rights. For purposes hereof, "utilities" includes electricity, gas mains and lines, water distribution lines, storm water sewers, sanitary sewers, telephone, fiber optic, cable television, and telegraph cables and lines, and other similar or related facilities commonly regarded as utilities. All storm drains, utility lines, transformers and meters shall be maintained under the terms of this Declaration in a safe and good working condition by the party otherwise responsible therefor. No grantee of a utility

easement under this subsection shall in the use, construction, reconstruction, operation, maintenance or repair of any storm drains, utility lines, transformers and meters in any way interfere, obstruct or delay the business of the grantor of said easement or any owner or occupant, or the public access to and from said business.

6.3 Fences. Except as otherwise provided in this Declaration, or as required by applicable law, no walls, fences or barriers of any sort or kind shall be constructed or maintained in the Common Areas or any portion thereof which shall prevent or impair the use or exercise of any of the easements granted herein, or the free access and movement including, without limitation, pedestrian and vehicular traffic among the Hotel Parcel and the Winery Parcel; provided, however, that reasonable traffic controls as may be necessary to guide and control the orderly flow of traffic may be installed within the Common Areas.

6.4 Prohibition Against Further Easements. Except (i) as specifically agreed by Declarants; (ii) as otherwise exists as of the date of this Declaration; or (iii) as required by any governmental agency or public utility in connection with the construction of any improvements on the Hotel Parcel or the Winery Parcel, no Declarant shall grant an easement or easements of any type encumbering the Common Areas to any person for the benefit of property which is not part of the Hotel Parcel or the Winery Parcel, or otherwise so burden the easements granted herein.

6.5 Restriction on Modification of Easements. The reciprocal easements granted herein shall not be terminated, amended, or property deannexed therefrom absent the prior written consent of the Planning Director of the County, or the County's successor-in-interest.

7. Modification of Declaration. This Declaration may be supplemented, amended, modified, or terminated only with the prior written consent of the Planning Director of the County, or the County's successor-in-interest.

8. Severability. If any of the provisions of this Declaration are held to be invalid or unlawful by the final judgment of a Court of competent jurisdiction, that invalidity or illegality will affect the validity of any other provisions of this Declaration.

9. Attorney Fees. In any litigation, arbitration, or other proceeding by which one party seeks to enforce its rights under this Declaration or seeks a declaration of any rights or obligations under this Declaration, the prevailing party shall be awarded reasonable attorney fees, together with any costs and expenses, to resolve the dispute and to enforce the final judgment.

10. Governing Law. This Declaration shall be construed and interpreted in accordance with the laws of the State of California. All actions or proceedings arising in connection with this Agreement shall be tried and litigated exclusively in the state courts located in the County of Riverside, State of California.

IN WITNESS WHEREOF, Declarants have executed this Declaration of Deed Restriction on the date stated in the introductory clause.

INDEMNIFICATION AGREEMENT

This INDEMNIFICATION AGREEMENT ("Agreement"), made by and between the COUNTY OF RIVERSIDE, a political subdivision of the State of California ("COUNTY"), and Wine Road Vintners, LLC, a California Limited Liability Company, PVI Investors, LP, a California Limited Partnership, Siena Estates, a California Corporation, Felice Rovelli, Melissa Boles and REI Management Company, a California Corporation ("PROPERTY OWNER"), relating to the PROPERTY OWNER'S indemnification of the COUNTY under the terms set forth herein:

WITNESSETH:

WHEREAS, the PROPERTY OWNER has a legal interest in the certain real property described as APN 942-230-025, 942-230-012, 942-230-013, 942-230-014 and 942-230-024 ("PROPERTY"); and,

WHEREAS, PROPERTY OWNER filed an application for Plot Plan No. 16891 Revision No. 3 and Change of Zone No. 7892 ("PROJECT"); and,

CP

FR & MB

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys' fees in such challenges; and,

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys' fees and damages which may be awarded to a successful challenger; and,

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation ("LITIGATION"); and,

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER'S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. **Indemnification.** PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and employees from and against any claim, action or proceeding brought against the COUNTY, its agents, officers, and employees to attack, set aside, void or annul any approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys' fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. **Defense Cooperation.** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY's Office of County Counsel.

3. **Representation and Payment for Legal Services Rendered.** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys' fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys' fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER's obligations under this Agreement.

4. **Payment for COUNTY's LITIGATION Costs.** Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars (\$20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the "Deposit."

5. **Return of Deposit.** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.

6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by certified or registered mail, return receipt requested, to the appropriate address set forth below:

COUNTY:
Office of County Counsel
Attn: Melissa Cushman
3960 Orange Street, Suite 500

Agoura Hills, CA 91301

With a copy to:
Walt Allen
28465 Old Town Front St., Ste. 201
Temecula, CA 92590

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER's obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:

- a. Deem PROPERTY OWNER's default of PROPERTY OWNER's obligations as abandonment of the PROJECT and as a breach of this Agreement;
- b. Rescind any PROJECT approvals previously granted;
- c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney's fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY's review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.

10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

11. **Amendment and Waiver.** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.

12. **Severability.** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. **Survival of Indemnification.** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.

14. **Interpretation.** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.

15. **Captions and Headings.** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.

16. **Jurisdiction and Venue.** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to

any other court or jurisdiction.

17. **Counterparts; Facsimile & Electronic Execution.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.

18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.

FR & MB

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys' fees in such challenges; and,

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys' fees and damages which may be awarded to a successful challenger; and,

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation ("LITIGATION"); and,

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER'S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. ***Indemnification.*** PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and employees from and against any claim, action or proceeding brought against the COUNTY, its agents, officers, and employees to attack, set aside, void or annul any approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys' fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. ***Defense Cooperation.*** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY's Office of County Counsel.

3. ***Representation and Payment for Legal Services Rendered.*** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys' fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys' fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER's obligations under this Agreement.

4. ***Payment for COUNTY's LITIGATION Costs.*** Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars (\$20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the "Deposit."

5. ***Return of Deposit.*** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.

6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by certified or registered mail, return receipt requested, to the appropriate address set forth below:

Temecula, CA 92590

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER's obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:

- a. Deem PROPERTY OWNER's default of PROPERTY OWNER's obligations as abandonment of the PROJECT and as a breach of this Agreement;
- b. Rescind any PROJECT approvals previously granted;
- c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney's fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY's review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.

10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

11. **Amendment and Waiver.** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.

12. **Severability.** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. **Survival of Indemnification.** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.

14. **Interpretation.** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.

15. **Captions and Headings.** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.

16. **Jurisdiction and Venue.** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to

any other court or jurisdiction.

17. **Counterparts; Facsimile & Electronic Execution.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.

18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.

APPLICATION FOR LAND USE PROJECT

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ("wet-signed"). Photocopies of signatures are not acceptable.

HAZARDOUS WASTE AND SUBSTANCES STATEMENT

Government Code Section 65962.5 requires the applicant for any development project to consult specified state-prepared lists of hazardous waste sites and submit a signed statement to the local agency indicating whether the project and any alternatives are located on an identified site and shall specify any lists. Under the statute, no application shall be accepted as complete without this signed statement.

I (We) certify that I (we) have investigated our project and any alternatives with respect to its location on an identified hazardous waste site contained on all lists compiled pursuant to Government Code Section 65962.5 and that my (our) answers are true and correct. My (Our) investigation has shown that:

☒ The development project and any alternatives proposed in this application are not contained on the lists compiled pursuant to Section 65962.5 of the Government Code.

☐ The development project and any alternatives proposed in this application are contained on the lists compiled pursuant to Section 65962.5 of the Government Code. Accordingly, the following information is provided and incorporated herein. Attach a separate sheet setting forth the following information with respect to each list.

Checklist for Identifying Projects Requiring a Project-Specific Water Quality Management Plan (WQMP) within the Santa Ana River Region¹

Project File No.	PP16891 R3
Project Name:	PONTE VINEYARD INN
Project Location:	35001 RANCHO CALIFORNIA ROAD
Project Description:	30 ROOM HOTEL ADDITION
Applicant Contact Information:	STEVE CONVERSE 626-319-7771 STEVE CONVERSE @ HOTMAIL.COM

Proposed Project Consists of, or Includes:	YES	NO
Significant Redevelopment: The addition or replacement of 5,000 square feet or more of impervious surface on an already developed site. Does not include routine maintenance activities that are conducted to maintain original line and grade, hydraulic capacity, original purpose of the constructed facility or emergency redevelopment activity required to protect public health and safety.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Residential development that create 10,000 square feet or more of impervious surface (collectively over the entire project site), including residential housing subdivision requiring a Final Map (i.e. detached single family home subdivisions, multi-family attached subdivisions, condominiums, or apartments, etc.).	<input type="checkbox"/>	<input type="checkbox"/>
New Industrial and commercial development where the land area ¹ represented by the proposed map or permit is 10,000 square feet or more.	<input type="checkbox"/>	<input type="checkbox"/>
Automotive repair shops (Standard Industrial Classification (SIC) codes ² 5013, 5014, 5541, 7532, 7533, 7534, 7536, 7537, 7538, 7539)	<input type="checkbox"/>	<input type="checkbox"/>
Mixed use developments that create 10,000 square feet or more of impervious surface (collectively over the entire project site).	<input type="checkbox"/>	<input type="checkbox"/>
Restaurants (SIC code 5812) where the land area of development is 5,000 square feet or more.	<input type="checkbox"/>	<input type="checkbox"/>
Hillside developments 5,000 square feet or more which are located on areas with known erosive soil conditions or where natural slope is 25 percent or more.	<input type="checkbox"/>	<input type="checkbox"/>
Developments of 2,500 square feet of impervious surface or more adjacent to (within 200 feet) or discharging directly into ESA's "Directly" means situated within 200 feet of the ESA; "discharging directly" means outflow from a drainage conveyance system that is composed entirely of flows from the subject development or redevelopment site, and not commingled with flows from adjacent lands.	<input type="checkbox"/>	<input type="checkbox"/>
Parking lots of 5,000 square feet or more exposed to stormwater, where "parking lot" is defined as a land area or facility for the temporary storage of motor vehicles.	<input type="checkbox"/>	<input type="checkbox"/>
Retail Gasoline Outlets that are either 5,000 square feet or more of impervious surface with a projected average daily traffic of 100 or more vehicles per day.	<input type="checkbox"/>	<input type="checkbox"/>
Public Projects other than Transportation Projects, that are implemented by a Permittee and similar in nature to the priority projects described above and meets the thresholds described herein.	<input type="checkbox"/>	<input type="checkbox"/>
Other Development Projects whose site conditions or activity pose the potential for significant adverse impacts to water quality.	<input type="checkbox"/>	<input type="checkbox"/>
¹ Land area is based on acreage disturbed.	<input type="checkbox"/>	<input type="checkbox"/>
² Descriptions of SIC codes can be found at http://www.osha.gov/pls/imis/sicsearch.html .	<input type="checkbox"/>	<input type="checkbox"/>

DETERMINATION: Circle appropriate determination.

If any question answered "YES" Project requires a project-specific WQMP.

If all questions answered "NO" Project requires incorporation of Site Design and source control (BMPs) imposed through Conditions of Approval or permit conditions.

APPLICATION FOR LAND USE PROJECT

Checklist for Identifying Projects Requiring a Project-Specific Standard Stormwater Mitigation Plan (SSMP) within the Santa Margarita River Region

Project File No.	
Project Name:	
Project Location:	
Project Description:	
Applicant Contact Information:	
Proposed Project Consists of, or includes:	
Redevelopment. The creation, addition or replacement of at least 5,000 square feet of impervious surfaces on an already developed site and the existing development and/or the redevelopment project falls under the project categories or locations listed below in this table. Where redevelopment results in an increase of less than 50% of the impervious surfaces of previously existing development, and the existing development was not subject to SSMP requirements, the numeric sizing criteria [MS4 Permit requirement F.1.d. (6)] applies only to the addition or replacement, and not to the entire development. [Note: Where redevelopment results in an increase of more than 50% of the impervious surfaces of a previously existing development, the numeric sizing criteria applies to the entire development.]	YES NO <input type="checkbox"/> <input type="checkbox"/>
New Development. The creation of 10,000 square feet or more of impervious surfaces (collectively over the entire project site) including commercial, industrial, residential, mixed-use, and public projects.	<input type="checkbox"/> <input type="checkbox"/>
Automotive repair shops. A facility that is categorized in any one of the following Standard Industrial Classification (SIC) Codes 5013—Motor vehicle supplies or parts, 5014—Tires & Tubes, 5541—Gasoline Service Stations, 7532—Top, Body & Upholstery Repair Shops and Paint Shops, 7533—Automotive Exhaust System Repair Shops, 7534—Tire Retreading and Repair Shops, 7536—Automotive Glass Replacement Shops, 7537—Automotive Transmission Repair Shops, 7538—General Automotive Repair Shops, 7539—Automotive Repair Shops, not elsewhere classified)	<input type="checkbox"/> <input type="checkbox"/>
Automotive repair shops. A facility that is categorized in any one of the following Standard Industrial Classification (SIC) Codes 5013—Motor vehicle supplies or parts, 5014—Tires & Tubes, 5541—Gasoline Service Stations, 7532—Top, Body & Upholstery Repair Shops and Paint Shops, 7533—Automotive Exhaust System Repair Shops, 7534—Tire Retreading and Repair Shops, 7536—Automotive Glass Replacement Shops, 7537—Automotive Transmission Repair Shops, 7538—General Automotive Repair Shops, 7539—Automotive Repair Shops, not elsewhere classified)	<input type="checkbox"/> <input type="checkbox"/>
Restaurants. (Standard Industrial Classification (SIC) Code 5812: Establishments primarily engaged in the retail sale of prepared food and drinks for on-premise or immediate consumption, including, but not limited to: Automats (eating places), Beaneries, Box lunch stands, Buffets (eating places), Cafes, Cafeterias, Carry-out restaurants, Caterers, Coffee shops, Commissary restaurants, Concession stands, prepared food (e.g., in airports and sports arenas), Contract feeding, Dairy bars, Diners (eating places), Dining rooms, Dinner theaters, Drive-in restaurants, Fast food restaurants, Food bars, Food service (institutional), Frozen custard stands, Grills, (eating places), Hamburger stands, Hot dog (frankfurter) stands, Ice cream stands, Industrial feeding, Lunch bars, Lunch counters, Luncheonettes, Lunchrooms, Oyster bars, Pizza parlors, Pizzerias, Refreshment stands, Restaurants, Sandwich bars or shops, Snack shops, Soda fountains, Soft drink stands, Submarine sandwich shops, and Tea rooms.) Where the land area for development is greater than 5,000 square feet. Restaurants where land development is less than 5,000 square feet shall meet all SSMP requirements except for structural treatment control BMPs [MS4 Permit requirement F.2.b(3)] and numeric sizing criteria requirement [MS4 Permit Requirement F.1.d.(6)] and hydromodification requirement [MS4 Permit requirement F.1.h].	<input type="checkbox"/> <input type="checkbox"/>
All Hillside development greater than 5,000 square feet. Any development that creates greater than 5,000 square feet of impervious surface which is located in an area with known erosive soil conditions, where the development will include grading on any natural slope that is 25% or greater.	<input type="checkbox"/> <input type="checkbox"/>
Environmentally Sensitive Areas (ESAs). 1 All development located within or directly adjacent to or discharging directly to an ESA (where discharges from the development or redevelopment will enter receiving waters within the ESA), which either creates 2,500 square feet of impervious surface on a proposed project site or increases the area of imperviousness of a proposed project site to 10% or more of its naturally occurring condition. "Directly adjacent" means situated within 200 feet of the ESA. "Discharging directly to" means outflow from a drainage conveyance system that is composed entirely of	<input type="checkbox"/> <input type="checkbox"/>

APPLICATION FOR LAND USE PROJECT

flows from the subject development or redevelopment site, and not commingled with flows from adjacent lands.		
Impervious parking lots of 5,000 sq. ft. or more. A land area or facility for the temporary parking or storage of motor vehicles used personally for business or commerce.	<input type="checkbox"/>	<input type="checkbox"/>
Streets, roads, highways, and freeways. Includes any paved impervious surface that is 5,000 square feet or greater used for the transportation of automobiles, trucks, motorcycles, and other vehicles.	<input type="checkbox"/>	<input type="checkbox"/>
Retail Gasoline Outlets (RGOs). Includes RGOs that meet the following criteria: (a) 5,000 square feet or more, or (b) a projected Average Daily Traffic (ADT) of 100 or more vehicles per day.	<input type="checkbox"/>	<input type="checkbox"/>
<p>Areas that include but are not limited to all CWA Section 303(d) impaired water bodies; areas designated as Areas of Special biological Significance by the State Water Resources Control Board (Water Quality Control Plan for the San Diego Basin (1994) and amendments); State Water Quality Protected Areas; water bodies designated with the RARE beneficial use by the State Water Resources Control Board (Water Quality Control Plan for San Diego Basin (1994) and amendments); areas designated as preserves or their equivalent under the Natural Communities Conservation Program within the Cities and County of Orange; and any other equivalent environmentally sensitive areas which have been identified by the Copermitees.</p> <p>The Basin Plan for the San Diego Basin WQMPSSMP (also referred to as a WQMP).</p> <p>www.waterboards.ca.gov/sandiego/water_issues/programs/basin_plan/docs/update062812/Chpt_2_2012.pdf</p> <p>The most recent CWA Section 303(d) list can be found at:</p> <p>http://www.sarch.ca.gov/water_issues/programs/303d_list/index.shtml</p>

RIVERSIDE COUNTY PLANNING DEPARTMENT

APPLICATION FOR CHANGE OF ZONE

CHECK ONE AS APPROPRIATE:

☒ **Standard Change of Zone**

There are three different situations where a Planning Review Only Change of Zone will be accepted:

- ☐ **Type 1:** Used to legally define the boundaries of one or more Planning Areas within a Specific Plan.
- ☐ **Type 2:** Used to establish or change a SP zoning ordinance text within a Specific Plan.
- ☒ **Type 3:** Used when a Change of Zone application was conditioned for in a prior application.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

CASE NUMBER: C207892 DATE SUBMITTED: 11/17/15

APPLICATION FOR CHANGE OF ZONE

If the property is owned by more than one person, attach a separate page that reference the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter "County of Riverside",

and Steve Converse hereafter "Applicant" and PVI Investors LP "Property Owner".

Description of application/permit use:

Change of Zone

If your application is subject to Deposit-based Fee, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect "Deposit-based Fees" for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the staff hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

- A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside. Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case. The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by County of Riverside, may result in the stoppage of work.
- B. Within 15 days of the service by mail of the County of Riverside's written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney's fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.
- C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property Owner by the County.
- D. This Agreement shall only be executed by an authorized representative of the Applicant and the Property Owner. The person(s) executing this Agreement represents that he/she has the express authority to enter into this agreement on behalf of the Applicant and/or Property Owner.

- E. This Agreement is not assignable without written consent by the County of Riverside. The County of Riverside will not consent to assignment of this Agreement until all outstanding costs have been paid by Applicant.
- F. Deposit statements, requests for deposits or refunds shall be directed to Applicant at the address identified in Section 4.

Section 3. To ensure quality service, Applicant is responsible to provide one-week written notice to the County of Riverside Transportation and Land Management Agency (TLMA) Permit Assistance Centers if any of the information below changes.

Section 4. Applicant and Owner information

1. PROPERTY INFORMATION:

Assessors Parcel Number(s): 942-230-012, 013, 014 and 025

Property Location or Address:

35001 Rancho California Road, Temecula CA 92591

2. PROPERTY OWNER INFORMATION:

Property Owner Name: Claudio Ponte

Phone No.: 818 706 8311

Firm Name: PVI Investors LP

Email: cponte@reimanagementco.com

Address: 30343 Canwood St #206

Agoura Hills, CA 91301

3. APPLICANT INFORMATION:

Applicant Name: Steve Converse

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY ON A CHANGE OF ZONE AND FAST TRACK PLOT PLAN REVISION IN THE THIRD SUPERVISORIAL DISTRICT AND NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, May 24, 2016 at 10:30 A.M.** or as soon as possible thereafter, to consider the application submitted by Steve Converse – Walt Allen, on **Change of Zone No. 7892** and the associated Ordinance No. 348.4837, which proposes to change the zoning from Citrus/Vineyard – 5 acre min (C/V-5) and Citrus/Vineyard – 10 acre minimum (C/V-10) to Wine Country – Winery (WC-W), or such other zones as the Board may find appropriate; and, **Fast Track 2015-03 Plot Plan No. 16891 Revision 3**, which proposes to classify the winery as a Class V Winery under the WC-W Zone and add 30 rooms, a swimming pool with a pool service building, and 30 parking spaces to an existing wine country hotel ("the project"). The project is located at 35001 Rancho California Road, Temecula, CA 92591, in the Rancho California area – Southwest Area Plan, Third Supervisorial District.

The Planning Department recommended that the Board of Supervisors approve the project and adopt the Mitigated Negative Declaration for **Environmental Assessment No. 42804**.

The project case file may be viewed from the date of this notice until the public hearing, Monday through Friday, from 8:00 a.m. to 5:00 p.m. at the Clerk of the Board of Supervisors at 4080 Lemon Street, 1st Floor, Riverside, California 92501, and at the Riverside County Planning Department at 4080 Lemon Street, 12th Floor, Riverside, California 92501.

FOR FURTHER INFORMATION REGARDING THIS PROJECT, PLEASE CONTACT PHAYVANH NANTHAVONGDOUANGSY, PROJECT PLANNER, AT (951) 955-6573 OR EMAIL PNANTHAV@rctlma.org.

Any person wishing to testify in support of or in opposition to the project may do so in writing between the date of this notice and the public hearing, or may appear and be heard at the time and place noted above. All written comments received prior to the public hearing will be submitted to the Board of Supervisors and the Board of Supervisors will consider such comments, in addition to any oral testimony, before making a decision on the project.

If you challenge the above item in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence to the Planning Commission or Board of Supervisors at, or prior to, the public hearing. Be advised that as a result of the public hearing and the consideration of all public comment, written and oral, the Board of Supervisors may amend, in whole or in part, the project and/or the related environmental document. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the project, may be changed in a way other than specifically proposed.

Alternative formats available upon request to individuals with disabilities. If you require reasonable accommodation, please contact Lisa Wagner at (951) 955-1063, 72 hours prior to hearing.

Please send all written correspondence to: Clerk of the Board, 4080 Lemon Street, 1st Floor, Post Office Box 1147, Riverside, CA 92502-1147

Dated: April 28, 2016

Kecia Harper-Ihem, Clerk of the Board

PROPERTY OWNERS CERTIFICATION FORM

I, VINNIE NGUYEN, certify that on 3/17/2016

The attached property owners list was prepared by Riverside County GIS

APN (s) or case numbers CZ07892 / ~~PP25831~~ For

Company or Individual's Name Planning Department ~~PP 1689123~~

Distance buffered 1600'

Pursuant to application requirements furnished by the Riverside County Planning Department, Said list is a complete and true compilation of the owners of the subject property and all other property owners within 600 feet of the property involved, or if that area yields less than 25 different owners, all property owners within a notification area expanded to yield a minimum of 25 different owners, to a maximum notification area of 2,400 feet from the project boundaries, based upon the latest equalized assessment rolls. If the project is a subdivision with identified off-site access/improvements, said list includes a complete and true compilation of the names and mailing addresses of the owners of all property that is adjacent to the proposed off-site improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I understand that incorrect or incomplete information may be grounds for rejection or denial of the application.

Project Applicant

4080 Lemon St. 12th Floor Riverside Ca 92501-1408
Address

Southwest portion of the unincorporated Riverside County, approximately three miles north of the border with San Diego County, covering approximately 18,005 acres of land located east of the City of Temecula, south of Lake Skinner, and northwest of Vail Lake. 33° 31' 25.6" / 177° 5' 35.6". See attached map.
Project Location

The proposed project is the development of a Temecula Valley Wine Country Community Plan, that will be used to ensure that the region develops in an orderly manner that maximizes the area's unique viticulture potential and associated entrepreneurial uses, while balancing the need to protect the area's existing equestrian and rural lifestyles. The project includes the following County actions: (1) Adoption of General Plan Amendment No. 1077 which adopts the Wine Country Community Plan and updates the existing Southwest Area Plan (SWAP) and other elements of the County General Plan, particularly the policies and boundaries related to the existing Citrus Vineyard and Valle de Los Caballos Policy Areas; (2) Zoning Ordinance Amendment No. 348.472B, adding new zoning classifications that implement the General Plan; and (3) Replacement of the existing Citrus Vineyard Policy Area Design Guidelines with the Temecula Valley Wine Country Design Guidelines and adopting the Temecula Valley Wine Country Greenhouse Gas Reduction Workbook.
Project Description

This is to advise that the Riverside County Board of Supervisors, as the lead agency, has approved the above-referenced project on March 11, 2014, and has made the following determinations regarding that project:

1. The project will have a significant effect on the environment.
2. A Program Environmental Report was prepared and certified for this project pursuant to the provisions of the California Environmental Quality Act and reflects the independent judgment of the Lead Agency;
3. Mitigation measures were made a condition of the approval of the project.
4. A Mitigation Monitoring or Reporting Plan was adopted for this project.
5. A Statement of Overriding Considerations was adopted for the project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Final Program Environmental Impact Report No. 524 with comments, responses, and record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.

Ebru Ozdil
P.O. Box 2183
Temecula, CA 92593

RE: AB 52 Consultation Conclusion Letter for PP16891r3 (previously PP25831)

Dear Ms. Ozdil,

An AB 52 notification for PP25831, also known as the Ponte Vineyard ("Project"), was sent to you on July 10, 2015. On August 20, 2015, the Riverside County Planning Department ("Planning") received your request dated August 18, 2015, on behalf of Pechanga Cultural Resources for AB 52 consultation on the Project. Prior to your request, at a face-to-face meeting on August 08, 2015 between Pechanga and Riverside County, this project was proactively discussed. At this meeting Pechanga requested to see a soils cross section

On September 17, 2015 the Planning Department provided the following project information via email to you: *Updated Preliminary Geotechnical Interpretive Report for the Proposed 30 room Expansion located on Rancho California Road, Temecula Area, Riverside County, California, dated March 15, 2015.*

On January 20, 2016 at a video conference between Pechanga and Planning, this project was again discussed. Pechanga expressed concerns that deep trenching might impact buried resources. Pechanga was then informed that according to the Geology report, the site consisted of approximately two to three feet of topsoil underlain by fossil bearing Pauba Formation. An email dated April 18, 2016 asked for you to notify the County if you had any further comments or concerns.

At this time, Planning has not received any further communication or information from you regarding this project. Planning welcomes input from Pechanga regarding this Project, however, based on the information gathered by Planning and the information provided by you to date, Planning has

"Planning Our Future... Preserving Our Past"

concluded that there is no potential significant impact to Tribal Cultural Resources as defined in Section 21073 of the Public Resources Code because there are no Tribal Cultural Resources present.

Planning has included conditions of approval for measures to be taken in the event unanticipated resources or human remains are found during construction activities associated with this project. These can be found as an attachment.

Based on the above, and in accordance with Public Resource Code section 21080.3.2(b), Planning has acted in good faith and made reasonable efforts to consult with Pechanga on PP25831 (PP16891r3) and considers AB 52 consultation concluded as of this letter's date.

Sincerely,

Heather Thomson
County Archaeologist

10. GENERAL CONDITIONS

PLANNING DEPARTMENT

10.PLANNING. 20 USE - IF HUMAN REMAINS FOUND

RECOMMND

IF HUMAN REMAINS ARE FOUND ON THIS SITE:

The developer/permit holder or any successor in interest shall comply with the following codes:

Pursuant to State Health and Safety Code Section 7050.5, if human remains are encountered, no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted by the Coroner within the period specified by law (24 hours). Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant". The Most Likely Descendant shall then make recommendations and engage in consultation with the property owner and the County Archaeologist concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Archaeologist.

10.PLANNING. 21 USE - UNANTICIPATED RESOURCES

RECOMMND

UNANTICIPATED RESOURCES:

"The developer/permit holder or any successor in interest shall comply with the following for the life of this permit:

If during ground disturbance activities, unanticipated cultural resources* are discovered, the following procedures shall be followed:

1)All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist**, the Native American tribal representative (or other appropriate ethnic/cultural group

RECOMMEND

representative), and the County Archaeologist to discuss the significance of the find.

2) The developer shall call the County Archaeologist immediately upon discovery of the cultural resource to convene the meeting.

3) At the meeting with the aforementioned parties, the significance of the discoveries shall be discussed and a decision is to be made, with the concurrence of the County Archaeologist, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

4) Further ground disturbance shall not resume within the area of the discovery until a meeting has been convened with the aforementioned parties and a decision is made, with the concurrence of the County Archaeologist, as to the appropriate mitigation measures.

* A cultural resource site is defined, for this condition, as being a feature and/or three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to sacred or cultural importance.

** If not already employed by the project developer, a County approved archaeologist shall be employed by the project developer to assess the value/importance of the cultural resource, attend the meeting described above, and continue monitoring of all future site grading activities as necessary."

Re: AB 52 Consultation; PP25831

The Soboba Band of Luiseño Indians has received your notification pursuant under Assembly Bill 52.

The Soboba Band of Luiseño Indians appreciates your observance of Tribal Cultural Resources and their preservation in your project. The information provided to us on said project(s) has been assessed through our Cultural Resource Department. At this time the Soboba Band does not have any specific concerns regarding known cultural resources in the specified areas that the project encompasses, but does request that the appropriate consultation continue to take place between concerned tribes, project proponents, and local agencies.

Also, working in and around traditional use areas intensifies the possibility of encountering cultural resources during any future construction/excavation phases that may take place. For this reason, the Soboba Band wishes to defer to the Pechanga Band of Luiseño Indians, who are in closer proximity to the project. Additionally, the Soboba Band is requesting that the Pechanga Band of Luiseño Indians be informed of the deferment of this project to their tribe. Please feel free to contact me with any additional questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe", with a long horizontal line extending to the right.

Riverside, CA 92502-1409

Re: AB-52, PP25831

Dear Ms. Heather Thomson,

The Agua Caliente Band of Cahuilla Indians (ACBCI) appreciates your efforts to include the Tribal Historic Preservation Office (THPO) in the PP25831 project. A records check of the ACBCI cultural registry revealed that the project area is not located within the Tribe's Traditional Use Area (TUA). We currently have no concerns regarding this project. This letter shall conclude our consultation efforts.

Again, the Agua Caliente appreciates your interest in our cultural heritage. If you have questions or require additional information, please call me at (760)699-6829. You may also email me at keskew@aguacaliente.net.

Cordially,

A handwritten signature in cursive script that reads "Katie Eskew".

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY ON A CHANGE OF ZONE AND FAST TRACK PLOT PLAN REVISION IN THE THIRD SUPERVISORIAL DISTRICT AND NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1st Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, May 24, 2016 at 10:30 A.M.** or as soon as possible thereafter, to consider the application submitted by Steve Converse - Walt Allen, on **Change of Zone No. 7892** and the associated Ordinance No. 348.4837, which proposes to change the zoning from Citrus/Vineyard - 5 acre min (C/V-5) and Citrus/Vineyard - 10 acre minimum (C/V-10) to Wine Country - Winery (WC-W), or such other zones as the Board may find appropriate; and, **Fast Track 2015-03 Plot Plan No. 16891 Revision 3**, which proposes to classify the winery as a Class V Winery under the WC-W Zone and add 30 rooms, a swimming pool with a pool service building, and 30 parking spaces to an existing wine country hotel ("the project"). The project is located at 35001 Rancho California Road, Temecula, CA 92591, in the Rancho California area - Southwest Area Plan, Third Supervisorial District.

The Planning Department recommended that the Board of Supervisors approve the project and adopt the Mitigated Negative Declaration for **Environmental Assessment No. 42804**.

The project case file may be viewed from the date of this notice until the public hearing, Monday through Friday, from 8:00 a.m. to 5:00 p.m. at the Clerk of the Board of Supervisors at 4080 Lemon Street, 1st Floor, Riverside, California 92501, and at the Riverside County Planning Department at 4080 Lemon Street, 12th Floor, Riverside, California 92501.

FOR FURTHER INFORMATION REGARDING THIS PROJECT, PLEASE CONTACT PHAYVANH NANTHAVONGDOANGSY, PROJECT PLANNER, AT (951) 955-6573 OR EMAIL PNANTHAV@rcdtna.org.

Any person wishing to testify in support of or in opposition to the project may do so in writing between the date of this notice and the public hearing, or may appear and be heard at the time and place noted above. All written comments received prior to the public hearing will be submitted to the Board of Supervisors and the Board of Supervisors will consider such comments, in addition to any oral testimony, before making a decision on the project.

If you challenge the above item in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence to the Planning Commission or Board of Supervisors at, or prior to, the public hearing. Be advised that as a result of the public hearing and the consideration of all public comment, written and oral, the Board of Supervisors may amend, in whole or in part, the project and/or the related environmental document. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the project, may be changed in a way other than specifically proposed.

Alternative formats available upon request to individuals with disabilities. If you require reasonable accommodation, please contact Lisa Wagner at (951) 955-1063, 72 hours prior to hearing.

Please send all written correspondence to: Clerk of the Board, 4080 Lemon Street, 1st Floor, Post Office Box 1147, Riverside, CA 92502-1147
