**SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
FORM 11: FIRST EXTENSION OF TIME FOR PARCEL MAP NO. 32449, MINOR CHANGE NO. 1**

DATE: June 8, 2016

PAGE: Page 2 of 2

BACKGROUND:

Summary

Tentative Parcel Map No. 32449, Minor Change No. 1 was approved at the Director's Hearing on June 12, 2007. This tentative parcel map was originally approved by the Board of Supervisors at an appeal hearing in May 2006. The purpose of the minor change was to reduce the number of approved parcels from four parcels to three parcels. The reduction to the number of lots was proposed by the land divider after discussions with a neighboring land owner. The lots are conditioned to limit pad sizes to 10,000 square feet to reduce impacts within Cahuilla Hills. This tentative map was filed prior to the Interim Zoning Ordinance for Cahuilla Hills and is not subject to a five-acre minimum lot size requirement.

The Riverside County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of 14 new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the applicant (dated April 1, 2016) indicating the acceptance of the 14 recommended conditions.

The Tentative Parcel Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Director's Hearing heard the first extension of time for Tentative Parcel Map No. 32449, Minor Change No. 1 on June 6, 2016, and approved the project as is stated in the minutes.

Board Action

The Director's Hearing's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Director's Hearing.

FIRST EXTENSION OF TIME
Applicant: Feiro Engineering, Inc.

Steve Weiss, AICP
Planning Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for recordation of a final map to subdivide 5.02 acres into three (3) residential lots. Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Director for approval.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP NO. 32449M1

BACKGROUND:

Tentative Parcel Map No. 32449, Minor Change No. 1 was approved at the Director's Hearing on June 12, 2007. This tentative parcel map was originally approved by the Board of Supervisors at an appeal hearing in May 2006. The purpose of the minor change was to reduce the number of approved parcels from four parcels to three parcels. The reduction to the number of lots was proposed by the land divider after discussions with a neighboring land owner. The lots are conditioned to limit pad sizes to 10,000 square feet to reduce impacts within Cahuilla Hills. This tentative map was filed prior to the Interim Zoning Ordinance for Cahuilla Hills and is not subject to a five acre minimum lot size requirement.

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of fourteen (14) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Flood Control Department is

recommending the addition of (4) conditions of approval, the Transportation Department is recommending the addition of (1) condition of approval, and the Building & Safety Department (Grading Division) is recommending the addition of (9) conditions of approval.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the applicant (dated April 1, 2016) indicating the acceptance of the fourteen (14) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

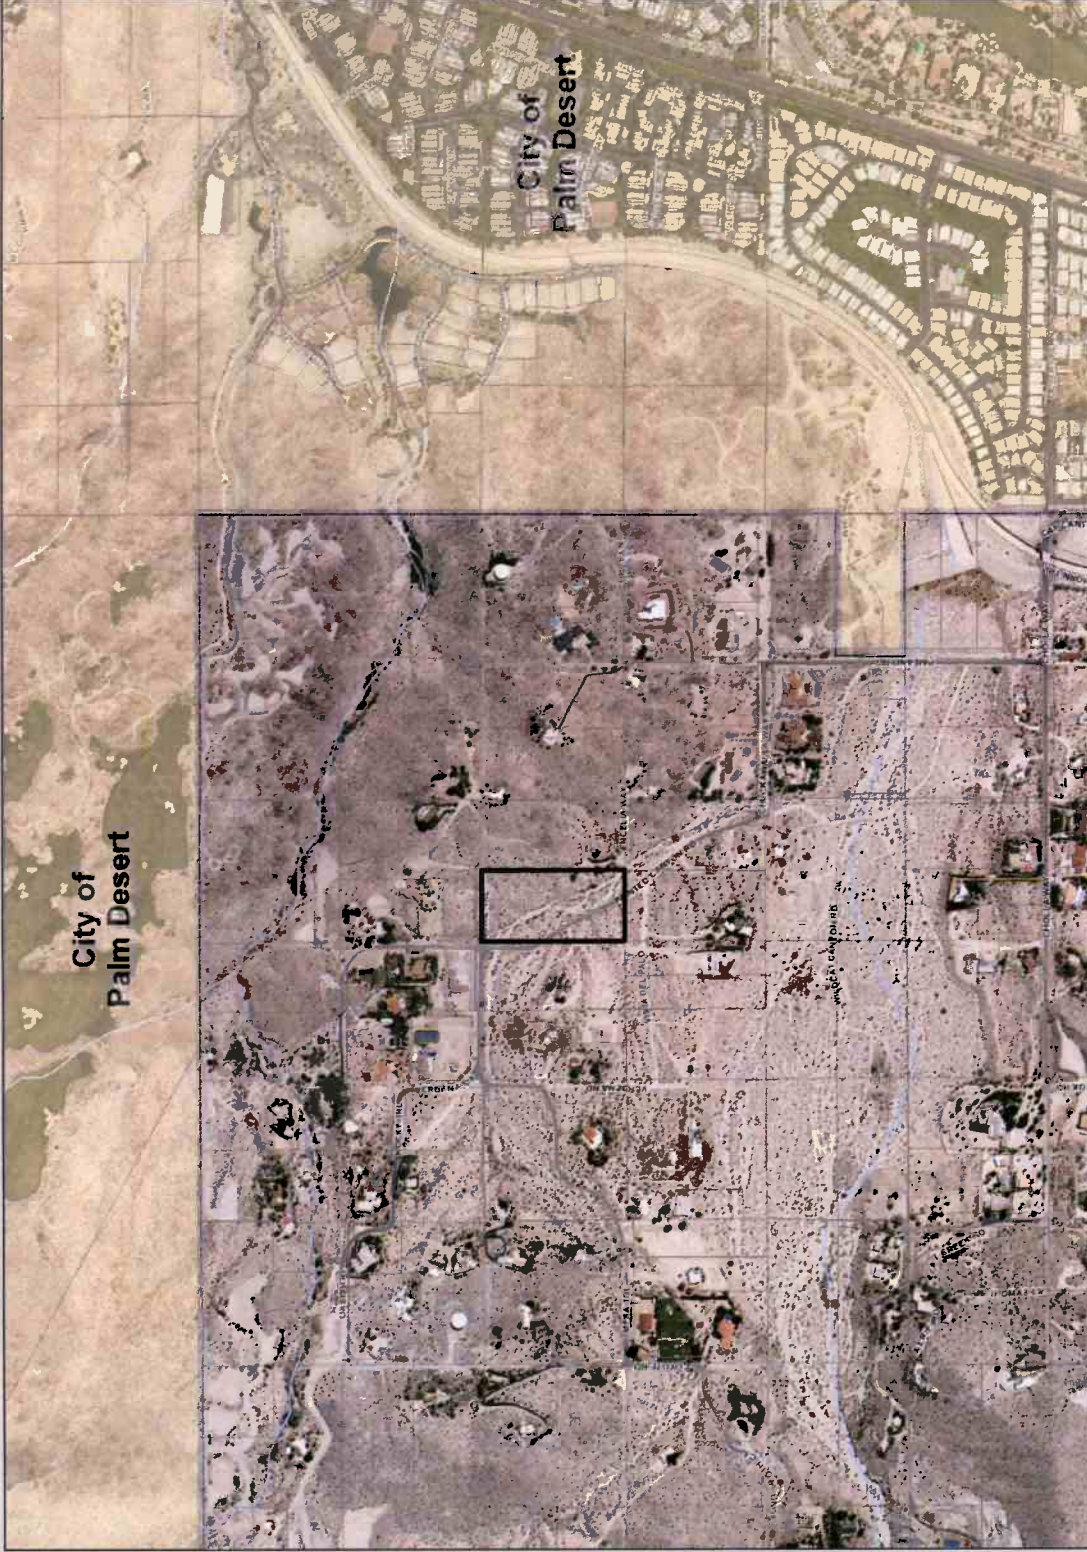

Therefore, upon an approval action by the Planning Director, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become April 25, 2017. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP NO. 32449M1, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to April 25, 2017, subject to all the previously approved and/or amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: PM32449M1
Original E.A. Number: EA40974
Extension of Time No.: First
Original Approval Date: April 25, 2006
Project Location: East and West of Painted Canyon Road, south of Quail Trail, north of Chuckawalla Way.
Project Description: Schedule H land division to divide five acres into three residential parcels.

On April 25, 2006, this Tentative Parcel Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Gentlemen - I have read the additional conditions of approval and see nothing that we should not agree to. Most of it is the WQMP which we already knew about. I suggest you sign it and get it back to Tim

Sorry for the delay but this wasn't routed to me prior to now.

Attn: Nick Lafaro

RE: FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP No. 32449M1.

The County Planning Department has transmitted this extension of time request to the Land Development Committee (LDC) for comments on January 14, 2016. The LDC has determined it necessary to recommend the addition of fourteen (14) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

10 Flood #2

10 Trans #9

50 Flood #3

60 B&S Grade #8

60 B&S Grade #9

60 B&S Grade #10

60 B&S Grade #11

60 Floods #1

80 B&S Grade #5

80 B&S Grade #6

90 B&S Grade #3

90 B&S Grade #4

90 B&S Grade #5

90 Flood #1

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for the Planning Director's Hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

60. PRIOR TO GRADING PRMT ISSUANCE

60.BS GRADE. 8 MAP -EOT1 NPDES/SWPPP (cont.)

RECOMMND

The permit requirement applies to grading and construction sites of "ONE" acre or larger. The owner operator can comply by submitting a "Notice of Intent" (NOI), develop and implement a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) and a monitoring program and reporting plan for the construction site. For additional information and to obtain a copy of the NPDES State Construction Permit contact the SWRCB at www.swrcb.ca.gov.

Additionally, at the time the county adopts, as part of any ordinance, regulations specific to the N.P.D.E.S., this project (or subdivision) shall comply with them.

60.BS GRADE. 9 MAP -EOT1 APPROVED WQMP

RECOMMND

Prior to the issuance of a grading permit, the owner / applicant shall submit to the Building & Safety Department Engineering Division evidence that the project - specific Water Quality Management Plan (WQMP) has been approved by the Riverside County Flood Control District or Riverside County Transportation Department and that all approved water quality treatment control BMPs have been included on the grading plan.

60.BS GRADE. 10 MAP-EOT1 BMP CONST NPDES PERMI

RECOMMND

Prior to the issuance of a grading permit, the owner / applicant shall obtain a BMP (Best Management Practices) Permit for the monitoring of the erosion and sediment control BMPs for the site. The Department of Building and Safety will conduct NPDES (National Pollutant Discharge Elimination System) inspections of the site based on Risk Level to verify compliance with the Construction General Permit, Stormwater ordinances and regulations until completion of the construction activities, permanent stabilization of the site and permit final.

60.BS GRADE. 11 MAP -EOT1 SWPPP REVIEW

RECOMMND

Grading and construction sites of "ONE" acre or larger required to develop a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) - the owner/applicant shall submit the SWPPP to the Building and Safety Department Environmental Compliance Division for review and approval prior to issuance of a grading permit.

BS GRADE DEPARTMENT

80.BS GRADE. 5 MAP-EOT1 BMP CONST NPDES PERMI

RECOMMND

Prior to the issuance of a building permit, the owner / applicant shall obtain a BMP (Best Management Practices) Permit for the monitoring of the erosion and sediment control BMPs for the site. The Department of Building and Safety will conduct NPDES (National Pollutant Discharge Elimination System) inspections of the site based on Risk Level to verify compliance with the Construction General Permit, Stormwater ordinances and regulations until completion of the construction activities, permanent stabilization of the site and permit final.

80.BS GRADE. 6 MAP -EOT1 ROUGH GRADE APPROVAL

RECOMMND

Prior to the issuance of any building permit, the applicant shall obtain rough grade approval and/or approval to construct from the Building and Safety Department. The Building and Safety Department must approve the completed grading of your project before a building permit can be issued. Rough Grade approval can be accomplished by complying with the following:

1.Submitting a "Wet Signed" copy of the Soils Compaction Report containing substantiating data from the Soils Engineer (registered geologist or certified geologist, civil engineer or geotechnical engineer as appropriate) for his/her certification of the project.

2.Submitting a "Wet Signed" copy of the Rough Grade certification from a Registered Civil Engineer certifying that the grading was completed in conformance with the approved grading plan.

THIS APPLICATION MUST BE ACCOMPANIED BY APPROPRIATE FILING FEES

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

APPLICATION INFORMATION

CASE NUMBER: PM 32449 (mch)

DATE SUBMITTED: 12/10/2015

Assessor's Parcel Number(s): 628-360-006

EXTENSION REQUEST ☒ First ☐ Second ☐ Third ☐ Fourth ☐ Fifth

Phased Final Map N/A Attach evidence of public improvement or financing expenditures.

NOTE: Land divisions may obtain a maximum of five 1-year extensions of time. Conditional Use Permits and Public Use Permits may obtain extensions of time only to the extent that the period in which to begin substantial construction does not exceed a maximum of three years from the original decision date. Plot Plans may obtain extensions of time only to the extent that the period in which to begin substantial construction does not exceed a maximum of five years from the original decision date. Variances may obtain extensions of time only to the extent that the period in which the variance is to be used does not exceed a maximum of three years from the original decision date, except that a variance in connection with a land division may be used during the same period of time that the land division may be used.

"Planning Our Future... Preserving Our Past"

APPLICATION FOR EXTENSION OF TIME

If the property is owned by more than one person, attach a separate page that reference the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).

An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expended to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
