FOUND the project **EXEMPT** from CEQA pursuant to State CEQA Guidelines Section 15301 based on the findings and conclusions incorporated in the staff report; and,

APPROVED PUBLIC USE PERMIT NO. 930, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

BACKGROUND:

The project site includes a single-family detached home and is located north of Dawes Street, south of Hicks Street, east of Brown Street, west of Haines Street, at 21222 Dawes Street, east of the City of Perris. The home has been in continuous operation as a Residential Care Facility for the Elderly ("RCFE") since 1969, currently under the management of Perris Oases, Inc. At the time of establishment in 1969, the facility was licensed for 6 residents and pursuant to Riverside County code at that time, the use was permitted by right. In 1975, the operator of the facility decided to expand the house and the license type to allow for 15 residents. As a result, the operator was required to obtain entitlement approval and Public Use Case No. 315-W was approved in October 1975, allowing for 15 residents. The approval also allowed for the physical expansion of the house and required certain health and safety upgrades to be installed, such as a fire suppression system and fire hydrant. Each of the requirements imposed under the original approval have since been completed.

The conditions of approval for Public Use Case No. 315-W contain a provision for a 10-year life-span of the use. The project was approved in 1975 and expired in 1985. Although the facility has been in continuous operation since the expiration, without the benefit of entitlement, the RCFE State license (Facility Number 330907269) has been renewed annually. Operational reports, prepared by the Department of Social Services, show the facility is in good standing, with no major violations.

This project is a request to approve a new Public Use Permit for the continued use of an existing RCFE, for a maximum of 15 residents. There is no new construction or expansion of the use proposed under this application. Standard Conditions of Approval associated with a Public Use Permit have been imposed; however, there is no new future expiration date for this use. The operator is required to continue obtaining an annual State license renewal, as well as remain in compliance with all State requirements for operating a RCFE.

This project was heard before the Planning Commission on June 1, 2016. Staff provided a brief presentation to the Planning Commission. The project was approved unanimously with no public testimony.

Board Action

The Planning Commission's decision is final, and no action by the Board of Supervisors is required, unless the Board assumes jurisdiction by ordering the matter set for a future noticed public hearing, or the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and at the Planning Commission Hearing.

INDEMNIFICATION AGREEMENT

This INDEMNIFICATION AGREEMENT (“Agreement”), made by and between the COUNTY OF RIVERSIDE, a political subdivision of the State of California (“COUNTY”), and Cynthia V. Hinds, Trustee or Her Successor in Trust, of the Hinds Trust B dated April 22, 1988 (“PROPERTY OWNER”), relating to the PROPERTY OWNER’S indemnification of the COUNTY under the terms set forth herein:

WITNESSETH:

WHEREAS, the PROPERTY OWNER has a legal interest in the certain real property described as APN 318-052-015 and 318-052-014 (“PROPERTY”); and,

WHEREAS, on March 8, 2016, PROPERTY OWNER filed an application for Public Use Permit No. 930 (“PROJECT”); and,

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys’ fees in such challenges; and,

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys’ fees and damages which may be awarded to a successful challenger; and,

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation (“LITIGATION”); and,

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER’S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. **Indemnification.** PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and

employees from and against any claim, action or proceeding brought against the COUNTY, its agents, officers, and employees to attack, set aside, void or annul any approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys' fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. ***Defense Cooperation.*** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY's Office of County Counsel.

3. ***Representation and Payment for Legal Services Rendered.*** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys' fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys' fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER's obligations under this Agreement.

4. ***Payment for COUNTY's LITIGATION Costs.*** Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars (\$20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the "Deposit."

5. ***Return of Deposit.*** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.

6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by certified or registered mail, return receipt requested, to the appropriate address set forth below:

COUNTY:
Office of County Counsel
Attn: Melissa Cushman
3960 Orange Street, Suite 500
Riverside, CA 92501

PROPERTY OWNER:
Cynthia Hinds
PO Box 341310
Los Angeles, CA 90034

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER's obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:

- a. Deem PROPERTY OWNER's default of PROPERTY OWNER's obligations as abandonment of the PROJECT and as a breach of this Agreement;
- b. Rescind any PROJECT approvals previously granted;
- c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney's fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY's review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.

10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

11. ***Amendment and Waiver.*** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.

12. ***Severability.*** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. ***Survival of Indemnification.*** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.

14. ***Interpretation.*** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.

15. ***Captions and Headings.*** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.

16. ***Jurisdiction and Venue.*** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court or jurisdiction.

17. ***Counterparts; Facsimile & Electronic Execution.*** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.

18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

The project site includes a single-family detached home and is located north of Dawes Street, south of Hicks Street, east of Brown Street, west of Haines Street, at 21222 Dawes Street, east of the City of Perris. The home has been in continuous operation as a Residential Care Facility for the Elderly ("RCFE") since 1969, currently under the management of Perris Oases, Inc. At the time of establishment in 1969, the facility was licensed for 6 residents and pursuant to Riverside County code at that time, the use was permitted by right. In 1975, the operator of the facility decided to expand the house and the license type to allow for 15 residents. As a result, the operator was required to obtain entitlement approval and Public Use Case No. 315-W was approved in October 1975, allowing for 15 residents. The approval also allowed for the physical expansion of the house and required certain health and safety upgrades to be installed, such as a fire suppression system and fire hydrant. Each of the requirements imposed under the original approval have since been completed.

The conditions of approval for Public Use Case No. 315-W contain a provision for a 10-year life-span of the use. The project was approved in 1975 and expired in 1985. Although the facility has been in continuous operation since the expiration, without the benefit of entitlement, the RCFE State license (Facility Number 330907269) has been renewed annually. Operational reports, prepared by the Department of Social Services, show the facility is in good standing, with no major violations.

This project is a request to approve a new Public Use Permit for the continued use of an existing RCFE, for a maximum of 15 residents. There is no new construction or expansion of the use proposed under this application. Standard Conditions of Approval associated with a Public Use Permit have been imposed; however, there is no new future expiration date for this use. The operator is required to continue obtaining an annual State license renewal, as well as remain in compliance with all State requirements for operating RCFE.

Pursuant to the California Department of Social Services ("CDSS"), who issues and maintains this type of license, they have provided the following definition and operational provisions:

A Residential Care Facility for the Elderly ("RCFE"), sometimes called "Assisted Living" or "Board and Care", is a residential home for seniors aged 60 and over who require or prefer assistance with care and supervision. They are non-medical facilities that provide room, meals, housekeeping, supervision, storage and distribution of medication, and personal care assistance with basic activities like hygiene, dressing, eating, bathing and transferring.

An RCFE must meet the care and safety standards set by the State and are licensed and inspected by the Department of Social Services, Community Care Licensing (CCL) on an annual basis. There is not a specific staff to resident ratio for a licensed RCFE. California law requires that facility personnel shall at all times be sufficient in numbers, qualifications, and competency to provide the services necessary to meet resident needs, and to ensure their health, safety, comfort, and supervision. (California Health and Safety Code, Sections 1569.269(a)(6), 1569.618(c); CCR, Title 22, Section 87411.)

The County of Riverside is proposing a substantial revision to Zoning Ordinance No. 348.4818, Article XIXe – Congregate Care Residential Facilities. The revision will update the County's Zoning Code to include a more complete listing of all types of residential care facilities as defined by the State, and address the entitlement process more clearly. This use, as proposed, complies with both the existing Zoning Ordinance and the proposed revision, as it relates to land use and development standards. However, the revision will require all future proposed residential care facilities to be approved under a Conditional Use Permit, rather than a Public Use Permit. Given that this project is being proposed for approval under a "Use Permit" and complies with both the existing Zoning Ordinance and proposed revised Ordinance, the project will still be in conformance upon adoption of the new code.

| 6. Surrounding Land Use (Ex. #1): | Single-family homes on all sides |
| 7. Project Data: | Total Acreage: 0.75 |
| 8. Environmental Concerns: | CEQA Exempt per Section 15301 |

RECOMMENDATIONS:

FIND the project exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (Existing Facilities), based on the findings and conclusions incorporated in the staff report; and,

APPROVE PUBLIC USE PERMIT NO. 930, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings which is incorporated herein by reference.

1. The project site is designated Rural Community: Low Density Residential (RC: LDR) within the Mead Valley Area Plan.
2. The existing use, a Residential Care Facility for the Elderly, is consistent with the Rural Community: Low Density Residential (RC: LDR) General Plan Land Use Designation.

3. The project site is surrounded by properties which are Designated Rural Community: Low Density Residential (RC: LDR) (1/2 Acre minimum) to the north, south, east, and west.
4. The Zoning Classification for the project site is Rural Residential – ½ acre minimum (R-R-1/2).
5. The existing use, a Residential Care Facility for the Elderly, is permitted in the Rural Residential – ½ Acre minimum zone(s), based on County Ordinance No. 348, Section 18.29.A.5, which states that any home or other facility for the aged or children that is licensed by the California Department of Social Services, or by the Riverside County Department of Public Social Services, not including a home or facility that serves six or fewer children or aged persons, nor a large family day care home that serves seven to twelve children. Said facilities shall be developed in accordance with the standards set forth in Sections 19.102 and 19.103 of this ordinance.
6. Pursuant to Zoning Ordinance 348, Section 19.102, this project meets the following Congregate Care Residential Facilities development standards:
 - A. Density – The project site contains one existing single-family home, consistent with the underlying Rural Residential Zoning Classification of one dwelling unit per ½ acre minimum, which meets this development standard.
 - B. Location – The project site lies within an urbanized area. All necessary infrastructure to support the use, including roads, utilities, and services are existing, meeting this development standard.
 - C. Elevators – The facility is a single-story dwelling unit. As a result, an elevator is not required and this development standard does not apply.
 - D. Dwelling Units – The project site includes a single family home, which has been previously expanded under County building permits, for the purpose of establishing a 15 bed maximum, Residential Care Facility for the Elderly. Room sizes, implementation of accessibility standards, kitchen and bathroom facilities, have all been constructed pursuant to State building code and in conjunction with the State license for the facility. This development standard has been met.
 - E. Hallways and Walkways – The project site includes an existing single family home, previously modified under County building permits, to support an elderly care facility. All hallways and walkways have been constructed in support of this use to minimize length and grade for easy access, which meets this development standard.
 - F. Open Space and Recreation Facilities – The project site includes an existing single family home whereby 40% of the site is undeveloped open space. Furthermore, 25% of the site includes recreational facilities such as outside seating, BBQ area, front patio, and a garden area, meeting the minimum open space requirements of this development standard.
 - G. Yard Setbacks – The project site includes an existing single family home, meeting the required building setback per the Rural Residential Zoning Classification. Furthermore the site includes additional parking spaces in support of the Residential Care Facility for

the Elderly which are located 10 feet from the front property line, meeting this development standard.

- H. Building Height – The project site includes an existing one-story, single-family home and does not exceed a structure height of 40-feet, meeting this development standard.
 - I. Trash Areas – Solid waste disposal is easily accommodated and regularly serviced, as the project site includes an existing single family home. Trash service to the site is conducted on a weekly basis, meeting this requirement.
 - J. Screening – There is a six foot high solid wall running along the internal property lines, providing privacy from the surrounding properties, which meets this development standard.
 - K. Parking – The project site includes a single family home, however, 20 additional parking spaces and a central drive-aisle have been previously added in support of the existing Residential Care Facility for the Elderly. This project meets this development standard as well as the provisions under Section 18.12 Off-Street Vehicle Parking, which requires 1 parking space per 3 beds and 1 space per 3 employees. The facility can support a maximum of 15 persons, which requires 5 parking spaces. The balance of the parking spaces are provided for employees and visitors.
 - L. Access – A single access point to the facility is provided along Haines Street, which is a fully improved local street. Access to the site can be made by all public services, which meets this development standard.
 - M. Supportive Services – the project site includes the following services, meeting this development standard: One washing machine and dryer set, weekly housekeeping, communication system, and a centralized dining area.
 - N. Public Transit Access – The front drive-aisle and parking area is large enough to accommodate public transit vehicles, which meets this development standard.
7. The existing use, a Residential Care Facility for the Elderly, is consistent with the development standards set forth in the Rural Residential – ½ Acre minimum (R-R-1/2) zone, based on County Ordinance No. 348, Section 5.2, which allows for a maximum structure height of 40 feet, which the existing house does not exceed, requires a minimum half-acre lot size with minimum width of 80-feet, which the site complies with, and requires adequate automobile storage space, which the site provides for and includes approximately 20 onsite parking spaces.
8. The project site is surrounded by properties which have a Zoning Classification of Rural Residential – ½ Acre minimum (R-R-1/2).
9. Single-family residential uses have been constructed and are operating in the project vicinity.
10. This project site is not located within a Criteria Area of the Western Riverside County Multi-Species Habitat Conservation Plan (WRCMSHCP).

11. This project site is located within the City of Perris Sphere of Influence. A project description was transmitted to the City of Perris on March 30, 2016 with a request for comments. No comments have been received from the City regarding this project.
12. The proposed project has been determined to be categorically exempt from CEQA, as set forth per section 15301 (Existing Facilities) of the CEQA Guidelines. This section includes the operation, repair, maintenance, permitting, leasing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion beyond that existing at the time of the lead agency's determination. The project scope involves the renewal of a previously expired Public Use Case for the continued operation of a State licensed Residential Care Facility for the Elderly. No new construction or other expansion is being proposed. Because all aspects of the project are exempt under Section 15301, the project is exempt from CEQA and no further environmental review is required. In addition, there are no successive projects of the same type in the same place expected over time, there are no unusual circumstances such as scenic resources, historic buildings, trees, or rock outcroppings that will be affected by the project, and it is not on a hazardous waste site. Accordingly, no exception to Section 15301 exemption applies.

CONCLUSIONS:

1. The proposed project is in conformance with the Rural Community: Low Density Residential (RC: LDR) Land Use Designation, and with all other elements of the Riverside County General Plan.
2. The proposed project is consistent with the Rural Residential (R-R-1/2) Zoning Classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
3. The California Department of Social Services maintains licensing and oversight of the use and shall continue to issue annual license renewals and conduct regular inspections of the facility.
4. The public's health, safety, and general welfare are protected through project design and the proposed use will not be detrimental to the health, safety, or general welfare of the community.
5. The proposed project is clearly compatible with the present and future logical development of the area.
6. The proposed project is exempt from the provisions of CEQA.
7. The proposed project will not preclude reserve design for the WRCMSHCP.

INFORMATIONAL ITEMS:

1. As of this writing, no letters, in support or opposition have been received.
2. The project site is not located within:
 - a. A 100-year flood plain, an area drainage plan, or dam inundation area;
 - b. A High Fire Area; or
 - c. A Liquefaction Area.
3. The project site is located within:
 - a. The City of Perris sphere of influence; and

RIVERSIDE COUNTY PLANNING DEPARTMENT
STAFF REPORT

RECOMMENDATION:

APPROVAL of Public Use Case No. 315-H for a residential board and care home in accordance with Exhibit "A" and subject to the proposed conditions.
Based on the following:

- 1) A family care home at this location would be compatible with the rural nature of the area.
- 2) The proposed expansion of the family care home is consistent with the General Plan designation of Open Space and Other Agricultural Lands.
- 3) The proposed board and care home is subject to conditions which will protect the residents as well as the community.

FACTS:

- 1) Applicant: One H. Thomas
- 2) Purpose of Request: Residential board and care home
- 3) Location: On the north side of Daves Road between Haines Street and Brown Street
- 4) Parcel Size: 0.76⁺ acre
- 5) Existing Roads: Daves Street, Haines Street
- 6) Existing Land Use: Family care home, mobilehome
- 7) Surrounding Land Use: Scattered single family dwellings and mobilehomes
- 8) Zoning: H-3
- 9) Surrounding Zoning: H-3
- 10) General Plan Element: Land Use: Open Space and Other Agricultural Lands
(1969 Riverside Co.)
Open Space and Conservation Element: Rural
Circulation: Brown Street, 36' secondary
Applicant's Exhibit "A"
- 11) Plat Plan Description: Road Department: Included in proposed conditions.
Health Department: Included in proposed conditions.
Water Quality Control Act, §8: Included in proposed conditions.
Land Use: Included in proposed conditions.
Eastern HMD: Water service is currently available to this property; however, we are not in a position to comment on fire flow requirements which might be established by the Dept. of Fire Protection. Once this figure is available, we would be in position to comment on the availability of fire flow.
Fire Protection: Included in proposed conditions.
- 12) Agency Recommendations: EA No. 2462 was submitted and a negative declaration filed on August 19, 1975. No appeal has been filed within the specified time period.
- 13) Environmental Assessment: None opposing/supporting to this date.
- 14) Letters For or Against:

ANALYSIS:

- 1) Compatibility and Potential Effect:
The applicant has applied for a public use permit to expand an existing residential board and care home to a capacity of 14 adults. It is the understanding of staff that the residents are either mentally or physically handicapped. The home has been operating since 1968 but did not require a public use permit because the total number of residents did not exceed 6. The board and care home appears to be compatible with the scattered single family and mobilehome residences in the area, and a suitable use of the subject property.
- 2) Consistency with General Plan:
The proposed use is consistent with pertinent General Plan elements.

COND. NO. 8 1975
RIVERSIDE COUNTY
PLANNING COMMISSION

1. The development of the premises shall conform substantially with that as shown on plot plan marked Exhibit "A" on file with Public Use Case No. 315-W in the office of the Riverside County Planning Department unless otherwise amended by the following conditions.
2. Within 60 days of final approval of this permit by the Board of Supervisors, the permittee shall:
 - a. Comply with all provisions of Ordinance 546 and specifically provide the following fire protection:
 - (1) Install a water system capable of delivering 1,250 GPM fire flow for a 2 hour duration in addition to domestic or other supply. The computation shall be based upon a minimum of 20 psi residual operating pressure in the supply main from which the flow is measured at the time of measurement.
 - (2) Install Riverside County super fire hydrants so that no point of any building is more than 250 feet from a fire hydrant measured along approved vehicular travelways.
 - (a) Hydrants shall not be located closer than 25 feet to any building.
 - (b) Exterior surfaces of hydrant barrels and heads shall be painted chrome yellow and the tops and nozzle caps shall be painted green.
 - (c) Curb (if installed) shall be painted red 15 feet in either direction from each hydrant.
 - (3) Furnish either three copies of a water system plan for approval by the Riverside County Department of Fire Protection, or the following certificate from the water company signed by a registered Civil Engineer: "I certify that the design of the water system in Public Use Case No. 315-W is in accordance with the requirements prescribed by the Riverside County Department of Fire Protection".
 - b. Dedicate additional right of way to provide for a standard corner cut back at the intersection of Dunes Street and Dunes Street. Said dedication shall be at no cost to any government agency.
 - c. Submit three (3) copies of a landscape and parking plan to the County Planning Department for approval delineating genus and species of all plant material. Said landscape plan shall include a sprinkler plan. Said parking plan shall provide information with regard to visitor parking and access for service and delivery vehicles. Said parking area shall be surfaced with decomposed granite to a minimum depth of 2" inches.
 - d. Provide definitive information relative to water supply and sewage disposal to the Riverside County Health Department and Water Quality Control Board.

- e. Plans for food preparation area(s) must be submitted to the Riverside County Health Department for review and approval.
- f. Obtain clearance for all structures from the Department of Building and Safety and comply with all the requirements as established by that department.
- g. Obtain clearance from the following public agencies:

County Health Department
 County Planning Department
 County Road Department

County Department of Fire Protection
 Water Quality Control Board #8
 Department of Building and Safety

Written evidence of such clearance shall be presented to the Land Use Division of the Department of Building and Safety.

Minimum standards of space, occupancy and ventilation must be met in accordance with housing laws of the State of California.

The use permitted hereby shall terminate on November 1, 1985.

This approval shall be used within one year after final proceedings before the Board of Supervisors, otherwise it shall become null and void and of no effect whatsoever. By "use" is meant substantial construction or substantial utilization of the facilities as approved by this permit.

In the event the use permitted hereby ceases operation for a period of one year or more this permit shall become null and void.

The keeping of large dogs outdoors on the premises is prohibited by this permit.

The area around the existing mobilehome shall be landscaped and the mobilehome shall be screened from view from the front property line by shrubs or trees.

All materials not incidental to the board and care home shall be removed.

The area between the ground level and the floor of the existing mobilehome shall be screened from view by an opaque skirt entirely around the mobilehome.

The number of adults permitted at the premise and by license shall be limited to 14, excluding staff.

AGREEMENT

I accept and agree, prior to use of this permit or approval, to comply with all of the conditions set forth, and understand that the Office of Building and Safety will not issue a Building Permit or allow occupancy on the use permitted until this signed confirmation, in quadruplicate, has been received by the Planning Commission.

10:15 A.M. PUBLIC HEARING
CONDITIONAL USE CASE NO. 315-V
Oma H. Thomas
Residential Board and Code Notes
Zone R-3
Wood Valley District
Fifth Supervisorial District

Property located on the north side of
Daves Road between Haines Street and
Brown Street

(Environmental Assessment No. 2426)

(The public hearing was opened at 10:20 a.m. and was closed at 10:55 a.m.)

Mr. Connors presented the subject application with all maps pertinent thereto along with a detailed review of the staff's report. The subject parcel size is approximately 0.78 acre, zoned R-3, with a 1963 Riverside County General Plan Land Use designation of Open Space and Other Agricultural Lands. A family care home and mobilehome currently exist on the subject property; surrounding land uses include scattered single family dwellings and mobilehomes. A negative declaration was filed on August 19, 1975, with no appeal filed within the specified time period. Staff recommended approval based on the findings listed in the staff report.

(862)

In answer to Council member Vanderholts's question, Mr. Connors said it was the understanding of staff that the home was a board and care home for physically or mentally handicapped adults. Mr. Connors introduced Condition No. 10 to be added to the list of conditions and to read: "The area between the ground level and the floor of the existing mobilehome shall be screened from view by an opaque skirt entirely around the mobilehome." Council member Hiebinger asked about a condition limiting the number of people, and Mr. Connors suggested adding Condition No. 11, to read: "The number of adults permitted on the premise and by license shall be limited to 14, excluding staff."

(880)

Mr. Connors administered the oath to all persons wishing to present testimony.

PROPOSER: Oma Thomas, 21222 Daves Road, Perris

OPPOSER: None

ADVISORS: Mr. [Name] - Department of Fire Protection

(883)

Mr. Thomas questioned the required skirting and Mr. Connors said it was requested by the Building Department. Mr. Thomas said they had planned to use plywood for

and are not allowed to ~~run~~ around. They do ride bikes. She said they are landscaping the trailer site at present. Ms. Thomas objected to the required blacktopping, because on wet days it could be tracked in on their rug. She had that experience with a former home she had in Klainova. She asked if the 1/2" per gravel could be acceptable, instead, for parking. Her visitors usually park outside the fence.

(940)

Mr. Connors said when he visited the property he saw evidence of service vehicles on the subject property and entering off Baines. The traffic the subject use would create, along with the dust problem, would justify requesting blacktop for the driveway and parking area. Mr. Thomas said she was concerned because the girls ride their bikes in that area and they could be hurt if they fall. Also, they sit in that area.

Mr. Connors said they based their request on the number of service vehicles sighted on the subject property. Ms. Thomas said two of the service vehicles are their own. They did have a fire alarm system and commercial dish washer put in for a period of time. They also had a new washer put in and 1/2 inch water piping. They had a brand new air conditioning system put in last year, and have had someone out a few times during the year to maintain it. Council member Vanderhelen requested that, as the one is expanding, so will the need for more service trucks. Mr. Thomas said would they get anyone who comes into their yard. Baines Street is paved; Baines Street, which the subject property fronts, is not paved. They have had no problems with dust from Baines Street. Council member Martin concurred with the applicant because she is located in a residential area and other properties in the vicinity do not have any paving. Discussion then returned on the modification of Condition No. 2-a.

(1032)

It was then tabled until by Council member Ayres and seconded by Council member Vanderhelen. After a discussion on Condition No. 2-a the words "asphalt concrete" in the last sentence be deleted and added instead the words "road gravel". Chairman Harvig asked for comment, and Council member Vanderhelen said he did not believe they were taking the right approach. He asked the bike riding, the possible use of wheelchairs for the physically handicapped, and the fact that this was a commercial establishment. Mr. Thomas asked if they could use pea gravel, as road gravel was about 1/2". This was discussed, and Council member Vanderhelen suggested using decomposed granite. Council member Ayres said d.g. is used quite a bit for driveways. Council member Vanderhelen said he had searched the section under discussion, but was not in favor of it; therefore, Council member Nieburger said she would second it.

ROLL CALL VOTE REQUESTED AS FOLLOWS:

AYES: Council members Ayres and Nieburger

NAYS: Council members Martin, Vanderhelen, Vanderhelen and Harvig

ABSENT: Council member Rollins

The motion was denied.

(1106)

MOTION: It was regularly moved by Council member Radmacher, seconded by Council member Marks, and duly carried that Condition No. 2-c be amended by striking the words "asphaltic concrete" from the last sentence and adding instead the words "decorated granite."

ROLL CALL VOTE RESULTED AS FOLLOWS:

AYES: Council member Marks, Radmacher, Ayres, Nieburger, and Farvig

NOES: Council member Vandervolen

ABSENT: Council member DeBlase

(1120)

Mr. Thomas questioned the fire hydrant condition. She said they were willing to put in the hydrant, but would it be used by others at their expense, as it would be the only hydrant in the area.

(1141)

Mr. Schultejans, Department of Fire Protection, said their main concern would be for the safety of the subject property, and the fire hydrant is required to protect the home and occupants. However, should any fire occur in the area, the fire hydrant would be used. The water for the hydrant is available from an existing main on Jones Street. Mr. Schultejans said the curb and gutter reference could be struck if so desired. Council decided to retain the reference.

(1176)

Mr. Thomas asked what a standard corner setback was (Condition No. 2-b) and Mr. Sanders explained. He said it would not involve removing any of the buildings. Mr. Thomas said they have a 20-foot easement on the lot and asked whether they could landscape that area. Mr. Sanders said staff could work that out with the applicant.

(1201)

Mr. Thomas said that care of her clients could be using the facilities. She has a 96-year-old father and an 85-year-old mother-in-law who live with them, and who will be moved into the facilities with a hired help.

(1219)

There being no further conditions, the Chairman declared the public hearing closed at 10:25 a.m.

FINDINGS: 1) A family care home at this location would be compatible with the rural nature of the area. 2) The proposed expansion of the family care home is consistent with the General Plan designation of Open Space and Other Agricultural Land. 3) The proposed home and care home is subject to conditions which will protect the residents as well as the community.

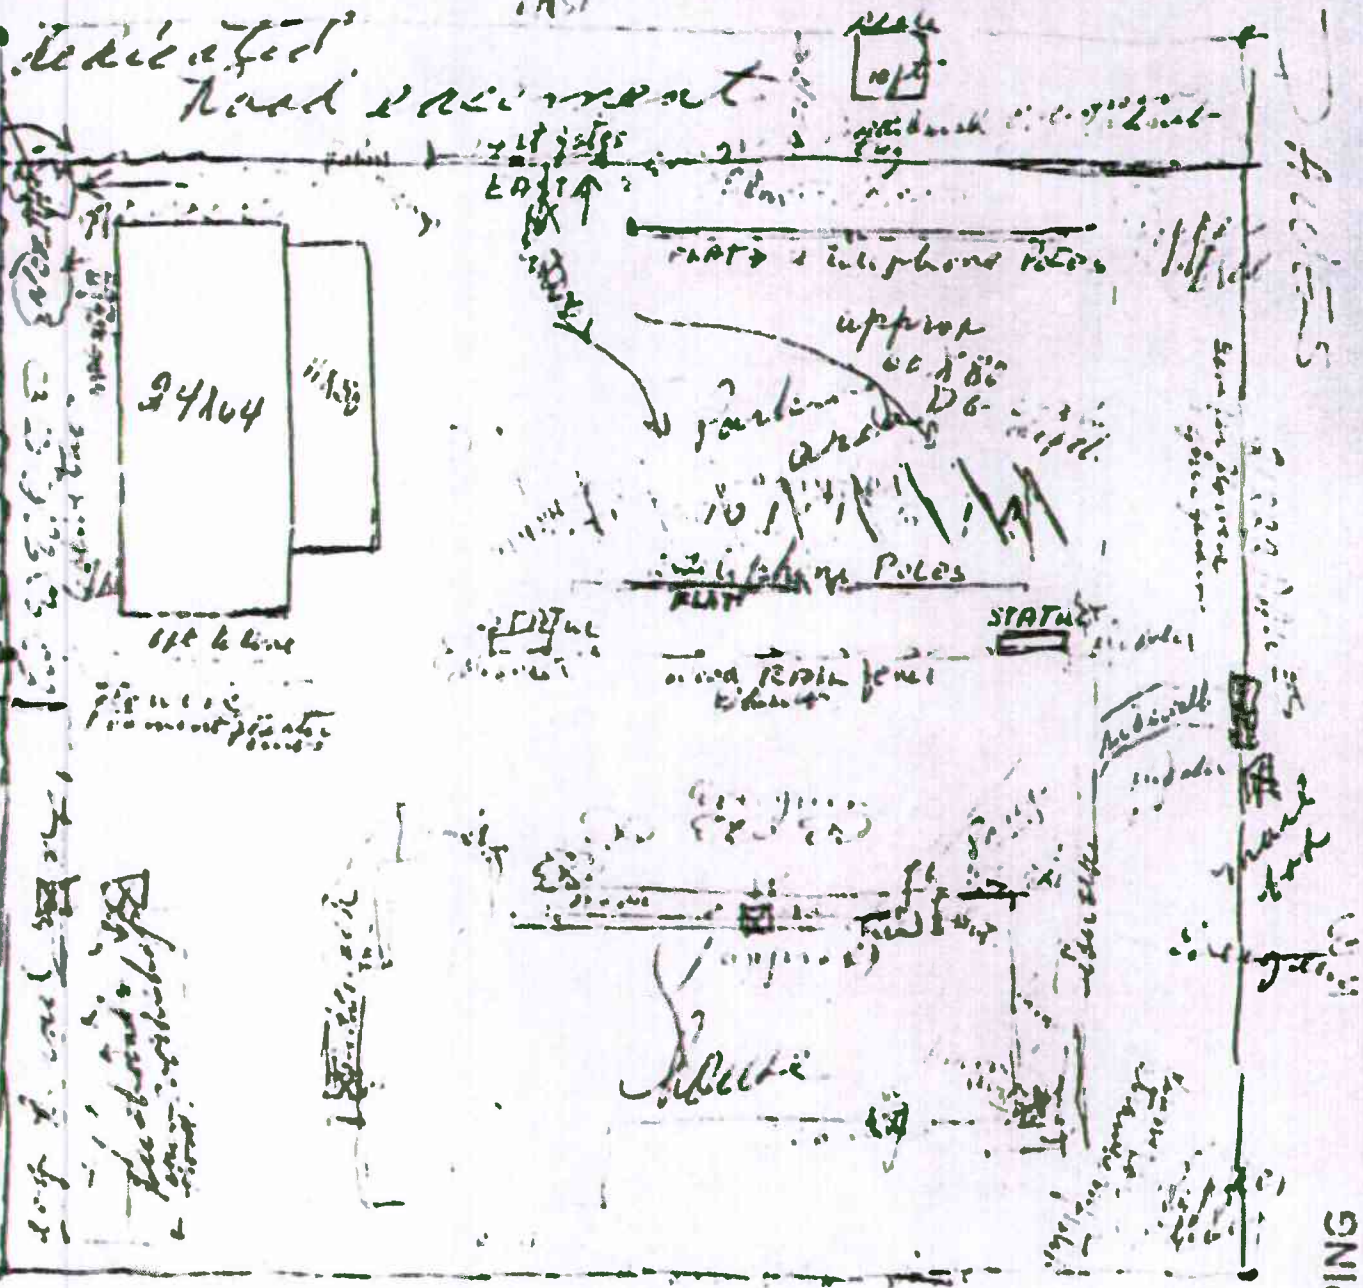

(1227)

MOTION: Based on the above findings, it was regularly moved by Council member Marks, seconded by Council member Nieburger and unanimously carried that the West

Area Planning Council r... to the Board of Supervisors approval of Public
Use Case No. 315-W in accordance with Exhibit "A" and subject to the conditions
as set forth, except for Condition No. 1-C, 10 and 11 amended as indicated above.

Project Sponsor:
Oma M. Thomas
21222 Daves Road
Perris, California 92370

Project Title and Description:
Public Use 315-W, Expand existing health care facility, North of Daves between Haines and Brown, Perris Area

The following is the evaluation of the Planning Department of the above project:

- 1. That the project is exempt from the provisions of CEQA because:

- 2. That the provisions of CEQA have previously been complied with, with respect to the project, and there has been no substantial change in either the project as originally reviewed or the circumstances under which the project is to be undertaken. A Negative Declaration or Environmental Impact Report was filed in connection with:

- 3. That a "lead agency" situation exists with respect to the project and additional time is needed to consult with the other agency or agencies involved in order to complete the evaluation. Other agencies involved include:

- 4. That the project will not have a significant effect on the environment and that a Negative Declaration has been filed.
- 5. That the project may have a significant effect on the environment and that an environmental impact report is required.
- 6. That the following additional information is needed from the project sponsor in order to complete the evaluation.

Project Title and Description

Public Use 315-W, Expand existing health care facility, North of Daves between Daves and Brown, Perris Area

It has been determined that the above project will not have a significant effect on the environment for the following reasons:

Review of the proposed project has entailed assessment of potential impacts associated with (1) geological, hydrologic, and soil factors, (2) ecological conditions, and (3) growth inducing aspects such as public facilities and premature development.

Evaluation of the Initial Study (EA # 2462) has indicated that due to the scope and nature of the project, and the existing physical conditions, the activity will not have a significant impact on the physical, biological, or socio-economic environment.

The initial study of the project was prepared by Riverside County Planning Department. A copy of the study may be obtained from the Riverside County Planning Department, Office of Records, 4080 Lemon Street, Riverside, California.

LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter "County of Riverside",
and Lerris Paves Inc hereafter "Applicant" and Cynthia Hinds "Property Owner".

Description of application/permit use:

Residential Care Facility for the Elderly providing 24 hour
Care and Supervision

If your application is subject to Deposit-based Fee, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect "Deposit-based Fees" for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the staff hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

- A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside. Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case. The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by County of Riverside, may result in the stoppage of work.
- B. Within 15 days of the service by mail of the County of Riverside's written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney's fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.
- C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property Owner by the County.
- D. This Agreement shall only be executed by an authorized representative of the Applicant and the Property Owner. The person(s) executing this Agreement represents that he/she has the express authority to enter into this agreement on behalf of the Applicant and/or Property Owner.

APPLICATION FOR LAND USE PROJECT

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ("wet-signed"). Photocopies of signatures are not acceptable.

PROPERTY OWNERS CERTIFICATION FORM

I, VINNIE NGUYEN, certify that on 3/30/2016.

The attached property owners list was prepared by Riverside County GIS.

APN (s) or case numbers PUP00930 For

Company or Individual's Name Planning Department

Distance buffered 600'.

Pursuant to application requirements furnished by the Riverside County Planning Department, Said list is a complete and true compilation of the owners of the subject property and all other property owners within 600 feet of the property involved, or if that area yields less than 25 different owners, all property owners within a notification area expanded to yield a minimum of 25 different owners, to a maximum notification area of 2,400 feet from the project boundaries, based upon the latest equalized assessment rolls. If the project is a subdivision with identified off-site access/improvements, said list includes a complete and true compilation of the names and mailing addresses of the owners of all property that is adjacent to the proposed off-site improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I understand that incorrect or incomplete information may be grounds for rejection or denial of the application.
