BACKGROUND:

Summary

By Minute Order dated March 1, 2016 (Agenda Item 3-34), the Board of Supervisors authorized the Clerk of the Board to advertise for the Construction of the Temescal Canyon Road Drainage Improvement Project and the Temescal Canyon Road Turn Pocket Widening Project at Lawson Road and Hostettler Road in the Temescal Canyon Area.

Temescal Canyon Road Drainage Improvement Project

Two reinforced concrete drainage boxes will be placed under the road at Coldwater Creek, just north of Glen Ivy Road. The boxes will accommodate the drainage from minor storms and reduce the frequency of road closure. In addition to the concrete boxes, concrete headwalls and guardrails will be constructed on both sides of the road.

The road will be closed to all traffic for approximately two weeks for this construction.

Temescal Canyon Road Turn Pocket Widening Project at Lawson Road and Hostettler Road

Minor widening at the intersection of Lawson Road and Hostettler Road will provide a left turn pocket northbound on Temescal Canyon Road at each location.

The proposed budget as shown on attachment "A" includes the contract award amount and other associated costs.

The County of Riverside Transportation Department recommends award of the following schedules of work in the Contract amount of \$589,530:

Base Bid Schedule 1:	Temescal Canyon Road Drainage Improvement Project
Base Bid Schedule 2:	Temescal Canyon Road Turn Pocket Widening Project
Alternate Bid Schedule 1:	Temescal Canyon Road Turn Pocket Widening Project – Utility adjustments to grade (Verizon)
Alternate Bid Schedule 2:	Temescal Canyon Road Turn Pocket Widening Project – Utility adjustments to grade (Temescal Valley Water District - TVWD)

The County of Riverside (County) is responsible for funding Bid Schedules 1 and 2. The Reimbursement Agreements between the County and Verizon (Frontier) and TVWD to adjust their facilities within the project to grade have been approved by the Director of Transportation or designee pursuant to the delegation of authority established by the Board in Minute Order dated 2/28/06 (Agenda Item 3-52).

The Contractor is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents, which meet the requirements of the Contract.

Project No. B9-0988, Temescal Canyon Road Drainage Improvement Project
C6-0062, Temescal Canyon Road Turn Pocket Widening Project

Impact on Residents and Businesses

The Temescal Canyon Road Drainage Improvement Project will improve traffic safety by reducing debris and the frequency of road closure during rain events.

A publicity campaign is planned well in advance of the full closure of Temescal Canyon Road between Glen Ivy Road and Trilogy Parkway. Advanced publicity will include community meetings, notices to homeowner groups, newspaper ads, and direct contact with local companies with trucking operations.

The Temescal Canyon Road Turn Pocket Widening Projects will improve traffic flow by providing a lane for the traffic turning left to move out of the flow of traffic. The Temescal Canyon Road Turn Pocket Widening Projects work will be phased to keep Temescal Canyon Road open during construction.

The projects will be done separately and each will take approximately one month to complete.

The work is scheduled to begin in Summer 2016.

SUPPLEMENTAL:

Additional Fiscal Information

The contract is recommended to be awarded to Kana Engineering Group, Inc. for the total amount of \$589,530. The project will be funded with DIF - AP6 Major Improvement's fund - Temescal Canyon Area, Redevelopment funds authorized by the Board of Supervisors on September 9, 2014 (Agenda Item 4-3), Developer in-Lieu funds, and Miscellaneous [Ash Fee].

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s): All of your designation construction projects where required by written contract.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage **A**, and for all medical expenses caused by accidents under Section I – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.
