BACKGROUND:

Summary

On June 7, 2016, the Board approved the contract documents for the Excavation, Hauling, and Stockpiling Daily Cover Material at the Badlands and Lamb Canyon Landfills, and authorized the Department to advertise for bids. On July 6, 2016, a total of six (6) bids were received, with Wood Bros., Inc. submitting the lowest bid. After review of the bid results, Department staff has determined that Wood Bros., Inc. has the necessary experience and capability to perform the work, and County Counsel has determined that the bid documents are in order. A summary of the received bids along with the Contract Agreement between the County and Wood Bros. Inc., are attached herewith.

California Environmental Quality Act (CEQA) Findings

On June 7, 2016, as item 12-1, the Board of Supervisors found that the continued excavation, hauling, and stockpiling of material within permitted landfill disturbance areas at the Lamb Canyon and Badlands Landfills, and associated construction contracts ("Project"), was exempt from CEQA and approved the Project. As such, a Notice of Exemption (NOE) was filed on June 7, 2016, identifying that the Project was exempt from CEQA pursuant to the State CEQA Guidelines Section 15061(b)(3) (General Rule for Exemption), and categorically exempt from CEQA pursuant to sections 15301 (Existing Facilities) and 15304 (Minor Alterations of Land). The 35-day statute of limitations for review and comment has expired, with no comments or challenges to the NOE received. Since the proposed motion in this Form-11 simply involves the award of a contract to complete the work already assessed under the NOE, nothing further is required under CEQA.

Additional Fiscal Information

Budget for this project will be provided from Fund 40200, Department ID – 4500100000.

Price Reasonableness

Due to the competitive bid process and similar earthwork excavation and stockpiling work performed recently at both sites, Department engineering staff believes that the submitted bid amount is reasonable.
