

FORM APPROVED COUNTY COUNSEL
 BY: GREGORY P. PRIAMOS DATE

Departmental Concurrence

**SUBMITTAL TO THE BOARD OF SUPERVISORS
 COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

358
(2061)

FROM: Emergency Management Department

SUBMITTAL DATE:
 August 8, 2016

SUBJECT: Ratify the Amendment to extend the Agreements between the Riverside County Emergency Management Department and Sixteen Hospitals in Riverside County for the Hospital Preparedness Program Grant of Equipment, Supplies and Resources through June 30, 2017. [All Districts]. [\$/N/A].

RECOMMENDED MOTION: That the Board of Supervisors:

1. Ratify and approve the Amendment to the Agreements between the Emergency Management Department and 16 hospitals throughout Riverside County to extend Hospital Preparedness grant of equipment, supplies and resources through June 30, 2017; and
2. Authorize the Director of the Emergency Management Department to sign as approved by County Counsel: future Agreements with the original 16 hospitals, or additional healthcare facilities, substantially in the form of the Agreement with the original 16 hospitals; and Amendments with the original 16 hospitals, or additional healthcare facilities, to further extend the term as needed substantially in the form of the attached sample Amendment.

BACKGROUND:

Summary (continued)

The Hospital Preparedness Program (HPP) is a federal program administered by the California Department of Health Services. Since 2006, Riverside County Hospitals and other healthcare facilities have participated in HPP to improve and maintain disaster preparedness. The improvements include the development and implementation of regional all-hazards emergency preparedness plans and protocols to improve the capacity of healthcare systems (hospitals, skilled nursing/long term care facilities, EMS systems, surgical and outpatient centers, clinics and other collaborating health care entities) for response to an incident.

The Emergency Management Department (EMD) currently manages agreements for the grant of HPP equipment, supplies and resources with the following hospitals in Riverside County: Corona Regional Medical Center, Desert Regional Medical Center, Eisenhower Medical Center, Hemet Valley Medical Center, Inland Valley Medical Center, JFK Memorial Hospital, Kaiser Permanente (Riverside and Moreno Valley), Menifee Valley Medical Center, San Geronio Memorial Hospital, Loma Linda University Medical Center – Murrieta, Palo Verde Hospital, Riverside Community Hospital, Rancho Springs Medical Center, Parkview Community Hospital, Riverside University Health System Medical Center (Temecula Valley Hospital was added in 2014). The agreements provide surge, decontamination, response, personal protection equipment (PPE), communication, and evacuation equipment and supplies to enhance the hospitals' preparedness capacity during emergencies. Each hospital's agreement states the inventory of equipment received and the proper handling, securing, maintenance and deployment of the equipment.

The agreements expired on June 30, 2016. The new HPP grant cycle, however, will begin July 1, 2017. EMD would like to extend the current agreements one year in order for the new term of the hospital agreements to correspond with the new HPP grant cycle.

EMD preparedness plans include the expansion of the grant of existing resources and equipment to other healthcare facilities such as skilled nursing facilities, EMS system participants, clinics, etc. EMD therefore asks for authorization for the EMD Director to sign new multi-year agreements in order to increase surge capacity across the healthcare system.

Impact on Citizens and Businesses

The hospitals are critical resource centers during a catastrophic emergency for the community. The placement of emergency equipment and supplies at area hospitals and other healthcare facilities is crucial to a well-coordinated response to an incident.

SUPPLEMENTAL:

Additional Fiscal Information

All the equipment included in each agreement was purchased with previous years' Hospital Preparedness Program grant funds. No county funds are required to maintain these agreements.

AMENDMENT NO. 1

TO PROFESSIONAL SERVICES AGREEMENT BETWEEN
THE COUNTY OF RIVERSIDE
AND CORONA REGIONAL MEDICAL CENTER, INC.

The County of Riverside ("County") and Corona Regional Medical Center, Inc. ("Contractor") entered into a Professional Services Agreement #12-080 for Hospital Preparedness Program (HPP) grant of equipment, supplies and resources on June 12, 2012 ("Agreement").

The parties now agree to amend the Agreement as follows:

1. Extend the term of performance for one year to June 30, 2017 to coincide with the term of the current HPP Master Grant Agreement.
2. In order to consolidate medical surge inventory stored at the hospital site, the terms of LTV 1200 Ventilator Acceptance Agreement entered into on November 20, 2012 between the California Department of Public Health (CDPH), County and Contractor, for the storage and maintenance of ventilators, are included in this Agreement.

All other terms of the Agreement shall remain unchanged and in effect.
