11. FISCAL AND PROGRAM REPORTING REQUIREMENTS

A. Fiscal Reporting

Fiscal expenditures are required to be input into the Data Management System on a monthly basis and input must be completed by the 20th of the month following contract performance. CONTRACTOR is required to report expenditures on a monthly basis and apply accruals at year end. Accruals show costs for services that have occurred but have not yet been paid. If the reporting due date falls on a weekend or County, State or nationally recognized holiday, the due date will be on the following business day. Any changes that occur with expenditures must be reported to Commission staff and adjusted within the Data Management System before the end of the Quarter following the expense occurrence. Example: Changes to expenditures in the first quarter of performance must be adjusted and reconciled before the end of the 2nd quarter (December 30, as reported in the January 30 report). **A change in CONTRACTOR staff, or other difficulties, does not absolve the CONTRACTOR from this monthly fiscal reporting responsibility.**

In rare and justifiable circumstances, an extension may be requested by the CONTRACTOR. Such requests are to be submitted in writing prior to the due date and shall be directed through the Commission's contract specialist assigned to the CONTRACTOR.

If applicable, CONTRACTOR shall provide copies of the claim report submitted monthly for Medi-Cal and/or any other State or Federal reimbursements. In addition, the CONTRACTOR will provide the subsequent revenue reports that will reconcile the claim reports.

Costs may be allowed and reviewed for reimbursement up to the time of the Final Fiscal Expenditure Report, which is due July 20th. All reimbursement costs not submitted by July 20th will be disallowed.

Commission staff will send notification verifying payment amount, payment reduction or payment withheld. Changes in the mailing address or remit to address must be submitted in writing on the CONTRACTOR letterhead and signed by an authorized representative.

B. Program Reporting

Program data must be entered on a monthly basis and input must be completed by the 20th of the following month. If the reporting due date falls on a weekend or holiday, the due date will be on the following business day. Additionally, Quarterly Program Progress Reports must be submitted to the Commission within thirty (30) calendar days after the end of the quarter. Any changes that occur with program data input must be reported to Commission staff and adjusted within the data management system before the end of the Quarter following the change. Example: Changes to program data in the first quarter must be adjusted and reconciled before the end of the 2nd quarter (December 30, as reported in the January 30 report). **A**

change in contract staff, or other difficulties, does not absolve the CONTRACTOR from this monthly program data input and quarterly Program reporting responsibility.

In rare and justifiable circumstances, an extension may be requested by the CONTRACTOR. Such requests are to be submitted in writing prior to the due date and shall be directed through the Commission's program specialist assigned to the CONTRACTOR.

Quarterly Program Reporting due dates for each Contract period:

- QUARTER 1 ending September 30: Report Due October 30
- QUARTER 2 ending December 31: Report Due January 30
- QUARTER 3 ending March 31: Report Due April 30
- QUARTER 4 ending June 30: Report Due July 30 (Final Cumulative Program Progress Report)

If the due date falls on a weekend or County, State or nationally recognized holiday, the due date will be on the following business day.

12. REIMBURSEMENT OF FUNDS TO THE COMMISSION

If CONTRACTOR has been overpaid in the previous fiscal year, the Commission will, in instances where the Contract is renewed, reduce subsequent payment(s) to recover the amount overpaid.

Notwithstanding any other provision herein, CONTRACTOR agrees to reimburse, in full, any and all funds received from the Commission, upon request of the Commission, where such funds as determined by the Commission are not, or have not been utilized by CONTRACTOR for their purpose as intended by the Commission. The terms and conditions of reimbursement shall be at the sole discretion of the Commission. This provision is not terminated upon termination of this Contract.

13. RCCFC FISCAL REQUIREMENTS

A. Budget Adjustments

A budget adjustment is the transfer of funds from one approved line item to another approved line item. Individual transfers shall not exceed 10% of the approved destination category subtotal amount and in no case will cumulative transfers over the course of a fiscal year period exceed more than 10% of the total current fiscal year funding amount without written approval of the Executive Director, or designee. Written justification from the CONTRACTOR is required in the Program Progress Report submitted for the quarter in which the transfer is made and written notification of the transfer to the Commission's contract specialist from the CONTRACTOR is required during the month in which the transfer is made. Budget adjustments having a potential effect on the CONTRACTOR'S ability to comply with the SOW require prior approval from Executive Director, or designee. Budget adjustments will not change the total Contract amount and additional line items are not to be included. Failure of the Commission to discover or object to any unsatisfactory quarterly fiscal

reports prior to payment will not constitute a waiver of the Commission's right to require CONTRACTOR to correct such quarterly reports. Budget Adjustments will be considered until June 30th of each Fiscal Year.

B. Budget Revisions

Budget revisions are requests to transfer more than 10% of the total Contract amount and/or the addition of line items that were not previously approved. The Executive Director, or designee, will accept proposed budget revisions along with written justification from CONTRACTOR through March 31st of each Fiscal Year. Any unused funding from each fiscal year within the Contract Term may be considered for "roll over" into the next fiscal year for allowable and preapproved budget revisions, contingent on approval of Executive Director, or designee. The Executive Director, or designee, will respond to budget revisions within thirty (30) calendar days after receipt at the Commission office.

C. Amendments

Necessity for budget amendments to this Contract will be determined by the Executive Director, or designee, and may include, but are not limited to contract increases or decreases and significant changes to the Scope of Work (SOW). All budget amendments to the Contract shall require formal approval of the Executive Director acting on behalf of the Commission, as provided herein, before they are effective. Major budget amendments, as determined by the Executive Director, in consultation with Commission legal counsel, will require formal approval of the Commission. Contract budget amendments will be considered until March 31st of each Fiscal Year.

D. Cost Allocation

CONTRACTOR shall have or establish a cost allocation plan to identify prorated costs shared by multiple funding sources, including Proposition 10 funds. CONTRACTOR shall identify any other funding sources and organizations whose cooperation/participation is necessary to ensure the success of the project. CONTRACTOR's Cost Allocation Plan must be approved by CONTRACTOR's appropriate governing body and submitted with the executed Contract.

A Cost Allocation Plan (CAP) is defined as a written summarization that documents the methods and procedures that the CONTRACTOR will use to allocate costs between two or more programs or funding sources. The goal is to ensure that each program or funding source bears its fair share, and only its fair share, of the total costs. The CONTRACTOR must have a method of identifying and distributing program costs that are comprehensive, well documented, and defensible under the Generally Accepted Accounting Principles (GAAP).

A written CAP is required if any of the conditions below are met:

- a. Funded staff members share their time between a First 5 Commission funded program and one or more other grant funded programs.
- b. A single-funded staff member shares their time between two or more First 5 Commission funded programs.
- c. The same facilities and/or resources are utilized by more than one funded program.

E. Overhead/Indirect Costs

1. Overhead/Indirect costs are defined as costs incurred for a common or joint purpose benefiting more than one cost objective and cannot be readily identified with a particular final cost objective. These costs do not provide a measurable, direct benefit to a particular program or activity, unlike direct costs. Indirect cost may include salaries, benefits and operating expenses. Capital expenses and subcontractor costs are **excluded**.

Riverside University Health System - Public Health:

Loving Support Breastfeeding Program (RUHS-PH)

Contract: 13102 BF

July 1, 2015 – June 30, 2016

Program Overview:

Riverside University Health System - Public Health, Loving Support Breastfeeding Program (LSBP) provides accessible and comprehensive breastfeeding education, support and assistance to families and services to improve the health, social-emotional and developmental status of children.

The LSBP is comprised of two components: (1) Services for Families; and (2) Services for Professionals Serving Families.

1. Services for Families:

The LSBP is designed to offer assistance to all new mothers utilizing breastfeeding education and support strategies that are proven effective in increasing breastfeeding initiation and duration among women residing in Riverside County. The LSBP provides information, encouragement and assistance to new mothers to ensure they have the necessary resources to successfully breastfeed at birth through, at least, their baby's first year.

The 24/7 Loving Support Breastfeeding Support Helpline, (with hours 8-5 pm Monday-Friday with after hours and holiday assistance provided by on-call staff via pager system), managed by Lactation Counselors and delivered countywide, provides mothers the assistance and referrals they need; the Loving Support program also maintains a toll-free phone resource and website which is regularly updated with current resources relevant to prenatal and breastfeeding women. LSBP will work collaboratively with San Geronio Memorial Hospital in relation to referral processes and service delivery to families most in need. Location of families and services will determine the most effective course of action ensuring a timely response is provided to breastfeeding mothers. LSBP will partner with the Public Health Nurses throughout Riverside County to ensure coordination and linked referrals to maximize San Geronio Memorial Hospital home visitation resources to those mothers with the greatest need. LSBP will facilitate and promote consistent messaging (norming) for expectant and new mothers to attain the "gold standard of infant feeding"; breastfeeding exclusively at hospital discharge or newborn milestone; promoting the recommendation for exclusively breastfeeding for the first year and beyond with the introduction of complementary foods around 6 months. Additionally, LSBP will continue to foster working relationship with hospitals in Riverside County to streamline referral process for mothers who are exclusively breastfeeding.

2. Services for Professionals Serving Families:

LSBP delivers and coordinates education and training to child care and health professionals who work with and provide services for women by building on the success of the Riverside County Breastfeeding Friendly Physician program and collaborates with the WIC Regional Breastfeeding Liaison Project, which conducts breastfeeding education for providers. LSBP will

partner with several different entities to work with local employers to provide education in complying with the California State Lactation Accommodation Laws (California Labor Code Section 1030-1033).

LSBP continually fosters and strengthens strong collaborative partnerships throughout Riverside County in collaboration with the Inland Empire Breastfeeding Coalition to enhance further education and policy development and implementation. LSBP will report long-term sustainability, partnerships and public awareness/policy change activities in the PPR.

IMPACT (Improve and Maximize Programs So All Children Thrive) is an innovative approach for programs to begin identifying and implementing some of the principles of quality early learning experiences for children. The goal of this approach is to help children 0 through 5 years of age and their families thrive, by increasing the number of high-quality early learning settings. This consists of providing family support and engaging families in the early learning process. Additionally, aligning child health to sustain early learning outcomes to achieve high-quality standards that will help ensure more children enter school with the skills, knowledge, and dispositions necessary to be successful. This provides families the information and support they need to promote and optimize their children's development and learning, both inside and outside the home. Riverside University Health Systems – Public Health Loving Support will collaborate with First 5 Riverside to establish potential partnerships and opportunities established by the Riverside County QRIS Consortia in which IMPACT can begin to be embedded in program delivery throughout Riverside County.
