FORM 11 Notice of Completion for the Construction of 2015 Site Maintenance and Improvements at the
Badlands Sanitary Landfill, District 5. [\$0 – Department of Waste Resources Enterprise Funds]**

DATE: August 9, 2016

PAGE: 2 of 2

BACKGROUND:

(Summary)

On October 6, 2015, the Board awarded H&H General Contractors, Inc. the contract for the Construction of 2015 Site Maintenance and Improvements at the Badlands Sanitary Landfill. The total original contract amount was \$1,976,346.77.

The construction of this project was satisfactorily completed on time and within budget. The Department has accepted the work; therefore, the Department recommends filing a Notice of Completion. The final cost for the project is \$1,570,856.14, which is less than the authorized budget.

This Board action will allow for release of retention funds in the amount of \$78,542.81 to H&H General Contractors, Inc., after the lien period has expired.

Impact on Citizens and Businesses

This project has increased the effectiveness of existing surface drainage and erosion control systems at the site, which will improve the quality of storm water discharges. These improvements were in response to the Industrial General Permit (IGP) for Storm Water Discharges Associated with Industrial Activities, which was adopted in 2014 by the California State Water Resource Control Board and became effective on July 1, 2015.

Additional Fiscal Information

This is an administrative action to file the Notice of Completion and no additional funds are being requested.

Price Reasonableness

The final contract cost is less than the authorized budget for this project which was originally competitively awarded, with H&H General Contractors, Inc. submitting the lowest bid out of five (5) bids received.
