**BACKGROUND:**

**Summary (continued)**

Although it is a separate entity from the County, with potentially different legal guidelines, the District seeks to be in full compliance with applicable law and provisions of County Board of Supervisors Policy A-43, the critical County Records Management and Archives Policy. Part of Policy A-43 compliance includes the development, adoption and implementation of a Departmental Records Retention Schedule (DRRS). The amended DRRS developed by the District, in cooperation of the County's Records Management Department, is attached for approval and inclusion into Section D.7 of Board Policy A-43.

County Counsel has reviewed and approved the Resolution and the Amended Records Retention Schedule as to legal form.

**Introduction**

This Departmental Records Retention Schedule (DRRS) for the Regional Park and Open-Space District (Parks) is adopted pursuant to the Board of directors, Riverside County Regional Park and Open-Space District, Resolution No. 2016-126 and County of Riverside, Board of Supervisors Policy A-43 ("Board Policy A-43").

This schedule is written with general titles and descriptions rather than identifying specific individual documents or forms. A record with content and function that is substantially the same as an item described in this schedule should be considered covered by that series. This retention schedule indicates the length of time that listed records, regardless of media or format, must be retained by Parks before disposition may be implemented. These retention requirements are recommended in order to reduce the costs for the storage and maintenance of records while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Records, including copies held for convenience or reference, must be disposed of as directed herein at the close of the official retention period. If a federal or state statute or regulation specifies a longer retention period for any records series received, created, or maintained by the department, the statute or regulation override this schedule and the department must amend its records retention schedule as soon as practicable. In addition, a record may not be destroyed if notice of litigation, audit, open records request, etc. is received prior to the expiration of the retention period. For records held for audit purposes, the Auditor Controller's Office, or appropriate auditing authority, will notify the department once the audit is complete. In the event a lawful claim or a lawsuit is made against Parks, Parks will suspend destruction of the subject records until all issues of the matter are resolved. Further, if Parks is notified by County Counsel or Human Resources to put documents on hold due to a claim or other legal proceeding, Parks will suspend any records destruction of the identified documents. (Board Policy A-43 § D.9) Parks may not destroy or dispose of any record that has not fulfilled the administrative, fiscal, or legal purpose for which it was created or received. (Government Code § 60201(d)(10))

Parks will maintain requested records until the close of litigation or proceedings plus an additional ten (10) years. Parks is responsible for ascertaining the correct date of closure in order to establish this ten (10) year retention period. Furthermore, Parks is responsible for establishing appropriate procedures to ensure that records are retained for the period of time mandated and that the records remain accessible as required.

## Explanation of Fields

**Record Series Codes:** The Record Series Code is assigned by RMAP. The code is alphanumeric and uniquely identifies the Record Series Title regardless of the schedule it occupies enabling the Record Series to be tracked within the master index system.

**Record Series Title:** The Record Series Title identifies a group of similar records generally produced or utilized for similar business needs allowing them to be evaluated as a group for retention scheduling purposes.

**Record Series Description:** A description of the Record Series Title that includes examples, not an exhaustive list, of the record types found within the group.

**Official Record Retention:** The length of time that the Copy of Record must be kept based upon the legal minimum requirement as well as any operational or business need. All other copies must be disposed of at the end of the retention period. For example, departmental copies held for convenience or reference must be destroyed at the close of the retention period or when no longer needed to support normal business operations, whichever is earlier.

**Citation / Rationale:** The legal citation or operational/business reason for retaining the Copy of Record for the period specified.

**Final Disposition:** The recommended final status or arrangement for the Copy of Record, usually disposed of by recycling, confidential shredding or transfer to the County of Riverside Archives as determined through best practice.

---

## Explanation of Codes

**AU** = After audit is settled

**Best Practice** = Best Practice determined through business and government agency benchmarks.

**CCP** = California Code of Civil Procedure

**CL** = Closed, which will also mean after final resolution (as in an inquiry or litigation) after expiration (as in a contract) after final payment, upon completion of participation in a program, etc. A record is considered "closed" when no further action is pending or required.

**CY** = Calendar year end

**GC** = California Government Code

**LGRMG** = Secretary of State's Local Government Records Management Guidelines (2006)

**P** = Permanent

**S** = Superseded
