BACKGROUND:

Summary

Pursuant to Government Code Section 25365, the County published a notice of intention to transfer that contained a description of the property proposed to be sold, the price, the buyer, and a statement of the time the Board will meet to consummate the transfer. The County intends to convey fee simple title to real property located in the unincorporated Area of Corona, Assessor's Parcel Number 279-231-012 by Quitclaim Deed, more particularly described in Exhibit A Legal Description, attached hereto, to the Elsinore Valley Municipal Water District (EVMWD).

On August 23, 2016, the Board adopted Resolution No. 2016-136, Notice of Intention to Convey Fee Simple Title to Real Property located in the unincorporated area of Corona by Quitclaim Deed to the Elsinore Valley Municipal Water District.

The property is the former Fire Station #15 and consists of a 1,635 square foot building on a .26 acre lot located at 20320 Temescal Canyon Road, unincorporated Area of Corona, State of California. This fire station, which was built in 1962, has since been vacated by Riverside County Fire and is no longer in service due to the size limitations and worn condition of the property. This property is no longer needed by the County and it provides EVMWD with a suitable property for a future EVMWD water project.

The property was recently appraised by an independent Appraiser at a value of \$190,000. EVMWD has agreed to pay this amount to the County to purchase the property.

This sale is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15301, Class 1, Existing Facilities Exemption; and Section 15061(b)(3), General Rule or "Common Sense" Exemption.

NOTICE OF EXEMPTION

July 25, 2016

Project Name: County of Riverside, Conveyance of Property to Elsinore Valley Municipal Water District,

Project Number: FM0412700046

Project Location: 20320 Temescal Canyon Road, Assessor's Parcel Number (APN): 279-231-012, unincorporated area of Corona, County of Riverside, California (See attached exhibit)

Description of Project: The County of Riverside (County) owns property located at 20320 Temescal Canyon Road, APN 279-231-012, which consists of a 0.26-acre lot and a 1,635-square-foot building, which is the Old Fire Station #15. The Fire Station was built in 1962 and has been vacated by the Riverside County Fire Department. The property is no longer in service due to the size and condition of the property and is no longer needed by the County. The County intends to convey fee simple title by Quitclaim Deed to the Elsinore Valley Municipal Water District (EVMWD). Pursuant to Government Code Section 25365, the County published a notice of intention to transfer that contained a description of the Property proposed to be sold, the price, the buyer, and a statement of the time the Board will meet to consummate the transfer. The property was recently appraised by an independent Appraiser at a value of \$190,000. The EVMWD has agreed to pay this amount to the County to purchase the property. The conveyance of the property and old Fire Station #15 does not require any construction activity, change in use, or any other condition that may lead to a direct or indirect physical environmental impact at this time. The transfer of ownership of the property and building from the County to the EVMWD is the proposed Project under the California Environmental Quality Act (CEQA).

Name of Public Agency Approving Project: County of Riverside, Economic Development Agency

Name of Person or Agency Carrying Out Project: County of Riverside, Economic Development Agency, Elsinore Valley Municipal Water District

Exempt Status: State CEQA Guidelines, Section 15301, Class 1, Existing Facilities Exemption; and Section 15061(b) (3), General Rule or "Common Sense" Exemption, Codified under Title 14, Articles 5 and 19, Sections 15061 and 15300 to 15301.

Reasons Why Project is Exempt: The proposed Project is categorically exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The Project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The Project will not cause an impact to an environmental resource of hazardous or critical concern nor does the Project involve unusual circumstances would have the possibility of a significant effect on the environment. The Project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. Any future development of the vacant land conveyed by the County to the EVMWD would require additional discretionary actions and CEQA review which would provide the appropriate opportunity for environmental considerations to influence design and the characterization of effects would be more meaningful when there is adequate information associated with a specific development proposal.

The potential indirect effects of the conveyance of property are not reasonably foreseeable and not considered as part of the proposed discretionary action. Therefore, no direct or indirect changes to the existing land use or physical disruption to the property would occur as a result in the conveyance of property. No significant environmental impacts are anticipated to occur with the conveyance of property to the EVMWD.

- **Section 15301 – Class 1 Existing Facilities Exemption:** This categorical exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site’s use. The Project, as proposed, is limited to the conveyance of real property from the County to the EVMWD. The conveyance of property would not result in any change in use and will not increase or expand the use of the site; therefore, the Project is exempt as the Project meets the scope and intent of the Class 1 Exemption identified in Section 15301, Article 19, Categorical Exemptions of the CEQA Guidelines.
- **Section 15061 (b) (3) – “Common Sense” Exemption:** Even if a determination is made that the amendment to the Plans is a project subject to CEQA, the Project is exempt pursuant to State CEQA Guidelines Section 15061(b)(3). In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, Section 15061(b) (3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal. 3d 68. The ruling in this case stated that if a project falls within a category exempt by administrative regulation or 'it can be seen with certainty that the activity in question will not have a significant effect on the environment', no further agency evaluation is required. With certainty, there is no possibility that the Project may have a significant effect on the environment. The proposed conveyance of property will not result in any direct or indirect physical environmental impacts. The property would remain in their current condition and any future changes or development entitlements would be subject to additional CEQA review. At this time, specific details regarding future development of the vacant land are unknown, and any attempt at evaluating physical impacts related to unidentified future development at this time, would be wholly speculative and would provide no meaningful input or analysis. Therefore, in no way, would the Project as proposed have the potential to cause a significant environmental impact and the Project is exempt from further CEQA analysis.

Based upon the identified exemptions above, the County of Riverside, Economic Development Agency hereby concludes that no physical environmental impacts are anticipated to occur and the Project as proposed is exempt under CEQA. No further environmental analysis is warranted.
