BACKGROUND:

Summary

The County, pursuant to certain cooperative agreements, one with the State of California, acting by and through its California Department of Transportation (Caltrans) and one with the City of Menifee and City of Murrieta, is responsible for acquiring right-of-way and property interests on behalf of Caltrans and the City of Menifee for the Scott Road/Interstate 215 (I-215) Interchange Project (Interchange Project) for the purpose of constructing, maintaining and operating state highway and local roadway improvements to improve the traffic flow along Scott Road and for access to and from the freeway in the area of the Scott Road/I-215 Interchange. As part of the Interchange Project, the County of Riverside Transportation Department (Transportation Department) has agreed to acquire the necessary right-of-way and temporary construction rights as well as manage the construction to widen Scott Road from west of Haun Road to east of Antelope Road, replacing the existing Scott Road overcrossing bridge at I-215, reconfiguring the on and off ramps, and adding freeway auxiliary lanes in the Cities of Menifee and Murrieta. The subject properties are outlined in black on the exhibits identified as Exhibit 1.

Upon completion of the Interchange Project construction, the City of Menifee will assume all the rights and responsibilities associated with the ownership, operation and maintenance of the road improvements made within the City of Menifee's right-of-way and under its jurisdiction.

Pursuant to the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), Caltrans adopted a Mitigated Negative Declaration (MND) and made a Categorical Exclusion (CE) Determination under Section 6005 of 23 U.S.C. 327 and approved the Interchange Project on December 2, 2010. An Addendum to the MND was prepared and considered a NEPA/CEQA Re-Validation Conclusion Form was approved on November 29, 2012 by Caltrans.

On October 20, 2015, the Board of Supervisors made Responsible Agency CEQA Findings to provide for County implementation of right of way actions for the Interchange Project. The acquisition of the temporary construction easement for APN 317-110-006 is consistent with the MND/CE and the Addendum/Re-Validation and Resolution No. 2015-093, are documented in the Notice of Determination that addresses all acquisition, construction, utility, slope and drainage easements required for the project and are actions in furtherance of implementation of the project. No further CEQA document is required for the temporary construction easement.
