Tentative Parcel Map No. 32089
FIRST EXTENSION OF TIME
Director's Decision Date: October 28, 2009
Applicant: Brian & Michelle Fox

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP No. 32089.

BACKGROUND:

The County Planning Department, as part of the review of this extension of time request has determined it necessary to recommend the addition of five (5) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The County Flood Department is recommending the addition of five (5) conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The Extension of Time applicant was informed of these recommended conditions of approval and has agreed to accept the conditions. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated 8/10/09) indicating the acceptance of the ten (10) conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185: On July 15, 2008, Governor Schwarzenegger signed into law SB 1185, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333: On July 15, 2009, Governor Schwarzenegger signed into law SB 333, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

Therefore, upon an approval action by the Planning Director, a subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period without an appeal application, the tentative map's expiration date will become June 7, 2005 and will

automatically gain benefit of the change to State law, and will, in fact, be extended until **JUNE 7, 2012**. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

ORIGINAL APPROVAL DATE: June 7, 2005

RECOMMENDATION:

APPROVAL of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE PARCEL MAP No. 32089**, extending the expiration date to JUNE 7, 2009, subject to all the previously approved and/or amended conditions of approval with the applicants consent.

PARCEL MAP NO. 32089 - Applicant: Brian and Michelle Fox - Third Supervisorial District - Ramona Zoning District - San Jacinto Area Plan: Community Development: Medium Density Residential (CD - MDR) (2-5 Dwelling Units Per Acre) - Location: Northerly of Johnston Avenue, southerly of El Camino Drive, westerly of Meridian Street and easterly of Stanford Street - 4.32 Acres - Zoning: Residential Agricultural (R-A-1) (1 Acre Minimum) - The parcel map proposes a Schedule H subdivision of 4.32 acres into four (4) lots with a minimum lot size of 1.00 acres. - **REQUEST: EXTENSION OF TIME TO June 7, 2009 - FIRST EXTENSION.**

Hi Chantell,

Thank you for your email.. What I'm not sure about, do I have to accept all the conditions? Can I just state which ones that I accept and that will still allow my extension to go through? Please let me know, sorry for all this confusion?

Thank You Again

MAP EOT 1 WQMP & ECS STATEMENT

RECOMMND

A notice of the WQMP requirements shall be placed on the environmental constraint sheet and final map. The exact wording of the note shall be as follows:

NOTICE OF WQMP REQUIREMENTS:

The development of this project adversely impacts water quality. To mitigate for these impacts, the development must, at a minimum, incorporate site design Best Management Practices (BMPs) and source control BMPs, as applicable and feasible, into the project plans. Site design BMPs include minimizing urban runoff, minimizing impervious footprint, conserve natural areas, and minimize directly connected impervious areas. Source control BMPs include (but are not limited to) education, activity restrictions and proper maintenance (non-structural) as well as proper landscape/irrigation design and the protection of slopes and channels (structural). Additional information can be found in Sections V.1 and V.2 of the WQMP template.

This project site has a natural slope that is more than 25 percent and may have impacts to water quality. Therefore, if development of this site including the construction of a residence on a single parcel creates 10,000 square feet or more of impervious surfaces, a Project Specific Water Quality Management Plan (WQMP) shall be submitted to the District prior to the issuance of permits. All submittals shall be date stamped by the engineer and include a completed Flood Control Deposit Based Fee Worksheet and the appropriate plan check fee deposit.

Extension of Time Environmental Determination

Project Case Number: PM32089
Original E.A. Number: 39633
Extension of Time No.: FIRST
Original Approval Date: June 7, 2005
Project Location: Northerly of Johnston Avenue, southerly of El Camino Drive, westerly of Meridian Street and easterly of Stanford Street
Project Description: The parcel map proposes a Schedule H subdivision of 4.32 acres into four (4) lots with a minimum lot size of 1.00 acres.

On October 28, 2009 this Tentative Parcel Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

10.FLOOD RI. 1 MAP FLOOD HAZARD RPT (cont.)

INEFFECT

The site is located on a hill and as such, does not receive offsite storm runoff. Except for nuisance nature local runoff that may traverse portions of the property, the project is considered free from ordinary storm flood hazard. However, a storm of unusual magnitude could cause some damage. New construction should comply with all applicable ordinances.

Parcels 1, 2, 3 and a portion of Parcel 4 are located within the bounds of the Hemet Regional Area Drainage Plan (ADP) and the Salt Creek-Winchester North Hemet Area Drainage Plan for which drainage fees have been established by the Board of Supervisors. The other portion of Parcel 4 is located within the bounds of the San Jacinto Regional Area Drainage Plan. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to permits for this project. Although the current fees for the applicable ADP's are \$5,134 per acre for the Hemet Regional Area Drainage Plan, \$131 per acre for the Salt Creek-Winchester North Hemet Regional ADP and \$5,402 per acre for the San Jacinto Regional ADP, the fees due will be based on the fees in effect at the time of payment. For large residential lots (lots greater than 1-acre), the drainage fee for each lot will be the fee established for one acre regardless of the lot size. The fee is payable to the Flood Control District by cashier's check or money order only. The district will not accept personal checks.

quality. To mitigate for these impacts, the development must, at a minimum, incorporate site design Best Management Practices (BMPs) and source control BMPs, as applicable and feasible, into the project plans. Site design BMPs include minimizing urban runoff, minimizing impervious footprint, conserve natural areas, and minimize directly connected impervious areas. Source control BMPs include (but are not limited to) education, activity restrictions and proper maintenance (non-structural) as well as proper landscape/irrigation design and the protection of slopes and channels (structural). Additional information can be found in Sections V.1 and V.2 of the WQMP template.

This project site has a natural slope that is more than 25 percent and may have impacts to water quality. Therefore, if development of this site including the construction of a residence on a single parcel creates 10,000 square feet or more of impervious surfaces, a Project Specific Water Quality Management Plan (WQMP) shall be submitted to the District prior to the issuance of permits. All submittals shall be date stamped by the engineer and include a completed Flood Control Deposit Based Fee Worksheet and the appropriate plan check fee deposit.

INEFFECT

Prior to the issuance of a grading permit, the land divider/permit holder shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance. The amount of the fee required to be paid may vary depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 4.32 acres(gross) in accordance with the TENTATIVE MAP. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

APPLICATION FOR EXTENSION OF TIME

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).

An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expanded to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
