RECOMMENDED MOTION:

**The Planning Department recommended Approval; and,
THE PLANNING DIRECTOR'S REPRESENTATIVE:**

APPROVED TENTATIVE PARCEL MAP NO. 30776, subject to the attached conditions of approval, and based upon upon the findings and conclusions incorporated in the staff report.

BACKGROUND:

This tentative parcel map was originally filed in May of 2003 with a proposed waiver of final Map. The tentative parcel map did not proceed to public hearing until December 2009 since an accompanying Certificate of Land Division Compliance (COC05745) was under review by County Survey and applicant with required corrections. A COC is required in order to record a proposed tentative parcel map with waiver of final map request. COC issues were recently

resolved by County Survey and the applicant in November 2009 which allowed the tentative parcel map to proceed to hearing with a recommendation for approval. The tentative map was found to be in compliance with Ordinance No. 460, Section 6.5 D. (Waived Maps) due to the rural nature of the land with minimum five acre lots and minimal required improvements. The tentative parcel map was found to be exempt from CEQA under Section 15061 in that it can be seen with certainty that there is no possibility that this activity will have a significant effect on the environment (see attached staff report conclusions and findings).

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

This Tentative Parcel Map is a Schedule H subdivision of 20 gross acres into three residential parcels ranging in size from 5 to 8.86 acres, and is requesting a waiver of the final map in accordance with County Subdivision Ordinance No. 460, Section 6.5.D..

The project is located northerly of Avenue 65, southerly of Locust Lane, westerly of Cricket Lane at 64545 Highway 111.

ISSUES OF RELEVANCE:

The proposed Tentative Parcel Map is proposed with Waiver of the Final Map. Waiver of the Final map is allowed under certain requirements as described in Section 9.12 (Waived Maps) and Section 6.5 D. of County Subdivision Ordinance No. 460. Section 6.5 D. states the Advisory Agency, upon the request of the land divider, may waive the requirement of a parcel map to be recorded if enough information is available and that the necessary conditions of the tentative map have been met, and the proposed land division complies with the following requirements as to: 1) Area, 2) Improvement and design, 3) Flood water drainage control, 4) Appropriate improved public roads, 5) Sanitary disposal facilities, 6) Water supply availability, 7) Environmental Protection, 8) Adequate existing survey control, and 9) other provisions of this and other applicable ordinance of Riverside County and the Subdivision Map Act. The Planning Department finds the above criteria met due to the rural nature of land division with minimum five acre lots and minimal required improvements for this rural area which is further supported by findings and conclusions described in the staff report.

Certificate of Land Division Compliance No. 5745 (COC05745) has been cleared by County Surveyor and will be the recording vehicle for the three parcel tentative parcel map and the requirement for the final map process will be waived with the recordation of this COC.

SUMMARY OF FINDINGS:

- | | |
|---------------------------------------|---|
| 1. Existing General Plan Land Use: | Rural Residential (RR) (5 Acre minimum) |
| 2. Surrounding General Plan Land Use: | Rural Residential (RR) (5 Acre minimum) |

RECOMMENDATIONS:

APPROVAL of **TENTATIVE PARCEL MAP NO. 30776 WITH A WAIVER OF THE FINAL MAP**, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

CONCLUSIONS:

1. The proposed project is in conformance with the Eastern Coachella Valley Plan: Rural: Rural Residential (R: RR)(5 Acre Minimum.) Foundation Component/Land Use Designation, and with all other elements of the Riverside County General Plan.
2. The proposed project is consistent with Schedule H map requirements, Section 9.12 (Waived Maps) and Section 6.5 D., and with all other applicable provisions of Ordinance No. 460.
3. The public's health, safety, and general welfare are protected through project design.
4. The proposed project is compatible with the present and future logical development of the area.
5. This minor land division is exempt under section 15061 of the California Environmental Quality Act in that it can be seen with certainty that there is no possibility that this activity will have a significant effect on the environment

FINDINGS: The following findings are in addition to those incorporated in the summary of findings, which is incorporated herein by reference.

1. The project site is designated Rural: Rural Residential (R: RR) (5 Acre Minimum) on the Eastern Coachella Valley Area Plan.
2. The proposed tentative parcel map is compatible with Rural: Rural Residential (R: RR) foundation component/land use designation in that the parcel map proposes parcels no smaller than the minimum five acre size set forth by this land use designation.
3. The zoning for the subject site is currently Light Agriculture – 5 Acre Minimum (A-1-5). The proposed land division is compatible with the existing A-1-5 zone in that the parcel map proposes two 5 acre parcels and one 8.83 acre parcel which comply with minimum size requirements set forth in this zoning classification.
4. The project site is surrounded by properties zoned A-1-5 and the tentative parcel map is conditionally compatible with the surrounding A-1-5 zone in that the project is a similar development type intended for residential units including mobile homes and agriculture uses which are present on-site and on surrounding land.
5. The existing site currently contains approximately 16 mobile home units. Surrounding and nearby land uses consist of scattered dwellings and vacant land with crops. The tentative parcel map is compatible with these surrounding uses since the parcel map proposes rural 5 acre minimum parcels.
6. Domestic water is provided by the Coachella Valley Water District and sewage disposal is provided by septic systems in conformance with water and sewer land use standards of the

- General Plan. Subsequent development on the two vacant 5-acre parcels will also be provided water service by CVWD, and appropriate septic systems will be constructed.
7. Parcel 1 is provided access from Locust Lane (60' r-o-w) and Parcels 2 and 3 are provided access from Avenue 65. The project has provided appropriate half width public street dedication in conformance with land use standards of the circulation element of the General Plan.
 8. The project conforms to Section 15061, of the CEQA guidelines and is determined to be exempt from CEQA on the basis that it can be seen with certainty that there is no possibility that this activity will have a significant effect on the environment. This is based on the following:
 - a. the entire subject property has been previously disturbed with agricultural and/or related activities (including number buildings and structures and an on-site retention basin.) The creation of two additional 5-acre parcels, through the approval of this tentative map and the subsequent recordation of a Certificate of Land Division Compliance to certify these 3 parcels as legal; will not create any impacts related to aesthetic issues or agricultural resources.
 - b. Impacts to cultural resources have been adequately mitigated through the preparation of a cultural resources report and the application of appropriate conditions of approval.
 - c. No impacts to biological resources will be created as compliance to the Coachella Valley Multi-species Habitat Conservation Plan will provide adequate mitigation.
 - d. Potential impacts to geological and soils issues have been resolved through the conditions of approval.
 - e. The activity will not create any impacts for Hazards or Hazardous Materials issues, nor will it create any hydrology or water quality impacts.
 - f. The activity is consistent with land use and planning issues and therefore there is no impact.
 - g. The activity will not impact mineral resources.
 - h. The activity will not create any adverse noise impact, nor will the property be subject to any adverse noise impacts.
 - i. The activity will not create any impacts to public services or utility or service systems.
 - j. The activity will not create an impact to recreational or transportation or traffic issues.
 9. No objections were received from the Building and Safety Department, Code Enforcement Division, based on recent email letters dated June 22, 2007 and December 9, 2009.

INFORMATIONAL ITEMS:

1. As of this writing, no letters, in support or opposition to this project have been received.
2. The subject site is currently designated as Assessor's Parcel Number 727-091-011.
3. This project was filed with the Planning Department on May 30, 2003.
4. This project was reviewed by the Land Development Committee 10 times on the following dates: 7/2/03, 8/13/03, 9/3/03, 10/15/03, 11/5/03, 12/10/03, 2/18/04, 3/10/04, 5/13/04, & 6/24/04.
5. Deposit Based Fees received for this project, at the time of staff report preparation, total \$15,730.27.

There shall be no offsite signage associated with this land division, except as otherwise provided by Ordinance No. 679.3 (Kiosk Program).

10.PLANNING. 8 MAP - NPDES COMPLIANCE (1) RECOMMND

Since the project will disturb one (1) acre or more, the land divider/permit holder shall comply with all of the applicable requirements of the National Pollution Discharge Elimination System (NPDES) and shall conform to NPDES Best Management Practices for Stormwater Pollution Prevention Plans during the life of this permit.

10.PLANNING. 9 MAP - ORD NO. 659 (DIF) RECOMMND

Prior to the issuance of either a certificate of occupancy or prior to building permit final inspection, the applicant shall comply with the provisions of Riverside County Ordinance No. 659, which requires the payment of the appropriate fee set forth in the Ordinance. Riverside County Ordinance No. 659 has been established to set forth policies, regulations and fees related to the funding and construction of facilities necessary to address the direct and cumulative environmental effects generated by new development projects described and defined in this Ordinance, and it establishes the authorized uses of the fees collected.

The fee shall be paid for each residential unit to be constructed within this land division. In the event Riverside County Ordinance No. 659 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 659 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

project:

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant." The Most Likely Descendant shall then make recommendations and engage in consultation with the County and the property owner concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Planning /Director.

GEN - INADVERTANT ARCHAEO FIND

RECOMMND

The developer/permit holder or any successor in interest shall comply with the following for the life of this project:

If during ground disturbance activities, cultural resources are discovered that were not assessed by the archaeological reports and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1. All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the Planning Director to discuss the significance of the find.

10.PLANNING. 14 MAP - LC LANDSCAPE REQUIREMNTS RECOMMND

Prior to the installation or rehabilitation of 2,500 square feet or more of landscaped area, the developer/ permit holder/landowner shall:

1) Submit landscape and irrigation plans to the County Planning Department for review and approval. Such plans shall be submitted as a Minor Plot Plan subject to the appropriate fees and inspections as determined by the County, comply with Ordinance No. 859 and be prepared in accordance with the County of Riverside Guide to California Friendly Landscaping. Emphasis shall be placed on using plant species that are drought tolerant and low water using.

2) Ensure all landscape and irrigation plans are in conformance with the APPROVED EXHIBITS;

3) Ensure all landscaping is provided with a weather based irrigation controller(s) as defined by County Ordinance No. 859; and,

4) Ensure that irrigation plans which may use reclaimed water conform with the requirements of the local water purveyor.

The developer/permit holder is responsible for the maintenance, viability and upkeep of all slopes, landscaped areas, and irrigation systems until the successful completion of the Installation Inspection or those operations become the responsibility of the individual property owner(s), a property owner's association, or any other successor-in-interest, whichever occurs later.

10.PLANNING. 15 MAP - LC LANDSCAPE SPECIES RECOMMND

The developer/ permit holder/landowner shall use the County of Riverside's California Friendly Plant List when making plant selections. The list can be found at the following web site:

Gentlemen:

Subject: Tentative Parcel Map No. 30776

This area is protected from regional stormwater flows by a system of channels and dikes, and may be considered safe from regional stormwater flows except in rare instances.

This area is designated Zone D on the Federal Flood Insurance Rate Maps which are in effect at this time. Zone D is defined as an area of undetermined but possible risk of flood hazard.

The county shall require mitigation measures to be incorporated into the development to prevent flooding of the site or downstream properties. These measures shall require 100 percent on-site retention of runoff from the 100-year storm.

Design for retention basins for this area must consider high groundwater levels and clay soils.

The drain lines in the vicinity of this project are for agricultural drainage only. Stormwater runoff cannot be discharged into the agricultural drainage system.

Since the stormwater issues of this development are local drainage, the District does not need to review drainage design further.

The District will furnish domestic water to this area in accordance with the current regulations of this District. These regulations provide for the payment of certain fees and charges by the subdivider and said fees and charges are subject to change.

Additional domestic water pipelines will have to be installed by the subdivider in order for the District to provide service to all parcels

TRUE CONSERVATION
USE WATER WISELY

July 1, 2003

There are existing Bureau of Reclamation facilities not shown on the development plans. There may be conflicts with these facilities Lateral 97.0 lies within the project site. We request the appropriate public agency to withhold the approval of a (building permit until arrangements have been made with the District these in order to ensure that there are no conflicts.

Plans for grading, landscaping and irrigation systems shall be submitted to the district for review. This review is for ensuring efficient water management.

If you have any questions please call George Celehar, Stormwater Engineer, extension 2270.

COACHELLA VALLEY RECREATION & PARK DISTRICT
OF RIVERSIDE COUNTY
AND
JOSE LUIS MONTOYA
FOR COLLECTION OF PARK DEVELOPMENT FEES

THIS AGREEMENT is entered into this 30 day of ^{June 2004} ~~November 2003~~, by and between COACHELLA VALLEY RECREATION & PARK DISTRICT OF RIVERSIDE COUNTY, CALIFORNIA, a political subdivision of the State of California (hereinafter referred to as DISTRICT) and JOSE LUIS MONTOYA (hereinafter referred to as DEVELOPER);

WITNESSETH:

WHEREAS, DEVELOPER contemplates building residential dwellings within the DISTRICT where public park and recreation areas will be inadequate to serve the population generated from DEVELOPER'S development if this Agreement is not executed and performed; and

WHEREAS, DEVELOPER is presently seeking approval from the County of Riverside of Tentative Tract/Map No. 30776, in order to proceed with the development; and

WHEREAS, the location of convenient parks near DEVELOPER'S proposed residential development would substantially enhance the possibilities of selling the dwellings in such residential development; and

WHEREAS, DISTRICT is willing to cooperate with DEVELOPER in locating and developing convenient public parks and facilities in or near DEVELOPER'S proposed residential development for the benefit of the residents; and

WHEREAS, DEVELOPER desires to assist DISTRICT in mitigating the conditions of new housing by paying to DISTRICT a sum of money to be used for such purposes;

NOW, THEREFORE, the parties to this Agreement do mutually agree as follows:

I. RESPONSIBILITIES OF DEVELOPER

- A. **DEVELOPER** shall pay to **DISTRICT**, prior to issuance of any building permits for lots in Tract/Parcel Map No. 30776, the sum of \$660.45 for each residential unit constructed, which sum is mutually agreed upon as that necessary to provide public facilities for any and all residents anticipated in **DEVELOPER'S** residential development.

Monies paid to **DISTRICT** will be deposited by **DISTRICT** in a separate exclusive account and disbursements therefrom shall be solely for the procurement of permanent public park facilities at **DISTRICT'S** discretion.

- B. **DEVELOPER** shall, concurrent with requesting any necessary written assurance from **DISTRICT**, request in writing that the County of Riverside include in its approval of **DEVELOPER'S** tentative map a condition that **DEVELOPER**, his successors or assigns, provide evidence of compliance with the terms of this Agreement prior to issuance of any building permit by the County of Riverside, or its successor, for lots in the approved tract.
- C. **DEVELOPER** shall notify any successors or assigns that this Agreement has been executed and is in effect. In addition, in the event this property is annexed into a city within our jurisdiction, Coachella Valley Recreation & Park District will continue to receive the park fee due.

II. RESPONSIBILITIES OF DISTRICT

- A. **DISTRICT** shall provide suitable permanent facilities which, in the discretion of **DISTRICT**, are deemed adequate to serve the needs of the residents of **DEVELOPER'S** residential development on a site determined by **DISTRICT**, insofar as possible by law.
- B. **DISTRICT** shall maintain the land, buildings and facilities in a serviceable condition for **DISTRICT'S** use and carry its usual fire, property damage, and public liability insurance to cover such buildings and facilities and **DISTRICT'S** activities at such public park site.
- C. **DISTRICT** shall not interpose any objection to **DEVELOPER'S** residential development on grounds that public parks and facilities are not adequate to serve the residents of such residential development, and, upon request of **DEVELOPER**, will provide written assurances to any public agency that **DISTRICT** has no objection to the development.
- D. **DISTRICT** shall make available to the public an annual record of monies received and disbursement made under the terms of the Agreement.

III. CONSIDERATION

Good, valuable, and adequate consideration exists in the mutual benefit which **DEVELOPER** and **DISTRICT** hereby agree results from entering into and fulfilling this Agreement.

Legal title to all permanent park facilities constructed or erected, as a result of this Agreement shall remain in the **DISTRICT**, its successors or assigns.

IV. MASTER PLAN COMPLIANCE

The fees specified herein were calculated in accordance with and shall be collected, administered and disbursed in accordance with Coachella Valley Recreation & Park District Master Plan, Section 10.35 of Riverside County Ordinance No. 460, Government Code Section 66477, and all other applicable laws, rules and regulations as they now exist and as they may from time to time be amended.

V. CALIFORNIA LAW CONTROLS

It is expressly understood and agreed by the **DEVELOPER** and **DISTRICT** that the law of the State of California shall govern them and the interpretation of the Agreement and that any litigation brought because of, or involving this Agreement shall be initiated exclusively in the Courts of the State of California.

VI. MODIFICATION AND TERMINATION OF THIS AGREEMENT

- A. In the event that, subsequent to execution of this Agreement, state or local law requires developers to donate land or pay fees for construction of park facilities, the obligations of **DEVELOPER** to **DISTRICT** herein shall be offset to the extent any amounts paid by **DEVELOPER** are received by **DISTRICT** or the value of land which it is required to donate to **DISTRICT**, insofar as permitted by law.
- B. In the event that **DEVELOPER'S** tentative subdivision map is not approved by the County of Riverside, all obligations of **DEVELOPER** and **DISTRICT** herein shall cease.
- C. In the event that **DEVELOPER** does not actually build the proposed residential development, all obligations to pay fees specified herein shall cease and shall instead become the obligation of the person or entity seeking any issuance of any building permits.

VII. SUCCESSOR-IN-INTEREST AND ASSIGNS

All terms, conditions, and provisions hereof shall inure to and shall bind the parties hereto, their respective successors-in-interest and assigns.

IN WITNESS WHEREOF, DEVELOPER and DISTRICT have caused this Agreement to be signed in their names and on their behalf by their duly authorized representatives.

Dear Ms. Rambo:

We assessed the impact this project will have on electrical service to the area. We found that the impact is moderately significant, the cumulative impact of projects of this size do increase the electrical demand on Imperial Irrigation District's (IID's) system.

Although the Imperial Irrigation District has received these preliminary plans for impact assessment, we will not begin to engineer nor derive cost estimates for this project until the owner/developer/contractor applies for electrical service. This procedure helps eliminate wasted manpower spent on projects that never reach construction stage.

If you have any questions regarding this matter, or if I can be of further assistance, please contact me at (760) 398-5825.

Sincerely,

Enrique De Leon

Folks, do you have any objections to this tentative map moving forward at the Directors Hearing on 12/21? Your last comments were from 2007 which were positive to proceed. We are trying to move it forward and they obtained all dept. clearances. The APN is 727-091-011 or old APN 727-091-006. Thanks for your assistance.

On 06-21-07 I received a call from Civil Engineer Bob Maniel, he was told by the Planning department to get clearance from Code Enforcement to continue with his Parcel Map approval.

There is currently an active unpermitted Mobile Home Park case on the property (CV000253). After a field inspection on 06-22-07 it is determine that we do not have any objection for Bob Maniel to continue with project. This action will help the property to be in compliance with our department.
