Per Exec. Ofc.:

BACKGROUND: The California Public Resources Code (PRC) §48601 et seq. describes the California Oil Recycling Enhancement Act (Act), which, among other things, provides up to \$11 million annually in payments to local governments for implementation of local used oil and filter collection, recycling and public education programs. Beginning July 1, 2010, the new Used Oil Payment Program (OPP) authorized in SB 546 (Lowenthal, Chapter 353, Statutes of 2009) replaces the Used Oil Block Grant Program (UOBG)

While the purpose of the OPP is similar to the UOBG, there are significant differences regarding electronic online application, administration, length of term, and reporting. CalRecycle is responsible for administering the new OPP. The Waste Management Department (Department) has applied for and received UOBG funding since 1993. The Department was reimbursed \$407,045 from the 12th, 13th, and 14th cycle grant awards for FYs 06/07, 07/08, 08/09, respectively. The current grant funding agreement for the 15th Cycle UOBG (FY 09/10) is \$77,231. The OPP electronic online application period for the FY 10/11 Cycle will be from June 1, 2010 through June 30, 2010. CalRecycle has not yet determined the estimated payment amount that Riverside County will be eligible for through the OPP (FY10/11). The grant money is used to offset some of the cost associated with used oil recycling through the Department's Household Hazardous Waste Collection Program. The OPP is a non-competitive payment program and does not require matching funds.
