BACKGROUND (continued):

The adjustment allows a "pass through" for any changes to landfills including the Alternative Daily Cover (ADC) surcharge or transfer station fees, and a cost of living increase, based on CPI, for the balance of the rate. All non-disposal costs are adjusted by the Consumer Price Index (CPI) for All Urban Consumers for the Los Angeles/Anaheim/Riverside Metropolitan Area, as published by the United States Department of Labor, Bureau of Labor Statistics. The proposed rates implement the adjustment methodology using a CPI of 1.8% for the twelve (12) month period January 2009 through December 2009.

PROPOSED ADJUSTMENT DETAILS

The rates for each Franchise Area can be increased by 1.8% based on the CPI calculated as described above.

Two of the solid waste hauling companies have requested additional changes to their rate structure to cover the costs to provide services. These services were either provided for no charge in the past, or provided at a rate that did not cover the cost, or is a new service. The requested changes are provided below:

1. Franchise Area 2 serviced by Burrtec Waste is within portions of the Board of Supervisors' District 2. The waste company requests adjustment of the roll-off charges to properly reflect the cost of disposal. The rate shall be determined by the per ton disposal fee multiplied by the typical roll-off weight of 6 tons. This could increase the cost for this service by about \$2.00.
2. Franchise Areas 5, 6, 7 and 9 serviced by CR&R is within portions of the Board of Supervisors' Districts 1, 3 and 5. The waste company requests the following rates established for services already provided in their area. The changes/additions are as follows:
 - a. Establish a rate for the delivery of a roll-off container for a new account in the amount of \$65.00 to cover the cost of the preparation, delivery time and customer inquiries.
 - b. Establish fees for the redelivery of containers for delinquent accounts in the following amounts: roll-off redelivery \$65.00, commercial redelivery \$35.00, and residential redelivery \$25.00. These fees would cover the costs to redeliver containers that were removed due to non-payment.
 - c. Establish a fee for the delivery of a commercial container in the amount of \$35.00. This fee would cover the cost of the container preparation, delivery and customer inquiries.
 - d. Establish a monthly fee for a locking container in the amount of \$10.00. This fee would cover the cost to install and maintain the container, as well as the additional service time necessary for the driver to lock and unlock the container in order to collect the waste.

- e. Establish a monthly fee for extra barrels (carts) in the following amounts: 96 gallon trash barrel \$8.00, recycle barrel \$1.50, and greenwaste barrel \$5.00. This fee would apply when requested by the customer and covers the cost of servicing and disposal/processing. In order to encourage more recycling, a considerably lower rate is offered for extra recycle and greenwaste barrels.
 - f. Establish a fee for the extra pickup of a commercial container while the truck is on-site in the amount of \$55.00. This fee would cover the cost of the driver's time and additional landfill charges. This fee would only apply to Franchise Area 5.
3. Franchise Area 12, serviced by Burrtec Waste is within portions of the Board of Supervisors' Districts 4 and 5. The waste company requests adjustment of the roll-off charges to properly reflect the cost of disposal. The rate was intended to be determined by the per ton disposal fee multiplied by the typical roll-off weight of 6 tons. This correction would increase the cost for this service by about \$2.00.

SUMMARY

The approval of the proposed 1.8% increase would raise the typical residential rate in the Franchise Areas to approximately \$0.01 to \$0.03 per month.

Most of the new services and charges above would be assessed only when the services are requested by the customer, and would not result in an increase for the typical customer.

The detailed rate sheets will be provided to the Clerk of the Board upon completion of the final calculations before July 30, 2010.

FISCAL

The approval of this change will result in no cost to the County; implementation expenses are borne by the franchisee.
