

SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

104B

FROM: TLMA - Transportation Department

SUBMITTAL DATE:
June 10, 2010

SUBJECT: Amendment Two to Access Permit between the Orange County Water District and the County of Riverside

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve Amendment Two to Access Permit between the County Transportation Department and the Orange County Water District;
2. Authorize the Chairman to execute the same.

BACKGROUND: On November 21, 1995, the Board approved an Access Permit with the Orange County Water District (OCWD) that allowed the Department to access OCWD land and remove material deposited under and around the River Road Bridge. On June 27, 2000, the Board approved an extension of the Permit until February 15, 2005. On May 10, 2005, the Board approved Amendment One to extend the Access Permit until February 28, 2010 and require the Department's contractor to add OCWD as an additional insured. Amendment Two would extend the Permit until June 30, 2011 to coincide with the completion of construction of the replacement bridge at River Road. All other terms of the Permit remain the same.

The proposed improvements include sand and debris removal which facilitates construction of the new River Road four lane road and bridge. Construction of the new River Road Bridge is expected to be complete in the Spring of 2011.
