**FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD SUBMITTAL
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

SUBJECT: Menifee – Hawthorne Avenue Storm Drain, Stage 1
Project No. 4-0-00163
Amended and Restated Cooperative Agreement

SUBMITTAL DATE: June 22, 2010

Page 2

BACKGROUND: (continued)

The original agreement between the District and County Transportation (Transportation) was adopted by the Board on September 16, 2008. The City of Menifee (City) was incorporated on October 1, 2008, and has subsequently assumed many of the responsibilities formerly performed by Transportation. The amended and restated Agreement transfers certain maintenance responsibilities to the City and officially relieves Transportation of any responsibilities in the original Agreement.

The District is funding all storm drain and construction inspection costs. Upon completion of project construction, the District will assume ownership, operation and maintenance of the mainline storm drain.

The City is granting the District the necessary rights to construct, operate and maintain the project within City street rights of way and, upon completion of project construction, will assume ownership, operation and maintenance of the project's associated laterals, catch basins and connector pipes located within City street rights of way.

County Counsel has approved the Agreement as to legal form and the City has executed the Agreement. A companion item appears on the Transportation Department's agenda this same date.
