

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

344A

FROM: TLMA - Transportation Department

SUBMITTAL DATE:
June 22, 2010

SUBJECT: Approval of pavement rehabilitation projects for use of Proposition 1B State bond funds.

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the proposed pavement rehabilitation projects listed on Attachment A for use of Proposition 1B bond funds, and;
2. Authorize submittal to the State.

BACKGROUND: Proposition 1B procedures specify that the Board approve all projects proposed for delivery with 1B funds. Upon Board approval, this list will be submitted to the State, which will allow allocation of the fourth cycle of 1B funds, upon the sale of 1B bonds. The County's share of fourth cycle 1B funds is estimated at \$22,413,100.

The attached list of projects is identified by the Transportation Department as being priorities for road rehabilitation based on road condition (using our Pavement Management System), safety needs and geographical distribution throughout the County. The list was prepared in accordance with the approved "Ground Rules" for allocation of General Highway funding approved annually in our Transportation Improvement Program (TIP). The County will have three full fiscal years to expend the funds, after the year of allocation. These proposed projects will be incorporated into the next edition of the TIP.

This list may be amended through future Board action should priorities change over the next three years.

Juan C. Perez
Director of Transportation
