CONSTRUCTION OF RANCHO JURUPA SPORTS PARK WELL

Prospective bidders are hereby notified that the REDEVELOPMENT AGENCY FOR THE COUNTY OF RIVERSIDE (Owner) will receive sealed bid proposals for CONSTRUCTION OF RANCHO JURUPA SPORTS PARK WELL. Such proposals will be received until **Monday, July 19, 2010 at 2:00 PM** at office of the Clerk of the Board, 4080 Lemon Street, 1st Floor, Riverside, California, 92501, at which time said bids will be publicly opened and read.

A pre-bid meeting will not be held for this project; however, bidders (Contractors) must visit the project site and attest to same prior to bid.

Prospective bidders shall be licensed Contractors in the State of California and be qualified to perform the Work specified in the Contract Documents. Pursuant to Public Contract Code Section 3300, bidders (Contractors) shall possess active and current Contractor's License, Class C-57, which shall be maintained through the course of the Work.

Owner reserves the right to reject any and all proposals and to waive any irregularity. If Owner elects to award a contract for the Work, the award will be made within 60 days from the date of the bid opening. Bids shall be valid for said 60 day period.

Each bid proposal must be accompanied by cash, a certified or cashier's check, or bid bond issued by a surety admitted in and regulated by the State of California and further, if the work or project is financed in whole or in part with federal grant or loan funds, listed in the Treasury Department's most current Circular 570 (bid bond shall be submitted on the form included in the Contract Documents or on an equivalent form approved by Owner) for an amount not less than ten percent (10%) of the maximum amount bid. Said check or bond shall be made payable to REDEVELOPMENT AGENCY FOR THE COUNTY OF RIVERSIDE and, when delivered with a proposal, shall constitute a guarantee that bidder will, if an award is made to him in accordance with the terms of said bidder's proposal: execute a Contract in the Owner's standard form, together with Labor Code Certification thereon; furnish Contract Performance and Payment Bonds with a corporate surety or sureties satisfactory to the Owner, each for not less than 100 percent of the bid price; furnish Certificates of Insurance evidencing that all insurance coverage required by the Contract has been secured.

Owner has obtained from the Director of the State of California Department of Industrial Relations the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work. Said rates are on file at the Owner's office and they will be made available to any interested party upon request. Said rates can also be obtained from the State of California website (www.dir.ca.gov/dlsr/pwd). Each Contractor to whom a Contract is awarded must pay the prevailing rates and post copies thereof at the job site.

Bidder is advised that Contractor may, at his sole cost and expense, substitute securities equivalent to any monies withheld by the Owner to insure performance under the Contract. Such securities shall be deposited with the Owner or with a State or Federally Chartered Bank as escrow agent who shall pay such monies to the Contractor upon satisfactory completion of the Contract. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. Securities eligible for substitution shall include those listed in Public Contract Code Section 22300. Alternatively, the Contractor may request to have earned retentions paid directly to the escrow agent in accordance with Public Contract Code Section 22300.

Contract Documents may be obtained from Krieger & Stewart, Incorporated, 3602 University Avenue, Riverside, California, 92501, upon payment of a fifty dollar (\$50.00) non-refundable fee. Bidder shall submit his Bid Proposal on the forms contained within the Bid Proposal Packet located in the back of the original, bound, numbered set of Contract Documents issued by Owner directly to Bidder. Owner will not accept proposals submitted on forms other than those contained within said Bid Proposal Packet included in the original, numbered set of Contract Documents. Any addenda or bulletins issued prior to the bid shall be incorporated into the Bid Proposal and shall be evidenced by Bidder's inclusion of the signed acknowledgement of receipt for each addendum or bulletin with Bidder's submitted Proposal.

Bidder shall complete the attached Bid Proposal and supporting documents including any addenda or bulletins issued before receipt of bids and public opening of same together with Statement of Experience (not required for materials only proposal), Bid Schedule, Certified Data, Certified Worker Craft and Classification, Certification of Bidder's Work Site Inspection, Statement on Bonds and Insurance, Certification of Bidding Documents, Non-Collusion Affidavit, and Bid Proposal Guarantee.

Bidder shall complete in ink each blank on each page. Each entry shall be printed by hand. The completed forms shall be without alterations, erasures, or interlineations. Bidder shall correct errors by striking or lining out mistakes and entering and initialing corrections immediately thereabove. Unless otherwise provided in the Supplemental Instructions to Bidders, Owner will not consider any proposal which does not include bids on all bid items set forth in the Bid Schedule(s). Owner will not consider alternative proposals unless they are called for by these instructions or the supplemental instructions appearing in the Bidding Documents themselves.

Owner may, at its sole discretion, reject any bid to which the Bidder has added conditions, limitations, provisions, or any alterations or interlineations. Owner may also, at its discretion, reject any bid for which the Bidder has failed to supply all requested information or has misrepresented any such information or any matter whatever. Pursuant to Business and Professions Code Section 7028.15, Owner will consider non-responsive and reject any bid submitted by a Contractor not licensed as required by law.

3. Omissions and Discrepancies

Should a Bidder find purported discrepancies in, or omissions from the Special Requirements, Basic Specifications, Construction and Standard Drawings, or other documents bound herein, or should Bidder be in doubt as to their meaning, Bidder shall **immediately** notify Owner in writing. Owner may then send written instructions or notification to all Bidders.

4. Signature and Seal

If the bid proposal is made by an individual, it shall be signed and his full name and his address shall be given; if it is made by a partnership, it shall be signed with the partnership name by one of the partners, who shall sign his own name and, in addition, the name and address of each partner shall be given; if it is made by a corporation, the name of the corporation shall be signed by its duly authorized officer, or officers, attested by the corporation seal, and the names and titles of all current officers of the corporation shall be given.

5. Bid Proposal Guarantee

Each bid proposal shall be accompanied by cash, a certified or cashier's check, or bid bond issued by a surety or sureties admitted in and regulated by the State of California and further, if the work or project is financed in whole or in part with federal grant or loan funds, listed in the Treasury Department's most current Circular 570 (bid bond shall be submitted on the form attached herein or on an equivalent form approved by Owner), or equivalent substitution in lieu of a bond as authorized by Public Contract Code Section 20688.25, for an amount not less than 10% of the maximum amount bid.

Said check, bond, or substitute shall be made payable to the Owner and shall be given as a guarantee that the Bidder will enter into the contract described in the Notice Inviting Bids herein if awarded the Work. By submitting a proposal, each Bidder agrees that its failure to enter the contract if awarded the Work would result in damage to the Owner and that it would be impracticable or extremely difficult to ascertain the actual amount of that damage. For this reason, each Bidder agrees that the Owner may retain the bid proposal guarantee as liquidated damages if the Bidder is awarded the Work but fails to or refuses to timely enter the contract.

6. Packaging and Delivery of Bid Proposal and Guarantee

Once the Bid Proposal and supporting documents herein have been completed and signed as set forth above, they shall be placed, along with the Bid Proposal Guarantee and any proposed sketches and brochures required by these instructions, in an envelope, sealed and addressed and delivered or mailed, postage prepaid to:

**County of Riverside
Clerk of the Board

No consideration shall be given by the Owner to bid proposals received after the date and time set by the Notice Inviting Bids herein for the opening of bids.

7. Withdrawal of Bid Proposal

Any Bidder may, without prejudice, withdraw his bid proposal at any time prior to the date and time set by the Notice Inviting Bids herein for the opening of bids; provided that any request to withdraw is made in writing and duly executed by the Bidder or the Bidder's duly authorized

representative and delivered to the Owner's Secretary at the address set forth in Instruction 6 herein. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the Bidder requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in Instruction 8 herein.

8. Modification of Bid Proposal

Any Bidder who may wish to modify the bid proposal previously submitted by him may do so only by (a) following the withdrawal procedure set forth in Instruction 7 hereof prior to the date and time set by the Notice Inviting Bids herein for the opening of bids, and (b) submitting a substituted bid proposal which conforms to the requirements set forth in Instruction 1, 2, 4, 5, and 6 hereof. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the one requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in this Instruction 8.

9. Opening and Awarding of Bids

All bid proposals shall be publicly opened and read at the time and place set forth in the Notice Inviting Bids herein. Bidders and their authorized representatives are invited to be present. The award, if made, will be made within 60 days of the opening. The Owner's policy is to award to the lowest responsible Bidder who can comply with the projected delivery and/or completion schedules. However, the Owner reserves the right to reject any and all bids and to waive any irregularity. Owner may, at its sole discretion, disregard any added conditions, limitations, provisions, or any interlineations or alterations. Notice of Award shall be made to a successful Bidder in writing and mailed to the address as set forth on the signature page of the Bidding Documents.

10. Return of Proposal Guarantees

Bid proposal guarantees will be returned to unsuccessful bidders within 60 days from the date that the Contract is awarded to the successful bidder.

11. Bond(s) and Certificates Required of Successful Bidder

Before commencing any Work under this Contract, the successful Bidder shall file four of each bond with the Owner. These bonds shall be in the amounts and for the purposes specified below. They shall be surety bonds issued by:

a. Either a California Admitted Surety OR a current Treasury Listed Surety (Federal Register).

And

b. Either a current A.M. Best A VIII rated Surety OR an admitted surety insurer which complies with the provisions of the Code of Civil Procedure, § 995.660.

Should any surety or sureties upon said bonds or any of them become insufficient, successful Bidder shall renew said bond or bonds with good and sufficient sureties within ten (10) calendar days after receiving notice from the County that the surety or sureties are insufficient. Cost of bonds shall be included in the bid price.

The successful Bidder shall provide a contract performance bond in an amount of not less than 100% of the total bid price, conditioned upon faithful performance by said Bidder of all requirements under the contract. In addition, the successful Bidder shall provide a payment bond in an amount of not less than 100% of the total bid price, conditioned upon payment in full of the claims of all persons performing labor upon or furnishing materials to be used in or furnishing appliances or power contributing to the Work to be performed under the contract.

12. Execution of the Contract

The Bidder to whom award is made shall execute a written contract with the Owner on the form of contract provided herein (which shall incorporate by reference the Proposal, addenda or bulletins issued before receipt of bids and public opening of same, Bidder's Statement of Experience (not required for materials only proposal), Bidding Sheet, Certified Data Sheet, Special Requirements, Basic Specifications, and Construction and Standard Drawings), together with the Labor Code Certification (not required for materials only proposal) therein, and furnish good and approved bond(s) and Certificates of Insurance as required in the preceding paragraph within 10 days from the date of mailing the Notice of Award from the Owner to the Bidder, as set forth above, of the acceptance of his proposal.

No proposal shall be considered binding upon the Owner until the Contract has been executed by Owner. Failure or refusal by the successful Bidder to so enter into a contract, as herein provided, or to conform to any of the stipulated requirements in connection therewith, shall be just cause for the annulment of the award and the retention by the Owner of the proposal guarantee. If the successful Bidder refuses or fails to execute the contract, the Owner may award the contract to the Bidder whose proposal is next most acceptable to said Owner; and such Bidder shall fulfill every stipulation embraced herein as if he were the party to whom the first award was made.

A corporation to which an award is made will be required, before the contract is finally executed, to furnish evidence of its corporate existence and of the authority of the officer signing the contract and bond for the corporation to so sign.

13. Withheld Contract Funds

Bidder is advised that Contractor, at his request and expense and in accordance with Section 22300 of the California Public Contract Code, will be permitted to substitute securities equivalent to monies withheld by Owner to insure performance under the Contract. Alternatively, the Contractor may request to have earned retentions paid directly to the escrow agent in accordance with Public Contract Code Section 22300. Refer to Section 28 of the Contract Appendix and the Escrow Agreement for Security Deposits in Lieu of Payment Retention included within the Contract section of the Contract Documents.

Pursuant to Business and Professions Code Section 7028.15, Owner will consider non-responsive and reject any bid submitted by a Contractor not licensed as required by law.

3. Omissions and Discrepancies

Should a Bidder find purported discrepancies in, or omissions from the Special Requirements, Basic Specifications, Construction and Standard Drawings, or other documents bound herein, or should Bidder be in doubt as to their meaning, Bidder shall immediately notify Owner in writing. Owner may then send written instructions or notification to all Bidders.

4. Signature and Seal

If the bid proposal is made by an individual, it shall be signed and his full name and his address shall be given; if it is made by a partnership, it shall be signed with the partnership name by one of the partners, who shall sign his own name and, in addition, the name and address of each partner shall be given; if it is made by a corporation, the name of the corporation shall be signed by its duly authorized officer, or officers, attested by the corporation seal, and the names and titles of all current officers of the corporation shall be given.

5. Bid Proposal Guarantee

Each bid proposal shall be accompanied by cash, a certified or cashier's check, or bid bond issued by a surety or sureties admitted in and regulated by the State of California and further, if the work or project is financed in whole or in part with federal grant or loan funds, listed in the Treasury Department's most current Circular 570 (bid bond shall be submitted on the form attached herein or on an equivalent form approved by Owner), or equivalent substitution in lieu of a bond as authorized by Public Contract Code Section 20688.25, for an amount not less than 10% of the maximum amount bid.

Said check, bond, or substitute shall be made payable to the Owner and shall be given as a guarantee that the Bidder will enter into the contract described in the Notice Inviting Bids herein if awarded the Work. By submitting a proposal, each Bidder agrees that its failure to enter the contract if awarded the Work would result in damage to the Owner and that it would be impracticable or extremely difficult to ascertain the actual amount of that damage. For this reason, each Bidder agrees that the Owner may retain the bid proposal guarantee as liquidated damages if the Bidder is awarded the Work but fails to or refuses to timely enter the contract.

6. Packaging and Delivery of Bid Proposal and Guarantee

Once the Bid Proposal and supporting documents herein have been completed and signed as set forth above, they shall be placed, along with the Bid Proposal Guarantee and any proposed sketches and brochures required by these instructions, in an envelope, sealed and addressed and delivered or mailed, postage prepaid to:

**County of Riverside
Clerk of the Board
4080 Lemon Street, 1st Floor
Riverside, CA 92501**

Said envelope shall also contain the following in the lower left-hand corner thereof:

_____ for _____ (Project Name Appearing on Cover Sheet)

No consideration shall be given by the Owner to bid proposals received after the date and time set by the Notice Inviting Bids herein for the opening of bids.

7. Withdrawal of Bid Proposal

Any Bidder may, without prejudice, withdraw his bid proposal at any time prior to the date and time set by the Notice Inviting Bids herein for the opening of bids; provided that any request to withdraw is made in writing and duly executed by the Bidder or the Bidder's duly authorized

representative and delivered to the Owner's Secretary at the address set forth in Instruction 6 herein. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the Bidder requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in Instruction 8 herein.

8. Modification of Bid Proposal

Any Bidder who may wish to modify the bid proposal previously submitted by him may do so only by (a) following the withdrawal procedure set forth in Instruction 7 hereof prior to the date and time set by the Notice Inviting Bids herein for the opening of bids, and (b) submitting a substituted bid proposal which conforms to the requirements set forth in Instruction 1, 2, 4, 5, and 6 hereof. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the one requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in this Instruction 8.

9. Opening and Awarding of Bids

All bid proposals shall be publicly opened and read at the time and place set forth in the Notice Inviting Bids herein. Bidders and their authorized representatives are invited to be present. The award, if made, will be made within 60 days of the opening. The Owner's policy is to award to the lowest responsible Bidder who can comply with the projected delivery and/or completion schedules. However, the Owner reserves the right to reject any and all bids and to waive any irregularity. Owner may, at its sole discretion, disregard any added conditions, limitations, provisions, or any interlineations or alterations. Notice of Award shall be made to a successful Bidder in writing and mailed to the address as set forth on the signature page of the Bidding Documents.

10. Return of Proposal Guarantees

Bid proposal guarantees will be returned to unsuccessful bidders within 60 days from the date that the Contract is awarded to the successful bidder.

11. Bond(s) and Certificates Required of Successful Bidder

Before commencing any Work under this Contract, the successful Bidder shall file four of each bond with the Owner. These bonds shall be in the amounts and for the purposes specified below. They shall be surety bonds issued by:

a. Either a California Admitted Surety OR a current Treasury Listed Surety (Federal Register).

And

b. Either a current A.M. Best A VIII rated Surety OR an admitted surety insurer which complies with the provisions of the Code of Civil Procedure, § 995.660.

Should any surety or sureties upon said bonds or any of them become insufficient, successful Bidder shall renew said bond or bonds with good and sufficient sureties within ten (10) calendar days after receiving notice from the County that the surety or sureties are insufficient. Cost of bonds shall be included in the bid price.

The successful Bidder shall provide a contract performance bond in an amount of not less than 100% of the total bid price, conditioned upon faithful performance by said Bidder of all requirements under the contract. In addition, the successful Bidder shall provide a payment bond in an amount of not less than 100% of the total bid price, conditioned upon payment in full of the claims of all persons performing labor upon or furnishing materials to be used in or furnishing appliances or power contributing to the Work to be performed under the contract.

12. Execution of the Contract

The Bidder to whom award is made shall execute a written contract with the Owner on the form of contract provided herein (which shall incorporate by reference the Proposal, addenda or bulletins issued before receipt of bids and public opening of same, Bidder's Statement of Experience (not required for materials only proposal), Bidding Sheet, Certified Data Sheet, Special Requirements, Basic Specifications, and Construction and Standard Drawings), together with the Labor Code Certification (not required for materials only proposal) therein, and furnish good and approved bond(s) and Certificates of Insurance as required in the preceding paragraph within 10 days from the date of mailing the Notice of Award from the Owner to the Bidder, as set forth above, of the acceptance of his proposal.

No proposal shall be considered binding upon the Owner until the Contract has been executed by Owner. Failure or refusal by the successful Bidder to so enter into a contract, as herein provided, or to conform to any of the stipulated requirements in connection therewith, shall be just cause for the annulment of the award and the retention by the Owner of the proposal guarantee. If the successful Bidder refuses or fails to execute the contract, the Owner may award the contract to the Bidder whose proposal is next most acceptable to said Owner; and such Bidder shall fulfill every stipulation embraced herein as if he were the party to whom the first award was made.

A corporation to which an award is made will be required, before the contract is finally executed, to furnish evidence of its corporate existence and of the authority of the officer signing the contract and bond for the corporation to so sign.

13. Withheld Contract Funds

Bidder is advised that Contractor, at his request and expense and in accordance with Section 22300 of the California Public Contract Code, will be permitted to substitute securities equivalent to monies withheld by Owner to insure performance under the Contract. Alternatively, the Contractor may request to have earned retentions paid directly to the escrow agent in accordance with Public Contract Code Section 22300. Refer to Section 28 of the Contract Appendix and the Escrow Agreement for Security Deposits in Lieu of Payment Retention included within the Contract section of the Contract Documents.

FOR
CONSTRUCTION OF RANCHO JURUPA SPORTS PARK WELL

A. INSTRUCTIONS TO BIDDERS

1. Responsible Bidders

Bidders are advised that in selecting a Contractor, Owner reserves the right to consider the financial responsibility and general competency of each Bidder, his trustworthiness, quality, fitness, capacity, and experience to satisfactorily perform the public works contract, as well as his reputation within the industry. Owner expects each Bidder to fully and truthfully disclose all information required of the Bidder by the Bidding Documents. Each Bidder must be properly licensed and must sign and submit with his Proposal the Bidder's Statement of Experience, Bidding Sheets, and Certified Data Sheet. Please note that similar information is required in said Bidder's Statement of Experience with respect to any proposed subcontractors (not required for materials only proposal).

2. Completion of Bid Proposal and Supporting Documents

Bidder shall submit his Bid Proposal on the forms contained within the Bid Proposal Packet located in the back of the original, bound, numbered set of Contract Documents issued by Owner directly to Bidder. Owner will not accept proposals submitted on forms other than those contained within said Bid Proposal Packet included in the original, numbered set of Contract Documents. Any addenda or bulletins issued prior to the bid shall be incorporated into the Bid Proposal and shall be evidenced by Bidder's inclusion of the signed acknowledgement of receipt for each addendum or bulletin with Bidder's submitted Proposal.

Bidder shall complete the attached Bid Proposal and supporting documents including any addenda or bulletins issued before receipt of bids and public opening of same together with Statement of Experience (not required for materials only proposal), Bid Schedule, Certified Data, Certified Worker Craft and Classification, Certification of Bidder's Work Site Inspection, Statement on Bonds and Insurance, Certification of Bidding Documents, Non-Collusion Affidavit, and Bid Proposal Guarantee.

Bidder shall complete in ink each blank on each page. Each entry shall be printed by hand. The completed forms shall be without alterations, erasures, or interlineations. Bidder shall correct errors by striking or lining out mistakes and entering and initialing corrections immediately thereabove. Unless otherwise provided in the Supplemental Instructions to Bidders, Owner will not consider any proposal which does not include bids on all bid items set forth in the Bid Schedule(s). Owner will not consider alternative proposals unless they are called for by these instructions or the supplemental instructions appearing in the Bidding Documents themselves.

Owner may, at its sole discretion, reject any bid to which the Bidder has added conditions, limitations, provisions, or any alterations or interlineations. Owner may also, at its discretion, reject any bid for which the Bidder has failed to supply all requested information or has misrepresented any such information or any matter whatever. Pursuant to Business and Professions Code Section 7028.15, Owner will consider non-responsive and reject any bid submitted by a Contractor not licensed as required by law.

3. Omissions and Discrepancies

Should a Bidder find purported discrepancies in, or omissions from the Special Requirements, Basic Specifications, Construction and Standard Drawings, or other documents bound herein, or should Bidder be in doubt as to their meaning, Bidder shall **immediately** notify Owner in writing. Owner may then send written instructions or notification to all Bidders.

4. Signature and Seal

If the bid proposal is made by an individual, it shall be signed and his full name and his address shall be given; if it is made by a partnership, it shall be signed with the partnership name by one of the partners, who shall sign his own name and, in addition, the name and address of each partner shall be given; if it is made by a corporation, the name of the corporation shall be signed by its duly authorized officer, or officers, attested by the corporation seal, and the names and titles of all current officers of the corporation shall be given.

5. Bid Proposal Guarantee

Each bid proposal shall be accompanied by cash, a certified or cashier's check, or bid bond issued by a surety or sureties admitted in and regulated by the State of California and further, if the work or project is financed in whole or in part with federal grant or loan funds, listed in the Treasury Department's most current Circular 570 (bid bond shall be submitted on the form attached herein or on an equivalent form approved by Owner), or equivalent substitution in lieu of a bond as authorized by Public Contract Code Section 20688.25, for an amount not less than 10% of the maximum amount bid.

Said check, bond, or substitute shall be made payable to the Owner and shall be given as a guarantee that the Bidder will enter into the contract described in the Notice Inviting Bids herein if awarded the Work. By submitting a proposal, each Bidder agrees that its failure to enter the contract if awarded the Work would result in damage to the Owner and that it would be impracticable or extremely difficult to ascertain the actual amount of that damage. For this reason, each Bidder agrees that the Owner may retain the bid proposal guarantee as liquidated damages if the Bidder is awarded the Work but fails to or refuses to timely enter the contract.

6. Packaging and Delivery of Bid Proposal and Guarantee

Once the Bid Proposal and supporting documents herein have been completed and signed as set forth above, they shall be placed, along with the Bid Proposal Guarantee and any proposed sketches and brochures required by these instructions, in an envelope, sealed and addressed and delivered or mailed, postage prepaid to:

**County of Riverside
Clerk of the Board
4080 Lemon Street, 1st Floor
Riverside, CA 92501**

Said envelope shall also contain the following in the lower left-hand corner thereof:

Bid Proposal of _____ (Bidder's Name) _____
_____ for _____ (Project Name Appearing on Cover Sheet)

No consideration shall be given by the Owner to bid proposals received after the date and time set by the Notice Inviting Bids herein for the opening of bids.

7. Withdrawal of Bid Proposal

Any Bidder may, without prejudice, withdraw his bid proposal at any time prior to the date and time set by the Notice Inviting Bids herein for the opening of bids; provided that any request to withdraw is made in writing and duly executed by the Bidder or the Bidder's duly authorized

representative and delivered to the Owner's Secretary at the address set forth in Instruction 6 herein. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the Bidder requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in Instruction 8 herein.

8. Modification of Bid Proposal

Any Bidder who may wish to modify the bid proposal previously submitted by him may do so only by (a) following the withdrawal procedure set forth in Instruction 7 hereof prior to the date and time set by the Notice Inviting Bids herein for the opening of bids, and (b) submitting a substituted bid proposal which conforms to the requirements set forth in Instruction 1, 2, 4, 5, and 6 hereof. A bid proposal shall be deemed withdrawn once it has been delivered by the Owner to the one requesting withdrawal, either by personal delivery or deposit in the United States mail, addressed to the address originally given by the Bidder. After withdrawal, the Owner will not recognize modifications of bid proposals attempted by methods other than as set forth in this Instruction 8.

9. Opening and Awarding of Bids

All bid proposals shall be publicly opened and read at the time and place set forth in the Notice Inviting Bids herein. Bidders and their authorized representatives are invited to be present. The award, if made, will be made within 60 days of the opening. The Owner's policy is to award to the lowest responsible Bidder who can comply with the projected delivery and/or completion schedules. However, the Owner reserves the right to reject any and all bids and to waive any irregularity. Owner may, at its sole discretion, disregard any added conditions, limitations, provisions, or any interlineations or alterations. Notice of Award shall be made to a successful Bidder in writing and mailed to the address as set forth on the signature page of the Bidding Documents.

10. Return of Proposal Guarantees

Bid proposal guarantees will be returned to unsuccessful bidders within 60 days from the date that the Contract is awarded to the successful bidder.

11. Bond(s) and Certificates Required of Successful Bidder

Before commencing any Work under this Contract, the successful Bidder shall file four of each bond with the Owner. These bonds shall be in the amounts and for the purposes specified below. They shall be surety bonds issued by:

- a. Either a California Admitted Surety OR a current Treasury Listed Surety (Federal Register).

And

- b. Either a current A.M. Best A VIII rated Surety OR an admitted surety insurer which complies with the provisions of the Code of Civil Procedure, § 995.660.

Should any surety or sureties upon said bonds or any of them become insufficient, successful Bidder shall renew said bond or bonds with good and sufficient sureties within ten (10) calendar days after receiving notice from the County that the surety or sureties are insufficient. Cost of bonds shall be included in the bid price.

The successful Bidder shall provide a contract performance bond in an amount of not less than 100% of the total bid price, conditioned upon faithful performance by said Bidder of all requirements under the contract. In addition, the successful Bidder shall provide a payment bond in an amount of not less than 100% of the total bid price, conditioned upon payment in full of the claims of all persons performing labor upon or furnishing materials to be used in or furnishing appliances or power contributing to the Work to be performed under the contract.

12. Execution of the Contract

The Bidder to whom award is made shall execute a written contract with the Owner on the form of contract provided herein (which shall incorporate by reference the Proposal, addenda or bulletins issued before receipt of bids and public opening of same, Bidder's Statement of Experience (not required for materials only proposal), Bidding Sheet, Certified Data Sheet, Special Requirements, Basic Specifications, and Construction and Standard Drawings), together with the Labor Code Certification (not required for materials only proposal) therein, and furnish good and approved bond(s) and Certificates of Insurance as required in the preceding paragraph within 10 days from the date of mailing the Notice of Award from the Owner to the Bidder, as set forth above, of the acceptance of his proposal.

No proposal shall be considered binding upon the Owner until the Contract has been executed by Owner. Failure or refusal by the successful Bidder to so enter into a contract, as herein provided, or to conform to any of the stipulated requirements in connection therewith, shall be just cause for the annulment of the award and the retention by the Owner of the proposal guarantee.
