BACKGROUND:

The Public Safety Enterprise Communication (PSEC) project utilizes long term ground leases in situations where the site owner will not sell the small land parcel required for the wireless communication site. The Black Eagle PSEC site located within the former Kaiser Steel Eagle Mountain Mine area is such a case. The 55,846 square foot site lease includes a lengthy access road right of way, a portion of which will be addressed under a secondary agreement due to the fact that certain portions of the land are subject to an option to sell the land to the Los Angeles County Sanitation District.

The area has been disturbed by mining activities, so environmental impact is minor. The lease and subsequent construction was covered by a Final Environmental Impact Report (FEIR) certified by the Board on September 2, 2008.

The proposed PSEC wireless site lies within an area where iron reserves remain. Kaiser Eagle Mountain, LLC and Reclamation, LLC (Kaiser) insists that they retain the right to require County to relocate its wireless facilities should mining or other use of the area be resumed. Kaiser will grant County sufficient lead time to make the move, but County must fund the moving costs. Kaiser must provide a relocation site; they cannot simply cancel the lease. The equipment building, wireless equipment and generator can be salvaged and reassembled or reused elsewhere if this low probability event occurs.

The Ground Lease is summarized below:

Location:	Leasehold located on a portion of Assessor's Parcel Number 818-231-027
Lessor:	Kaiser Eagle Mountain, LLC
Size:	Parcel approximately 55,846 square feet, plus a non-exclusive easement for ingress and egress
Term:	Commencement upon the date that Ground Lease is fully executed and runs for 25 years plus a 25 year extension option.
Lease Rent:	\$4,000 per year, prepaid (lump sum \$100,000)
Rent Adjustments:	None during the initial term. Increase to \$5,000 for option term, paid as a lump sum of \$125,000.
Utilities:	To be powered by diesel generators
Interior/Exterior Maintenance:	By County

The attached Ground Lease and the Access & Utility License have been reviewed and approved by County Counsel as to legal form.

TEMPORARY ACCESS LICENSE AGREEMENT
(EAGLE MOUNTAIN)

This TEMPORARY ACCESS LICENSE AGREEMENT ("**Agreement**") is dated _____, 2010 ("**Effective Date**"), and is among, KAISER EAGLE MOUNTAIN, LLC ("**Kaiser**"), a Delaware limited liability company, MINE RECLAMATION, LLC, a California limited liability company ("**Mine Reclamation**") and the County of Riverside ("**County**"), a political subdivision of the State of California (each, a "**Party**"; collectively, "the **Parties**"). Kaiser and Mine Reclamation are sometimes collectively referred to herein as the "**Grantors**".

RECITALS

A. On August 9, 2000, the County Sanitation District No. 2 of Los Angeles County (the "**District**") entered into an Agreement for Purchase and Sale of Real Property and Related Personal Property in Regard to the Eagle Mountain Landfill and Joint Escrow Instructions (the "**Purchase and Sale Agreement**"), under which Mine Reclamation agrees to transfer to the District the Eagle Mountain Landfill Project (the "**Landfill Project**"). The sale of the Landfill Project includes certain real property interests situated in the unincorporated area of Riverside County, California, more particularly depicted on Attachment 1 attached hereto (the "**Landfill Property**"). At this juncture, the sale of the Landfill Project is pending subject to the final resolution of a court challenge by Landfill Project opponents and the satisfaction of certain conditions precedent in the Purchase and Sale Agreement.

B. Inside the Southern boundary of the Landfill Property is a portion of an unimproved, two-lane roadway, commonly known as the South Main Haul Road (the "**Access Road**"). The Access Road is depicted in Attachment 2 as it currently exists. The Parties acknowledge that the precise location of the Access Road may change from time-to-time for operational and other reasons.

C. Kaiser owns certain real property ("**Kaiser Retained Property**") that is adjacent to the Landfill Real Property and is more particularly depicted in Attachment 3. A small portion of the Access Road, known as the "**Horseshoe**", is located on Kaiser Retained Property, as well as the portion of the Access Road located above (that is, generally North of) the Landfill Property; the remainder of the Access Road is situated on the Landfill Real Property.

D. Effective upon the closing provided for in the Purchase and Sale Agreement, the District and Kaiser shall jointly use the Access Road, upon the terms and to the extent provided for in a joint use agreement ("**Joint Use Agreement**") to be entered into by Kaiser and the District. The

Joint Use Agreement will address, among other things, when Kaiser or District shall act on behalf of the Grantors under this Agreement.

E. County desires to construct, maintain and operate an emergency communications tower and related improvements on certain Kaiser Retained Property (the "**Communications Facility**"). To gain access to the site of the Communications Facility, the County needs the ability to have non-exclusive use of the Access Road.

F. The Parties accordingly enter into this Agreement to set forth their respective rights, obligations, and interests in connection with the granting to County of a license for use of the Access Road, all on the terms set forth below. The construction, maintenance and operation of the Communications Facility and the lease of the land for the Communications Facility is addressed under that certain separate Communications Facility Lease Agreement between Kaiser and the County.

NOW, THEREFORE, Grantors and County agree as follows:

1. **GRANT OF LICENSE.** Subject to the terms and conditions of this Agreement, Grantors do hereby grant to County a non-exclusive license (the "**License**") for a period of twenty-five (25) years (the "**Initial Term**"), for use of the Access Road by County, its contractors, employees, and agents (collectively, "**County Parties**") solely for the purpose of accessing the Communications Facility to construct, maintain, repair and operate the Communications Facility (the "**Access Rights**"). The Initial Term of this Agreement may be extended by County, provided that County is not in default under this Agreement, upon the same terms and conditions as set forth in this Agreement except that the License Fee shall be adjusted as set forth in Section 5 of this Agreement, for an additional period of 25 years (the "**Extended Term**") upon written notice from County to Grantors sent at least twelve (12) months prior to the expiration of the Initial Term. (The License granted County shall not be construed as an interest in real estate, but rather a license which may not be revoked except upon the express terms of Section 9 of this Agreement. County shall not use the License for any other purpose than as set forth in this Agreement or as may be expressly agreed to in writing by both of the Parties, and shall not use the License in any manner that could result in the Kaiser Retained Property or the Landfill Project becoming subject to regulation by the California Public Utilities Commission or the United States Interstate Commerce Commission. This Agreement does not grant County the right to use any Landfill Project or Kaiser facilities other than the Access Road.

2. **CONDITIONS OF LICENSE.** County's License is subject to following terms and conditions:

a. County accepts the Access Road in the condition existing as of the Effective Date, subject to all applicable zoning, municipal, county and state laws, Landfill Project conditions, ordinances and regulations, if any, governing and regulating the use of the land subject to the License. Grantors make no warranties, express or implied, as to fitness of the space on, under or above the Access Road for the use being made or intended to be made by County. County is subject to all senior covenants, conditions, restrictions, reservations, rights, rights-of-way, easements, and all other applicable and superior matters of record affecting the land subject to the License. In accepting the License, County accepts the space in, under and above and the land within the Access Road in its present physical condition, as well as any change in the physical condition that arises from customary practices or operating the proposed Landfill Project, normal wear and tear to the Access Road or from Force Majeure Events (as defined in Section 13 below) excepted. There shall be no material modifications to the Access Road by Grantee without Grantors prior written consent, which consent shall not be unreasonably condition or denied as long as the modification would not

interfere with the operation of the Landfill Project or Kaiser's operations as they may exist from time to time.

b. To the extent applicable, County shall keep the Landfill Project and Kaiser Retained Property free from any mechanic's liens arising out of any work performed, materials furnished or obligations incurred by County in connection with the Communications Facility and use of the Access Road, and agrees to defend, indemnify and hold harmless Grantors from and against any such lien or claim or action thereon, together with costs of suit and reasonable attorney's fees incurred by Grantors in connection therewith. If any such lien shall be filed, County shall notify Grantors promptly. County shall either cause the lien to be discharged of record within twenty (20) days after the date of filing of the same or, if County in good faith determines to contest such lien, County shall furnish such security as may be necessary to (a) prevent any foreclosure proceedings against the Landfill Project and Kaiser Retained Property during the pendency of such contest, and (b) cause Grantor's title insurance company to remove such lien as a matter affecting title on a preliminary title report with respect thereto. If County shall fail to perform its obligation in this subsection to remove any lien for which County is responsible, Grantors shall have, in addition to all other remedies provided herein or by law, the right but not the obligation to cause such lien to be removed by such means as Grantors shall deem proper, including payment of or defense against the claim giving rise to such lien. Nothing herein shall imply any consent by Grantors to liability under any mechanics' or other lien law. The covenants in this Section 2.b. shall survive the termination of this Agreement.

c. Until the Termination Date (as defined in Section 8 below), County shall:

In the event either Kaiser or District fails to disapprove the Grantee's Plans and Specifications (with a clear statement of the reasons for such disapproval) within the fifteen (15) business day period referenced in the prior sentence, the Plans and Specifications shall be deemed approved. The approval by Kaiser or the District of any Plans and Specifications will not be deemed to be a representation or warranty by Kaiser or District as to the adequacy or sufficiency of such Plans and Specifications for any use or purpose.

The reporting obligations in the preceding sentence shall not apply to any Authorized Hazardous Products. In the event that County is required to maintain any hazardous materials license or permit in connection with any use conducted by County or any equipment operated by County with respect to the License, County shall provide copies of each such license or permit, each renewal thereof and any communication relating to suspension, renewal or revocation thereof. Copies shall be furnished to Grantors within five (5) business days after receipt of or submission thereof by County. Such clean-up and removal of hazardous materials released by any County Parties into or onto the Kaiser and Landfill Property shall be at County's sole expense and County must remediate the impacted areas to all applicable regulatory standards consistent with the operations on the Kaiser and Landfill Property and the Landfill Project. County shall conduct, to the satisfaction of Grantors and all applicable governmental authorities, all such clean-up and removal activities of hazardous materials released by County into or onto the Kaiser and Landfill Property. County shall have the obligation to inform Grantors of its progress, and Grantors shall have the right, but not the obligation, to participate in all communications and meetings related to any clean-up actions undertaken by County. County shall promptly provide to Grantors copies of all studies, consultant reports, and correspondence related to any testing or clean-up actions undertaken by or on behalf of County. If, as a result of the release of hazardous materials on the Kaiser and Landfill Property by any County Parties, any governmental authority requires testing for hazardous materials in the Kaiser and Landfill Property, then County shall reimburse Grantors for all such costs of such testing. In the event any County Parties remove any soils from the Kaiser and Landfill Property, County shall promptly fill the Kaiser and Landfill Property to an at-grade level with clean fill compacted at the level of prior compaction.

d. County shall indemnify, defend, and hold harmless Grantors, and their respective successors, assigns, partners, directors, officers, trustees, beneficiaries, members, managers, employees, agents, lenders, attorneys and affiliates (collectively, the "**Indemnified Parties**") from and against any and all claims, liabilities, losses, actions, costs and expenses (including attorneys' fees and costs of defense) incurred by such Indemnified Parties, or any of them, as the result of (i) the introduction into or about the Kaiser and Landfill Property of any hazardous materials by any County Party, (ii) the illegal or unauthorized (under subsection a. above) usage, storage, maintenance, generation, production, disposal, release or discharge of hazardous materials in or about the Kaiser and Landfill Property by any County Parties, (iii) the discharge or release in or about the Kaiser and Landfill Property of any hazardous materials by any County Parties, (iv) any injury to or death of persons or damage to or destruction of property resulting from the use, introduction, production, storage, generation, disposal, disposition, release or discharge by County Parties of hazardous materials in or about the Kaiser and Landfill Property, and (v) any failure of any County Parties to comply with the foregoing covenants of this subsection d.

e. County accepts the Access Road on an "AS IS" basis and has conducted or will conduct its own examination of the License Area or the Access Route with respect to the

existence of hazardous materials or has waived the right to do so. Grantors do not make any representation or warranty regarding the presence of hazardous materials on Access Road and will make available to Grantee upon request all other environmental reports and studies in Grantor's possession or available to Grantor relating to the environmental conditions in the Access Road.

f. The term "**hazardous materials**" includes asbestos, all petroleum products and all hazardous materials, hazardous wastes and hazardous or toxic substances as defined or designated in or pursuant to the comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. §§ 9601, *et seq.*) (including specifically any element, compound, mixture or solution), the Resource Conservation and Recovery Act, as amended (42 U.S.C. §§ 6901, *et seq.*), the Toxic Substances Control Act, as amended (15 U.S.C. §§ 2601, *et seq.*), and California Health and Safety Code Section 25316, including such hazardous or toxic substances or wastes as are identified, defined or listed elsewhere where such identifications, definitions or lists are incorporated into such acts or code section by reference, as well as all products containing such hazardous substances. In addition, "**hazardous materials**" shall include any substance designated pursuant to the Clean Water Act (33 U.S.C. §§ 1321 *et seq.*), any hazardous waste having the characteristics identified under or listed pursuant to the Solid Waste Disposal Act, (42 U.S.C. §§ 1317(a), *et seq.*), any hazardous air pollutant listed under Section 112 of the Clean Air Act (42 U.S.C. §§ 7412, *et seq.*) and any imminently hazardous chemical substance or mixture with respect to which the Administrator of the Environmental Protection Agency has taken action pursuant to Section 7 of the Toxic Substances Control Act (15 U.S.C. §§ 2606, *et seq.*). The term also includes, but is not limited to, polychlorinated biphenyls, urea formaldehyde, or related substances.

g. The obligations contained in this Section 9 will survive the expiration or termination of this Agreement.

10. GENERAL INDEMNITY.

County shall indemnify and hold harmless the Indemnified Parties from and against all Liabilities for any damage or injury (including, without limitation, loss of life) to any person or property arising from any County Parties use of the Licenses, or any failure by County to perform or comply with any of its obligations contained in this Agreement, excluding Liabilities arising from the sole negligent or willful acts of the Indemnified Parties or their agents. Such indemnification shall extend to Liabilities arising from any activity, work, or thing done, permitted or suffered by County Parties in or about the Kaiser and Landfill Property and shall further extend to any Liabilities arising from any default in the performance of any obligation on County's part hereunder. "**Liabilities**" shall include all suits, actions, claims and demands and all expenses (including attorneys' fees and costs of defense) incurred in or about any such Liabilities and any action or proceeding brought thereon. If any claim shall be made or any action or proceeding brought against District or Kaiser as a result of any County Liabilities described in this Section 10, County shall, upon notice from either of the Grantors, defend the same at County's expense by counsel(s) reasonably satisfactory to Grantors. Nothing contained herein shall operate to relieve Grantors from any loss, damage, injury, liability, claim, cost or expense that is determined by a court of competent jurisdiction to be proximately caused by Grantor's or Grantor's respective agents', employees', successors' and assigns' negligence or willful misconduct. The obligations contained in this Section 10 will survive the expiration or any earlier termination of this Agreement.

11. **ATTORNEY'S FEES.** In the event any action is brought to enforce the provisions of this Agreement, the prevailing Party or Parties will have the right to recover reasonable attorney's fees and costs.

12. **BINDING ON SUCCESSORS AND ASSIGNS.** This Agreement is binding upon the Parties and their respective successors and assigns. Kaiser and/or Mine Reclamation may assign this Agreement in whole or in part (such as assigning an interest in the Agreement as it relates only to the Landfill Project Property and jointly used Landfill Property under ancillary agreements between the District and Kaiser) without any prior consent or approval by County, but shall provide County with notice of such assignment within ten (10) business days of such occurrence. The District shall have no obligations or liabilities under this Agreement prior to the date upon which the District takes title to any portion of the Kaiser and Landfill Property, at which point the District shall be deemed to be one of the Grantors. If this Agreement is assigned to the District, the District's rights and obligations under this Agreement may be exercised by and through the Chief Engineer and General Manager of the District or his or her designated representative (the "**Chief Engineer**") for and on behalf of the District. The contact address of the District is County Sanitation District No. 2 of Los Angeles County, c/o Chief Engineer and General Manager, Sanitation Districts of Los Angeles County, Joint Administration Offices, 1955 Workman Mill Road, Whittier, CA 90607. The District is a third party beneficiary to this Agreement.

13. **FORCE MAJEURE.** The term "**Force Majeure Event**" means Acts of God, strikes, lockouts, government restrictions or moratoriums (other than those imposed by District), and any actions, civil disturbance, fire, unavoidable casualties, or any other similar event beyond the reasonable control of the applicable Party. The Grantors shall have the right to suspend, in whole or in part, all use of the Access Road upon the occurrence of a Force Majeure Event. A Grantor shall promptly notify the County in writing specifying the nature of any such Force Majeure Event, the degree to which Access Road use will be suspended, and the effective date on which use will be suspended, as well as a non-binding projection of the duration of the suspension. In the event of a permanent Force Majeure Event, such as eminent domain or governmental regulation, this Agreement shall terminate.

14. **COOPERATION.** The Parties agree to cooperate with one another. Each Party shall promptly execute and deliver any additional documents as are reasonably required for the purposes of satisfying the terms of this Agreement; provided that no such document shall be inconsistent with the provisions hereof, and provided further that no such document will be deemed to amend or modify any of the provisions contained herein.

15. **MISCELLANEOUS.**

a. This Agreement shall be construed in accordance with the laws of the State of California. Venue for any proceeding will be the Superior Court of Riverside County.

b. Any Party may waive compliance by another Party with respect to any provisions of this Agreement. No waiver of any potential provision shall be construed as a waiver of any other provision. No waiver shall be construed as an ongoing waiver with respect to subsequent prevents almost and expressly so provides. Any waiver must be in writing, signed by the waiving party and recite the provisions being waived.

c. This Agreement does not constitute and shall not be construed as constituting a partnership or joint venture between the Parties in any matter whatsoever.

d. Any notice that a Party may desire to give to another Party must be in writing and will be effective when personally delivered or three (3) business days after deposit in the United States mail, registered, certified, postage fully prepaid and addressed to the respective Parties as set forth below or to such other address and to such other persons as the Parties may designate by written notice to the other Parties:

k. The Parties agree that County shall record, at County's expense, this Agreement or a mutually agreed upon memorandum of this Agreement in the official records of Riverside County. In the event this Agreement or a memorandum of this Agreement is not recordable due to any of the attachments that are currently a part of this Agreement, the Parties agree to in good faith prepare a mutually acceptable new attachment covering the same information as provided in the original attachment as may be appropriate or necessary to make this Agreement or any memorandum of this Agreement recordable in the official records of Riverside County.

COMMUNICATIONS TOWER SITE LEASE AGREEMENT

This COMMUNICATIONS TOWER SITE LEASE AGREEMENT ("**Agreement**"), made this ___ day of May, 2010 by and between KAISER EAGLE MOUNTAIN, LLC ("**Kaiser**"), and COUNTY OF RIVERSIDE, a political subdivision of the State of California, ("**County**"). Kaiser and the County are sometimes individually referred to herein as a "**Party**" or collectively as the "**Parties**".

For good and valuable consideration, the Parties agree as follows:

1. **LEASED PREMISES; PURPOSE.** Subject to the terms and conditions of this Agreement, Kaiser hereby leases to the County and the County hereby leases from Kaiser a portion of Kaiser's Eagle Mountain site, with the Eagle Mountain site being as generally depicted in Attachment 1 ("**Property**"), attached hereto and by this reference incorporated herein, subject to any and all existing easements and any other conditions of title, with the leased portion of the Property, consisting of approximately 55,846 square feet, as more specifically described in Attachment 2 ("**Leased Premises**"), attached hereto and by this reference incorporated herein, together with a non-exclusive license to reasonable access to the Leased Premises as provided and more specifically described in Paragraph 2 below. A certain portion of the Leased Premises as depicted in Exhibit "C" to Attachment 2 shall be for the exclusive use of the County (the "**County Only Area**") The County Only Area shall be used exclusively for the purpose of constructing, installing, maintaining, and operating a County owned communications tower that will be no more than 200 feet above the ground surface, related facilities and equipment building for such tower, such as cabinets, cables, wires, microwave dishes and antennas, a diesel generator, above ground diesel storage tank and other necessary items all as more fully described and specified on Attachment 3 attached hereto (collectively the "**Improvements**"). The Improvements will be installed within the boundaries of the County Only Area. Only the Improvements specified in Attachment 3 may be constructed, maintained and operated on the County Only Area and any Improvements other than those specified in Attachment 3, except in the limited circumstances described in Paragraph 10 below, shall require the express written consent of Kaiser, which may or may not be granted in Kaiser's absolute discretion. The County agrees that Kaiser shall have the right to seek tenants to sublease the Leased Premises other than the County Only Area for other communication purposes and providers; provided, however, any such additional use shall not interfere in any material respect with the County's use and operation of the Lease Premises by the County. Any such sublease shall be subject to the review and consent of the County which review and consent shall not be unreasonably delayed, conditioned or denied. There shall be no sublease of the County Only Area unless the County shall grant such sublease in its sole and absolute discretion.

2. **ACCESS TO THE LEASED PREMISES.** The Parties acknowledge and understand that a material portion of the Property is planned to become a municipal solid waste landfill ("**Landfill Project**") and that the County's access to the Leased Premises will cross Landfill property as well as land that is not included within the Landfill Project's boundaries. Access to the Leased Premises shall be governed by that certain Temporary Access License Agreement attached hereto as Attachment 4, attached hereto and by this reference incorporated herein. The Parties agree that they shall in good faith negotiate a long-term access license agreement that will supersede the Temporary Access Agreement.

3. RENT AND OTHER PAYMENT OBLIGATIONS.

a. ANNUAL BASE RENT AMOUNT. For the Leased Premises, the County shall pay Kaiser an annual base rent in the amount of four thousand (\$4,000) per annum, which shall be prepaid in one lump sum of One Hundred Thousand Dollars (\$100,000) by County for the entire twenty five year term.

b. ADDITIONAL RENT. As rent for the access, County shall pay the annual rent specified in the Temporary Access License Agreement or any access license agreement that should supersede the Temporary Access License Agreement.

c. TIME OF PAYMENT. The rent shall commence as of the date of the execution of this Agreement by the County and shall be paid to Kaiser in full at the time this Agreement is executed. Any additional rent due under Paragraph 3.b. above shall be due and payable as provided in the Temporary Access License Agreement or any access license agreement that should supersede the Temporary Access License Agreement.

d. TAXES. The County shall pay or reimburse Kaiser for all taxes, assessments, and fees of any nature or kind that may be imposed upon the Leased Premises and the Improvements and/or that may arise due to the operations conducted on the Leased Premises. If the Leased Premises is not a separate parcel, the property taxes, assessments or other fees, allocated to the Leased Premises shall be allocated in a fair manner. The County shall pay to Kaiser within thirty (30) days any invoice for taxes, assessments or fees that may be submitted by Kaiser for the Leased Premises and/or the Improvements.

e. PAYMENT OF UTILITIES. The County shall separately meter charges for any utilities associated with its use of the Leased Premises and the use and operation of the Improvements and shall promptly pay all costs associated therewith.

f. SHARING OF RENT OF THIRD-PARTIES. In the event that the County subleases a portion of the Leased Premises to a third party, subject to and with Kaiser's consent, Kaiser and the County shall equally share all rent and amounts payable by such third party. In the event the County allows a third-party governmental agency or division thereof to use its communication tower that is a part of the Improvements located in the County Only Area, Kaiser and the County shall share in all amounts paid to the County for such use in excess of one thousand two hundred dollars (\$1,200) in any month.

4. TERM AND RENEWALS; PREPAYMENT.

a. INITIAL TERM. Subject to early termination as provided in this Agreement, the Agreement shall be effective the date that it is fully executed by both Parties, but the "**Initial Term**" of this Agreement shall commence on May 1, 2010 ("**Effective Date**") and end on the last day of April of the twenty-fifth (25th) calendar year of the Lease.

b. RENEWALS. Subject to the terms and conditions of this Agreement, and if the County has previously abided by the terms of this Agreement, the County shall have the right to extend this Agreement for one (1) additional twenty five (25) year renewal period ("**Renewal Term**") commencing on immediately following the expiration date of the Initial Term. Unless sooner terminated, this Agreement shall expire at the end of the Initial Term or the Renewal Term. The County shall send written notice to Kaiser of the County's election to renew this Agreement as provided herein at least ninety (90) days prior to the expiration of the Initial Term.

Rent for the Leased Premises for the Renewal Term shall be \$5,000.00 per year, and the County shall prepay the entire amount upon renewal of the term of this Agreement. The rent for any extension of the access license agreement then in effect shall be as set forth in such agreement.

5. COUNTY'S PAYMENT OF ALL COSTS RELATED TO THE LEASED PREMISES AND THE IMPROVEMENTS. All site planning, engineering, permits, entitlements, consents, studies, grading, pads, modifications and construction on or for the benefit of the Leased Premises, the purchase, construction, installation, operation and licensing of the Improvements and all utility and access improvements or other similar items and activities made or undertaken for or behalf of the County shall be under taken and obtained by the County at the County's sole expense. County shall keep the Property free from any mechanic's liens arising out of any work performed, materials furnished or obligations incurred by County in connection with the Leased Premises and the access to the Leased Premises, and agrees to defend, indemnify and hold harmless Kaiser from and against any such lien or claim or action thereon, together with costs of suit and reasonable attorney's fees incurred by Kaiser in connection therewith. If any such lien shall be filed, County shall notify Kaiser promptly. County shall either cause the lien to be discharged of record within twenty (20) days after the date of filing of the same or, if County in good faith determines to contest such lien, County shall furnish such security as may be necessary to (a) prevent any foreclosure proceedings against the Property or any portion thereof during the pendency of such contest, and (b) cause Kaiser's title insurance company to remove such lien as a matter affecting title on a preliminary title report with respect thereto. If County shall fail to perform its obligation in this subsection to remove any lien for which County is responsible, Kaiser shall have, in addition to all other remedies provided herein or by law, the right but not the obligation to cause such lien to be removed by such means as Kaiser shall deem proper, including payment of or defense against the claim giving rise to such lien. Nothing herein shall imply any consent by Kaiser to liability under any mechanics' or other lien law. The covenants in this Paragraph 5 shall survive the termination of this Agreement.

6. DRAWINGS. The County shall provide Kaiser with "as-built" drawings of the Improvements which show the actual location on the Leased Premises. Said drawings shall be accompanied by a complete and detailed inventory of all the Improvements including all equipment, personal property, the communications tower and related facilities actually placed on the Leased Premises.

7. MAINTENANCE; OPERATION. The County shall, at its own expense, keep and maintain the Leased Premises and the Improvements in a safe condition, in good repair and in accordance with sound engineering practices. The County shall use and operate the Leased Premises and the Improvements in accordance with safe practices and sound engineering practices.

8. COMPLIANCE WITH APPLICABLE LAW. The County, at its sole cost and expense, shall comply with all applicable laws, ordinances, rules and regulations of local, state and federal government agencies (including, but not limited to, those of the Federal Communications Commission and those pertaining to compliance with hazardous wastes, materials and/or substances) in connection with access to, the Leased Premises, the Improvements and the operations and use of the Leased Premises, and the siting, construction, operation, maintenance and ultimate removal of the Improvements.

9. NO INTERFERENCE. The County shall not interfere with the operations of Kaiser or any other user of the Eagle Mountain site including the construction and operation of the Landfill Project. The County shall not object to or restrict any use of the Eagle Mountain site as a result of its use of the Leased Premises and operation of the Improvements; provided, however Kaiser shall not construct any improvement that materially blocks transmissions to or from the Leased Premises. The County acknowledges the Landfill Project and the construction and operation of the

Landfill Project shall not interfere with the County's use of the Leased Premises. In addition, the County agrees that if Kaiser reasonably determines that the use of the Leased Premises interferes with the use of the Property by others in any material respect, the County agrees that at the County's expense that the County will relocate the facilities contained within the Leased Premises to another mutually agreeable location on the Property but Kaiser shall not have the right to exercise this right during the first ten (10) years of this Agreement.

10. EMERGENCY FACILITIES. In the event of a natural or man made disaster, in order to protect the health, welfare, and safety of the residents of the County, the County may erect additional antenna facilities and install additional equipment on a temporary basis on the Leased Premises to assure continuation of service. Such temporary operation shall not exceed 90 days unless the County obtains written approval from Kaiser.

11. ASSUMPTION OF RISK; PREMISES USED "AS IS." The County assumes all risk of harm, damage and loss of any nature or kind to individuals and its property or other property brought onto the Eagle Mountain site by the County or in connection with the activities of or associated with the County, its employees, agents, contractors and invitees due to conditions on the Eagle Mountain site, concealed or open. The County is obtaining and will be using the Leased Premises in its "AS IS" physical and legal condition. The County and Kaiser recognize that there is a risk associated with any third person or entity seeking to limit or prevent the use of the Leased Premises. The County and Kaiser agree that any order or injunction, not resulting from a Party's breach of this Agreement, which limits or prevents the County's use of the Leased Premises or access to the Leased Premises shall constitute a force majeure event. Except as provided herein, during the existence of such a force majeure event, both Parties are excused from performing their obligations under this Agreement. The existence of such a force majeure event does not discharge the Parties from their accrued liabilities and obligations, including indemnification obligations, under this Agreement.

12. County's Indemnification.

a. County shall indemnify and hold harmless the Kaiser, its parent company, and their respective agents, managers, members, officers, employees and representatives from any liability whatsoever, based or asserted upon any act or omission of County, its Agencies, Districts, Special Districts and Departments, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives arising out of or in any way relating to or in any way connected with the Leased Premises, the Improvements or this Agreement, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever. County shall defend, at its sole expense, all costs and fees including, but not limited, to attorney fees, cost of investigation, defense and settlements or awards, the Kaiser, its parent company, and their respective agents, managers, members, officers and employees in any claim or action based upon such alleged acts or omissions.

b. With respect to any action or claim subject to indemnification herein by County, County shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of Kaiser; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes County's indemnification to Kaiser as set forth herein.

c. County's obligation hereunder shall be satisfied when County has provided to Kaiser the appropriate form of dismissal relieving KAISER from any liability for the action or claim involved.

d. The specified insurance limits required in this Agreement shall in no way limit or circumscribe County's obligations to indemnify and hold harmless the KAISER herein from third party claims.

e. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the County from indemnifying the Kaiser to the fullest extent allowed by law.

13. Kaiser's Indemnification.

a. Kaiser shall indemnify and hold harmless the County of Riverside, its Agencies, Districts, Special Districts and Departments, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted solely upon any act or omission of Kaiser, its parent company, and their respective officers, managers, members, employees, agents or representatives arising out of or in any way relating to or in any way connected with the Leased Premises or this Agreement, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever. Kaiser shall defend, at its sole expense, all costs and fees including, but not limited, to attorney fees, cost of investigation, defense and settlements or awards, the County of Riverside, its Agencies, Districts, Special Districts and Departments, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives in any claim or action based upon such alleged acts or omissions.

b. With respect to any action or claim subject to indemnification herein by Kaiser, Kaiser shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Kaiser's indemnification to County as set forth herein.

c. Kaiser's obligation hereunder shall be satisfied when Kaiser has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.

d. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the Kaiser from indemnifying the County to the fullest extent provided under this Agreement.

14. INSURANCE. Without limiting or diminishing the County's obligation to indemnify or hold the Kaiser harmless, County shall procure and maintain or cause to be procured and maintained, at no cost and expense to Kaiser, the following insurance coverage's during the term of this Agreement.

a. Worker's Compensation in compliance with applicable state law and Employers' Liability to a limit of at least one million dollars (\$1,000,000) per accident and, where applicable, insurance in compliance with any other statutory obligation whether federal or state, pertaining to the compensation of injured employees.

d. Each of the foregoing insurance policies shall cover the Leased Premises, the Improvements and all activities, and operations on the Property of the County (if it is no longer self-insured), and the County's agents, employees and contractors, sub-contractors, and invitees while present on the Property and shall be issued by insurance companies authorized to do business in the State of California adding Kaiser on each policy (other than worker's compensation) as an additional insured and loss payee. Within seven (7) days of the County executing the Agreement, the County shall forward to Kaiser certificates of insurance evidencing not less than above coverage and providing that Kaiser is an additional insured on such policies. Said certificates shall be mailed to the address set forth below, and shall include the following statement.

"Thirty (30) days written notice will be given to Kaiser Eagle Mountain, LLC, 3633 Inland Empire Boulevard, Suite 480, Ontario, California 91764, before any cancellation of or material change in this policy shall become effective."

e. The County's insurance requirements contained in this Agreement may be met with a program(s) of self-insurance but all contractors and subcontractors may not satisfy the insurance requirements provided herein by self-insurance program. .

f. County shall pass down the insurance obligations contained herein to all tiers of contractors and subcontractors working under this Agreement.

15. HAZARDOUS MATERIALS.

a. Without limiting the scope of Subparagraph 12. a. above, the County will be solely responsible for and will defend, indemnify, and hold Kaiser its parent company, and their respective agents, managers, members, officers, employees and representatives harmless from and against any and all claims, costs, liabilities, damages, oversight costs, regulatory costs, remediation costs, restoration costs, natural resources damages, consulting costs, mitigation fees and costs, attorney's fees and costs, arising out of or in connection with the cleanup or restoration of the Property, Leased Premises or those roads used for access to the Leased Premises resulting from the County's use, transportation, disposal, and/or release of Hazardous Materials on or over the roads for access to the Leased Premises or the Leased Premises. For purposes of this Agreement, "Hazardous Materials" shall be interpreted broadly and specifically includes, without limitation, asbestos, fuel, petroleum products, batteries or any hazardous substance, waste, or materials as defined in any federal, state, or local environmental or safety law or regulations including, but not limited to, CERCLA and petroleum based products.

b. **COUNTY WARRANTY.** The County represents and warrants that its use of the Leased Premises and the Improvements will not generate, store or dispose of hazardous materials on the Leased Premises except for diesel for use for the County's diesel generator, nor transport to or over the Leased Premises, any Hazardous Materials, unless the County specifically

The obligations of this Paragraph shall survive the expiration or other termination of this Agreement.

16. QUIET POSSESSION. Upon the County paying all of its monetary obligations of the Leased Premises and performing all of its other obligations, agreements and conditions under this Agreement, the County shall have quiet possession from Kaiser of the Leased Premises for the entire term of this Agreement subject to all the provisions of this Agreement and the Temporary Access License Agreement and any access license agreement that may supersede the Temporary Access License Agreement.

17. AGREEMENT TERMINATION.

a. EVENTS OF TERMINATION. Except as otherwise provided herein, this Agreement may be terminated as follows:

i. by either Party upon a default of any covenant or term hereof by the other Party, which default is not cured within thirty (30) days of receipt of written notice of default to the other Party (without, however, limiting any other rights of the Parties pursuant to any other provisions hereof);

ii. by Kaiser, if it reasonably determines that any of the material Improvements are structurally unsound, including, but not limited to the equipment, building and tower and County has not cured after Kaiser has provided a thirty (30) day advance notice to County with details of what has been determined structurally unsound and afforded the County opportunity to cure the structurally unsound condition.

- THE FACE OF ALL CUT AND FILL SLOPES SHALL BE PLANTED AND MAINTAINED WITH GRASS COVER APPROVED BY THE ARCHITECT/CIVIL ENGINEER.
- ALL TRENCH BACK FILLS SHALL BE TESTED AND CERTIFIED BY THE SITE SOILS ENGINEER PER THE GRADING CODE. THE SOIL CERTIFICATION SHALL INCLUDE THE STABILITY OF THE BACK FILL AND THAT THE COMPACTON IS 90% OF THE OPTIMUM DENSITY.
- ALL SURVEY MONUMENTS SHALL BE PROTECTED AND PERPETUATED IN PLACE. ANY DISTURBED OR COVERED MONUMENTS SHALL BE RESET BY A REGISTERED CIVIL ENGINEER ON A DEDICATED LAND SURVEY.
- ADJACENT MONUMENTS SHALL BE PROTECTED AND PERPETUATED IN PLACE. ANY DISTURBED OR COVERED MONUMENTS SHALL BE RESET BY A REGISTERED CIVIL ENGINEER ON A DEDICATED LAND SURVEY.
- ALL TRENCH BACK FILLS SHALL BE TESTED AND CERTIFIED BY THE SITE SOILS ENGINEER. INSPECTION AND CERTIFICATION OF FILL PLACEMENT SHALL BE PROVIDED BY THE SOILS ENGINEER DURING THE PROCESS OF GRADING. NO BACK OR SILLBACK MATERIAL GREATER THAN EIGHT INCHES IN DIAMETER WILL BE PLACED IN THE FILL UNLESS RECOMMENDATIONS FOR SUCH PLACEMENT HAVE BEEN SUBMITTED BY THE SOILS ENGINEER IN ADVANCE AND APPROVED BY THE GENERAL CONTRACTOR.
- IF ANY UNKNOWN SUB-SURFACE STRUCTURES ARE ENCOUNTERED DURING CONSTRUCTION, THEY SHALL BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE PROJECT ENGINEER TO PROCEED WITH GRADING OPERATIONS.
- IF SLOPES ARE TO BE GRADDED, THE LOCATION OF ALL UTILITIES OR STRUCTURE SHALL BE ASCEALED AND MARKED AS BEING GRADABLE. SLOPES OR NOT GRADABLE ON THESE PLANS WILL BE HELD RESPONSIBLE FOR ALL DAMAGE TO ANY UTILITIES OR STRUCTURES CAUSED BY HIS OPERATION. THE ENGINEER OF RECORD MUST BE NOTIFIED OF ANY CONTACTS AND CONSTRUCTION MUST BE TERMINATED AND STREETS RESTORED UNTIL CORRECTIVE MEASURES HAVE BEEN APPROVED BY THE GENERAL CONTRACTOR.
- CUT SLOPES SHALL NOT EXCEED 1 1/2:1 AND FILL SLOPES SHALL NOT EXCEED 2:1 UNLESS OTHER SLOPES IS JUSTIFIED BY THE SOILS ENGINEER. FILL SLOPES SHALL BE PROTECTED WITH MULCHING AND PRODS PLANTING WITHIN 15 DAY OF GRADING AND SLOPES BY THE SOILS ENGINEER. THE GRADING SLOPES WILL BE LOCATED PER CHAPTER 70 OF THE UNIFORM BUILDING CODE, LATEST EDITION.
- ADJACENT STREETS ARE TO BE CLEANNED DAILY OF ALL DIRT AND DEBRIS THAT IS THE RESULT OF THIS OPERATION.
- COMPOUND SURFACING SHALL SLOPE AWAY FROM SHELTER AND TOWER 1/2" PER FOOT MINIMUM, PER 4" MINIMUM.
- DUST CONTROL: GENERAL CONTRACTOR TO IMPLEMENT DUST CONTROL MEASURES.

TEMPORARY ACCESS LICENSE AGREEMENT
(EAGLE MOUNTAIN)

This TEMPORARY ACCESS LICENSE AGREEMENT ("**Agreement**") is dated _____, 2010 ("**Effective Date**"), and is among KAISER EAGLE MOUNTAIN, LLC ("**Kaiser**"), a Delaware limited liability company, MINE RECLAMATION, LLC, a California limited liability company ("**Mine Reclamation**") and the County of Riverside ("**County**"), a political subdivision of the State of California (each, a "**Party**"; collectively, "**the Parties**"). Kaiser and Mine Reclamation are sometimes collectively referred to herein as the "**Grantors**".

RECITALS

A. On August 9, 2000, the County Sanitation District No. 2 of Los Angeles County (the "**District**") entered into an Agreement for Purchase and Sale of Real Property and Related Personal Property in Regard to the Eagle Mountain Landfill and Joint Escrow Instructions (the "**Purchase and Sale Agreement**"), under which Mine Reclamation agrees to transfer to the District the Eagle Mountain Landfill Project (the "**Landfill Project**"). The sale of the Landfill Project includes certain real property interests situated in the unincorporated area of Riverside County, California, more particularly depicted on Attachment 1 attached hereto (the "**Landfill Property**"). At this juncture, the sale of the Landfill Project is pending subject to the final resolution of a court challenge by Landfill Project opponents and the satisfaction of certain conditions precedent in the Purchase and Sale Agreement.

B. Inside the Southern boundary of the Landfill Property is a portion of an unimproved, two-lane roadway, commonly known as the South Main Haul Road (the "**Access Road**"). The Access Road is depicted in Attachment 2 as it currently exists. The Parties acknowledge that the precise location of the Access Road may change from time-to-time for operational and other reasons.

C. Kaiser owns certain real property ("**Kaiser Retained Property**") that is adjacent to the Landfill Real Property and is more particularly depicted in Attachment 3. A small portion of the Access Road, known as the "**Horseshoe**", is located on Kaiser Retained Property, as well as the portion of the Access Road located above (that is, generally North of) the Landfill Property; the remainder of the Access Road is situated on the Landfill Real Property.

D. Effective upon the closing provided for in the Purchase and Sale Agreement, the District and Kaiser shall jointly use the Access Road, upon the terms and to the extent provided for in a joint use agreement ("**Joint Use Agreement**") to be entered into by Kaiser and the District. The

Joint Use Agreement will address, among other things, when Kaiser or District shall act on behalf of the Grantors under this Agreement.

E. County desires to construct, maintain and operate an emergency communications tower and related improvements on certain Kaiser Retained Property (the "**Communications Facility**"). To gain access to the site of the Communications Facility, the County needs the ability to have non-exclusive use of the Access Road.

F. The Parties accordingly enter into this Agreement to set forth their respective rights, obligations, and interests in connection with the granting to County of a license for use of the Access Road, all on the terms set forth below. The construction, maintenance and operation of the Communications Facility and the lease of the land for the Communications Facility is addressed under that certain separate Communications Facility Lease Agreement between Kaiser and the County.

NOW, THEREFORE, Grantors and County agree as follows:

1. **GRANT OF LICENSE.** Subject to the terms and conditions of this Agreement, Grantors do hereby grant to County a non-exclusive license (the "**License**") for a period of twenty-five (25) years (the "**Initial Term**"), for use of the Access Road by County, its contractors, employees, and agents (collectively, "**County Parties**") solely for the purpose of accessing the Communications Facility to construct, maintain, repair and operate the Communications Facility (the "**Access Rights**"). The Initial Term of this Agreement may be extended by County, provided that County is not in default under this Agreement, upon the same terms and conditions as set forth in this Agreement except that the License Fee shall be adjusted as set forth in Section 5 of this Agreement, for an additional period of 25 years (the "**Extended Term**") upon written notice from County to Grantors sent at least twelve (12) months prior to the expiration of the Initial Term. (The License granted County shall not be construed as an interest in real estate, but rather a license which may not be revoked except upon the express terms of Section 9 of this Agreement. County shall not use the License for any other purpose than as set forth in this Agreement or as may be expressly agreed to in writing by both of the Parties, and shall not use the License in any manner that could result in the Kaiser Retained Property or the Landfill Project becoming subject to regulation by the California Public Utilities Commission or the United States Interstate Commerce Commission. This Agreement does not grant County the right to use any Landfill Project or Kaiser facilities other than the Access Road.

2. **CONDITIONS OF LICENSE.** County's License is subject to following terms and conditions:

a. County accepts the Access Road in the condition existing as of the Effective Date, subject to all applicable zoning, municipal, county and state laws, Landfill Project conditions, ordinances and regulations, if any, governing and regulating the use of the land subject to the License. Grantors make no warranties, express or implied, as to fitness of the space on, under or above the Access Road for the use being made or intended to be made by County. County is subject to all senior covenants, conditions, restrictions, reservations, rights, rights-of-way, easements, and all other applicable and superior matters of record affecting the land subject to the License. In accepting the License, County accepts the space in, under and above and the land within the Access Road in its present physical condition, as well as any change in the physical condition that arises from customary practices or operating the proposed Landfill Project, normal wear and tear to the Access Road or from Force Majeure Events (as defined in Section 13 below) excepted. There shall be no material modifications to the Access Road by Grantee without Grantors prior written consent, which consent shall not be unreasonably condition or denied as long as the modification would not

interfere with the operation of the Landfill Project or Kaiser's operations as they may exist from time to time.

b. To the extent applicable, County shall keep the Landfill Project and Kaiser Retained Property free from any mechanic's liens arising out of any work performed, materials furnished or obligations incurred by County in connection with the Communications Facility and use of the Access Road, and agrees to defend, indemnify and hold harmless Grantors from and against any such lien or claim or action thereon, together with costs of suit and reasonable attorney's fees incurred by Grantors in connection therewith. If any such lien shall be filed, County shall notify Grantors promptly. County shall either cause the lien to be discharged of record within twenty (20) days after the date of filing of the same or, if County in good faith determines to contest such lien, County shall furnish such security as may be necessary to (a) prevent any foreclosure proceedings against the Landfill Project and Kaiser Retained Property during the pendency of such contest, and (b) cause Grantor's title insurance company to remove such lien as a matter affecting title on a preliminary title report with respect thereto. If County shall fail to perform its obligation in this subsection to remove any lien for which County is responsible, Grantors shall have, in addition to all other remedies provided herein or by law, the right but not the obligation to cause such lien to be removed by such means as Grantors shall deem proper, including payment of or defense against the claim giving rise to such lien. Nothing herein shall imply any consent by Grantors to liability under any mechanics' or other lien law. The covenants in this Section 2.b. shall survive the termination of this Agreement.

c. Until the Termination Date (as defined in Section 8 below), County shall:

(1) Have the ability to use the Access Road on a non-exclusive basis as provided in this Agreement provided such use does not Impair Landfill and Kaiser Operations. For purposes of this Agreement, the term "**Impair Landfill and Kaiser Operations**" shall mean any conduct or activities of County, or condition of the Access Road as caused by County, that leads directly or indirectly to an actual adverse impact on any operations on the Kaiser Retained Property or on the Landfill Project, including delay, hindrance, impedance, or obstruction of any Kaiser or Landfill Project activities or operations, Kaiser or Landfill Project revenues, assets, business, or properties, or any physical damage to the Landfill Project or Kaiser operations.

(2) Undertake all construction, improvements, repairs and maintenance, if any, to the Access Road (collectively, "**Work**") in a diligent, good and workmanlike manner according to and in conformity with Plans and Specifications (as defined below), all laws and accepted industry practices. County shall schedule any Work on the Access Road with Grantors in advance to ensure that the Work does not impair the Landfill Project and the Kaiser Retained Property. County shall furnish Kaiser and District at its own expense a reasonably detailed plans and specifications ("**Plans and Specifications**") for the Work at least two weeks prior to the commencement of any work on the Access Road. Kaiser and District shall have fifteen (15) business days from its receipt of County's Plans and Specifications to approve or disapprove same, in writing, which approval may not be unreasonably withheld; provided however, Kaiser and District may approve or disapprove any portion of the Plans and Specifications that require modifications to the Access Road in their respective good faith judgment. In the event either Kaiser or District fails to disapprove the Grantee's Plans and Specifications (with a clear statement of the reasons for such disapproval) within the fifteen (15) business day period referenced in the prior sentence, the Plans and Specifications shall be deemed approved. Additionally, the County's indemnification obligations shall survive the termination of this Agreement for any reason.

9. USE OF HAZARDOUS MATERIALS.

a. County, its employees, agents, and other third parties entering upon the Landfill Project and Kaiser Retained Property at the request or invitation of County, shall not bring into, maintain upon, or release or discharge in or about the Landfill Project and Kaiser Retained Property any "hazardous materials" (as defined in subsection (f) below); provided, however, County may transport to or from the Communications Facility site limited amounts of substances typically and reasonably used in connection with the construction, maintenance, and operation of the Communication Facility and listed in **Attachment 4 ("Authorized Hazardous Products")** so long as (i) such substances are maintained only in such quantities as are reasonably necessary for use in connection with the construction, maintenance and operation of the Communications Facility, (ii) such substances and any equipment that generates such substances are used and stored strictly in accordance with all Applicable Law and the highest standards prevailing in the industry for such substances and the manufacturers' instructions therefore, (iii) such substances are not disposed of in or about the other Kaiser and Landfill Property in a manner that would constitute a release or discharge thereof and (iv) all such substances and any equipment that generates or holds such substances are removed from the Kaiser and Landfill Property by County before the expiration or earlier termination of this Agreement.

b. In the event that County proposes to conduct any use or to operate any equipment that will or may utilize or generate a hazardous material (other than Authorized Hazardous Products), County shall first in writing submit such use or equipment to Grantors for their approval. No approval by Grantors will relieve County of any obligation of County pursuant to this subsection (b), including the removal, clean-up and indemnification obligations imposed upon County by this License.

c. Within five (5) days after notice of or receipt, County shall furnish to Grantors copies of all notices and other communications received by County with respect to any actual or alleged release or discharge of any hazardous materials. The reporting obligations in the preceding sentence shall not apply to any Authorized Hazardous Products. In the event that County is required to maintain any hazardous materials license or permit in connection with any use conducted by County or any equipment operated by County with respect to the License, County shall provide copies of each such license or permit, each renewal thereof and any communication relating to suspension, renewal or revocation thereof. Copies shall be furnished to Grantors within five (5) business days after receipt of or submission thereof by County. Compliance by County with the two immediately preceding sentences shall not relieve County of any obligation of County pursuant to this Section 9. County shall diligently and promptly commence, prosecute, and complete the clean-up and removal from the Kaiser and Landfill Property of all hazardous materials introduced by any County Parties into or on the Kaiser and Landfill Property other than any Authorized Hazardous Products released or discharged thereon. Such clean-up and removal of hazardous materials released by any County Parties into or onto the Kaiser and Landfill Property shall be at County's sole expense and County must remediate the impacted areas to all applicable regulatory standards consistent with the operations on the Kaiser and Landfill Property and the Landfill Project. With respect to any hazardous materials released by any County Parties into or onto the Kaiser and Landfill Property, County shall undertake all testing and investigation required by any lender, owner, or governmental authorities having jurisdiction, authority, or ownership over the Kaiser and Landfill Property and promptly prepare and implement any remedial action plan required by any governmental authorities asserting jurisdiction, and obtain all regulatory approvals for verification and closure. County shall conduct, to the satisfaction of Grantors and all applicable governmental authorities, all such clean-up and removal activities of hazardous materials released by County into or onto the Kaiser and Landfill Property. County shall have the obligation to inform Grantors of its progress, and Grantors shall have the right, but not the obligation, to participate in all communications and meetings related to any clean-up actions undertaken by County. County shall promptly provide to Grantors copies of all studies, consultant reports, and correspondence related to any testing or clean-up actions undertaken by or on behalf of County. If, as a result of the release of hazardous materials on the Kaiser and Landfill Property by any County Parties, any governmental authority requires testing for hazardous materials in the Kaiser and Landfill Property, then County shall reimburse Grantors for all such costs of such testing. In the event any County Parties remove any soils from the Kaiser and Landfill Property, County shall promptly fill the Kaiser and Landfill Property to an at-grade level with clean fill compacted at the level of prior compaction.

d. County shall indemnify, defend, and hold harmless Grantors, and their respective successors, assigns, partners, directors, officers, trustees, beneficiaries, members, managers, employees, agents, lenders, attorneys and affiliates (collectively, the "**Indemnified Parties**") from and against any and all claims, liabilities, losses, actions, costs and expenses (including attorneys' fees and costs of defense) incurred by such Indemnified Parties, or any of them, as the result of (i) the introduction into or about the Kaiser and Landfill Property of any hazardous materials by any County Party, (ii) the illegal or unauthorized (under subsection a. above) usage, storage, maintenance, generation, production, disposal, release or discharge of hazardous materials in or about the Kaiser and Landfill Property by any County Parties, (iii) the discharge or release in or about the Kaiser and Landfill Property of any hazardous materials by any County Parties, (iv) any injury to or death of persons or damage to or destruction of property resulting from the use, introduction, production, storage, generation, disposal, disposition, release or discharge by County Parties of hazardous materials in or about the Kaiser and Landfill Property, and (v) any failure of any County Parties to comply with the foregoing covenants of this subsection d.

e. County accepts the Access Road on an "**AS IS**" basis and has conducted or will conduct its own examination of the License Area or the Access Route with respect to the

existence of hazardous materials or has waived the right to do so. Grantors do not make any representation or warranty regarding the presence of hazardous materials on Access Road and will make available to Grantee upon request all other environmental reports and studies in Grantor's possession or available to Grantor relating to the environmental conditions in the Access Road.

f. The term "**hazardous materials**" includes asbestos, all petroleum products and all hazardous materials, hazardous wastes and hazardous or toxic substances as defined or designated in or pursuant to the comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. §§ 9601, et seq.) In addition, "**hazardous materials**" shall include any substance designated pursuant to the Clean Water Act (33 U.S.C. §§ 1321 et seq.), any hazardous waste having the characteristics identified under or listed pursuant to the Solid Waste Disposal Act, (42 U.S.C. §§ 1317(a), et seq.), any hazardous air pollutant listed under Section 112 of the Clean Air Act (42 U.S.C. §§ 7412, et seq.) and any imminently hazardous chemical substance or mixture with respect to which the Administrator of the Environmental Protection Agency has taken action pursuant to Section 7 of the Toxic Substances Control Act (15 U.S.C. §§ 2606, et seq.). The term also includes, but is not limited to, polychlorinated biphenyls, urea formaldehyde, or related substances.

g. The obligations contained in this Section 9 will survive the expiration or termination of this Agreement.

County shall indemnify and hold harmless the Indemnified Parties from and against all Liabilities for any damage or injury (including, without limitation, loss of life) to any person or property arising from any County Parties use of the Licenses, or any failure by County to perform or comply with any of its obligations contained in this Agreement, excluding Liabilities arising from the sole negligent or willful acts of the Indemnified Parties or their agents. Such indemnification shall extend to Liabilities arising from any activity, work, or thing done, permitted or suffered by County Parties in or about the Kaiser and Landfill Property and shall further extend to any Liabilities arising from any default in the performance of any obligation on County's part hereunder. "**Liabilities**" shall include all suits, actions, claims and demands and all expenses (including attorneys' fees and costs of defense) incurred in or about any such Liabilities and any action or proceeding brought thereon. Nothing contained herein shall operate to relieve Grantors from any loss, damage, injury, liability, claim, cost or expense that is determined by a court of competent jurisdiction to be proximately caused by Grantor's or Grantor's respective agents', employees', successors' and assigns' negligence or willful misconduct. The obligations contained in this Section 10 will survive the expiration or any earlier termination of this Agreement.

12. BINDING ON SUCCESSORS AND ASSIGNS. This Agreement is binding upon the Parties and their respective successors and assigns. Kaiser and/or Mine Reclamation may assign this Agreement in whole or in part (such as assigning an interest in the Agreement as it relates only to the Landfill Project Property and jointly used Landfill Property under ancillary agreements between the District and Kaiser) without any prior consent or approval by County, but shall provide County with notice of such assignment within ten (10) business days of such occurrence. The District shall have no obligations or liabilities under this Agreement prior to the date upon which the District takes title to any portion of the Kaiser and Landfill Property, at which point the District shall be deemed to be one of the Grantors. A Grantor shall promptly notify the County in writing specifying the nature of any such Force Majeure Event, the degree to which Access Road use will be suspended, and the effective date on which use will be suspended, as well as a non-binding projection of the duration of the suspension. In the event of a permanent Force Majeure Event, such as eminent domain or governmental regulation, this Agreement shall terminate.

14. COOPERATION. The Parties agree to cooperate with one another. Each Party shall promptly execute and deliver any additional documents as are reasonably required for the purposes of satisfying the terms of this Agreement; provided that no such document shall be inconsistent with the provisions hereof, and provided further that no such document will be deemed to amend or modify any of the provisions contained herein.
