

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

732

FROM: County Executive Office

SUBMITTAL DATE:
July 19, 2010

SUBJECT: Revision of Board Policy B-14 and Approval of Resolution No. 2010-205 and a Resolution Template for Temporary Cash Loans

RECOMMENDED MOTION: That the Board of Supervisors approve:

1. Revisions of Board Policy B-14 pertaining to cash management to avoid cash deficits in county funds, as contained in Attachment A; and,
2. Resolution No. 2010-205 authorizing the county auditor to establish and abolish funds, and to make temporary transfers of money between funds under authority of the Board of Supervisors, contained in Attachment B, which supersedes Resolution No. 91-269; and,
3. A template for a resolution authorizing the county treasurer to make temporary transfers of money between funds under custody of the county treasurer, contained in Attachment C.

BACKGROUND: Draw down of the county's reserves, hesitance in the lending markets, and ongoing uncertainty regarding state deferral of payments to the county require increased vigilance and preparation to ensure adequate cash is available to meet the county's daily payment obligations. The proposed updates to Board policy will ensure appropriate authority and guidance are in place to meet these needs.

Board Policy B-14 and Resolution No. 91-269 were adopted in 1991 in response to 1990 changes in law enabling the Board to authorize the county auditor to establish and abolish funds, and to move money between those funds in the county treasury under the authority of the Board of Supervisors. The intent of the proposed revisions is to refresh and clarify the language of those policy documents. As of July 1, 2010, the amount in this pool of funds totaled \$409 million net of the TRANS. The pool of funds not under the authority of the Board includes all fiduciary funds, such as the funds of school districts and other non-county funds held by the county treasury, and all funds of separate legal county entities including, but not limited to, the:

- County of Riverside Redevelopment Agency
- Public Financing Corporation
- Industrial Development Authority
- In-Home Supportive Services Public Authority
- Community Facilities Districts
- Housing Authority
- Flood Control and Water Conservation District
- Waste Resources Management District
- Regional Park and Open Space District

As of July 1, the amount in this restricted pool of funds totaled \$444 million. Timing of availability and repayment with interest of any temporary loans from such funds will be coordinated in advance with the funds' administrators.

Also proposed is approval of a template for resolutions to authorize the county treasurer to make temporary cash loans from and/or between the restricted funds. Pursuant to the California Constitution, such loans are made on a case-by-case basis, and the county treasurer must be authorized separately in each instance such a loan is requested.

These policy documents put in place the authority necessary to respond timely to address cash flow needs as they arise. As part of this effort, the county executive office, the auditor-controller's office, and the treasurer's office are working together to identify further internal processes and procedures necessary to manage cash flow on a day-to-day basis. The executive office will also be working with county departments to tighten cash management practices to optimize the county's cash position.

As of June 15, 2010, State Controller John Chiang anticipated exhausting the state's borrowable cash resources in July. If a state budget is not adopted by August 1, Chiang anticipates the state will fall below a prudent cushion and he will again institute deferral of state payments, including payments to community colleges, school districts, and local governments until a state budget is adopted. The recommended policy actions reinforce the authority to respond as necessary to such deferrals and other daily cash flow needs.

When the State Controller's Office deferred certain payments last year, the county joined the County of Sacramento and others in a suit to compel payment, and the Executive Office recommends consideration of joining any similar suits in the future to compel the state to make payments on duly appropriated amounts. If necessary, the Executive Office also recommends consideration of curtailing state programs for which payment is deferred to the extent necessary to protect the county's own cash position.

COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY

<u>Subject:</u>	<u>Policy Number</u>	<u>Page</u>
POLICY FOR CASH MANAGEMENT TO AVOID CASH DEFICITS IN COUNTY FUNDS	B-14	1 of 2

Policy:

County Funds

No fund over which the Board of Supervisors has authority shall be allowed to remain in a cash deficit position. All funds over which the Board of Supervisors has authority shall be treated without restriction as a single pool of funds for the purpose of determining whether cash is available to pay warrants. Pursuant to Section 25252 of the Government Code and Board Resolution No. 2010-205 (Attachment A), the Auditor-Controller is authorized to establish or abolish funds as necessary for the proper transaction of the business of the county; and, for those funds over which the Board of Supervisors has authority, is authorized to transfer money from one fund to another as the public interest requires.

The funds over which the Board of Supervisors does not have authority includes all fiduciary funds, such as the funds of school districts and other non-county funds held by the county treasury, as well as all funds of separate legal entities of the county, including but not limited to: the Redevelopment Agency, the Public Financing Corporation, the Industrial Development Authority, the In-Home Supportive Services Public Authority, the Community Facilities Districts, the Housing Authority, the Flood Control and Water Conservation District, the Waste Resources Management District, and the Regional Park and Open Space District.

All county department heads responsible for county funds will endeavor to avoid cash deficits throughout the fiscal year. If material cash deficits occur, or are projected to occur, in a particular fund, or if working capital is required, the department head responsible will request a formal cash advance from the Board and resolve the negative cash balance by June 30th of that fiscal year.

Other Funds

Boards of directors and officials of separate legal entities of the county, independent special districts, and school districts have primary responsibility for managing the cash balances of their respective funds in the county treasury, and for taking corrective action to avoid cash deficits.

Temporary loans may be made by the County Treasurer pursuant to resolution of the Board of Supervisors under Section 6 of Article 16 of the California Constitution, a template for which is provided in Attachment B to this policy.
