RECOMMENDED MOTION: (Continued)

3. Authorize the Assistant County Executive Officer/EDA, or his designee, to execute any other documents and administer all actions to complete this transaction.

BACKGROUND:

Clinton Keith Road is proposed to be constructed as a six-lane urban arterial between Antelope Road and State Route 79 in western Riverside County, in accordance with County General Plan Amendment (CGPA) 409, adopted December 19, 2000 (Project). The length of the proposed project, including the existing alignment and the extension of the alignment, is approximately 3.4 miles (5.5 kilometers). The County of Riverside is acting as the lead agency to design and construct the Project. Portions of the Project are located within the County and portions are located within the City of Murrieta. Therefore, the County of Riverside, as the lead agency for this project is responsible for the completion of this Project as well as acquiring portions of properties necessary for the Project.

On March 13, 2007, the Board of Supervisors approved Item 3.22 approving the acquisition of the fee simple interest, permanent slope easement and temporary construction easement. On January 15, 2008, the Board of Supervisors approved Item 3.24 approving the acquisition of the additional drainage easement and temporary construction easement. All of the property interests are located within a portion of Assessor's Parcel Number 392-330-020 (formerly known as Assessor's Parcel Number 392-330-004), for the purpose of constructing the Clinton Keith Road Widening Project.

The County has completed the acquisitions needed from the portion of Assessor's Parcel Number 392-330-020 for the Project. Since Assessor's Parcel Number 392-330-020 is located in the City of Murrieta, the property interests acquired (except the Temporary Construction Easement) by the County can be transferred to the City of Murrieta by Quitclaim Deeds in order for the City to construct the traffic signal improvement at the intersection of Clinton Keith Road and Meadowlark Lane. The County will construct the road improvements along Clinton Keith Road frontage at a later date.

On July 27, 2010, the Board adopted Resolution No. 2010-121, approving their notice of intent to convey the County's fee simple and easement interests to the City of Murrieta and notice was also published by the Clerk of the Board as provided in Section 6061 of the Government Code.

The resolution has been reviewed and approved by County Counsel as to legal form.

FINANCIAL DATA:

There are no costs associated with this transaction.

BACKGROUND:

Clinton Keith Road is proposed to be constructed as a six-lane urban arterial between Antelope Road and State Route 79 in western Riverside County, in accordance with County General Plan Amendment (CGPA) 409, adopted December 19, 2000 (Project). The length of the proposed project, including the existing alignment and the extension of the alignment, is approximately 3.4 miles (5.5 kilometers). The County of Riverside is acting as the lead agency to design and construct the Project. Portions of the Project are located within the County and portions are located within the City of Murrieta. Therefore, the County of Riverside, as the lead agency for this project is responsible for the completion of this Project as well as acquiring portions of properties necessary for the Project.

On March 13, 2007, the Board of Supervisors approved Item 3.22 approving the acquisition of the fee simple interest, permanent slope easement and temporary construction easement. On January 15, 2008, the Board of Supervisors approved Item 3.24 approving the acquisition of the additional drainage easement and temporary construction easement. All of the property interests are located within a portion of Assessor's Parcel Number 392-330-020 (formerly known as Assessor's Parcel Number 392-330-004), for the purpose of constructing the Clinton Keith Road Widening Project.

The County has completed the acquisitions needed from the portion of Assessor's Parcel Number 392-330-020 for the Project. Since Assessor's Parcel Number 392-330-020 is located in the City of Murrieta, the property interests acquired (except the Temporary Construction Easement) by the County can be transferred to the City of Murrieta by Quitclaim Deeds in order for the City to construct the traffic signal improvement at the intersection of Clinton Keith Road and Meadowlark Lane. The County will construct the road improvements along Clinton Keith Road frontage at a later date.

Pursuant to Government Code Section 25365, the County may transfer interests in real property or interest therein, belonging to the County to another public agency, upon the terms and conditions as are agreed upon and without complying with any other provisions of the Government Code, if the property or interest therein to be conveyed is not required for county use. The County intends to convey the following Easement Interests in Real Property located in the City of Murrieta, County of Riverside: a Fee Simple interest containing 17,925 square feet; a Slope Easement interest containing 28,493 square feet; and a Drainage Easement containing 991 square feet, all within Assessor's Parcel Number 392-330-020 (formerly known as Assessor's Parcel Number 392-330-004) by Quitclaim Deeds to the City of Murrieta.

The resolution has been reviewed and approved by County Counsel as to legal form.
