SUBJECT: Professional Services Agreement with Hanger Prosthetics & Orthotics, Inc

BACKGROUND:

Riverside County Regional Medical Center (RCRMC) surgeons require a contractor to provide orthotic and prosthetic patient care services with a trained and experienced critical care service provider.

On behalf of RCRMC, County Purchasing released a Request for Proposal (RFP #MCARC139), to secure prosthetic and orthotic services for the hospital. Solicitations were sent to fourteen prospective vendors specializing in these services and advertised on the County's Internet/Website. Three proposals were received and evaluated by three Clinical Management staff from RCRMC.

The evaluation team reviewed and scored each proposal based on the bidder's overall responsiveness to the RFP requirements, their experience with other comparable size hospital facilities, the ability to perform the services and the overall cost to the County. The scores ranged from 68.83 to 95.53. Hanger Prosthetics & Orthotics, Inc. received the highest score of 95.53.

PRICE REASONABLENESS:

As a result of RFP MCARC139, Hanger was identified as the lowest and most responsive responsible contractor for these services based on the competitive bids received. Hanger's fee schedule is a customized rate schedule for all orthotic and prosthetic coded services. Their proposed rates are equivalent to Medi-Cal rates for the procedures billed and are discounted 42.6% off of their charges.

Formerly, RCRMC has utilized Hanger for its prosthetic & orthotic services since 2001, as they have been the incumbent vendor.

FINANCIAL IMPACT:

Funding for this service is 100% Hospital Enterprise funded and does not require additional County funds.
