STATE BAR OF CALIFORNIA

July 30th, 2010

This is a complaint against County Counsel, Pamala Walls for what I believe is a violation of Riverside County and the State Bar Code of Ethics. I have been before the Board of Supervisors of Riverside County 88 times. On video and in the Clerk of the Board records are over 100 documents that prove County Counsel office has knowingly misled the Superior Court in Court Case no. 187104 and refusal to comply with state law. The attached documents I have personally given to Pamala Walls and the Board of Supervisors and the Clerk of the Board.

Exhibit 1. A easement deed dated Aug 9th, 1965. Page 2 states the conditions that could cause the easement to cease and determine.

Exhibit 2. A 40' public road easement dated May 12th, 1988 that the County of Riverside recorded May 12th, 1988 that caused easement exhibit 1 to cease and determine.

Exhibit 3. A contract dated 9/30/1988 given by Riverside County Flood Control to work in the public road. Page 40 states that the contractor must comply with all of the requirements of the encroachment permit issued to the District by the County Road Dept.

Exhibit 4. Riverside County Ordinance no. 499 stating no district or public agency is exempt from having a permit.

Exhibit 5: A Statement of Decision dated Nov 27th, 1990 in inverse Condemnation Case 187104 stating that Exhibit 1 easement deed was extinguished when Riverside County Flood Control recorded Exhibit 2 public road easement.

Exhibit 6: County or Riverside brief filed in the Court of Appeal in court case 187104. Brief describes in detail that the new road is a unobstructed 40' public road and how it was constructed and for what purpose.

Exhibit 7: A notarized tiled report dated Dec 7th, 1990 that states that Riverside County Flood Control did not have 100% ownership of the land transferred to the Road Dept. The Title Report page 2 describes Lake Hemet Municipal Water District conflicting easement rights dating back to 1909.

Exhibit 8: A report dated 12/11/1992 from Riverside County Supervisor Norton Younglove stating based upon his personal inspection and public records that he has serious doubts that the County had full ownership at the time of transfer and that the road did not provide adequate road access as defined by law and required by the Road Commissioner and the Board of Supervisors.

Exhibit 9: A letter from Supervisor Younglove offering his assistance to get the court to set aside case 187104.

Exhibit 10: A letter from Riverside County Flood control stating the construction in the public road impeded the legal access.

Exhibit 11: A letter dated July 22nd, 1996 from Riverside County Road Dept. that no permit was ever issued to work in the public road as required in exhibit 3 and 4.

Exhibit 12: A letter dated July 1st, 1996 from the U.S. Corps of Eng stating that to their knowledge no permits were ever issued for the County to work in the public road.

Exhibit 13: A aerial photograph showing the permanent fill placed in the public road as described in exhibit 12.

Exhibit 14: A report from the U.S. Corps of Eng. Describing how because of the permanent fill in the public road that the flood control channel could fail. County Counsel has been sitting on her hands and even encouraging Riverside County to violate State, Federal, and County Statues. I have asked County Counsel to ask the Court to set aside Case 187104 based upon fraud upon the Court and to have the encroachments removed, there has been 2 deaths because of this illegal project.

Exhibit 15: Points and authorities encroachments.

Exhibit 16: A memorandum given to me from Pamala Walls stating that County Counsel has the authority to bring a civil action to remove the encroachments.
