BACKGROUND:

On June 29, 2010, the Board approved the plans and specifications and authorized the Clerk of the Board to advertise the Notice of Inviting Bids for the Rancho Jurupa Regional Sports Complex Project and the Rancho Jurupa Regional Sports Complex – Well Pumping Equipment Project (Phase I).

Prior to bidding for Rancho Jurupa Regional Sports Complex, staff needed to bid the Well Pumping Equipment Project (Phase I) to determine if the well site provides adequate amount of water volume and pressure to act as the main non-potable water source to the complex.

Once this determination has been made, staff will bid the Rancho Jurupa Regional Sports Complex Project and return to the Board with a recommendation to approve plans and specifications for the Well Pumping Equipment Project (Phase II). The scope of work for Phase II will construct the water well, pumping plant, reservoir, and all above ground improvements necessary to complete the construction of the well.

The Well Pumping Equipment Project (Phase I) was advertised in the Press Enterprise on July 2nd and July 9th of 2010. On July 19, 2010, at 2:00 pm, three sealed bids were received. Staff determined that Bakersfield Well and Pump Company to be the lowest responsive and responsible bidder. Therefore, it is recommended that the Board award the construction contract to Bakersfield Well & Pump Company in the amount of \$212,081. The total overall project budget is \$288,289.
