The Honorable Board of Supervisors

RE: Construction of Traffic Signal and Lighting at the intersection of Old Elsinore Road/ Clark Street and Rider Street, Mead Valley area.

June 29, 2011

Page 2 of 2

**BACKGROUND:** By Minute Order dated May 24, 2011 (agenda item 3.51) the Board authorized the Clerk of the Board to advertise for the construction of traffic signal, lighting, and associated improvements at the intersection of Old Elsinore Road/ Clark Street and Rider Street in the Mead Valley area.

During the advertisement period, two addenda were issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge the addenda on their Contractor's Proposal, and to take all addenda into account, to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached as Addendum No. 1, and Addendum No. 2.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, June 15, 2011. Nine bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsive bid was submitted by Competitive Edge Electric in the amount of \$388,000. The bid is \$7,760 (2%) less than the Engineer's Estimate.

The Transportation Improvement Program provides for the construction of the subject improvements.

The proposed traffic signal, which is adjacent to Columbia Elementary School, will provide protected traffic movements and improve traffic and pedestrian safety. This project will also provide striping and signing improvements at the intersection, roadway widening and drainage improvements.

The construction of this signal project will be partially funded by the Development Impact Fee (DIF) program, which is governed under Ordinance 659.6 and allows for the use of DIF funds for traffic signal facilities.

Annual traffic signal operation and maintenance costs are estimated at \$5,500 for this location, to be funded from gas tax.

The Contractor will be requested to execute the contract and provide bonds and insurance documents after the Board approval.

The contractor is qualified.

### SECTION II – LIABILITY COVERAGE

#### A. COVERAGE

##### 1. WHO IS AN INSURED

The following is added:

- d. Any organization, other than a partnership or joint venture, over which you maintain ownership or a majority interest on the effective date of this Coverage Form, if there is no similar insurance available to that organization.
- e. Any organization you newly acquire or form other than a partnership or joint venture, and over which you maintain ownership of a majority interest. However, coverage under this provision does not apply:
  - (1) If there is similar insurance or a self-insured retention plan available to that organization; or
  - (2) To "bodily injury" or "property damage" that occurred before you acquired or formed the organization.
- f. Any volunteer or employee of yours while using a covered "auto" you do not own, hire or borrow in your business or your personal affairs. Insurance provided by this endorsement is excess over any other insurance available to any volunteer or employee.
- g. Any person, organization, trustee, estate or governmental entity with respect to the operation, maintenance or use of a covered "auto" by an insured, if:
  - (1) You are obligated to add that person, organization, trustee, estate or governmental entity as an additional insured to this policy by:
    - (a) an expressed provision of an "insured contract", or written agreement; or
    - (b) an expressed condition of a written permit issued to you by a governmental or public authority.
  - (2) The "bodily injury" or "property damage" is caused by an "accident" which takes place after:

## SECTION III – PHYSICAL DAMAGE COVERAGE

### A. COVERAGE

The following is added:

#### 5. Hired Auto Physical Damage

- a. Any "auto" you lease, hire, rent or borrow from someone other than your employees or partners or members of their household is a covered "auto" for each of your physical damage coverages.
- b. The most we will pay for "loss" in any one "accident" is the smallest of:
  - (1) \$50,000
  - (2) The actual cash value of the damaged or stolen property as of the time of the "loss"; or
  - (3) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality.If you are liable for the "accident", we will also pay up to \$500 per "accident" for the actual loss of use to the owner of the covered "auto".
- c. Our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by an amount that is equal to the amount of the largest deductible shown for any owned "auto" for that coverage. However, any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning.
- d. For this coverage, the insurance provided is primary for any covered "auto" you hire without a driver and excess over any other collectible insurance for any covered "auto" that you hire with a driver.

#### 6. Rental Reimbursement Coverage

We will pay up to \$75 per day for up to 30 days, for rental reimbursement expenses incurred by you for the rental of an "auto" because of "loss" to a covered "auto". Rental Reimbursement will be based on the rental of a comparable vehicle, which in many cases may be substantially less than \$75 per day, and will only be allowed for a period of time it should take to repair or replace the vehicle with reasonable speed and similar quality, up to a maximum of 30 days. We will also pay up to \$500 for reasonable and necessary expenses incurred by you to remove and replace your materials and equipment from the covered "auto".

If "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided under paragraph 4. **Coverage Extension.**

#### 7. Lease Gap Coverage

If a long-term leased "auto" is a covered "auto" and the lessor is named as an Additional Insured – Lessor, in the event of a total loss, we will pay your additional legal obligation to the lessor for any difference between the actual cash value of the "auto" at the time of the loss and the "outstanding balance" of the lease.

"Outstanding balance" means the amount you owe on the lease at the time of loss less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; and lease termination fees.

### B. EXCLUSIONS

The following is added to Paragraph 3

- (2) Any other electronic equipment that is:
  - (a) Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system; or
