LIEN AGREEMENT

THIS LIEN AGREEMENT ("Lien Agreement") is entered into this _____ day of _____, by and among the County of Riverside, a political subdivision of the State of California ("County") and RICH HAVEN – VISSER, LLC, a Delaware limited liability company, and HILL COUNTRY S.A., LTD., a Texas limited partnership, each as to an undivided 50% interest as tenants in common (collectively, "Owner").

RECITALS

- A. Previous Owner has recorded a Final Map for **Tract 31210** referred to herein as "Map," pursuant to the Ordinance No. 460 (the "Subdivision Ordinance").
- B. Previous Owner has previously entered into secured agreements with County dated July 27, 2010, entitled "Subdivision Improvement Agreements" to perform certain acts and construct certain improvements as a condition of County's approval of said Map. Current Owner is required to extend these agreements.
- C. Owner is required by the Subdivision Improvement Agreement, the Subdivision Ordinance, and the Subdivision Map Act (Gov. Code, §§ 66462 and 66499) to provide security satisfactory to the County to secure its obligations under the Subdivision Improvement Agreement.
- D. Owner warrants that Owner has not sold any of the individual lots in the real property to be divided, as identified on the Map.
- E. With the exception of grading commenced pursuant to a valid grading permit, Owner has not commenced to install or construct any of the improvements required by the Subdivision Improvement Agreement and has not been issued any construction permits, excluding a grading permit, on any of the real property to be divided as identified on the Map.
- F. Owner has provided a title insurance policy and current title report from a title company approved by the County and issued within the 60 days prior to the execution of this Lien Agreement that documents that the Owner is the record owner of the real property to be divided as identified on the Map and the real property to be divided is not subject to any mortgages, deeds of trust, or judgment liens.
- G. Pursuant to the Subdivision Ordinance, § 17.3, County is authorized to defer the posting of securities for the provision of improvements to the land division if the Owner enters into a secured agreement to defer making land division improvements required by Article X of the Subdivision Ordinance.
- H. Owner previously provided a form of security for the Subdivision Improvement Agreement which

Owner now desires to replace with security known as a lien agreement, under the provisions of Government Code Section 66499 (a) (4) and Subdivision Ordinance § 17.3.

I. County has found and determined that it would not be in the public interest to require the installation of the required improvements sooner than two years after the recordation of this Lien Agreement.

J. Owner represents and County has confirmed that Owner has paid all plan check fees and has a deposit based fee account in good standing with the County.

NOW, THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

I. Owner's Performance and Obligations

A. Owner hereby grants to County, in accordance with the terms and conditions of this Lien Agreement, a lien upon the property ("Property") described in Exhibit "A" ("Grant Deed"), attached hereto, as security for the following obligations of Owner:

(1) Construction of the improvements ("Improvements") specified in the Subdivision Improvement Agreement, in the estimated amounts and for the purposes specified in Exhibit "B" attached hereto; provided, however, that Owner's obligation hereunder shall extend to the actual cost of construction of the Improvements, notwithstanding that such costs may exceed the estimate set forth in Exhibit "B"; and

(2) Payment of the balance of the fees or provision of the improvements or services described in Article X of the Subdivision Ordinance (collectively, "Fees"), in the amount required in accordance with Ordinance 671, as determined appropriate by the Director of Transportation.

This lien secures said obligation and the remedies provided herein for breach of said obligation.

B. For so long as title to the Property remains subject to this Lien Agreement, Owner shall not: (1) request issuance by the Department of Real Estate of the Final Subdivision Public Report for the Property; (2) sell or permit the sale of any lot shown on the Map; or (3) commence work on any portion of the Improvements except as necessary to correct or prevent threats to the public health, safety or general welfare with the consent of the County. Notwithstanding the above, fee title to the entire property encumbered by this Lien Agreement or to all lots designated on the Map may be sold in the aggregate to a single purchaser, provided that the proposed purchaser, prior to assuming title to the property, executes a new lien agreement or provides acceptable alternative security acceptable to the County.

C. At the time Owner executes this Lien Agreement, Owner shall file with County a cash deposit in the amount of Twelve Thousand Dollars (\$12,000), to be used by County to reimburse County for any costs which County may incur in processing a reversion to acreage initiated pursuant to this Lien Agreement. Any unused portion of such deposit shall be refunded to Owner following completion of such reversion. If the costs of reverting the Property to acreage exceed \$12,000, Owner shall pay such additional costs to County prior to recordation of the reversion to acreage map. The unused portion of this deposit may be applied to the deposit of fees for inspection, tests and other related purposes for the required Improvements upon termination of this Lien Agreement. If fee title to the entire property encumbered by this Lien Agreement or all lots designated on the Map are sold in the aggregate to a single purchaser and the purchaser executes a new lien agreement, the

purchaser shall file with County a cash deposit in the amount of Twelve Thousand Dollars (\$12,000) for the purpose of reverting the property to acreage if the purchaser breaches the terms of the lien agreement. Upon receipt of the substitute deposit from the purchaser and execution of the new lien agreement, the original cash deposit will be refunded to Owner, minus Fees still owed to County by Owner.

D. Prior to obtaining a grading permit or commencing the installation and construction of any portion of the Improvements required by the Subdivision Improvement Agreement, Owner shall deposit fees for inspections, tests and other related purposes, and shall substitute other forms of security satisfactory to County in place of this Lien Agreement; provided, however, that Owner shall not be permitted to obtain said permits, substitute such security or commence the installation and construction of any portion of the Improvements if less than two (2) years have elapsed since the date of recordation of this Lien Agreement.

E. Owner shall make the deposits specified in attached Exhibit "B" in the amounts prescribed for such purposes upon termination of this Lien Agreement. Owner also agrees to provide the substitute forms of security in the amounts and for the purposes set forth in the Subdivision Improvement Agreement, except that the amounts shall be calculated using the estimated cost of the Improvements at the time of substitution, as ascertained by County.

F. Owner shall substitute acceptable security for this Lien Agreement and commence to construct the Improvements required by the Subdivision Improvement Agreement within three (3) years following the date of recordation of this Lien Agreement. At its sole discretion, the County may grant extensions of time for the completion of the improvements in accordance with Section 17.3 of the Subdivision Ordinance. For each extension of time, Owner shall provide a title insurance policy and current title report from a title company approved by the County, and issued within the 60 days prior to the request for an extension of time, that documents that the Owner is the record owner of the real property to be divided as identified on the Map and the real property to be divided is not subject to any mortgages, deeds of trust, or judgment liens.

G. Owner shall pay the balance of the Fees prior to commencement of the work for which the Fees are required or prior to issuance of any building permit, whichever occurs first.

H. Owner agrees that if suit is brought upon this Lien Agreement, all costs and reasonable expenses and fees incurred by the County in successfully enforcing Owners obligations shall be paid by Owner, including attorneys' fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

I. Owner agrees to indemnify, and hold harmless, the County, its officers, employees and agents from any liability whatsoever based or asserted upon any act or omission of Owner, its employees and agents relating to or in any way connected with the accomplishment of work, obligations, or performance of service under this Lien Agreement. As part of the foregoing indemnity, Owner agrees to protect and defend at its own expense, including attorneys' fees, the County, its officers, employees and agents in any legal action based upon such alleged acts or omissions.

II. County's Performance and Obligations

County, upon recordation of this Lien Agreement, shall immediately release the deposits and security which were previously supplied by Owner and for which this Lien Agreement is being substituted.

A. Following (1) County's approval of the substitute forms of security submitted by Owner pursuant to Paragraph I(D) hereof, (2) deposit by Owner of fees for inspections, tests and other specific purposes, and (3) Owner's payment or other performance of the obligations encompassed by the Fees required by Article X of the Subdivision Ordinance, performance of which are secured by this Lien Agreement, County shall release the Property, from the provisions of this Lien Agreement, and shall execute any necessary release to enable Owner or its transferee to clear the record of title of the Property so released of the lien herein imposed.

B. In no instances shall this Lien Agreement compel the County to construct the required Improvements.

III. Effect of Lien Agreement

A. From the date of recordation of this Lien Agreement, a lien shall attach to the Property which shall have the priority of a judgment lien in an amount necessary to discharge all obligations contained in the Subdivision Improvement Agreement and any Fees. Under no circumstances shall the County agree to subordinate the lien.

B. Owner shall have the right to convey or sell fee title to the entire property encumbered by this Lien Agreement, so long as the purchaser agrees in writing to accept and be bound by the terms and provisions of this Lien Agreement, the applicable Subdivision Improvement Agreement, and the Fees, or has provided alternative security acceptable to the County per Subdivision Ordinance § 17.1.A. Any new lien agreement entered into by a purchaser of the Property must provide for completion of the Improvements by the same date as is specified herein.

C. This Lien Agreement shall expire upon release of the Property by the County, except that Owner's obligation to perform and complete the Improvements within four (4) years from the date of recordation of this Lien Agreement (or such date as may have been extended in accordance with the Subdivision Ordinance), as described in Section I(F) above, shall not expire but shall remain in full force and effect until satisfactory completion of the Improvements in full compliance with the Subdivision Improvement Agreement.

D. Notwithstanding any provisions of the Subdivision Ordinance to the contrary, so long as this Lien Agreement is utilized for security as described herein, the County is not obligated to accept offers of dedication for street or drainage purposes on the Property.

IV. Events of Default

Upon the occurrence of any one of the following events, Owner shall be deemed in default hereunder:

A. Failure by Owner to deposit fees for inspections, tests and other specified purposes or to substitute other forms of security satisfactory to County within the time allotted and as prescribed by this Lien Agreement.

B. Commencement of any work on the Improvements by Owner, its agents or employees, prior to substitution of acceptable security with the County in place of this Lien Agreement except as specifically authorized by County to correct or prevent threats to the public health, safety or general welfare.

C. Failure by Owner to substitute acceptable security for this Lien Agreement and complete construction of the Improvements described in the Subdivision Improvement Agreement within the time allotted and as prescribed by this Lien Agreement.

D. Failure by Owner to pay the Fees described in Section I (A) (2), above, at the time required herein.

E. Filing of any proceedings or action by or against Owner to declare Owner bankrupt or to appoint a receiver or trustee for Owner or to reorganize Owner or to make an assignment for the benefit of creditors or to do anything else of a similar nature or purpose under any state or federal bankruptcy or insolvency laws, if such proceedings or actions are not discharged within sixty (60) days.

F. Levy of any attachment or writ of execution against Owner and the Property whereby the Property is taken or occupied or attempted to be taken or occupied by someone other than Owner and such attachment or execution is not released within (60) days.

G. Sale of any lot shown on the Map prior to release of the lien created by this Lien Agreement, except as provided in subparagraph III (B).

H. Request by Owner of issuance by the Department of Real Estate of the Final Subdivision Public Report for the Property.

I. Breach by Owner of any other term or condition of this Lien Agreement or of the Subdivision Improvement Agreement or Owner's failure to fully and faithfully discharge its obligations hereunder within the time specified herein.

All references to Owner in this section shall be deemed to include Owner's successors, assignees and transferees.

V. County's Remedies

Upon the occurrence of any of the events described in Section IV, above, County may declare a breach of this Lien Agreement by giving thirty (30) days written notice to Owner, and may, at County's option, exercise any one or more of the following remedies:

A. Pursue any or all of the remedies provided in the Subdivision Improvement Agreement;

B. Enforce this lien by appropriate action in court or as provided by law and in the event the enforcement is by action in court, the Owner agrees that the amount of said lien shall include reasonable attorneys' fees which shall be taxed as a cost in any suit for such enforcement;

C. Estimate the cost of the work required to complete the Improvements, and all Fees, and foreclose said lien in said amount;

D. Initiate proceedings for reversion of the real property within the land division to acreage, at the expense of Owner, in accordance with the provisions of the Subdivision Map Act;

E. Pursue any other remedy, legal or equitable, for the foreclosure of a lien. Owner, its heirs and assigns, shall pay reasonable attorneys' fees to be taxed as a cost in said proceedings.

FOR THE PLACEMENT OF SURVEY MONUMENTS**

This agreement, made and entered into by and between the County of Riverside, State of California, hereinafter called County, and RICH HAVEN – VISSER, LLC, a Delaware limited liability company, and HILL COUNTRY S.A., LTD., a Texas limited partnership, each as to an undivided 50% interest as tenants in common, hereinafter called Contractor.

WITNESSETH:

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as **Tract 31210**, hereby agrees, at Contractor's own cost and expense, to furnish all labor, equipment and materials necessary to set, within **48** months from the date this agreement is executed, in a good and workmanlike manner, all survey monuments and tie points and to furnish to the County Surveyor tie notes for said tract in accordance with the standards set forth in Riverside County Ordinance No. 461 and Section 8771 et seq. of the Business and Professions Code of the State of California. Contractor further agrees to pay, within 30 days of presentation to contractor of the final billing of any surveyor or engineer for work performed by him as provides for in Article 9 of Chapter 4, Division 2 of Title 7 of the Government Code of the State of California (commencing with Section 66495). Contractor further agrees that if payment to the surveyor or engineer is not made within 30 days, the surveyor or engineer notifies County that he has not been paid for setting the final monuments, and the Board of Supervisors, pursuant to Section 66497 of the Government Code, after providing Contractor with an opportunity to present evidence as to whether or not the surveyor or engineer has been paid, orders that payment be made by County to the engineer or surveyor, Contractor will, upon demand, and without proof of loss by County, reimburse County for any funds so expended. Notwithstanding any other provisions herein, the determination of County as to whether the surveyor or engineer has been paid shall be conclusive on Contractor, his surety, and all parties who may have an interest in the agreement or any portion thereof.

All of the above required work shall be done under the inspection of, and to the satisfaction of, the County Surveyor, and shall not be deemed complete until approved and accepted as complete by the County. The estimated cost of said work and improvements is the sum of **Sixty-three thousand four hundred and no/100 Dollars (\$63,400.00)**.

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the County Surveyor. Contractor further agrees that, if suit is brought upon this agreement or any bond or other security guaranteeing the completion of the monuments, all costs and reasonable expenses and fees incurred by County in successfully enforcing such obligations shall be paid by Contractor, including reasonable attorney's fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, his agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, his agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, the Surety upon any bond or other security, and to the agents, employees and contractors of either of them, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the monumentation. This permission shall terminate in the event that Contractor or the Surety has completed work within the time specified or any extension thereof granted by the County. It is further agreed that Contractor shall have control of the ground reserved for the installation of said work, and the streets in which they are to be placed, as is necessary to allow him to carry out this agreement.

FIFTH: Contractor agrees to file with County prior to the date this contract is executed, an acceptable and sufficient improvement security in an amount not less than the estimated cost of the work, as above specified, for the faithful performance of the terms and conditions of this agreement, and for the payment of the amount of the improvement security to the County for the benefit of any surveyor or engineer who has not been paid by the Contractor, as provided for by Section 66495 et seq. of the Government Code of the State of California. Contractor agrees to renew each and every said bond or other security with good and sufficient sureties or increase the amount of said bonds or other security, or both, within ten (10) days after being notified by the Director of Transportation that the sureties or amounts are insufficient. Notwithstanding any other provisions herein, if Contractor fails to take such action as is necessary to comply with said notice, he shall be in default of this agreement unless all required improvements are completed within ninety (90) days of the date on which the Director of Transportation notified Contractor of the insufficiency of the security or the amount of the bonds or both.

SIXTH: Whenever a lien agreement is used as security under the provisions of Government Code Section 66499 (a) (4) and Riverside County Ordinance 460 § 17.3, Contractor agrees, prior to commencing the work, to substitute the lien agreement with a good and sufficient improvement bond or other security in an amount not less than the estimated cost of the work and improvements for the faithful performance of the terms and conditions of this agreement, and a good and sufficient security for the payment of the amount of the improvement security to the County for the benefit of any surveyor or engineer who has not been paid by the Contractor, as provided for by Section 66495 et seq. of the Government Code of the State of California.

SEVENTH: If contractor neglects, refuses, or fails to prosecute the work as to insure its completion within the time specifies, or within such extensions of time which have been granted by County, or if Contractor violates, neglects, refuses, or fails to perform satisfactorily any of the provisions of the plans and specifications, he shall be in default of this agreement. County shall have the power, on recommendation of the Director of Transportation, to terminate all rights of Contractor in such agreement, but said termination shall not affect or terminate any of the rights of County as against Contractor or his Surety then existing or which thereafter accrue because of such default. The determination of the County Surveyor of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, his Surety, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

EIGHTH: It is further agreed by and between the parties hereto, including the surety or sureties on the bonds or other security securing this agreement, that, in the event it is deemed necessary to extend the time of completion of the work contemplated to be done under this agreement, extensions of time may be granted, from time to time, by County, either at its own option, or upon request of Contractor, and such extensions shall in no way affect the validity of this agreement or release the surety or sureties on such bonds or other security. Contractor further agrees to maintain the aforesaid bonds or other security in full force and effect during the terms of this agreement, including any extensions of time as may be granted therein.

NINTH: It is understood and agreed by the parties hereto that if any part, term or provision of this agreement

is by the courts held to be unlawful and void, the validity of the remaining portions shall not be affected and the rights and obligations of the parties shall be construed and enforced as if the agreement did not contain that particular part, term or provision held to be invalid.

WITNESSETH:

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as **Tract 31210**, hereby agrees, at Contractor's own cost and expense, to commence construction within **36** months and cause to have constructed within **48** months from the date this agreement is executed, in a good and workmanlike manner, a sanitary sewer system, complete with all necessary pipes, valves, fire hydrants, connections and appurtenances necessary to the satisfactory operation of said sanitary sewer system. Contractor further agrees to extend the main or mains from the existing sewer system maintained and operated by **Elsinore Valley Municipal Water District** to connect with the sanitary sewer system required to be constructed by this agreement. Said approved plans and specifications are hereby made a part of this agreement as fully as though set forth herein. All of the above required work shall be done under the inspection of, and to the satisfaction of, the County Director of Transportation and the County Health Officer, and shall not be deemed complete until approved and accepted as complete by the County and accepted by the above-named agency into its sewer system. Contractor further agrees to maintain the above required improvements for a period of one year following acceptance by the County, and during this one year period to repair or replace, to the satisfaction of the Director of Transportation, any defective work or labor done or defective materials furnished. The estimated cost of said work and improvements is the sum of **Three hundred thousand five hundred and no/100 Dollars (\$300,500.00)**.

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the Director of Transportation. Contractor further agrees that, if suit is brought upon this agreement or any bond or other security guaranteeing the completion of the water system improvements, all costs and reasonable expenses and fees incurred by County in successfully enforcing such obligations shall be paid by Contractor, including reasonable attorney's fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, his agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, his agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, or any agent or employee of County, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the improvements. This permission shall terminate in the event that Contractor has completed work within the time specified or any extension thereof granted by the County.

FIFTH: The Contractor shall provide adequate notice and warning to the traveling public of each and every hazardous or dangerous condition caused or created by the construction of the works of improvement at all times up to the completion and formal acceptance of the works of improvement. The Contractor shall protect all persons from such hazardous or dangerous conditions by use of traffic regulatory control methods, including, but not limited to, stop signs, regulatory signs or signals, barriers, or detours.

SIXTH: Contractor, his agents and employees, shall give notice to the Director of Transportation at least 48 hours before beginning any work and shall furnish said Director of Transportation all reasonable facilities for obtaining full information with respect to the progress and manner of work.

The determination by the Director of Transportation of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

WITNESSETH:

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as **Tract 31210**, hereby agrees, at Contractor's own cost and expense, to commence construction within **36** months and to furnish all labor, equipment and materials necessary to perform and complete construction within **48** months from the date this agreement is executed, in a good and workmanlike manner, all road and drainage improvements in accordance with those Road Plans for said land division which have been approved by the County Director of Transportation, and are on file in the office of the Riverside County Transportation Department, and do all work incidental thereto in accordance with the standards set forth in Riverside County Ordinance No. 461, as amended, which are hereby expressly made a part of this agreement. All the above required work shall be done under the inspection of and to the satisfaction of the County Director of Transportation, and shall not be deemed complete until approved and accepted as complete by the County. Contractor further agrees to maintain the above required improvements for a period of one year following acceptance by the County, and during this one year period to repair or replace, to the satisfaction of the Director of Transportation, any defective work or labor done or defective materials furnished. Contractor further agrees that all underground improvements shall be completed prior to the paving of any roadway. The estimated cost of said work and improvements is the sum of **One million seven hundred five thousand and no/100 Dollars (\$1,705,000.00)**.

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the Director of Transportation. Contractor further agrees that, if suit is brought upon this agreement or any bond or other security guaranteeing the completion of the road and drainage improvements, all costs and reasonable expenses and fees incurred by County in successfully enforcing such obligations shall be paid by Contractor, including reasonable attorney's fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, his agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, his agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, or any agent or employee of County, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the improvements. This permission shall terminate in the event that Contractor has completed work within the time specified or any extension thereof granted by the County.

FIFTH: The Contractor shall provide adequate notice and warning to the traveling public of each and every hazardous or dangerous condition caused or created by the construction of the works of improvement at all times up to the completion and formal acceptance of the works of improvement. The determination by the Director of Transportation of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law.
