3. Award the contract to Republic Intelligent Transportation Services, Inc. and authorize the Chairman of the Board to execute the contract documents; and
4. Approve the project's proposed budget as shown on Attachment "A".

**BACKGROUND:**

By Minute Order dated September 14, 2010 (agenda item 3.42), the Board authorized the Clerk of the Board to advertise for the countywide Traffic Signal LED retrofit for Illuminated Street Name Signs and Yellow Traffic Signal Indications throughout Riverside County at various signalized intersections. The various locations are listed in Attachment "B". Additionally, the specifications were approved by the Board within this agenda item.

During the advertisement period, four addenda were issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge the addenda on their Contractor's Proposal, and are also required to take all addenda into account, to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached as Addendum No. 1, Addendum No. 2, Addendum No. 3, and Addendum No. 4.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, October 20, 2010. Fourteen bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsive and responsible bid was submitted by Republic Intelligent Transportation Services, Inc. of Anaheim, CA, in the amount of \$522,160 which is \$110,815 (17.51%) below the Engineer's Estimate.

On November 24, 2009 the Board of Supervisors approved the traffic signal LED retrofit project to be funded by the Energy Efficiency & Conservation Block Grant (EECBG) program. On April 2, 2010 the Department of Energy (DOE) awarded the grant to the County in the amount of \$6,591,600 for this traffic signal LED project and various other County Energy Efficiency projects. Funds in the amount of \$607,000 were approved for the construction phase of the countywide LED retrofit for Yellow Traffic Signal Indications and Illuminated Street Name Signs project. Due to the favorable bids not all of these funds will be consumed by this project. This project will create jobs, improve traffic signal operation and conserve energy.

The Contractor has executed the contract and provided bonds and Insurance documents.

The contractor is qualified.
