BACKGROUND:

The Coachella Valley Coalition (CVHC) After School Program is operated by CVHC and the YMCA of the Desert. Students receive homework help, tutoring, participate in enrichment and organized physical play activities and have access to computers with internet so that they can do research, type papers or play educational software games. This funding is intended for the Paseo de los Heroes Apartments in the unincorporated community of Mecca.

The Alzheimer's Association provides supportive programs and services to older adults with dementia and their families throughout the Coachella Valley. This funding is intended to underwrite the participation of low-income individuals in the MedicAlert + Safe Return Program.

I would like to use Fourth District Community Improvement funds to assist these worthy organizations in meeting the needs of our community.
