Page 2 of 2

BACKGROUND:

By Minute Order dated December 7, 2010 (agenda item 3.32), the Board authorized the Clerk of the Board to advertise for the resurfacing of eight roads in the Rubidoux area, referenced as the Allwood Group. Additionally, the specifications were approved by the Board by this agenda item.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge and to take into account all issued addenda on their Contractor's Proposal to be considered for award. The addendum was issued to clarify and modify the approved contract documents. The addendum is attached as Addendum No. 1.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, December 29, 2010. Nine bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsible bid was submitted by Hardy & Harper, Inc. in the amount of \$515,800 which is \$168,200 (24.6%) below the Engineer's Estimate.

Improvements include removal of the top layer of the damaged asphalt concrete pavement, filling of cracks and placing a new layer of asphalt concrete pavement. Badly damaged concrete curb, gutter and sidewalk will also be removed and replaced. The existing access ramps will be reconstructed to current standards. Additional improvements include the installation of new striping, pavement markings, and other related work.

This project includes the Base Bid for roadway improvements, and Alternate bid schedule 1, to adjust manhole covers to grade, owned by the Rubidoux Community Service District (RCSD) which is not selected for award. RCSD has decided to do this work by using their own forces.

The project will be completed within the existing budget shown on Attachment "A".

The contractor is qualified and has executed the contract. The contractor has also provided performance bond, and payment bond.
