1. BUDGET CONTINGENCIES

A. State Budget Contingency

- 1) It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- 2) If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

B. Federal Budget Contingency

- 1) It is mutually understood between the parties that this Agreement may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if this Agreement were executed after that determination was made.
- 2) This Agreement is valid and enforceable only if sufficient funds are made available to the state by the United States Government for the fiscal year 2009-2010 for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this Agreement in any manner.
- 3) The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this Agreement shall be amended to reflect any reduction in funds.
- 4) The Department has the option to invalidate the Agreement under the 30-day cancellation clause or to amend the Agreement to reflect any reduction in funds.
- 5) The State shall authorize expenditures of funds under this Agreement based on the Continuing Resolution appropriations. CSD shall notify the Contractor in writing of authorized interval funding levels.

EXHIBIT B
(Standard Agreement)

- 6) It is mutually agreed that if the Congress does not appropriate sufficient funds for this Program or appropriates additional funds, this Agreement shall be amended to reflect any increase or decrease in funds.

2. BUDGET GUIDELINES

A. Budget and Allocation Forms

- 1) Upon execution of this Agreement, Contractor shall submit all budget and allocation forms attached to this EXHIBIT B, including the 2010 LIHEAP Weatherization Budget (CSD 557D), 2010 LIHEAP Program Budget (CSD 537E), and 2010 LIHEAP Nonconsideration Allocations (CSD 516), based on the Maximum Amount of this Agreement and in accordance with the accompanying instructions and other applicable provisions of this Agreement.
- 2) In the event the LIHEAP annual grant award is yet to be determined and CSD funds this Agreement based on Continuing Resolution appropriations, Contractor shall complete the budget and allocation forms using the Estimated Budget Allocation amount as defined in EXHIBIT G. When this Agreement is amended to reflect the Final Allocation, the budget and allocation forms shall be amended to reflect the actual annual allocation.

B. Weatherization Waiver

Weatherization consideration to be paid Contractor for the months of January, February, March, and April, if applicable, will be calculated and reimbursed to Contractor to include administrative costs on 60 percent (60%) of the total Weatherization budget based on the Interim Allocation and/or Final Allocation as appropriate. The remaining forty percent (40%) of the total budget for the remaining months to include administrative costs is totally contingent upon a Weatherization waiver being granted to CSD by the Federal Department of Health and Human Services (HHS) to allow Weatherization expenditure levels at 25 percent (25%) of the federal LIHEAP grant. Contractor will be notified by CSD, in writing, on the status of the waiver and disposition of the remaining funding.

C. Nonconsideration Allocation

D. Working Capital Advance and Major Purchase Advances

- 1) Working Capital Advance (WCA)

Contractor may, in accordance with applicable law, receive WCA payments of allowable program costs contemplated under this Agreement, *provided* Contractor shall comply with the provisions of the present Paragraph D and such additional guidance issued by the State as is needed to implement Paragraph D (collectively "WCA Requirements") to ensure that:

- a. The time elapsing between the transfer of funds and the disbursement or expenditure of the funds by Contractor is minimized; and
- b. Contractor's financial management systems are compliant with the provisions of this Agreement and the standards for fund control and accountability as established in OMB Circular A-133 and in the Model Federal Advance Requirements as defined in subparagraph c., below with particular reference to 10 CFR 600.121.
- c. Working Capital Advance (WCA) Requirements include the following standards:
 - i. The WCA shall be for the minimum amounts necessary-timed in accordance with Contractor's immediate cash requirements-which will enable Contractor to carry out the purposes of this Agreement;
 - ii. The *Model Federal Advance Requirements* are hereby incorporated by reference and adopted by the parties, for purposes of guiding and informing WCA requirements under the Agreement. The "Model Federal Advance Requirements" are defined as the provisions set out in the Code of Federal Regulations (CFR), Title 10, Chapter II, Sections 600.122, 600.220 and 600.221; and

EXHIBIT B
(Standard Agreement)

- iii. Guidance issued by the State regarding the scheduling of the WCA and the disbursement or expenditure of the funds by Contractor, while conforming to the requirements of subparagraphs 1) and 2) of the present Paragraph D, shall also take into account the practical requirements and limitations of efficient administration and the effective implementation of this Agreement by both Contractor and the State.
- d. In order to effect the purposes and requirements of subparagraphs 1) a. and b. above, the State has established the following general provisions in order to give effect to the WCA Requirements set out in this Agreement and in such supplemental guidance as may be issued:
 - i. To ensure a minimal lapse of time between the transfer of funds, and the disbursement or expenditure by Contractor, and to effect both the consolidation of advance requests and optimal administration of advance payments, the WCA will be based on Contractor's reasonable quarterly projections of anticipated expenditures allowable under the terms of this Agreement;
 - ii. The WCA request shall be: 1) submitted in advance of the beginning of the quarter, in accordance with CSD's guidance; and 2) is subject to CSD's review and approval;
 - iii. Upon approval of the WCA request, a payment will be issued to Contractor, which shall be limited to one-third of the Contractor's quarterly projection of anticipated expenditures;
 - iv. At the beginning of the second month Contractor shall submit its request for reimbursement of the actual expenses incurred in the first month of the quarter. Upon approval of the expenditures by CSD, a reimbursement check will be issued;
 - v. Similarly, at the beginning of the third month Contractor shall submit its request for reimbursement of the actual expenses incurred in the second month of the quarter. Upon approval of the expenditures by CSD, a reimbursement check will be issued;
 - vi. At the end of the quarter the WCA will be reconciled as follows:

EXHIBIT B
(Standard Agreement)

1. Actual expenses incurred in the third month of the quarter, as reflected in Contractor's request for reimbursement, shall be deducted from the WCA;
 2. If the WCA was greater than the reimbursement request for the third month, as approved by CSD, then the difference will be deducted from the WCA issued for the first month of the subsequent quarter;
 3. If the WCA was lesser than the reimbursement request for the third month, as approved by CSD, then the difference will be added to the WCA issued for the first month of the subsequent quarter;
 4. Should Contractor elect not to request a WCA in the subsequent quarter, the excess or shortfall specified in subparagraphs 2 and 3, above, shall be deducted from or added to the next reimbursement payment to Contractor, as appropriate;
 5. In accepting a WCA, Contractor agrees to submit monthly reimbursement requests until such time as the WCA has been repaid; and
 6. Should Contractor fail to conduct sufficient activity to generate reimbursement requests adequate to repay the outstanding WCA balance in full within 30 days of the end of the quarter, CSD may demand repayment and/or take other appropriate action to ensure timely repayment of the WCA.
- vii. If, at the end of the contract term Contractor has received WCA payments in excess of requests for reimbursement that have been approved by CSD, Contractor shall promptly remit the excess balance owed.
- viii. Contractor's request for a WCA shall be made in accordance with procedural guidance issued by CSD;
- ix. Upon receipt of the WCA funds, Contractor shall deposit the funds in an interest-bearing advance account, in accordance with the provisions of this Agreement and Federal and State law. The account shall be sufficiently segregated to enable the tracking and accounting of WCA funds by CSD; and

EXHIBIT B
(Standard Agreement)

- x. In the event the State determines that Contractor has used the WCA for reimbursement of expenses that are not allowable under the terms of this Agreement and/or under Federal and State law, the State may, in accordance with the applicable provisions of the CFR, compel Contractor to repay any WCA monies wrongfully used and/or may make such adjustments in future payments to Contractor as it deems appropriate in order to rectify such misuse of WCA funds.

An Advance Request (CSD 144-R) must reflect one-hundred percent (100%) liquidation in the month following the expected date of purchase.
- f. Major Purchase advance requests will not be granted unless Contractor has fully complied with the obligations and conditions of any Working Capital Advance (WCA) Contractor has received.

EXHIBIT B
(Standard Agreement)

C. Program Costs

1) General

Program costs are all allowable costs other than Administrative Costs. Program costs include those actual costs that are directly attributable to the performance of this Agreement and that are reasonable and necessary as determined by CSD for the purpose of delivering services.

2) Outreach

Outreach shall be allocated at five percent (5%) each of the Weatherization, ECIP Consideration/Nonconsideration, and HEAP Consideration/Nonconsideration budgets based on the Interim Allocations and/or subsequently the Final Allocation. Intake shall be allocated at two percent (2%) of the Weatherization Budget and two percent (2%) of the ECIP/HEAP Consideration/Nonconsideration Budget based on the Interim Allocations and/or subsequently the Final Allocation. Reimbursement shall be limited to actual cost up to two percent (2%) of Final Allocation. Intake in excess of two percent (2%) may be charged as an administrative cost not to exceed allowable administrative cost maximum.

4) Assurance 16 Costs

Assurance 16 shall be allocated at five percent (5%) based on the Interim Allocations and/or subsequently the Final Allocation. Reimbursement shall be limited to actual cost up to five percent (5%), contingent upon the expenditure of the Final Allocation.

5) Direct Program Activities

Training and technical assistance shall not exceed these limits and shall be reimbursed at actual cost.
- b. If Contractor determines that an increase in the allowable allocation for training and technical assistance is needed to cover the cost of ServTraqLITE or related automation training as specified below, then Contractor must obtain prior approval from CSD to allocate more than five percent (5%) of the Weatherization

EXHIBIT B
(Standard Agreement)

and five percent (5%) of the ECIP/HEAP consideration allocation for training and technical assistance.

- c. Associated training and technical assistance costs may include costs related to: travel, admission, materials, and actual salaries/wages. On-the-job training is not reimbursable when the labor hours associated with the training are charged to a Weatherization measure for reimbursement.
- d. Crew members participating in on-the-job training or acting in a helper role shall be expensed to training and not to the installation of measures and will be charged at actual cost. The length of time for on-the-job training shall be in accordance with the Contractor's internal training program.
- e. Training and technical assistance shall include costs associated with the completion of Weatherization-related training such as: Lead-Safe Weatherization Training, Basic Weatherization Training, Environmental Hazardous Training, Blower Door Diagnostic Training, and Combustion Appliance Safety Training. 11) Vehicle and Equipment

Acquisition Costs shall mean the actual costs associated with the purchase of vehicle and equipment over \$5,000 per unit.

EXHIBIT B
(Standard Agreement)

4. REIMBURSEMENT GUIDELINES

A. Claims for Reimbursement

Pursuant to the federal block grant and applicable regulations, Contractor may only claim reimbursements for actual, allowable, and allocable direct and indirect costs. For administrative efficiency during the term of this Agreement, CSD has incorporated fixed fees and other mechanisms for Contractor to use to seek reimbursement for various program services and activities on a monthly basis. At the end of the term of this Agreement, Contractor shall report actual costs incurred for actual expenditures up to any applicable maximum amounts set by this Agreement. Any reimbursements received over and above Contractor's actual costs shall be reported as Excess Income, pursuant to the procedures in Close-Out Report, Section 5. (C) below.

B. Assurance 16

- 1) Assurance 16 costs and its related services include those actual costs that are directly attributable to the performance of this Agreement and that are reasonable and necessary as determined by the State for the purpose of delivering services. Assurance 16 costs shall include needs assessment, client education, budget counseling, and coordination with utility companies.
- 2) Contractor may claim Assurance 16 costs for client education only once when LIHEAP and DOE funds and services are provided concurrently in the same unit.
- 3) Contractor may claim Assurance 16 costs for the occupants of each eligible unit not previously weatherized. Additionally, Contractor will be allowed to claim Assurance 16 costs when a safety check of combustion appliances reveals safety hazards that preclude tightening of the envelope.
- 4) Contractor shall not claim Assurance 16 costs for client education unless the dwelling was previously weatherized by nonfederal funds, i.e., regulated or nonregulated utility companies, private-sector funds, etc., or by a weatherization service provider not associated with the provisions of this Agreement. If such circumstances exist, Contractor shall conduct client education and shall claim Assurance 16 costs for the occupants of each eligible unit previously weatherized.

EXHIBIT B
(Standard Agreement)

C. Wood, Propane, and Oil Assistance

1) HEAP WPO

Contractor may claim reimbursement for HEAP WPO expenditures and activities expenditures as required in accordance with the terms of this Agreement.

2) ECIP WPO

Contractor may claim reimbursement for ECIP WPO expenditures (excluding ECIP Fast Track) as required in accordance with the terms of this Agreement.

D. Weatherization and EHCS Specific

1) Contractor may claim reimbursement for Weatherization-related activities under the terms of this Agreement as documented on the Weatherization Building Assessment and Job Checklist (CSD 540) or Contractor's equivalent for each eligible household not previously weatherized.

2) Contractor shall ensure that duplicate billings for the same product or service do not occur.

3) Maximum Reimbursements

a. Contractor shall be entitled to obtain a maximum average reimbursement of \$3,055 per dwelling unit weatherized for applying the energy conservation measures and activities described in EXHIBIT B, BUDGET DETAIL AND PAYMENT PROVISIONS, ATTACHMENT V, Reimbursement Rates for Weatherization and EHCS Activities.

b. In the event that the Governor declares a State of Emergency or Local Emergency under Article 13 or 14 of the Emergency Services Act or any federal official declares an emergency pursuant to 42 UCS 8622(1), the maximum average reimbursement shall be \$3,514 per dwelling unit.

c. For emergency ECIP EHCS provided outside Contractor's normal business hours of operations, Contractor may exceed the maximum cost limits allowed for repair and replacement services. Contractor shall not request reimbursement for more than one heating and/or cooling unit repaired or replaced per household.

**EXHIBIT B
(Standard Agreement)**

4) Measure Reimbursement

a. General

- i. Reimbursement for Weatherization or EHCS activities shall be claimed only once when LIHEAP and DOE WAP, or any other funding source, are used concurrently in the same unit.
- ii. Contractor may divide the material cost of a single measure among LIHEAP, DOE, or other CSD program when the single measure in question is installed in a dwelling where Weatherization or EHCS services are provided concurrently under these programs.
- iii. For weatherized dwellings where DOE and LIHEAP weatherization services are provided concurrently, Contractor may leverage material and labor costs under multiple LIHEAP weatherization contracts and may leverage material costs under DOE weatherization contracts for each weatherization measure described in EXHIBIT B, ATTACHMENT IV, and the following guidelines:
 - (a) Single Quantity Fixed-Fee Measures – are those weatherization measures described in EXHIBIT B, ATTACHMENT IV, with an assigned fixed-fee reimbursement and limits the maximum quantity of the measure/service to a single item per weatherized dwelling. Such measures can only be performed and charged to a single CSD program and cannot be further leveraged or split with another CSD contract or non-CSD funding source.
 - (b) Multiple Quantity Fixed-Fee Measures – are those weatherization measures described in EXHIBIT B, ATTACHMENT IV, with an assigned fixed unit price per measure and that provide for the installation of multiple quantities of the measure in a single weatherized dwelling. Such measures may only be leveraged with multiple LIHEAP weatherization contracts. Contractor cannot further leverage or split the fixed-fee price for these measures with another CSD contract or another non-CSD funding source.

EXHIBIT B
(Standard Agreement)

- (c) Labor and Material Single Quantity Measures – are those weatherization measures, described in EXHIBIT B, ATTACHMENT IV, where the reimbursement is based on the combined total of labor and material cost and the maximum quantity of the measure is limited to a single item per weatherized dwelling. Contractor may leverage the material and labor costs associated with the installation of these measures between multiple LIHEAP contracts. Contractor may only leverage material costs between LIHEAP and DOE contracts.
- (d) Actual labor hours for weatherization services shall not exceed the cumulative number of hours on the job site and shall be substantiated with client file documentation, job schedules, and payroll time records.
- (e) Labor and Material Measures – are those weatherization measures, described in EXHIBIT B, ATTACHMENT IV, where the measure reimbursement is based on the combined total of labor and material and the quantity of the measure itself is not limited to a specific amount per weatherized dwelling. Contractor may leverage the material and labor costs associated with the installation of these measures with multiple LIHEAP contracts to perform the installation of this type of measure within a single unit provided the combined expenditure reported to each CSD contract does not exceed the dwelling maximum reimbursement for the individual measure. Contractor may only leverage material costs between LIHEAP and DOE contracts. Contractor will be required to provide an accounting of labor, material, and for the quantities installed under each program.
- (f) Contractor may leverage the material and labor costs for ECIP HCS activities in dwellings where ECIP HCS and weatherization services are provided concurrently under multiple LIHEAP contracts. Contractor may only leverage material costs between ECIP HCS and DOE contracts.

EXHIBIT B
(Standard Agreement)

- b. Measure Maximums
 - i. For those Weatherization and EHCS measures that have an established maximum rate, the reimbursement amount shall be equal to the actual labor hours of Weatherization or EHCS crew members at the approved labor rate and the actual cost of the materials up to the maximum rate.
 - ii. Weatherization or EHCS measure costs exceeding the maximum reimbursement limit cannot be offset by charging the cost difference to another weatherization measure, minor envelope repair, or another CSD program.
 - iii. When costs for a measure exceed the maximum reimbursement allowed, Contractor shall obtain prior written approval from CSD to exceed the maximum cost reimbursement and/or quantity limit for weatherization and ECIP HCS measures as described in EXHIBIT B, ATTACHMENT IV. Otherwise, at the Contractor's discretion, Contractor may elect to not provide the weatherization measure/service in the event the total cost exceeds the maximum cost reimbursement.
- c. Assessments and Diagnostics
 - i. Contractor may claim reimbursement for dwelling assessment for each eligible household.
 - ii. Contractor may claim reimbursement for dwelling assessment for each eligible unit not previously weatherized. For dwellings weatherized under this Agreement, Contractor may claim reimbursement for a modified dwelling assessment to perform reweatherization services during the useful life period of the initial dwelling assessment. Once the useful life term has expired for the initial or last performed dwelling assessment, Contractor may claim a full dwelling assessment to perform reweatherization services.
 - iii. If a dwelling was previously weatherized under a nonfederal program, the dwelling and occupant eligibility must be recertified; therefore, Contractor may claim reimbursement for assessment of dwelling and charge for intake.

EXHIBIT B
(Standard Agreement)

- iv. In the case of an unweatherized dwelling where the installation of measures was not feasible and/or the dwelling was not accessible to install measures, Contractor may claim reimbursement for any related assessments and/or diagnostic checks that were performed. Reimbursement for travel is not allowable.
 - v. Contractor may claim reimbursement for dwelling assessment only once when LIHEAP and DOE funds are used concurrently in the same unit.
 - vi. Reimbursement for diagnostic testing for work performed under ECIP EHCS shall be included in the appliance repair or replacement line item for which the testing was performed.
 - vii. Contractor may claim reimbursement for renovator certification, defined as field-related costs associated with performing lead renovator certification for ensuring lead paint safety on weatherized dwellings built prior to 1978.
- d. Labor Reimbursement
- i. Contractor shall use the approved labor rate for all Weatherization crew labor expenses related to the direct delivery of Weatherization and EHCS services. The approved labor rate includes travel time, down time, supervision, inspection, support staff hours, and related operating expenses; therefore, Contractor shall not bill additional labor hours for these costs.
 - ii. Contractor must be able to substantiate all actual labor hours and labor costs charged.
 - iii. Actual labor hours for weatherization services shall not exceed the cumulative number of hours on the job site and shall be substantiated with client file documentation, job schedules, and payroll time records.
 - iv. If Contractor compensates Weatherization or EHCS crew members using piecework as an alternative to hourly wages or salaries, Contractor shall contact CSD for instructions prior to commencing with services for the current program year.

EXHIBIT B
(Standard Agreement)

iv. For weatherization measure and specialty work activities in projects where LIHEAP and/or ECIP EHCS and American Recovery and Reinvestment Act of 2009 DOE WAP are leveraged, Contractor shall use the approved labor rates included in EXHIBIT D, ATTACHMENT VI, Approved Labor Rates for Units Leveraged with DOE ARRA, for reimbursement purposes.

vi. Assessments and Diagnostics

Contractor may claim reimbursement for renovator certification, defined as field-related costs associated with performing lead renovator certification for ensuring lead paint safety on weatherized dwellings built prior to 1978.

viii. Actual Labor Hours

(a) For measures that are not reimbursed by fixed fees, Contractor shall bill the number of actual labor hours associated with the installation of Weatherization and EHCS measures for the time spent at the job site.

(b) Contractor shall bill the actual labor hours incurred by Weatherization and EHCS crew members or other personnel associated with the direct facilitation of the disposal of appliances, the procurement of permits, and services performed by a HERS Program Rater.

ix. Other Labor

(a) Labor hours for other personnel are billable only if there are no billable hours for Weatherization or EHCS crew members for these services. The approved labor rate will be allowable for Weatherization and EHCS crew members only.

(b) When the installation of a measure is subcontracted and there are no billable labor hours for Weatherization or EHCS crew members, Contractor shall bill, in addition to the subcontracted expenditure, actual labor hours incurred by other personnel associated with the direct facilitation of that subcontracted measure. The approved labor rate will not be allowable for other personnel under these circumstances. A modified fixed fee labor

EXHIBIT B
(Standard Agreement)

rate determined by the Contractor or actual labor costs shall be used. Any modified fixed fee labor rate that is to be used must be submitted for CSD for approval prior to requesting reimbursement for these costs.

- (c) When the installation of a measure is subcontracted and there are billable labor hours for Weatherization or EHCS crew members who share in the installation of that subcontracted measure, Contractor shall bill, in addition to the subcontracted expenditure, the actual labor hours incurred by crew members at the approved labor rate.
- e. Heating and Cooling Services (HCS/EHCS)
 - i. If, during the course of repairing a defective unit, additional problems are found that would increase the cost of repairs to an amount beyond the established limits for repairs, Contractor may claim reimbursement for incurred costs related to the repair in addition to those costs associated with the replacement of the heating/cooling appliance.
 - ii. Dwellings in which a single appliance has been both repaired and replaced within the same Weatherization and/or ECIP EHCS component, or under a reweatherization call-back, Contractor may claim reimbursement for both the repair and the replacement of the appliance. Contractor shall report the single appliance as both a repaired and replaced appliance.
 - iii. For multi-unit dwellings with a common water heater, Contractor may claim reimbursement for only one water heater. Contractor may claim reimbursement for the actual number of water heater blankets used to wrap the common water heater. Contractor shall prorate the cost among all dwelling units within that building envelope.
 - iv. Duct repairs and replacements can only be charged to ECIP EHCS when provided in conjunction with emergency heating/cooling services performed under EHCS.

**EXHIBIT B
(Standard Agreement)**

f. Other Program Costs

i. Permit and Disposal Fees

Permit, HERS rater, and disposal fees are acceptable expenses and may be charged only once to ECIP EHCS, or LIHEAP Weatherization, or DOE Weatherization, per appliance or weatherization measure, per weatherized dwelling. Permit and disposal fee reimbursement includes crew member, subcontractor, or other personnel staff time and will be reimbursed based on the actual cost of the fee and actual labor hours.

ii. Travel

Contractor shall be credited one round trip travel surcharge for any one dwelling weatherized or any one dwelling receiving assessments and diagnostic testing where weatherization services could not be provided due to client refusal or inability to gain access to the dwelling.

Contractor may claim mileage reimbursement for travel to Single Family Dwelling (SFD) and Multi-Unit Dwelling (MUD) Units in which travel exceeds a distance of 30 miles (one way) from Contractor's material storage site or headquarters. Contractor shall maintain records and source documentation in such a manner to substantiate mileage claims by individual dwelling weatherized. The following defines the conditions for mileage reimbursement applicable to dwellings weatherized:

(a) Single Family Dwelling (SFD)

- (i) Contractor may claim one travel surcharge equivalent to one (1) labor hour plus \$18.00 for each completed, weatherized SFD Unit.
- (ii) For SFD Units in excess of 30 miles (one way) from Contractor's material storage or headquarters, Contractor may claim mileage in addition to the SFD travel surcharge for each completed, weatherized SFD Unit. Contractor may claim mileage at a rate of \$.91 per mile for each mile in excess of 30 miles (one way) or 60 miles round trip. Mileage reimbursement is limited to a single round trip, per completed SFD Unit; and

EXHIBIT B
(Standard Agreement)

Contractor may only claim the travel surcharge, fuel surcharge, and mileage reimbursement upon the completion of the SFD Unit.

(b) Multi-Unit Dwelling (MUD)

- (i) Contractor may claim one MUD travel surcharge of \$8.50 for each completed, individual, weatherized unit within a MUD complex.
- (ii) For MUD Units in excess of 30 miles (one way) from Contractor's material storage or headquarters, Contractor may claim mileage in addition to the MUD travel surcharge. Contractor may claim mileage at a rate of \$.91 per mile for each mile in excess of 30 miles (one way) or 60 miles round trip. Mileage reimbursement is limited to a single round trip per day, for travel to a MUD regardless of the number of individual completed units.
- (iii) All other travel-related expenses not directly related to the weatherization of dwellings are subject to reimbursement as described in EXHIBIT D, SPECIAL TERMS AND CONDITIONS, Section 1. Travel and Per Diem.

(c) Lodging and Per Diem

Contractor may claim reimbursement for lodging and per diem related to the installation of weatherization measurers subject to travel and per diem rates as described in EXHIBIT D, SPECIAL TERMS AND CONDITIONS, Section 1, Travel and Per Diem.

iii. Overhead

All overhead costs shall be charged at actual costs to the appropriate monthly expenditure reporting line items. All other overhead costs without a reporting line item shall be included in the approved labor rate.

EXHIBIT B
(Standard Agreement)

iv. Post-Weatherization Inspections

Contractor shall ensure that a total of 25 percent (25%) Post-Weatherization Inspections have been completed and that Contractor has not exceeded the maximum reimbursement amount allowable of 25 percent (25%) of the total weatherized dwellings per reporting period.

v. Clearance Inspections

Should a clearance inspection be required, Contractor shall defer the costs of the clearance inspection to the property owner and/or local housing authority. However, in those instances where the property owner and/or the local housing authority are unable to incur the costs of the clearance inspection, Contractors may seek a waiver allowing the cost of the inspection as a reimbursable activity. Waiver requests will be treated on a case-by-case basis and must be approved by CSD prior to beginning weatherization services. A copy of the clearance inspection must be placed and maintained in the client's file.

- g. When the total reimbursement for a measure is contracted under a non-CSD program and the reimbursement is intended to cover the entire costs of the contracted service, then all related costs associated with the installed measure shall be charged to that non-CSD program. Additional costs to facilitate or to offset cost deficits for the measure shall not be charged to CSD energy programs.

EXHIBIT B
(Standard Agreement)

5) Dwelling Status

a. Completed Units

i. Contractor shall not report a weatherized dwelling as completed nor shall Contractor request reimbursement for a weatherized dwelling until all weatherization measures identified during the dwelling assessment have been installed and completed. Contractor shall not bill for incomplete units or prematurely close a unit with outstanding measures in order to receive reimbursement for work completed. If there are measures found to be nonfeasible by crew members after the initial assessment, the reason for the nonfeasibility shall be documented in the client file and the dwelling shall be considered completed.

ii. Contractor shall not report a dwelling as weatherized nor request reimbursement prior to the quality assurance certification confirming quality and completeness of work performed upon weatherized and EHCS dwellings.

iii. ECIP EHCS

Dwelling units receiving services under ECIP EHCS may be reported as completed and billed immediately upon the completion of ECIP EHCS and regardless to the completion of other weatherization measures installed within the same dwelling.

b. Unweatherized Dwellings

i. Contractor may claim reimbursement for outreach and intake for each eligible unit not previously weatherized. Additionally, Contractor will be allowed to claim reimbursement when a safety check of combustion appliances reveals safety hazards that preclude installation of measures.

ii. Contractor may claim reimbursement for weatherization activities as documented on the Weatherization Building Assessment and Job Checklist (CSD 540) or Contractor's equivalent for each eligible household not previously weatherized.

EXHIBIT B
(Standard Agreement)

c. Previously Weatherized Dwellings

If the previous weatherization was performed under a nonfederal program or under this Agreement, the occupant eligibility must be certified; therefore, Contractor may claim outreach and intake costs.

d. Leveraging with Non-Federal Funding

Contractor may perform services and install energy conservation measures as per this Agreement and in accordance with requirements of another non-CSD funding source concurrently in the same dwelling as feasible and in the best interest of the client; however:

- i. Contractor may not claim duplicate reimbursement for the same services performed and energy conservation measures(s) installed under a CSD program with a non-federal program.
- ii. Contractor may not split Single Quantity Fixed Fee Measure under LIHEAP with any other funding source.
- iii. Contractor may not split LIHEAP or ECIP EHCS labor fees associated with a single measure with any other funding source.
- iv. Contractor may claim reimbursement for outreach and intake only once when DOE and LIHEAP funds are used concurrently in the same unit.

E. Severe Weather Energy Assistance and Transportation Services (SWEATS)

Reimbursement shall be in accordance with the SWEATS Policy, EXHIBIT F, ATTACHMENT II, when specifically authorized by CSD.

EXHIBIT B
(Standard Agreement)

5. REPORTING REQUIREMENTS

A. Federal Funding Accountability and Transparency Act Reporting (FFATA)

CSD may issue guidance and/or Amendment(s) to this Agreement, establishing additional reporting requirements as necessary to ensure compliance with the Federal Funding Accountability and Transparency Act (FFATA) or other Federal and State regulations, as applicable.

B. Monthly Reports

- 1) Contractor shall submit to CSD Contractor's expenditures and activities (excluding ECIP Fast Track and HEAP Electric and Gas) by-entry into the web-based, Expenditure Activity Reporting System (EARS). The monthly reports shall be submitted on or before the fifteenth calendar day following the reporting period, irrespective of the level of activity or amount of expenditure in the preceding period.
- 2) Expenditures for Assurance 16, Intake, ECIP WPO, ECIP EHCS, SWEATS, and HEAP program costs shall be reimbursed through the LIHEAP Monthly EHA 16 Expenditure/Activity Report via EARS.

- 4) All adjustments, if any, must be reported through EARS under the report period in which the expenditures occurred.
- 5) Contractor shall also submit to CSD the physical addresses for recipients of services under LIHEAP Weatherization, ECIP EHCS, ECIP WPO, and HEAP WPO for the monthly period in which the service activity occurred and reimbursement for the service activity is requested.
 - a. Contractor shall submit the monthly reporting of client service addresses separately from the EARS monthly activity/reimbursement reporting by completing the CSD 767, Monthly Service Address Report.
 - b. The report shall be sent electronically to the CSD Help Desk at SART@csd.ca.gov on or before the fifteenth calendar day following the reporting period in which direct service activity occurs.
 - c. The monthly EHA 16 Expenditure/Activity Report and the monthly Weatherization Expenditure/Activity Report will not be

**EXHIBIT B
(Standard Agreement)**

processed until CSD has reviewed and approved the Monthly Service Address Report.

C. CSD Review

- 1) CSD shall review Contractor's monthly reimbursement/activity reports and evaluate Contractor's performance related to program and fiscal operations and its demonstrated ability to effectively utilize all funds available under this Agreement.
- 2) The issuance of other CSD contracts, including reimbursement payments to the Contractor, shall be contingent upon timely receipt of the required reports and/or compliance of material requirements of this Agreement.

D. Close-out Report

Contractor shall submit on appropriate CSD forms, a close-out report, verifying all actual, allowable, and allocable costs earned during the term of this Agreement. Administrative costs, outreach, intake, and training and technical assistance shall not exceed the maximum allowable amounts. Administrative and Assurance 16 costs shall remain proportionate to the cumulative allowable program expenditures. Any administrative and Assurance 16 costs that exceed these limits shall be disallowed and returned to CSD within 90 calendar days after expiration of this Agreement. Subsequent payments, including advance payments, for LIHEAP or other CSD contracts shall also be contingent upon timely receipt of the close-out report of this Agreement.

- 1) The close-out report shall include the following forms:
 - a. Close-out checklist with authorized signature (CSD 733);
 - b. Excess Income/Interest Earned Reconciliation Report (CSD 733F); and
 - c. Equipment Inventory Schedule (CSD 733G).
- 2) Excess Income/Interest-Earned and Expended

Contractors shall use a CSD 733F, LIHEAP Excess Income and Interest Earned Close-out Reconciliation, to report actual costs, excess income and/or interest income earned and expended. Pursuant to CCR § 100840, any excess income generated as a result of actual costs being less than the fixed rate shall be used by the Contractor for any valid low-income energy assistance/weatherization activity in accordance with LIHEAP statutory and regulatory limits on expenditures subject to the maximum allowable limits for administrative costs, outreach, intake, and training and technical

|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Unit assessments are charged for each completed unit in addition to applicable blower door and/or duct leakage testing. |
| 2 | Following a determination that no combustion byproduct hazards exist, pre-weatherization blower door testing for shell-sealing purposes is a mandatory activity on a minimum of twenty percent (20%) of the total SFD (1 to 4 units) including mobile homes, and a minimum of five percent (5%) of MUD (5 or more units) weatherized under this Agreement. Blower door diagnostic testing shall be proportional to the number of completed units for each quarter. |
| 3 | A duct leakage test using the Duct Blaster is a stand-alone test and may be performed in conjunction with the Blower Door Test for purposes of assessing outside air infiltration. |
| 4 | An inspection of twenty-five percent (25%) of the total number of dwellings weatherized under this Agreement must be completed in accordance with CSD Inspection Policies and Procedures. Reimbursement shall not exceed the maximum twenty-five percent (25%) limit. A maximum of 25% of the total dwellings reported in a reporting period shall be inspected and shall continue through the contract term. If due to rounding the number of required inspections does not equal 25%, the number of required inspections performed shall be rounded up and the maximum reimbursement limit will be increased accordingly. Reimbursement is allowable for the actual labor hours of the inspection activity including travel at the approved labor rate, up to a maximum of three hours per dwelling. |
| 5 | If a combustion appliance safety hazard or other unsafe conditions requiring repair is found to exist and cannot be repaired under the scope of the program, Contractor may apply the non-envelope sealing measures identified by this note. |
| 6 | Must be classified as mandatory if a gas or electrical safety hazard exists. Age of the appliance cannot be used as a criterion for replacement. |
| 7 | If required by the local jurisdiction, a building permit must be obtained and finalized for vented appliance installations (Furnace, Boiler, Water Heater, Cook Top and Free Standing Range, and Vented Space Heater), Evaporative Cooler, Central HVAC, and Wood-Fueled Heater). |
| 8 | Special licensing is required for the installation of Central HVAC systems, Furnace, and Boilers. Special licensing may also be required for the installation and/or repair of Evaporative Cooler, Oven Cook Top and Free Standing Range, Vented Space Heater, Air Conditioning, and Gas and Electric Water Heaters, if two or more weatherization measures are not installed in a single unit. Electrical wiring upgrade/replacement and knob-and-tube wiring certification will always require a C-10 license. |
| 9 | Repairs include cleaning and filter replacement. |
| 10 | These maximums apply to heating and cooling source and water heater repairs and replacements under ECIP EHCS with the exceptions as noted in EXHIBIT B, BUDGET DETAIL AND PAYMENT PROVISIONS, Section 4. REIMBURSEMENT GUIDELINES, C. Weatherization and EHCS Specific, item 3). Duct repair and replacement is an allowable stand-alone measure when needed or triggered by Title 24 regulations under the weatherization program only. However, duct repairs and replacements can only be charged to ECIP EHCS when provided in conjunction with heating/cooling services billed to EHCS when required under Title 24. |
| 11 | Costs that exceed the maximums in other categories of cooling and heating repairs and replacements cannot be charged to the line items reserved for other types of cooling and heating units not already listed. |
| 12 | Propane furnace repairs and replacements shall be reimbursed under Other Types Not Listed. |
| 13 | Energy Conservation Measures and Activity Definitions are included in the CSD weatherization installation standards, and EXHIBIT G, DEFINITIONS. |
| 14 | A wood-fueled space heater may only be installed if it is to be used to replace a fossil-fueled space heater and/or damaged or hazardous wood stove that cannot feasibly be repaired, i.e., cost of repair exceeds thirty percent (30%) of replacement cost or existing unit is not a listed and labeled stove. |
| 15 | Per dwelling, attic and floor foundation venting may only be performed in conjunction with ceiling and floor insulation, respectively. |
| 16 | When using a blower door in conjunction with weatherizing a dwelling, do not apply these measures if the infiltration is less than the Minimum Ventilation Requirement or if the economic stop point for air sealing has been reached. Does not apply to catastrophic leaks that are health and safety hazards, e.g., broken-out window, severely damaged door, etc. |
| 17 | Costs that exceed the maximums in Glass Replacement and Window Repairs cannot be charged to Minor Envelope Repair or Window Replacement. The maximum reimbursement for Window Replacement is an average of all dwellings receiving new windows. If costs should occur such that the average maximum is exceeded for Window Replacements, the additional costs cannot be charged to Minor Envelope Repair or Glass Replacement and Window Repairs. |
| 18 | When installing a Minor Envelope Repair Measure, the installation of deadbolt locks in conjunction with an exterior door replacement is allowable on rental units only. Reimbursement will be based on the material costs for the door, the deadbolt lock, and the labor. |
| 19 | Includes sliding glass doors. Does not include weatherstripping applied to attic and crawl space access hatches, to evaporative-cooler and air-conditioner covers, or to open combustion appliance enclosure doors. Expenditures for weatherstripping applied to covers and enclosure doors shall be charged under the appropriate appliance repair line item. When insulation is not installed, applies to access hatches and windows. |
| 20 | Technicians performing evacuation and charging of refrigerant must have EPA-approved certification as a Type II or Universal technician. Refrigerant shall be recovered, and all hazardous waste materials shall be disposed of in conformance with federal, state, and local codes. |
| 21 | Do not perform if dwelling has an operable evaporative cooler. |

| 23 | Cabinet retrofits are only allowed for built-in microwaves that have been replaced and are reimbursable under Minor Envelope Repair. |
| 24 | Crawl space height shall be documented on the Weatherization Building Assessment and Job Order Sheet (CSD 540). |
| 25 | Manual Thermostats may be installed only if the old thermostat is inoperable and may be installed in lieu of Programmable Thermostats if it is determined that the client receiving such services will not be able to operate and maintain the Programmable Thermostat properly. |
| 26 | Microwaves may be installed in dwellings with gas cooking appliances. |
| 27 | Contractors shall ensure the proper disposal of hazardous wastes products such as fluorescent light tubes, batteries, and mercury thermostats in accordance with the Universal Waste Rule (Hazardous Waste Management System; Modification of the Hazardous Waste Recycling Program); Final Rule. |

| 28 | CSD Policies and Procedures for electric base-load measures state that a replacement refrigerator may be replaced only if it was manufactured in 1992 or earlier. Documentation in the client file shall contain the manufacturer, make, model and age of all replaced refrigerators. Age must be verified utilizing the Refrigerator Energy Use Data at www.waptac.org or other applicable resources per CSD WIS. |
| 29 | May be used by those Contractors that find that the per-square-foot rate under the other storm window categories is too high in comparison to the actual cost of materials within its service area. |
| 30 | Shop fees are used to cover incidental supplies that are difficult to track. Shop fees are allowed once per weatherized dwelling. Shop fees are not applicable for ECIP EHCS or reweatherized dwellings. |
| 31 | Only mileage exceeding a 60-mile round trip to the job site is reimbursable. Mileage is allowed once per weatherized dwelling. |

| 34 | One lodging and per diem claim filed for each dwelling is not limited by the number of crew members on the out-of-town job(s) and/or the number of nights required to stay to complete the out-of-town job(s). It is limited, however, to one trip by a crew for each weatherized or reweatherized dwelling. If more than one dwelling is weatherized during the single trip, the cost must be prorated among those units and shall be limited to that single trip. |
| 35 | Quantities of installed smoke alarms are dictated by code and are limited by the higher of state or local building code. Copies of local building code requiring a higher number of alarms than state code must be on file at the agency for CSD review.
