I give my 3 minutes to: _____

March 29th, 2011- Give to the Clerk of the Board three documents.

Document no. 1: Agenda 10-3, Oct 3rd, 1995 authorization to convey non exclusive easements project 4-0-0030. Page 2, Justification: side channel modification has obstructed Robert Mabee's access to his property. The granting of the easement will provide unobstructed access to his property. Two supervisors here today voted on this resolution no. F95-50. Supervisor Tavaglione as chairman of Riverside County Flood Control District signed the deeds. Supervisor Buster signed the authorization resolution no. F95-50 with complete knowledge that this was done to cover up misuse of County funds in the amount of approx \$400,000. On Oct 5th, 2010 Supervisor Buster in agenda 11-13 lied to this board and the public stating that he had no knowledge of these events saying he came into office in Jan 1993 and that no member of this board was involved in this issue.

Document no. 2: A letter dated Dec 28th, 2010 to Robert Mabee from Steve Thomas of Riverside County Flood Control stating be advised that following a thorough search of our records the attached deed had never been recorded. This was the deeds signed by Chairman of the Flood Control Board John Tavaglione in document 1, agenda 10-3 Oct 3rd, 1995 to Robert Mabee

Document no. 3: On Oct 25th, 2010 I gave to our new District Attorney evidence of this fraud by registered mail. No response. County Counsel told me that Judge Zellerback would do nothing. She was right When Bob Buster and Jeff Stone raised money for District Attorney Zellerback this was to insure that they would have the protection of his office. How can the District Attorney do his job to act on a citizen's complaint against corruption on this Board when he owes Bob Buster and Jeff Stone. Give back the money Judge Zellerback. County Counsel's office and Steve Thomas had lied to this Board to cover up fraud and misuse of County funds.

County Counsel and Flood control Director Warren Williams should be fired. They have continued to cover up fraud and misuse of County funds. They lied to this Board in the Oct 5th, 2010, agenda 11-13. Play the video of agenda 11-13, read the report. Mrs. Walls has violated the County Code of Ethics and the State Bar Code of Ethics. I have no hard feelings against this Board. You have been lied to and deceived by County Counsel's office. You have been used by County Counsel to cover up fraud by her office. County Counsel's office has cost the taxpayers over \$500,000.

FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD SUBMITTAL
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
SUBMITTAL DATE: October 3, 1995
SUBJECT: Authorization to Convey Non-Exclusive Easements
Bautista Creek Channel Project # 4-0-0030
Resolution No. F95-50

JUSTIFICATION:

The District's Bautista Creek Channel from Fairview Avenue upstream has experienced vandalism and trespassing. To prevent this and limit potential liabilities, the District fenced the 15-foot wide maintenance road and modified several side channel conveyances. Certain individuals by virtue of being successors in interest to an access easement (Instrument No. 91932) enjoyed the use of the 15-foot wide strip of land adjacent to said channel. Said access easement provided that if at any time a public highway or street was extended to the described lands in Section 22 lying easterly of Bautista Creek Channel said easement shall cease and determine. To this end, the District granted to the County a 40-foot wide strip of land adjacent to the 15-foot wide easement for acceptance in the County's non-maintained road system (Instrument No. 127298).

A portion of the 15-foot wide access easement is located within a drainage wash, making it dangerous and unusable during times of storm flow. In addition, the side channel modification has obstructed physical access to a portion of the 15-foot side easement. The granting of these easements will provide new unobstructed access to the property owners (see attached Exhibit A).
