Dep't Recomm.: Consent Policy
 Per Exec. Ofc.: Consent Policy

BACKGROUND: The Economic Development Agency solicited qualified vendors to submit Requests for Qualification (RFQ) for real estate appraisal services. The RFQs were submitted for the purpose of developing a pool of qualified real estate appraisal service providers (providers) to perform appraisals on real property being acquired as part of the Neighborhood Stabilization Program. Creating and building a pool of qualified providers is in conformance with Board Policy H-7 for the purpose of selecting contracted providers within cost and time constraints.

General public notice regarding the RFQ was published on January 22, 2011 in the Press Enterprise and Desert Sun Newspapers and on January 26, 2011 in the Palo Verde Valley Times Newspaper. In addition, the RFQ was advertised on the EDA website and written notification of the RFQ was given to the current list of prequalified providers. The deadline to respond to the RFQ was February 22, 2011.

Eight appraisers responded to the RFQ. Per Board Policy H-7, the quotations submitted by providers list their professional experience, qualifications, and ability to perform. A four member evaluation panel, comprised of EDA staff, reviewed each submitted RFQ package and scored individual applicants based on their qualifications, experience and their ability to provide appraisals on various types of residential real property. After reviewing all submitted qualifications, six providers were selected on the basis of achieving at least a predetermined minimum rated score. Each selected provider will enter into an agreement for appraisal services with EDA. The agreement for appraisal services will be reviewed and approved by County Counsel as to legal form.

Appraisal services will be procured on an as-needed basis via the issuance of purchase orders for negotiated services including, but not limited to, agreement on the scope of work, terms, conditions, and compensations. Providers will be procured by EDA based on the prequalified provider's current workload, geographic location of subject property to be appraised and EDA's particular qualifications for individual projects.

It is anticipated that the professional service fees for the projects with which the prequalified providers may be involved could range from approximately \$300 to \$500, with an estimated average service fee of \$450.

The appraiser agreement will terminate on June 30, 2012.

This Form 11 has been reviewed and approved by County Counsel as to legal form.
