- c. The payment of funds for the construction of the project is consistent with the Implementation Plan for the project area and is necessary to effectuate the purpose of the project area's Redevelopment Plan, which identifies community and daycare facilities as needed facilities; and,

3. Consent to the expenditure of redevelopment funds for the project.

BACKGROUND:

On July 15, 2008, the Board of Directors for the Redevelopment Agency (RDA) for the County of Riverside approved an agreement between RDA and Ruhnau Ruhnau Clark and Associates, Inc., for design and construction management services for the Rubidoux Child Development Center. The design plans and specifications for the project have been completed.

The proposed project is located at 3865 Riverview Drive in Rubidoux, just south of Mission Boulevard, on the same site as the new Louis Rubidoux Library. The project will provide a 14,335 square foot child development center, located on approximately 1.5 acres. The facility will provide 168 licensed childcare slots for children ages zero through five (24 infants/ toddlers and 144 preschoolers). The facility will also include an outdoor play area, and a full service kitchen for food preparation. This project will comply with Board Policy H-29: Sustainable Building Policy, which establishes the use of sustainable practices using Leadership in Energy and Environmental Design (LEED) criteria.

The Notice of Determination, The California Environmental Quality Act (CEQA) documentation, and findings are being presented to the Board approval as "Attachment A". In accordance with CEQA (Public Resources Code Section 21000-21177), an initial study was prepared to analyze the proposed project to determine any potential significant impacts upon the environment that would result from construction and implementation of the project.

On December 23, 2010, the State of California Governor's Office of Planning and Research (OPR) notified the county that the Initial Study/ Mitigated Negative Declaration (IS/MND) complies with the requirements of CEQA. Pursuant to CEQA Section 15074, the county shall consider all comments received during the review period prior to adoption of the IS/MDN. The comment letters are included in the IS/MND.

The analysis contained in the initial study demonstrates that the project would not have any significant impacts on the environment with implementation of the mitigation measure contained in the initial study. The IS/MND was prepared and circulated for the mandated 30-day public review and comment period from November 23, 2010, to December 24, 2010.

Pursuant to CEQA (Public Resources Code Section 21081.6) the county is required to adopt a reporting and monitoring plan for the mitigation measures identified in the IS/MND to mitigate or avoid significant effects on the environment. The Mitigation Monitoring and Reporting Program (MMRP) contained in the final IS/MND presented to the Board for adoption is designed to ensure compliance during project implementation.

BACKGROUND: (Continued)

The development of the project is consistent with RDA's Implementation Plan, which calls for the building of community and child development facilities for area residents.

The source of funds for this project is as follows:

First 5 Grant: \$750,000

Jurupa Valley Redevelopment Capital Improvement Funds: \$10,717,500

Agency staff recommends that the Board conduct a public hearing regarding the proposed project, make the aforementioned findings, and consent to the expenditure of redevelopment funds for the project.

Summary Report: Rubidoux Child Development Center

(As required by Section 33679 of the Health and Safety Code: Community Redevelopment Law)

Project Description: The project will provide a 14,335 square foot child development center located on approximately 1.5 acres. The center will provide 168 licensed child care slots for children ages zero through five (24 infants/toddlers and 144 preschoolers). The center will include an outdoor play area and a full service kitchen for food preparation. The project will comply with the Board Policy H-29: Sustainable Building Policy, which establishes the use of sustainable practices using Leadership in Energy and Environmental Design (LEED) criteria.

Project Site: The proposed project is located at 3865 Riverview Drive in Rubidoux, just south of Mission Boulevard, on the same site as the new Louis Rubidoux Library.

Project Cost: The total project cost is estimated at \$11,467,500.

Findings: The following findings have been made pursuant to Section 33445 of the Health and Safety Code:

- A. The construction of the Rubidoux Child Development Center Project is of benefit to the Jurupa Valley Redevelopment Project Area by providing needed community and daycare facilities within the project area;
- B. No other reasonable means of financing the project are available to the community due to the fact that there are no county funds available to fund the project; and
- C. The payment of funds for the construction of the project is consistent with the Implementation Plan for the project area and is necessary to effectuate the purpose of the project area's Redevelopment Plan, which identifies community and daycare centers as needed facilities.

Purpose:

The proposed project meets the following goals of the Jurupa Valley Redevelopment Project Area:

- A. The project site which is currently underdeveloped will be improved by providing an enhanced state of the art childcare center for the community;
- B. The development of the site will enhance the physical appearance and the effective use of the vacant property in the Project Area by constructing a new beautifully landscaped childcare center; and
- C. The development of the site and location will promote the improvement and centralization of childcare services for the community.
