The Honorable Board of Supervisors
 RE: Notice of Completion - Emergency Storm Damage Repair, Mockingbird Canyon Road,
 Mockingbird Canyon Area
 March 31, 2011
 Page 2 of 2

The work originally consisted of performing repairs at 4 locations adjacent to Mockingbird Canyon Road. After the contract was started, other portions of the road were found to be in distress and required repairs. The additional locations, the need to hydro seed the disturbed areas and disposal of exposed and damaged water pipe increased the estimated amount of the contract to \$70,000 over the originally authorized contract amount.

The road began to fail on December 23, after several days of prolonged rain. The immediate mobilization by County forces and Matich to place K-rail that same day to protect traffic averted potential disaster as the road continued to fail that same evening and more sections of the road collapsed into the adjacent channel. The road was opened up to traffic after three weeks of closure.

The total amended contract is \$400,077 which is 21.2% more than the originally authorized amount.

This work was completed at the direction of the Department on January 14, 2011, and was inspected by the Construction Engineering Section of the Transportation Department. Work Order 45111101.

This project is being submitted for storm damage reimbursement through the Federal government and we expect to eventually recover most of this cost.
