SUBJECT: Proclamation declaring the month of May 2011 to be Elder Abuse Awareness Month

RECOMMENDED MOTION: That the Board of Supervisors proclaim May 2011 as Elder Abuse Awareness Month in the County of Riverside and approve the attached proclamation

BACKGROUND:

Elder abuse and neglect is a serious and growing problem across the nation, with the majority of victims being elders 75 years of age or older. Between 1 and 2 million Americans, age 65 or older have been injured, exploited or mistreated by someone on whom they depended for care or protection. In fact, two-thirds of abusers are family members. Yet it is estimated that as few as one in five elder abuse cases are actually reported to authorities.

**SUBJECT: Proclamation declaring the month of May
to be Elder Abuse Awareness Month**

PAGE: 2

BACKGROUND: (cont'd)

The United States Census Bureau projects that California's elderly population will nearly double within the next 30 years—from 6.4 million to more than 12 million individuals, largely due to the aging of the Baby Boomers (persons born between 1946 and 1964). As Baby Boomers reach retirement age, California is projected (by 2025) to rank first in the nation in having the largest number of elderly residents. In Riverside County, almost 1 in 5 residents are 60 years of age or older. With a strong commitment to partnership in our community, Riverside County can continue to lead the effort to prevent, investigate, treat and prosecute cases of elder abuse in our County. In support of these efforts and to increase community awareness of these issues, we join in asking the Riverside County Board of Supervisors to proclaim May 2011 as Elder Abuse Awareness Month.
