**BACKGROUND:**

Magnolia Avenue is a four lane road measuring 12 feet in width for each lane. The street currently has a median separating eastbound from westbound traffic. The Riverside County Transportation Department proposes to construct two left turn lanes, one for east bound and one for westbound traffic, and a traffic signal at the intersection of Magnolia Avenue and Neece Street. Each turn lane will cross its adjacent median causing a portion of the median to be removed.

The Notice of Exemption was filed and posted on January 30, 2008. The Riverside County Transportation Department staff conducted a review of the above-referenced project and determined that the project qualifies for a Categorical Exemption per the California Environmental Quality Act (CEQA) Guidelines, Section 15301 (c).

The Economic Development Agency (EDA) has presented a written offer to the property owner as required by Government Code Section 7267.2 for Assessor's Parcel Numbers 107-050-001 and 135-021-030. The amount of the offer is consistent with current property value in the Riverside area for this property type (and is based upon a fair market value appraisal report). EDA has also offered to pay the reasonable costs, not to exceed \$5,000, for an independent appraisal obtained by the property owner (as required by Code of Civil Procedure Section 1263.025).

The County has been negotiating with Union Pacific for over a year in good faith to acquire the needed property. We are at a point that there is an urgent need to move forward and obtain possession of the property so that we can build a traffic signal at the intersection of Magnolia and Neece, which has been allocated \$150,000 in grant funding. The right-of-way needs to be obtained by June 2011 or the grant funding will likely be lost. Settlement has not been reached with Union Pacific Railroad, although negotiation is still in progress for the necessary right-of-way.

The subject Notice of Intention would schedule a hearing on June 7, 2011 for proposed Resolution No. 2011-110 (Authorizing Resolution of Necessity Regarding the Project to Improve Magnolia Avenue and Neece Street Traffic Signal. The scheduling of a Resolution of Necessity hearing on June 7, 2011 is needed in order to permit the Magnolia and Neece Traffic Signal Project to move forward.

The County is authorized to acquire property by eminent domain pursuant to various statutes including Government Code, §25350.5.

This Resolution has been reviewed and approved by County Counsel as to legal form.

**FINANCIAL DATA:** (Commences on Page 3)

**FINANCIAL DATA:**

The following summarizes the funding necessary for the acquisition of the property referenced above:

Purchase Price:	\$2,000
Appraisal:	\$0
Preliminary Title Report:	\$0
EDA Real Property Costs:	\$20,000
Total Estimated Acquisition Costs:	\$22,000

EDA has already covered the costs for due diligence (appraisal and preliminary title reports) and will be or has been reimbursed by the Transportation Department. The remaining costs will be paid directly by the Transportation Department. All costs associated with this property acquisition are fully funded in the Transportation Department's budget for FY 2010/11. Thus, no additional net county cost will be incurred as a result of this transaction.

2 has been made to the owner of record of the Subject Properties;

3 (e) That, to the extent that the Subject Properties are already devoted
