The Honorable Board of Supervisors

RE: Amendment 1 to TUMF Funding Agreement with Western Riverside Council of Governments (WRCOG) for the Wood Road Widening Project from Cajalco Road to Krameria Avenue

April 21, 2011

in the amount of \$6,000,000, approved by the Board on January 10, 2006 (Agenda Item 3.64). It will provide an improved north-south connection along Wood Road between Van Buren Boulevard and Cajalco Expressway, which are two key east-west corridors in the Woodcrest/Mead Valley areas.

At the request of WRCOG, this Amendment 1 will reduce the TUMF Funding amount for the Agreement to a revised total of \$1,320,000. Of this funding, approximately \$936,000 is projected to be available in about three years, at which time we will continue with Engineering and Planning activities. Due to the dramatic decline in TUMF revenues since we first entered into this agreement because of the recession, most of the projects in the Northwest Zone (which also includes the Cities of Riverside, Corona, Norco and now Eastvale) have had to reduce their budgets to align with available revenues, and to prioritize funds for projects that are in the construction phase. This amended amount is consistent with the revised budget amount currently programmed in the WRCOG Northwest Zone TIP for this Project.

The Transportation Department intends to keep pursuing this project as the economy rebounds and TUMF revenues become more available.
