

**BACKGROUND:**

The Health Assessment Resource Center (HARC) is a community collaborative project that provides scientific studies of the health needs in the Coachella Valley. HARC is proposing to provide a free, online database with query capability on its website. The database will enable the public to easily retrieve health assessment data and utilize the information for research and planning.

The Community Connect 211 Riverside County provides residents of the Fourth District with information and referral services, such as utility assistance, rental assistance, emergency food, medical services or help in resolving personal crisis.

Bags of Love is an organization that is committed to providing for the immediate needs of children being removed from their home by the Riverside County Department of Public Social Services. In the past 2 years, Bags of Love have distributed over 100 bags to local children in the Palo Verde Valley.

The American Legion 21<sup>st</sup> District produces the Legionnaire Newspaper that provides readers with up to date information regarding Post activities, along with vital Veterans issues and legislation, and information regarding Memorial Day activities.

I would like to contribute funding to support these worthwhile programs that benefit the residents of the Fourth District.
