RE: Approval of the Professional Services Agreement between the Riverside County Transportation Land Management Agency, Planning Department and RBF Consulting
Date April 27, 2011
Page 2

BACKGROUND Cont'd

On January 3, 2011 with the assistance of the Riverside County Purchasing and Fleet Services Department, staff issued a Request for Proposal No. TLARC-290 to solicit responsive bidders with California Environmental Quality Act (CEQA) qualifications, to prepare a programmatic EIR pursuant to CEQA that addresses the environmental impacts of the proposed Community Plan.

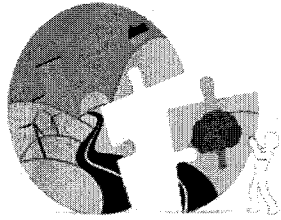

The County mailed the notice on RFP WMARC-162 to 154 vendors and advertised the RFP on the County Purchasing web site. The County received nine proposals to the RFP.

An evaluation committee, consisting of representatives of TLMA and County Counsel met to evaluate the proposals. The proposals were evaluated on overall response to the RFP requirements; experience, technical capability and project methodology; cost and fees; references; financials; clarification and exceptions or deviations; and credentials, resumes, licenses, certifications.

The County interviewed four vendors. The evaluation team is recommending an award to RBF Consulting. The evaluation team unanimously agreed that RBF is the most qualified vendor and they demonstrate the experience to provide the services to the County based on:

- Technical expertise to support County staff and decision makers in making informed CEQA decisions for the project;
- Organizational capacity in-house to meet the aggressive EIR schedule in a timely fashion;
- Demonstration of the flexibility necessary to see this project through adoption process in a highly visible hearing process; and
- Proven expertise on local environmental issues and countywide regulations (their work on the General Plan adoption in 2003; other comparable projects in nature).

The completion of EIR No. 524 will provide staff the technical analysis necessary to complete the Wine Country Community Plan.
