

**SUBMITTAL TO THE BOARD OF DIRECTORS OF THE
REDEVELOPMENT AGENCY
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

603C

FROM: Redevelopment Agency

SUBMITTAL DATE:

May 5, 2011

SUBJECT: Mead Valley Code Enforcement Project – Architectural Services Agreement

RECOMMENDED MOTION: That the Board of Directors:

1. Conduct a public hearing in accordance with Health and Safety Code Section 33679;
2. Make the following findings pursuant to Health and Safety Code Section 33445:
 - a. The construction of the Mead Valley Code Enforcement Project is of benefit to the Mead Valley Redevelopment Project Area by helping to eliminate blight by removing and reconstructing a substandard structure within the project area and providing much needed additional office space to support the Riverside County Code Enforcement (Code Enforcement) in its provision of services in the surrounding community within the project area;

RECOMMENDED MOTION: (Continued)

- b. No other reasonable means of financing the project are available to the community due to the current economic crisis, which has significantly reduced the availability of county funds resulting in no available to funds for the project;
 - c. The payment of funds for the cost of the project is consistent with the Implementation Plan for the project area and is necessary to effectuate the purpose of the project area's Redevelopment Plan, which calls for construction of buildings and infrastructure improvements;
3. Approve and authorize the Chairman of the Board to execute the attached architectural services agreement in the amount of \$284,500, together with a reimbursable allowance of \$10,000, between the Redevelopment Agency for the County of Riverside and Broeske Architects and Associates for the design of the Mead Valley Code Enforcement Project; and
 4. Delegate authority to the Executive Director of the Redevelopment Agency, or designee, for amendments up to 15% of the total contract amount.

BACKGROUND:

In 2006, the Redevelopment Agency for the County of Riverside (RDA) constructed a new fire station for the Mead Valley Fire Department. Code Enforcement then moved into the old Mead Valley Fire Station. Over the years, Code Enforcement has outgrown the space and is in need of expansion. This project proposes to demolish the old fire station and construct a new 10,000 square foot building to house Code Enforcement and future office space for the county. The estimated cost of the proposed project is approximately \$4,000,000.

On the July 27, 2010, RDA advertised a Request for Qualifications (RFQ) regarding the selection of a firm to provide architectural services for the proposed project. Per Board Policy H-7 and the Government Code, RDA formed a selection committee to review each firm's qualifications and to interview the selected firms. After reviewing all of the submitted Statement of Qualifications and conducting interviews, Broeske Architects and Associates was selected as the firm best suited to provide services required in successfully completing the Mead Valley Code Enforcement Project.

Project related expenditures for Fiscal Year 2010/2011 is estimated at \$150,000 and \$144,500 for Fiscal Year 2011/2012.

All costs associated with this agreement will be fully funded through the Mead Valley Redevelopment Capital Improvement Funds, and no new net county cost will be incurred as a result of this action.

RDA staff recommends that the Board conduct the public hearing regarding the proposed project, make the aforementioned findings, and approve the agreement so the Redevelopment Agency may proceed with engineering and design of the improvements.

**OWNER/ARCHITECT AGREEMENT
BY AND BETWEEN
THE REDEVELOPMENT AGENCY
FOR THE COUNTY OF RIVERSIDE**

AND

BROESKE ARCHITECTS & ASSOC.

MEAD VALLEY GOVERNMENT CENTER

AGREEMENT FOR ARCHITECTURAL SERVICES

The REDEVELOPMENT AGENCY FOR THE COUNTY OF RIVERSIDE, a public body corporate politic in the State of California, herein referred to as "AGENCY", and BROESKE ARCHITECTS & Assoc. duly licensed as an Architect and/or Architectural Professional Corporation under the laws of the State of California, herein referred to as "ARCHITECT", mutually agree as follows, effective as of _____ 2011:

- I. DESCRIPTION. The Architect shall render architectural and engineering services for all identified phases of the project to the AGENCY, for which the AGENCY shall pay the Architect, all as hereinafter provided, with relation to design, under contract to be let on competitive bidding, of building and improvements, herein called "project", described and generally located as follows: MEAD VALLEY GOVERNMENT CENTER

- II. SCOPE OF WORK. The Architect shall perform all services and other activities necessary to design and prepare construction documents ready to advertise and receive bids for the project in accordance with the terms of this Agreement and as outlined in the attached Exhibit "A", incorporated herein and by this reference made part hereof.

- III. ARCHITECT'S SERVICES. The Architect shall render the following services and related services as stipulated in Exhibit "A".
 - A. PROGRAMMING VERIFICATION: Including developing from provided information a list of space allocations and room/outdoor area(s) space data sheets. Work under this phase to be completed within two weeks of written authorization to proceed.

 - B. SCHEMATIC DESIGN: Consult with representatives of the AGENCY, examine site and surroundings, ascertain presently proposed and probable future functions and requirements of the project; prepare schematic design studies incorporating the program requirements including site plans, floor plans, elevations, sections and other drawings necessary to describe the project. Prepare an itemized preliminary budget for the project, including a construction cost estimate, estimates for essential or optional fixtures and improvements recommended for separate purchase or installation, including but not limited to such items as floor coverings, window equipment, and all items of cost necessary to the completion but not to be covered by construction contract. Prepare outline specifications in sufficient detail to permit an analysis of the proposed construction and building systems specified and a tabulation of both gross and assignable floor areas with a comparison to the initial program requirements. Submit schematic drawings and an estimated construction cost; make necessary revisions as required to meet the financial limitations and other needs of the AGENCY; submit a preliminary schedule for completion of the subsequent phases. Design studies shall accommodate AGENCY's space standards and systems furniture needs as required. Work under this phase to be completed within four weeks of written authorization to proceed.

- C. DESIGN DEVELOPMENT: Develop from the schematic analysis, as approved, and submit to the AGENCY preliminary site plans, floor plans, elevations, cross-sections and other necessary drawings and specifications, to fix and illustrate the size and character of the project, including applicable essentials as to kind and quality of materials, type of structure, mechanical, electrical and sanitary systems, interior design and other fundamental information; present for the approval of the AGENCY a construction cost estimate, a revised schedule for completion of subsequent phases, apply for and obtain any necessary, preliminary approvals of public agencies. Work under this phase to be completed within four weeks of written authorization to proceed.
- D. CONSTRUCTION CONTRACT DOCUMENTS: Prepare detailed construction contract drawings, all related specifications and construction cost estimate; prepare other necessary contract documents, using forms provided by the AGENCY, to include general conditions and supplementary general conditions, instructions to bidders, form of proposal, agreement, bonds, and notice inviting bids. Assist AGENCY in applying for those permits and approvals typically required by law for projects similar to the one for which Architect services are being engaged. Complete final contract documents and submit them for approval, ready to invite bids, including any recommended alternate bid provisions and period for construction, accompanied in writing with any recommended adjustments in estimated contract price and other budget items and schedule for completion of subsequent phases; recommend time until receipt of bids, and for completion. Work under this phase to be completed within six weeks of written authorization to proceed.
- E. BIDDING: Solicit bids by direct communication with contractors, by means of usual trade publications and through construction bid plan rooms. Reproduce and issue drawings, specifications and other contract documents for bidding purposes; prepare and issue to all prospective bidders any necessary addenda not later than a reasonable period before the time fixed to receive bids, and submit the same for approval of the AGENCY before award of the contract; consult with and make specific recommendations to AGENCY concerning responsibility of bidders and proposed subcontractors and concerning acceptance or rejection of bids and alternate bids; thereafter give timely notice to AGENCY to issue the "Notice to Proceed" to the contractor to commence construction; promptly investigate requests of contractor for substitution of "equals" and make reports and recommendations to AGENCY. Work under this phase to be completed within six weeks of written authorization to proceed.
- F. CONSTRUCTION: Make periodic visits to the project and provide construction administration services and observation of the work to assist securing completion for general conformity with the contract documents including drawings and specifications; without guaranteeing performance by contractors, observe compliance with contract requirements by contractors, and promptly notify AGENCY of uncorrected noncompliance, substantial delays and observed deviations from requirements of the contract; perform functions required of the

Architect by the terms of this Agreement for Architectural Services; coordinate and cooperate with the Clerk of the Works or inspector provided by the AGENCY; interpret drawings and specifications; review and act on reports of results of materials and systems testing arranged for and paid by the AGENCY or contractor as provided in the contract documents; review and accept (or reject) all submittals by the contractor required by the contract documents including shop drawings, products, and data samples for conformance with design concept and contract documents; prepare a color and finish schedule and all revisions thereof; approve material samples for color and finish; recognize the need for, negotiate, prepare and seek timely approval of change orders, specifying therein what, if any, additional time for completion is to be allowed on account thereof; review contractor's applications for payment and recommend certificates for payment, with full or partial withholding where circumstances so indicate; at completion stage make thorough and complete visual observations of exposed "to" view elements, report observed deficiencies and ascertain substantial compliance; thereupon, and not before, promptly report to AGENCY the fact of completion accompanied by notice of completion prepared for execution of AGENCY on form supplied by or acceptable to AGENCY's legal adviser; prepare and make all reports as required for local, state and federal agencies and obtain necessary approvals or other clearances thereon; file with AGENCY any required written warranties submitted by the contractor; based on Architect's observations during construction, review and report opinion of accuracy and completeness of record drawings as such pertains to information that Architect has knowledge of such as Change Orders, Addendum, Interpretations or Clarifications prepared by Architect and file with AGENCY the record drawings, and specifications prepared by the contractor and for which the contractor assumes sole responsibility for the accuracy and completeness thereof. The Architect shall not have the authority to stop the construction work for any reason. The Architect shall not have control or charge of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction, fabrication, procurement, shipment, delivery or installation, or for safety precautions and programs in connection with the Work, for the acts or omissions of the contractors, subcontractors, suppliers, or any other persons performing any of the work, or for the failure of any of them to carry out the Work in accordance with the contract documents. Work under this phase to be completed within fourteen months of written authorization to proceed.

- G. GUARANTY PERIOD: Consult with AGENCY's representatives and assist AGENCY in negotiations with contractors and subcontractors with reference to remedying defects of construction or unsatisfactory operation of the complete project or any of its parts, for a period of one year after acceptance of the project.
- H. EXTRA WORK: Extra work shall be performed only when requested or approved by the AGENCY in writing, after written notice from the Architect as to the estimated cost thereof. Extra work shall include, but not be limited to:

1. Prepare planning surveys and special analyses of the owner's needs, in addition to the base requirements of the contract, to clarify requirements of the project when requested by the owner.
2. Prepare measured drawings of existing construction when required for planning additions or alterations thereto.
3. Revising previously approved drawings or specifications to accomplish changes ordered by the AGENCY.
4. Consultation concerning replacement of any work damaged by fire or other cause during construction and furnishing professional services as may be required in connection with the replacement of such work.
5. Arranging for the work to proceed should the contractor default due to delinquency or insolvency.
6. Providing contract administration and observation of construction should the original construction contract time be exceeded by 60 days through no fault of the Architect.
7. Conducting an observation of the project prior to expiration of the guarantee period and reporting observed discrepancies under guarantees provided by the construction contract, if requested by the owner.
8. Preparing drawings and/or specifications for correction of defects of construction discovered after completion, or letting contracts or observation of construction thereunder, preparing for or participating in litigation arising out of the construction contract or defects of construction, whether before or after completion, or the enforcement of guarantees or warranties.
9. Preparation of drawing for remodeling of existing facilities, if applicable.

IV. ARCHITECT'S COMPENSATION

A. Determination of Amount

1. For the services hereinabove required the AGENCY shall pay to the Architect, in the manner hereinafter provided, a lump sum fee of Two Hundred Eighty-Four Thousand, Five Hundred dollars (\$284,500.00), and shall be paid as provided in paragraph IV.C. Payment.

2. The Construction Contract Budget (which includes trade contracts and general conditions has been determined by the AGENCY and until revised by the AGENCY shall be deemed to be Four Million dollars (\$4,000,000). The Architect's compensation in Section IV, A, I above, shall include design services necessary for the joint development of the information technology (IT) systems with the AGENCY's Information Technology Department.
3. If the accepted bid amount is higher or lower than the construction cost stipulated above, the Architect's fee will not be changed, except for increases in scope of work which will be compensated per terms outlined below in IV.B. Additional Services.
4. Authorized reimbursable expenses shall be paid at consultant's cost, plus 10%. Authorized reimbursable expenses are as follows, and shall not exceed: \$10,000.
 - a. Expenses for travel outside the Riverside County area provided, however, that such travel is authorized in advance by the AGENCY.
 - b. Expenses for postage of drawings and specifications.
 - c. Direct cost of models, renderings, prints, photographs or other reproduction authorized by the AGENCY.

B. Additional Services

1. Payments for additional services authorized by the Board shall be made upon acceptance of said services by the Assistant County Executive Officer/EDA and in accordance with one of the following as determined by the Assistant County Executive Officer/EDA:
 - a. By negotiation between AGENCY and Architect.
 - b. By Hourly rates for time expended by Architect's personnel in accordance with Hourly Rate Schedule attached to this Agreement as Exhibit "A".
 - c. The Architect shall not be entitled to additional fees for deductive change orders nor shall his fee be reduced due to deductive change orders.
2. The compensation herein provided shall be full payment to the Architect for all services rendered by him and all persons engaged or employed by him in the performance of this agreement, and no additional payment or reimbursement shall be made therefore or for any travel or other expenses incurred by the Architect or such persons, except as may be specifically provided in writing between the parties.

3. No deduction from the Architect's compensation shall be made on account of any sum withheld from a contractor.

C. Payment

1. The AGENCY shall pay the Architect, upon his itemized statement (with backup documentation upon request), for completed and approved services under this agreement in the various phases. (See Exhibit "A".) The Architect shall be entitled to invoice monthly based on percentage complete of work.

- a. Schematic Design -----\$ 75,210.00
- b. Design Development-----\$ 38,650.00
- c. Construction Documents 50% of lump sum. -----\$ 57,918.00
- d. Construction Documents 100% of lump sum. -----\$ 57,918.00
- e. Bidding-----\$ 14,000.00
- f. Construction Administration/Close out-----\$ 40,804.00

Invoiced upon acceptance and approval of the following:

Punch list development and monitoring of completion of punch list items; collection of warranties; collection of operation and maintenance manuals; operations and security walk through; staff instructions/training (if desired); and preparation of record drawings (As-Builts)

- g. For extra work authorized by the AGENCY, the compensation shall be payable during the month following that in which the work was performed and approved by the AGENCY unless other specific methods of payment have been agreed upon between the parties.
2. AGENCY agrees that timely payment is a material part of the consideration of this agreement. The AGENCY shall review submitted invoices and within 14 calendar days of receipt notify Architect in writing of questions or disputed amounts. Within 30 calendar days from the day the AGENCY receives an invoice, the AGENCY shall make payment of all amounts due, which have not been previously identified as a disputed amount and remain unresolved.

V. DUTIES OF ARCHITECT

- A. Upon execution hereof, the Architect shall proceed with the work in accordance with Exhibit "A", each phase shall be approved in writing by the AGENCY and a Notice to Proceed issued prior to commencing subsequent phases.
- B. The Architect's work on each phase shall be performed in such manner and form as will to the extent within the control of the Architect receive approval of any local, state or federal agency having jurisdiction to approve the same, and he shall furnish all architectural and engineering information and data necessary to meet the requirements of such agency or agencies in order to secure approval to construct the project or for financial aid in connection therewith, if requested to do so by the AGENCY. However, the Architect shall not be required to sign any documents, no matter by whom requested, that would result in the Architect having to certify, guarantee or warrant the existence of conditions whose existence the Architect cannot ascertain.
- C. If the lowest responsible construction bid for the project exceeds the adjusted estimated cost of construction by 10%, the Architect shall, upon request from the AGENCY, revise the construction documents, without cost to the AGENCY, so as to bring the cost of the project within said adjusted cost estimate without program alteration, and shall prepare the necessary documents to invite further bids, and in a like manner shall furnish revised construction documents in the same manner initially required herein. However, if the AGENCY elects to award a construction contract even though the responsible low bid exceeds the adjusted estimated cost of construction, the Architect's fee shall not be increased. If bidding has not commenced within three months after the Architect submits the proposed contract documents to the AGENCY, any of the estimated cost of construction shall be adjusted to reflect any change in the general level of prices which may have occurred in the industry between date of submission of the contract documents to the AGENCY and the date on which proposals are sought.
- D. The Architect shall obtain employ or engage all engineers, consultants or other individuals or firm necessary to enable him to perform the services under this agreement through all phases of the project, and shall be responsible for their compensation, including but not limited to structural engineers, mechanical engineers, electrical engineers, civil engineers, landscape architects, and interior design consultants.
- E. The Architect shall obtain and maintain during the term of performance of this Agreement workers' compensation insurance in accordance with statutory requirements.
- F. The Architect shall deal directly with the duly appointed Project Manager from the Economic Development Agency in all matters pertaining to the project.

VI. DUTIES OF THE OWNER

- A. The AGENCY shall make available to the Architect all information which may be requested in order to perform the services required of him under this agreement, including space requirements, space standards, functions and uses proposed for all proposed occupancies. The Architect may rely upon the accuracy and completeness of all information provided by the AGENCY including, but not limited to surveys, tests, and reports. The Architect shall advise the AGENCY of any known errors, inconsistencies, or problems they may observe in such information.
- B. The AGENCY shall furnish the Architect with an engineering site survey and topography of the property upon which the project is to be constructed. Such survey shall be prepared by a licensed surveyor or registered civil engineer and shall indicate existing structures, land features, improvements, public utility and public service installations, elevations, boundary dimensions, easements and other matters usual to such surveys, and such other items as may be requested by the Architect. The survey shall be provided as soon as possible after award of the contract.
- C. The AGENCY shall pay all fees required by any state or federal agency for filing and checking any of the work of the Architect or Architect's consultants. The AGENCY shall also pay such fees as shall be necessary to secure building and related permits for the work from governmental agencies.
- D. During such portion of the construction period as the AGENCY deems necessary, the AGENCY shall provide and compensate the Clerk of the Works or other building inspectors, who shall provide code interpretation and compliance with the construction documents inspection.
- E. The AGENCY shall promptly consider and act upon such written requests or recommendations of the Architect as may be necessary to proceed with the progress of construction.
- F. The Architect shall provide plans for systems furniture when the furniture is included in the project. The AGENCY shall engage a systems furniture consultant to work directly with the Architect to develop floor plans, including requirements for electric power, lighting and communication systems in the project.
- G. The AGENCY agrees that the General Contractor is solely responsible for jobsite safety, and warrants that this intent shall be made evident in the agreement between the AGENCY and the General Contractor.

- H. If the AGENCY's Project Manager observes or otherwise becomes aware of any fault or defect in the Project or nonconformance with the Contract Documents, prompt written notice thereof shall be given by the AGENCY to the Architect.

VII. DOCUMENTS

- A. The Owner acknowledges that the Architect's reports, drawings, specifications, field data, field notes, laboratory test data, calculations, estimates and other similar documents are instruments of professional service, not products. Although ownership of such documents normally is retained by the Architect they nonetheless shall in this instance become upon their creation the property of the AGENCY whether the Project is constructed or not. The Architect will however retain the copyright to such documents. The AGENCY may use the design documents and the designs depicted in them, without the Architect's consent, in connection with the Project, or other AGENCY Projects, including, without limitation, future additions, alterations, connections, repairs, information, reference, use or occupancy of the Project(s). Any reuse of the documents by AGENCY without the written consent of the Architect shall be at AGENCY's sole risk and without liability or legal exposure to the Architect, and AGENCY shall indemnify, defend and hold the Architect harmless from any claims or losses arising out of such use of the design documents by the AGENCY.
- B. Upon completion of each of the Phases described in Exhibit "A", the Architect shall furnish to the AGENCY four (4) copies of all documents for that phase. Upon approval thereof by the AGENCY, the Architect shall furnish one reproducible set along with a CD in ACAD of construction documents.

VIII. INSURANCE

Without limiting or diminishing ARCHITECT'S obligation to indemnify and hold the AGENCY harmless, ARCHITECT shall procure and maintain, or cause to be maintained at its sole cost and expense, the following insurance coverage during the term of this Agreement:

a. **Workers' Compensation:**

If ARCHITECT has employees as defined by the State of California, ARCHITECT shall maintain Workers' Compensation Insurance (Coverage A) as prescribed by the laws of the State of California. Policy shall include Employers' Liability (Coverage B) including Occupational Disease with limits not less than \$1,000,000 per person per accident. Policy shall be endorsed to waive subrogation in favor of the AGENCY and, if applicable, provide a Borrowed Servant/Alternate Employer Endorsement.

b. **Commercial General Liability:**

Commercial General Liability insurance coverage, including but not limited to, premises liability, contractual liability, products/completed operations if applicable, personal and advertising injury covering claims that arise from or out of ARCHITECT'S operations, use and management of the premises, or the performance of its obligations hereunder. Policy shall name, by Policy Endorsement, the AGENCY of Riverside its Agencies, Districts, Departments and Special Districts, their respective Directors, Officers, Board of Supervisors, employees, elected and appointed officials as Additional Insureds. Policy limits shall not be less than \$2,000,000 per occurrence combined single limits. If Policy contains a general aggregate limit, it shall apply separately to this agreement or be no less than two (2) times the occurrence limit.

c. **Vehicle Liability:**

If any vehicle or mobile equipment is used in the performance of the obligations under this Agreement, ARCHITECT shall maintain liability insurance for all owned, non-owned and hired vehicles in an amount not less than \$1,000,000 per occurrence combined single limit. Policy shall name, by Policy Endorsement, the AGENCY of Riverside its Agencies, Districts, Departments and Special Districts, their respective Directors, Officers, Board of Supervisors, employees, elected and appointed officials as Additional Insureds. If Policy contains a general aggregate limit, it shall apply separately to this Agreement or be no less than two (2) times the occurrence limit. Policy shall be Endorsed to name the AGENCY as Additional Insured.

d. **Property (Physical Damage):**

All-Risk personal property insurance coverage for the full replacement value of all ARCHITECT'S equipment, systems, structures and improvements/alterations if any including property in the ARCHITECT'S Care, Custody, and Control used on AGENCY premises, or used in any way connected with the accomplishment of the work or performance of services under this Agreement.

e. **Professional Liability:**

ARCHITECT shall maintain Professional Liability Insurance providing coverage for performance of work included within this Agreement, with a limit of liability of not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. If ARCHITECT'S Professional Liability Insurance is written on a claims-made basis (Project Specific) rather than an occurrence basis, such insurance shall continue through the term of this Agreement. Upon termination of this Agreement, or the expiration or cancellation of the claims made insurance policy, ARCHITECT shall purchase at its sole expense either 1) an Extended Reporting Endorsement (also known as Tail Coverage), or 2) Prior Dates Coverage from a new insurer

with a retroactive date back to the date of, or prior to, the inception of this Agreement, or 3) demonstrate through Certificates of Insurance that ARCHITECT has maintained continuous coverage with the same or original insurer. Coverage provided under items 1), 2), or 3) will continue for a period of five (5) years beyond the termination of this Agreement.

f. **General Insurance Provisions - All lines:**

- (1) Any insurance carrier providing insurance coverage hereunder shall be admitted or approved to the State of California unless waived, in writing, by the AGENCY Risk Manager. Carrier(s) shall have an A.M. BEST rating of not less than an A:VII. Insurance deductibles or self-insured retentions must be declared by the carrier(s), and such deductibles and retentions shall have the prior written consent from the AGENCY Risk Manager.
- (2) Cause its insurance carrier(s) to furnish the AGENCY of Riverside with a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein. Further, said Certificate(s) and policies of insurance shall contain the covenant of the insurance carrier(s) that thirty (30) days written notice shall be given to the AGENCY prior to any, cancellation, expiration or reduction of such insurance. In the event of, cancellation, expiration or reduction, this Agreement may be terminated by the AGENCY forthwith, unless the AGENCY receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of endorsements evidencing coverage set forth herein and the insurance required herein is in full force and effect. **ARCHITECT shall not commence operations under this Agreement until the AGENCY has been furnished original Certificate(s) of Insurance and all required endorsements. Upon AGENCY's request, ARCHITECT shall make available for inspection copies of ARCHITECT's insurance policies.**
- (3) It is understood and agreed to by the parties hereto and the insurance company(s), that the Certificate(s) of Insurance and policies shall so covenant and shall be construed as primary, and the AGENCY's insurance and/or deductibles and/or self-insured retentions or self-insured programs shall not be construed as contributory.
- (4) ARCHITECT shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement.

IX. **INDEMNITY AND HOLD HARMLESS**

The ARCHITECT agrees to and shall indemnify and hold harmless the County of Riverside, its Agencies, Districts, Departments and Special Districts, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives (hereinafter individually and collectively referred to as "Indemnitees") from all liability, including, but not limited to loss, suits, claims,

demands, actions, or proceedings to the extent caused by any alleged or actual negligence, recklessness, willful misconduct, error or omission of ARCHITECT, its directors, officers, partners, employees, agents or representatives or any person or organization for whom ARCHITECT is responsible, arising out of or from the performance of services under this Agreement.

As respects each and every indemnification herein ARCHITECT shall defend and pay, at its sole expense, all costs and fees including but not limited to attorney fees, cost of investigation, and defense and settlements or awards against the Indemnitees.

With respect to any action or claim to indemnification herein by ARCHITECT, ARCHITECT shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust settle, or compromise any such action or claim without the prior consent of AGENCY; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes ARCHITECT'S indemnification to Indemnitees as set forth herein.

ARCHITECT'S obligation hereunder shall be satisfied when ARCHITECT has provided to Indemnitees the appropriate form of dismissal relieving Indemnitees from any liability for the action or claim involved.

The specified insurance limits required in this Agreement shall in no way limit or circumscribe ARCHITECT'S obligations to indemnify and hold harmless Indemnitees from third party claims.

In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the ARCHITECT from indemnifying the AGENCY to the fullest extent allowed by law.

X. TERMINATION

A. The AGENCY shall have the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days prior written notice. Upon receipt of notice, the Architect shall immediately discontinue work and cancel all outstanding commitments for material, equipment or subcontractors that may be cancelled without undue cost. Architect shall notify AGENCY of commitments that cannot be cancelled without undue cost and AGENCY shall have the right to determine the best course of action. Subject to compliance with the foregoing and all other provisions of this Agreement, AGENCY shall pay to Architect reasonable and proper termination charges which shall not include anticipated profit. AGENCY shall be entitled to all material specifically accumulated for the work and included in the above costs. The AGENCY shall further compensate Architect for actual services performed in accordance with this Agreement, through the date of termination. Architect shall provide documentation deemed adequate by AGENCY to show the services actually completed and costs incurred by Architect.

- B. This Agreement may be terminated by either the Architect or the AGENCY upon seven (7) days written notice to the other party, in the event of substantial failure of performance by the other party or upon AGENCY's election to abandon or indefinitely postpone the project. Upon the giving of a notice to terminate by either Party, the other Party shall have the opportunity to cure the deficiency giving rise to the notice within such seven (7) day period. In the event the AGENCY elects to abandon or indefinitely postpone the project and gives such seven (7) day notice to Architect of termination, the AGENCY shall make a lump sum payment for all services performed to date of written notice a total amount which bears the same ratio to the total maximum fee otherwise payable under this Agreement as the services actually performed bear to the total services necessary for performance of this Agreement.
- C. Notwithstanding any of the provisions of this Agreement, the Architect's rights under this Agreement shall terminate (except for fees accrued prior to the date of termination) upon the Architect's bankruptcy, or in the event of fraud, dishonesty, or willful or material breach of this Agreement by the Architect or at AGENCY's election, in the event of the Architect's unwillingness or inability for any reason whatsoever to perform the duties hereunder. In such event, the Architect shall be entitled to no further compensation under this agreement except for services actually rendered, it being the intent that the Architect shall be paid as specified only during such period that the Architect shall, in fact, perform the duties hereunder.

XI. MISCELLANEOUS PROVISIONS

- A. Unless otherwise required by the AGENCY prior to commencement of the work in, the construction documents shall be prepared so that all of the work on the project will be executed under a single construction contract, but the AGENCY may request the Architect to provide for one or more alternate proposals whereby a reasonably severable portion or portions of the project may be bid as additive alternates in the event the AGENCY requests that any portion of the work be bid as additive alternates. The Architect shall not be entitled to any extra compensation for such work. If the additive alternates are let as separate construction contracts, the AGENCY and the Architect shall agree on the nature and extent thereof and additional services, if any, will be authorized the Architect in connection therewith.
- B. Unless otherwise specified by the AGENCY, soil and materials testing, usual and necessary for the proper performance of the Architect's work or the adequate construction of the project, shall be obtained by the AGENCY.
- C. The Architect shall consult with the AGENCY's legal adviser on legal matters affecting the AGENCY in relation to the drawings, specifications and contract documents and the relationship between AGENCY and contractor when requested by the AGENCY. The Architect shall submit for the AGENCY's legal advisers review, and correction if required, for approval as to legality or form, the contract documents and specifications (but not the drawings in the absence of a request therefore or of

any specific legal problem therein), addenda (other than for correction of minor errors or minor omissions in the drawings or specifications), change orders and other documents which may have legal implications or legal consequences to the AGENCY. Such documents shall be submitted in time reasonably to permit their review and advice to the AGENCY before the AGENCY shall act thereon, and in sufficient quantity to permit said legal adviser to retain one copy thereof if he so desires.

- D. AGENCY's Executive Director, or a designated assistant, shall represent the AGENCY initially in any informal discussions or conferences with the Architect preliminary to or not requiring the action of the AGENCY's governing body, unless the AGENCY shall designate some other person or persons for that purpose. A written summary of conclusions reached at any such conference may be required of the Architect by the AGENCY's representative.
- E. This agreement shall not be assignable by the Architect as to any rights or duties thereunder without the prior written consent of the AGENCY, and any assignment attempted in violation of this provision, or any involuntary assignment, shall give the AGENCY cause to terminate and cancel this agreement the same as for a breach thereof. In other respects this agreement shall be binding upon and inure to the benefit of the successors and assigns of the respective parties.
- F. Any notice or communication under this agreement shall be transmitted to the AGENCY's Executive Director or a designated assistant and to the Architect at the address shown under their signature, subject to change at any time by written notice form either party to the other.
- G. Release of Information to the Public: The Architect shall consider all information regarding the Project as confidential information. Any request for information from others shall be directed to the AGENCY.
- H. The following shall apply to all construction change orders:
 - 1. Work performed by the Architect or his consultants to clarify or explain a detail or condition in the drawing and/or specifications, the work will be considered an element of Architect's services and no payment for extra services will be made.
 - 2. For other change orders required by the AGENCY, the Architect shall be paid in accordance with the provisions of section for Extra Work for the cost for the services performed, regardless of an additive or deductive price for the change order.
- I. Construction Period Site Visits/Communication:
 - 1. It is the intention of the AGENCY to schedule weekly job-site visits. There may be occasions when fewer will suffice. There may be occasions where more will be required. The Architect agrees either to be in

attendance at these meetings, or alternatively to have his architectural consultant and/or those other consultants he considers to be appropriate in attendance.

2. The Architect shall be allowed the option of providing on site services in lieu of in-office services for the express purpose of expediting the interpretation of drawings, processing of shop drawings and processing of clarification requests. The additional on-site time shall not be interpreted by the parties as any increased responsibility for actual construction observation.
- J. The laws of the State of California will govern the validity of this Agreement, its interpretation and performance. Litigation arising from this Agreement shall be brought in California Courts. The prevailing party will be entitled to recovery of all reasonable costs incurred, including staff time, court costs, attorneys' fees and other related expenses.
- K. It is acknowledged by both parties that the Architect's scope of services does not include any services related to asbestos or hazardous or toxic materials. In the event the Architect or any other party encounters asbestos or hazardous or toxic materials at the jobsite, or should it become known in any way that such materials may be present at the jobsite or any adjacent areas that may affect the performance of the Architect's services, the Architect may, at the Architect's option and without liability for consequential or any other damages, suspend performance of services on the project until the AGENCY retains appropriate specialist consultants or contractors to identify, abate and/or remove the asbestos or hazardous or toxic materials, and warrant that the jobsite is in full compliance with applicable laws and regulations.
- L. Notwithstanding anything in this Agreement, the Architect, including the Architect's subconsultants, if any, shall not be responsible hereunder for any delay, default or nonperformance of this Agreement, if and to the extent that such delay, default or nonperformance is caused by an act of God, weather, accident, labor strike, fire, explosion, riot, war, rebellion, terrorist activity, sabotage, flood, epidemic, act of government authority in its sovereign capacity, labor, material, equipment or supply shortage, or any other cause beyond the reasonable control of such party.

IN WITNESS HEREOF, the parties hereto have executed this agreement on

(to be filled in by Clerk of the Board)

January 10, 2010

Mead Valley Government Center – Proposal

Exhibit A

Riverside County Economic Development Agency (EDA)
Attn: Rebecca Tsagris, Facilities Project Manager (951) 955-8764
3403 10th Street
Riverside, CA 92501

Project Description

The Project, as described in the RFQ, will be an office facility of approximately 10,000 SF located in Mead Valley. The current site is approximately 1.08 acres with an existing code enforcement building(s) which will be demolished.

The new facility will consist of approximately 5,000 SF of new code enforcement offices and 5,000 SF of improved office areas for future tenant space consisting of typical office arrangements to be determined during the programming phase. The project will be LEED certified.

Scope of Services (Design/Engineering Phase)

Broeske Architects & Assoc. and the selected Consultants (the Team) will provide "turn-key" architectural and engineering services as described within the County's RFQ for the proposed Mead Valley Government Center. The Team will handle all required services for the complete interior and exterior design (Site Investigation, Conceptual, Schematic, Design Development, Construction Documents, Bidding, and Construction Administration).

Space Planning and Programming Information Review Phase

Our initial investigation involves research, evaluation and documentation. There will be a review of any available programming information and any design criteria which can be provided. This will help establish the proposed facility's requirements, needs, associated area allocations and conceptual functional relationships. Diagrams, which could be used in developing the schematic plan layouts, will be generated.

Conceptual and Schematic Design Phase

Broeske Architects & Assoc. will document and review the data and information generated from the previous phase in a format authorized by EDA for approval, and will prepare as many as three (3) conceptual designs for review and approval by the County.

Civil Engineering/Existing Site Conditions and ADA Accessibility Requirements (Rick Eng.)

The Broeske Architects & Assoc. office will document the existing site conditions and all necessary site improvements including:

- Record Boundary Survey/Field Survey
- Topographic Survey
- On-site Utility Plan
- Grading Plan
- Erosion Control Plan

Broeske Architects & Assoc.

4344 Latham St., # 100

Riverside, CA 92501

January 10, 2010

Mead Valley Government Center – Proposal

Exhibit A

- Off-site Improvement Plans
- Water Quality Management Plan (WQMP)
- ADA Accessibility for Site

Site Survey (Rick Engineering)

The Team engineer will complete all necessary survey work required to prepare project plans to Riverside County Transportation Department standards. This will include Legals and Plats where required for dedications of off-site right of way or easement vacations.

SWPPP-Sewer, Water and Storm Drainage Plans (Rick Engineering)

Construction Staking- (Rick Engineering)

Utility Research and Coordination (Rick Engineering/Kana Pipeline)

The Team engineer will coordinate with appropriate utility purveyors (water, gas, electrical, telephone, cable, etc.) to establish service and appropriate construction elements, fixtures, schedules, and easements.

Potholing (Kana Pipeline, Inc.)

The BAA Team engineer will prepare potholing plans to document existing horizontal and vertical positioning of existing utilities. The plans will indicate the material type, direction and dimension of utility lines. They will establish survey reference marks and elevations of ground surface areas adjacent to pothole locations. (On site investigations only. Included will be as many as 15 potholes)

Geotechnical Investigation (Converse Consultants)

The BAA Team engineers will prepare a geotechnical report for use by the structural and civil engineers in accordance with the CEQA requirements. Included will be a "double-ring" percolation test/report.

Hydrology Study (Rick Eng.)

The BAA Team engineers will prepare an on-site and off-site hydrology study, as requested in the RFQ, which meets the requirements of the Riverside Flood Control District & County Transportation Dept.

Estimation of Probable Construction Cost (Leverton & Assoc.)

Broeske Architects & Assoc. Will provide four (4) estimates at various stages of the project's development, itemizing a breakdown of the materials and labor (prevailing wage) costs associated with the proposed construction.

Landscape Design (Rick Engineering)

The Team's landscape architect will prepare and design Planting and Irrigation Plans consistent with the existing climate zone, which will meet the approval of the EDA.

Broeske Architects & Assoc.

4344 Latham St., # 100

Riverside, CA 92501

January 10, 2010

Mead Valley Government Center – Proposal

Exhibit A

Design Alternatives & Design Development Phase (Team)

During this phase of the project "value engineering" items (constructability and feasibility concerns) are introduced for potential cost considerations. Broeske Architects & Assoc. will present the various options to the Agency for review and comment. Upon approval of the design of the Conceptual Design Phase for the facility and after the EDA determines the most viable option, the BAA Team will evolve the design into a more precise format (involving electrical, mechanical and structural engineering).

Contract & Construction Documents (Team)

Broeske Architects & Assoc. will prepare complete Construction Documents (plans and specifications) for all County Agency and Department reviews and approvals. The documents will comply with all applicable Federal, State and local codes. These plans, along with the Specification Manual, will be appropriate for competitive bidding and construction purposes. Included within the documents will be any demolition plans of the site. The Construction Documents will contain complete structural, electrical, mechanical, and plumbing engineering including all necessary utility information to coordinate with the utility companies to determine any anticipated easements, dedications, transformers, meters, fixtures, etc.

Engineering (Team)

BAA will provide all required engineering services to prepare the necessary plans to complete the design and documentation for the facility and the sewer improvements.

Water Quality Management Plan (Rick Eng.)

The Team engineers will prepare and obtain approvals of a project specific Water Quality Management Plan (WQMP) and a Best Management Practices Maintenance Plan (BMPs), including design of any structural and non-structural BMPs, maintenance mechanisms, and calculations per the RFQ.

Design/Staff Meetings & Public Meetings (Team)

It is anticipated that there will be numerous design, planning and review meetings, prior to producing a final arrangement of functions forming the plan layout. Broeske Architects & Assoc. will schedule and administrate the meetings to thoroughly review and document the programs and plans with any committee and/or community groups that the County delegates.

Design Drawings/Presentations/Final Contract Documents (Team)

Broeske Architects & Assoc. will prepare conceptual drawings at numerous stages of the project's development, ranging from concept sketches to finished presentation layouts. These will include site layouts and building plans and elevations for presentation and review by the County. BAA will submit signed mylars to the appropriate Agencies and/or Departments. At the end of the project BAA will provide the EDA with a disc of the AutoCAD files of all plans and specs and ten (10) sets of Construction Documents.

Exhibit A

Scope of Services (Construction Phase)

Bidding Services for Construction

It is understood that the EDA will solicit the construction bids, but that Broeske Architects & Assoc. will provide services to the County assisting with but not limited to the following:

- Responding to bidders' questions/comments/clarifications (RFIs)
- Preparation of the Invitation to Bidders
- Distribution of information/plans to plan rooms/Participation in bid opening
- Evaluation of bids and the determination of "lowest responsible bidder"
- Attend and administer a pre-construction meeting (prepare minutes)
- Negotiation of the Construction Contract between the EDA & Contractor
- Prepare three(3) complete bid sets of Plans and Specifications, one(1) AutoCad disc of plans and one(1) mylar set for EDA files

Construction Administration Phase

Broeske Architects & Assoc. will provide complete Construction Administration services including but not limited to the following:

- Act as the Agency's representative during the construction phase
- Advise the Agency on matters pertaining to the Construction Contract
- Make clarifications to the Plans and Specifications
- Visit the site at intervals not less than once a week to become familiar with the progress and quality of the construction to determine that the project is proceeding and progressing per the Plans & Specifications, and advise the Agency accordingly.
- Review and process shop drawings, submittals, and samples. BAA will evaluate and process Clarifications, Requests for Information (RFIs), Contractor's Construction Draw Requests, and Change Orders
- Attend regularly scheduled site meetings and review meeting minutes to record the project's construction history
- Prepare project status reports to accompany our invoices to EDA on a monthly basis
- Participate in a final walk-through and prepare a punch list
- Coordinate distribution of all warranties, manuals and close-out procedures between Agency and Contractor
- Prepare a set of Record Drawings ("As-builts") transferred from the Contractor's redline as-built construction set at completion of project and provide two(2) copies.
- Attend a final inspection of the government center at the completion of the construction and after a one year warranty period
- Provide full-time inspection throughout the construction of all underground civil improvements and as-needed during the landscape installation

Post Construction Phase/ Warranty Inspection (Project Close-out)

Broeske Architects & Assoc. will request and evaluate the final close-out documents requested from the Contractor including Guarantees, Warranties, Operational Manuals and Training Instructions, as-built documentation, etc. A review of the HVAC system balancing will also be performed.

January 10, 2010

Mead Valley Government Center – Proposal

Exhibit A

As-built/Record Documents

Broeske Architects & Assoc. will obtain the record/field set of project construction annotations from the Contractor and will transfer the documentation to the CAD files to prepare the Record Set of the as-built conditions for the County's files.

Sustainability Issues and "green" design

The BAA office will recommend and incorporate as many design elements and construction qualities that are possible to achieve the level of certification anticipated by the County. The commissioning services will not be included within the basic services proposed.

Fee Schedule

The fixed fee for the services described within this proposal is described below:

Architectural	\$110,000.00	
Structural Engineering	\$ 27,500.00	
Mech/Plumb/Elect Engineering	\$ 22,900.00	
Specifications	\$ 8,000.00	
Potholing	\$ 10,000.00	
Hydrology (WQMP, Hydro, SWPPP)	\$ 14,300.00	
Civil Engineering	\$ 51,400.00	
Site Construction Staking	\$ 8,500.00	
Cost Estimations (4)	\$ 5,900.00	
Landscape/Irrigation	\$ 17,000.00	
Geotechnical Engineering	\$ 9,000.00	
Inspection & Materials Testing	NIC ***	
LEED Commissioning	NIC	
Total		\$284,500.

Services Phases Breakdown

1. Existing Site Investigation/Conceptual Design

• Architectural	\$ 27,500.00	
• Structural Engineering	\$ 6,875.00	
• Mech/Plumb/Elect Engineering	\$ 5,725.00	
• Specifications	\$ 0	
• Potholing	\$ 10,000.00	
• Hydrology	\$ 0	
• Civil Engineering	\$ 12,770.00	
• Site Construction Staking	\$ 0	
• Cost Estimations (1)	\$ 1,200.00	
• Landscape/Irrigation	\$ 2,140.00	
• Geotechnical Engineering	\$ 9,000.00	
• Inspection & Materials Testing	NIC	
• LEED Commissioning	NIC	
• Total		\$ 75,210.00

2. Design Development

• Architectural	\$ 16,500.00	
• Structural Engineering	\$ 4,125.00	
• Mech/Plumb/Elect Engineering	\$ 3,435.00	
• Specifications	\$ 1,200.00	
• Potholing	\$ 0	
• Hydrology (WQMP)	\$ 4,770.00	
• Civil Engineering	\$ 5,750.00	
• Site Construction Staking	\$ 0	
• Cost Estimations (1)	\$ 1,400.00	
• Landscape/Irrigation	\$ 1,470.00

Mead Valley Government Center – Proposal

Exhibit A

• Geotechnical Engineering	\$ 0
• Inspection & Materials Testing	NIC
• LEED Commissioning	NIC
• Total	\$ 54,804.00
Total (100%)	\$284,500.00

Hourly Rates (When Applicable)

Architect/Engineer:	\$160.00 / Hr.
Project Manager:	110.00 / Hr.
Senior Draftsman:	80.00 / Hr.
Drafting:	70.00 / Hr.
Clerical:	30.00 / Hr.

Reimbursable Expenses

- Reproduction/prints/plots over and above the standard design development coordination printing will be billed at \$3.00/sheet for 24"x 36" & \$4.00 for larger sizes.
- Mileage: Mileage will be billed at a rate of \$.50/ mile.

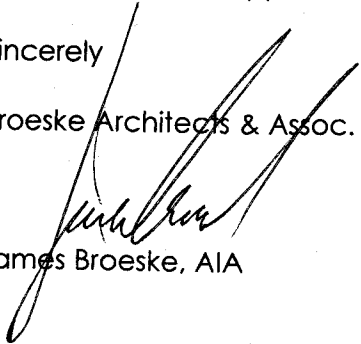

The estimated reimbursable expense for printing charges for this project is approximately \$10,000.00.

It should be noted that I am very willing to re-negotiate the scopes and fees indicated as more precise information about the project becomes available, and if the EDA permits our office to re-evaluate the information should our offices have misinterpreted the scope and intent of the RFQ.

Thank you for the opportunity to present this proposal.

Sincerely

Broeske Architects & Assoc.

James Broeske, AIA

NOTICE OF A PUBLIC HEARING FOR THE MEAD VALLEY GOVERNMENT CENTER

NOTICE IS HEREBY GIVEN pursuant to section 33679 of the California Community Redevelopment Law Health and Safety Code that the Riverside County Board of Supervisors will hold a public hearing on Tuesday, May 17, 2011 at 9:30 AM (or soon thereafter) at the Riverside County Administration Center (CAC), 4080 Lemon Street, 1st Floor, Riverside, CA 92501, to consider the following:

Project Description and Location

The proposed project is located at 19450 Clark Street in Perris, just north of Cajalco Road, south of Windstone way and East of Clark Street. The project will provide a 10,000 square foot office building located on approximately 1.08 acres. The facility will provide new building for Code Enforcement and office spaces for future use to house other departments. The facility will also include landscaping and new parking lot for Code Enforcement and public. This project will comply with Board Policy H-29: Sustainable Building Policy, which establishes the use of sustainable practices using Leadership in Energy and Environmental Design (LEED) criteria.

A summary report of the Project is available at the Economic Development Agency, 3403 Tenth Street, Suite 500, Riverside, CA 92501. Contact: Nahid Selbe, 951.955.4728. At the hour set forth above, the Board of Supervisors shall proceed to hear and pass upon all written and oral testimony relating to the proposed action.

Roman, Maria

From: Roman, Maria
Sent: Tuesday, May 03, 2011 9:46 AM
To: 'PE Legals'
Subject: Notice of Public Hearing for Mead Valley Gov't Ctr
Attachments: Notice of Public Hearing - Mead Valley Gov't Ctr 2.docx

Good morning,

Please publish the attached item on the following dates:

Friday, May 6, 2011
Friday, May 13, 2011

Please forward the proof for review as soon as possible, as this is a time sensitive item and County of Riverside's Executive Office needs a copy prior to bringing to Board.

Thank you,

Maria Roman

Summary Report: Mead Valley Code Enforcement Project

(As required by Section 33679 of the Health and Safety Code: Community Redevelopment Law)

- Project Description:** The Mead Valley Code Enforcement Project (Project) will be located on an existing County owned 1.08 acre parcel at 19450 Clark Street in Perris California. The Project will be located to the North of Cajalco Road, South of Windstone Way, and East of Clark Street. This project proposes to demolish the existing code enforcement building, to build a new facility of approximately 10,000 square feet in order to house government agencies, and provide aesthetic improvements including but not limited to, installation of landscaping, lighting, signage, paving, and fencing.
- Project Site:** The Project site (hereinafter referred to as "Site") is located at 19450 Clark Street in Perris in the Mead Valley Redevelopment Project Area. The Site is bounded by Cajalco Road to the South and Windstone Way to the North. The Site is a 1.08 acre parcel owned by the County of Riverside. The site is surrounded by a Fire station and mixed business and residential housing. Interstate I-215 is the closest major artery.
- Project Cost:** The total Project cost is estimated at approximately \$4million. It is proposed that the Redevelopment Agency will provide funding for the entire project.
- Findings:** The following findings have been made pursuant to Section 33445 of the Health and Safety Code:
- A. The construction of the proposed Project is of benefit to the Mead Valley Redevelopment Project Area (Project Area) and will help to effectuate the purposes of the redevelopment plan for the project area;
 - B. No other reasonable means of financing the Project are available to the community due to the fact that the current economic crisis has substantially reduced the community's revenues to fund the Project;
 - C. The payment of funds for the cost of the Project is consistent with the Implementation Plan for the Project Area and is necessary to effectuate the purpose of the Project Area's Redevelopment Plan, which calls for construction of infrastructure improvements.

Purpose:

The proposed Project meets the following goals of the Mead Valley Redevelopment Project Area:

- A. The Site, which is currently partially undeveloped, will be improved by demolishing the run down facility and constructing a new building with secured and screened parking for Code Enforcement and public vehicles;
- B. The construction of the new building will help to alleviate the demand for the office space, allowing the Code Enforcement to expand operations and be more accessible to the public.
- C. The construction of the new building will provide additional space for future use to house other departments that are in need of office space in the project area.
- D. The development of the site will enhance the physical appearance and the effective use of the partially vacant property on the project area by constructing a new, beautifully landscaped and well lit building.

For further information regarding this Project, please contact Nahid Selbe at (951) 955-4728.
