FROM: Redevelopment Agency

SUBJECT: King Road Paving Project

RECOMMENDED MOTION: That the Board of Directors:

1. Make the following findings pursuant to Section 33445 of the Health and Safety Code:

RECOMMENDED MOTION: (Continued)

- c. The payment of funds for the project is consistent with the Implementation Plan adopted pursuant to Health and Safety Code 33490, which includes construction of public infrastructure; and
2. Approve and authorize the Chairman to execute the attached agreement between the Redevelopment Agency for the County of Riverside and Riverside County Transportation Department for the Construction of the project; and
3. Allocate \$325,000 in Redevelopment Capital Improvement Funds for the King Road Paving Project.

BACKGROUND:

At a series of community meetings during 2009, members of the West Garnet community identified the paving of King Road as a community need. It is currently unpaved and nearly unusable. The work to be performed by Riverside County Transportation Department includes paving King Road from Garnet Road to El Dorado Road, which will be 26 feet in paved width with seven (7) feet shoulders on both sides; structural section will be 0.33' RMAS (Desert Mix) asphalt over 0.5' DG base for the length of the roads, which is 2,600 feet. This project will assist in eliminating blighted conditions by paving the road to provide enhanced public safety and vehicular access, improved traffic circulation and access to fire and rescue, as well as improve overall appearance.

The Riverside County Transportation has agreed to undertake the construction of the project for an estimated, not-to-exceed cost of \$325,000. Transportation will manage the entire project and ensure all regulatory and environmental requirements are met. The Redevelopment Agency for the County of Riverside (RDA), while acting as the funding entity, will be responsible for the acquisition of the necessary rights-of-way.

RDA staff recommends the Board approve the recommended motions and make the necessary findings, so the project may proceed.

1 **WHEREAS**, Section 33220 of the Community Redevelopment Law permits the
2 Agency and RCTD to cooperate and assist each other in certain redevelopment
3 activities that are the subject of this Agreement; and

4 **WHEREAS**, Agency and RCTD have determined that there is a great need for
5 the paving of King Road between El Dorado and Garnet Avenue within the community
6 of West Garnet, as detailed in Exhibit "A," which is attached hereto and incorporated
7 herein by this reference; and

8 **WHEREAS**, the paving of King Road between El Dorado and Garnet Avenue
9 (hereinafter referred to as the "Project") will significantly improve public safety within
10 the Project Area by eliminating hazardous road conditions, which jeopardize the safety
11 of residents within the Project Area; and

12 **WHEREAS**, Agency agrees to reimburse RCTD for the costs associated with
13 the Project using redevelopment capital improvement funds.

14 **NOW THEREFORE**, the parties hereto agree as follows:

15 **SECTION 1. Purpose of the Agreement**. The purpose of this Agreement is to
16 eliminate blighted road conditions on King Road within the Project Area and to set forth
17 the terms and conditions by which Agency will provide funding for the Project.

18 **SECTION 2. Location of the Project**. The Project is located on King Road
19 between El Dorado and Garnet Avenue in the unincorporated community of West
20 Garnet in Riverside County.

21 **SECTION 3. Scope of Work**. The work to be performed by RCTD (hereinafter
22 RCTD) includes constructing King Road from Garnet Road to El Dorado Road, which
23 will be 26 feet in paved width with seven (7) feet shoulders on both sides; structural
24 section will be 0.33' RMAS (Desert Mix) asphalt over 0.5' DG base for the length of the
25 roads, which is two thousand six hundred feet (2,600 ft).

26 **SECTION 4. Construction of the Project**. RCTD shall cause the construction
27 of the Project to be carried out in compliance with all applicable laws, including, but not
28 limited to, compliance with the requirements set forth in California Health and Safety

1 Code Sections 33000 et seq.; nondiscrimination provisions of the Fair Housing and
2 Employment Act; the California Environmental Quality Act; the Public Contract Code;
3 and all applicable federal and state and local laws, rules and regulations.

4 **SECTION 5. Disbursement of Funds.** Agency shall reimburse RCTD for the
5 actual cost of the improvements for an amount not to exceed three hundred twenty-five
6 thousand dollars (\$325,000). Said amount shall be the maximum amount paid to
7 RCTD for the Project and shall include, but is not limited to, all of RCTD's charges for
8 construction, construction management, construction surveying, construction
9 inspection, and design.

10 RCTD shall bill Agency in monthly installments for the work performed during
11 the prior month(s) using a RCTD journal voucher. A written project status report shall
12 be included with each journal voucher. Said status report shall provide a description of
13 the work completed (that work which Agency is being billed for) and the work yet to be
14 performed. Status report shall also demonstrate the percentage of the project which is
15 completed. Any necessary corrections to journal voucher or project status report may
16 result in a delay of payment. The final billing journal voucher shall be received by
17 Agency within six (6) months of completion of the construction of the project. After said
18 six (6) month period, Agency will reprogram any remaining funds.

19 **SECTION 6. RCTD and Other Governmental Agency Permits.** RCTD
20 agrees to obtain, secure or cause to be secured any and all permits and/or clearances
21 which may be required by RCTD or any other federal, state or local governmental or
22 regulatory agency relating to the road rehabilitation that is the subject of this
23 Agreement.
