FROM: Executive Office

SUBMITTAL DATE:
July 26, 2010

SUBJECT: AB 2766 Memorandum of Understanding Between the County of Riverside and the Coachella Valley Association of Governments (CVAG) for Funding the Regional PM10 Street Sweeping Program in the Coachella Valley

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the amended AB 2766 Memorandum of Understanding (MOU) for funding the regional PM10 street sweeping program between CVAG and member jurisdictions, decreasing the contribution formula from the cities and the county from 100% to 60%, for up to one year or upon receiving a commitment of matching funds at which time the commitment will be re-calculated or reconsidered.
2. Authorize the Chairman of the Board of Supervisors to sign the amended MOU between the County of Riverside and CVAG.

**SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
AB 2766 MOU FOR FUNDING THE REGIONAL PM10 STREET SWEEPING PROGRAM IN THE
COACHELLA VALLEY**

June 9, 2010

Page 2

BACKGROUND: On June 27, 2011, the CVAG Executive Committee approved a recommendation to decrease the pass through formula of AB 2766 funds from 100% to 60%, or provide an in-lieu contribution from other sources in a like amount in order to obtain matching funds from the South Coast Air Quality Management District (AQMD), Mobile Source Air Pollution Reduction Review Committee (MSRC). The amended MOU will allow CVAG to continue the contract at a reduced cost for CVAG members with a vendor to provide continued regional PM10 street sweeping services twice per month in the Coachella Valley. The County's contribution will be decreased using an alternate population adjustment formula:

Existing Population Adjustment Formula

$$A/B \times C \times 1.00 = D$$

A=Population of unincorporated Coachella Valley = 64,071 (2010)

B=Population of unincorporated Riverside County = 468,016 (2010)

C=Revenues (AB2766 Funds) Riverside County = \$534,000 (County Estimate for 2010)

D=Revenues (AB2766) Coachella Valley = **\$73,095**

Proposed Alternate Population Adjustment Formula

$$A/B \times C \times 0.60 = D$$

A=Population of unincorporated Coachella Valley = 64,071 (Estimated 2011)

B=Population of unincorporated Riverside County = 468,016 (Estimated 2011)

C=Revenues (AB2766 Funds) Riverside County = \$534,000 (County Estimate for 2011)

D=Revenues (AB2766) Coachella Valley = **\$43,857**

Staff Report

Subject: AB2766 MOU Amendment One With Members for Fiscal Year 2011-12 and AB2766 MOU with City of Indio

Contact: Aurora Wilson, Director, Community Resources (awilson@cvag.org)

Recommendation: Approve Amendment One to the AB2766 Memorandum Of Understanding (MOU) between CVAG and the Member Jurisdictions decreasing the contributions from the cities from 100% to 60% (with an equivalent change for the County); and, approve the MOU with the City of Indio for re-entry into the Regional Program.

Energy and Environmental Resources Committee: Concurs (6/9/11).

Technical Advisory Committee: Concurs (6/13/11).

Background: Last June 2010, the Executive Committee took action, as recommended by the Energy and Environmental Resources Committee which included:

- 1) An increase in the contributions from the cities from 45% to 100% for up to one year or upon receiving a commitment of matching funds at which time the commitment would be re-calculated and reconsidered
- 2) Approval of the AB2766 MOU between CVAG and the City of Indio enabling the City to extricate from the Regional PM-10 Street Sweeping Program.

During this past year, staff has worked with the Mobile Source Air Pollution Reduction Review Committee (MSRC) of the South Coast Air Quality Management District (AQMD) to develop a funding stream for the Regional PM-10 Street Sweeping Program. The MSRC's Local Government Match Program (LGMP) created a new category to support the Coachella Valley's Regional PM10 Street Sweeping Program. The category established a targeted funding level of \$250,000 to be awarded on a dollar for dollar basis. The application was released this past March. CVAG submitted its application at the earliest submittal date of April 5th. The application has since moved forward with funding recommendations through the MSRC's Technical Advisory Committee and most recently, its formal MSRC on May 19th. The recommendation will be considered by the AQMD Governing Board on Friday, June 3rd. CVAG anticipates approval of this item.

As stated, the MSRC LGMP funds require a dollar for dollar match from the contributions of regional AB2766 collected from the members.

In addition, staff worked with the County Executive Office relative to Colmac Funds resulting in a formal request to modify the use of Colmac Funds in support of the Regional PM10 Street Sweeping Program. In July, 2010 the Board of Supervisors took action wherein CVAG will receive a contribution of \$150,000 from Colmac Grant Funds on an annual basis for five years.

Finally, on May 25th, the City of Indio formally notified CVAG of its desire to re-enter the Regional Program (See attachment). Their portion of the regional arterials have been added back into the Regional Program as well as their AB2766 revenues. Given these factors and funding sources, staff offers an MOU for **sixty percent (60%) of AB2766 funds** from member jurisdictions for fiscal year 2011-12. The percentage decrease is due to the following factors:

- Established funding streams for regional street sweeping activities;
- A Regional Program with reduced sweeping schedule of 26 weeks;
- A lower street sweeping curb mile rate of \$21.75
- A Program which uses equipment owned by the Contractor;
- Re-entry of City of Indio into the Regional Program

Attached is the letter from the City of Indio. Also attached is the worksheet, "Determination of Jurisdiction Percentage for FY 11-12" which shows external funding and expenditures for the fiscal year AB2766 Program. Please note in the Expenditures the category of Post-event/Supplemental Sweeping. This will provide for funds for post event sweeping requested by the members as well as the potential for additional days of regional street sweeping. CVAG will work with the Regional Program operator with regards to the most optimal use of these funds.

Also included is the Accounting Table which shows the total disbursement of AB2766 Funds by the AQMD and then the amounts 60% and 100%.

The last two documents are the Amendment One to the AB 2766 MOU which has been revised to reflect the new percentage and the AB2766 MOU for the City of Indio. This item formally documents the City's request to re-enter the Regional Program with a 60% contribution.

CVAG expresses its gratitude to the members for supporting the Regional PM10 Street Sweeping and regional air quality activities by 100% of its contributions and for its confidence and patience with staff to explore and develop funding streams. We also recognize and thank the MSRC staff and the County Executive Office for their hard work, cooperation and assistance.

Fiscal Analysis: The development of two funding streams (MSRC LGMP) and Colmac decreases the percentage of AB2766 funds from the jurisdictions from 100% to 60% for fiscal year 2011-12.

Contract Finalization: Minor changes/revisions may be made for clarification purposes by CVAG Executive Director and Legal Counsel prior to execution.
