## APPENDIX C

### COUNTY PEST EXCLUSION PROGRAM

#### PROGRAM DEFINITIONS

**Air Freight:** Air cargo shipments inspected at the airport facility or at destination (see next item).

**Air Freight/Forwarded:** Shipments allowed to proceed to destination or another location for inspection within the same county or to another county and under a warning-hold notice (blue tag) or by compliance agreement authorization.

**Bee Colonies:** High-risk shipments of bee colonies are defined as those colonies which originate in a red imported fire ant infested state as designated by 7 CFR 301.81 and moving to destination under quarantine hold notice.

**High-Risk Shipments:** Shipments where there exists a high degree of likelihood that one or more "A" or "Q" rated plant pests will be introduced into or spread within the State by movement or entry of the shipment. "A" and "Q" rated plant pests have been determined to have potential for causing severe damage to the State's agricultural industry, natural resources, or environment, and as such any shipment likely to harbor such pests is considered high-risk. All high-risk shipments are to be inspected. High-risk shipments that should be inspected include such items as cut flowers and nursery stock from quarantine areas, any plant materials in unmarked parcels, and other plant material shipments which have a historical record of "A" and "Q" rated pest interceptions.

Non-high-risk parcels ("Flower of the Month Club" bulbs, bare-root nursery stock from areas which do not represent a serious quarantine risk, plant materials from California origin with nursery certification, etc.) moving through a "high-risk" facility may be monitored via profiling and inspected as time allows during the premise visit. These shipments will not be included as "high-risk" shipments inspected.

**High-Risk Pathways:** Those facilities where high-risk shipments are regularly or frequently intercepted. The known high-risk pathways include U.S. Postal Distribution Centers, UPS (except local), Federal Express, Air Freight, Air Freight Forwarded, Truck Referrals (008a-Gypsy Moth, 008-Plants & 008-Other), Specialty Markets, Swap Meets, Post Entry Quarantine, and "Other" pathways identified in your work plans and approved by the Department.

**Inspection Activities:** All activities pertaining to the inspection, reconditioning, mitigation and release of shipments.

**Nursery Stock:** High-risk shipments moving to destination under quarantine hold notice. This does not include blue-tagged intrastate shipments of nursery stock inspected for glassy winged sharpshooters.

**Southern States:** Those states regulated by State Exterior Quarantine CCR 3271- Burrowing and Reniform Nematode and/or Federal Domestic Quarantine 7 CFR 301.81- Imported Fire Ant.

## Appendix D

### INSPECTION GUIDELINES FOR AIR FREIGHT/AIR FREIGHT FORWARDED

The County will perform pest exclusion activities approved by the CDFA as described below for Air Freight/ Air Freight Forwarded.

#### Definitions:

- **Air Freight:** Air cargo shipments inspected at the airport facility.
- **Air Freight Forwarded:** Any shipment that entered the state via air freight and was then forwarded to the destination county with a blue tag. Air freight forwarded to be inspected will include Florida, Hawaii and southern states\* nursery stock shipments if arriving in the destination county from an air freight facility with a blue tag.

Pest exclusion activities of Air Freight/Air Freight Forwarded may include, but are not limited to the following:

1. Reviewing invoices for content origin/destination.
2. Checking shipments for quarantine compliance.
3. Rejecting shipments that do not adhere to quarantine compliance.
4. Inspecting for pests (i.e. imported fire ant, Asian citrus psyllid, arthropods, gastropods, and weeds).
5. Sampling for nematodes (less than 100% of all shipments may be sampled for nematodes; the decision to conduct nematode sampling on individual shipments should be based upon nematode detection history of the shipper and pest risk associated with the type(s) of plant material in the shipment).
6. Data entry, sample submissions and reporting as outlined in Scope of Work, sections 2 & 3.
7. Notifying the Interior Pest Exclusion Program of the presence of any significant pest finds, repeat certification violations, etc.
8. Sealing shipments (up to 1% of all shipments may be sent under seal to the receiver with the concurrence of the receiving county; receiving county inspectors shall be present to break the seal and monitor the unloading of all sealed shipments).
9. Reviewing Pest Exclusion Advisories and relevant reports maintained on the CDFA Interior Pest Exclusion Extranet website.

Inspecting shipments of fruits, vegetables, and propagative plant material is the highest priority. Inspecting shipments of cut flowers and greenery is a lower priority. As quarantine areas and commercial channels change, county biologist(s) shall prioritize high-risk inspection activities as appropriate to meet the changing needs.

The County shall determine the time of day and week the inspections are to occur. If a County finds it necessary to deviate from its approved work plan, said County will notify the Interior Pest Exclusion Program of any changes.

\*Southern states are considered those states that are regulated by State Exterior Quarantine CCR 3271-Burrowing and Reniform Nematode and/or Federal Domestic Quarantine 7 CFR 301.81-Imported Fire Ant.

## Appendix E

### GUIDELINES FOR ANT INSPECTIONS

This guideline is to ensure that incoming bee colonies from states infested with the Red Imported Fire Ant (RIFA) are free of RIFA and that mitigation activities take place on all colonies that RIFA is found at the time of inspection. The County will perform pest exclusion activities approved by the CDFA as described below for ant inspections.

Pest exclusion activities for ant inspections may include, but are not limited to, the following:

1. Reviewing quarantine hold notices (008s) issued for incoming bee colonies for origin and destination of shipment and reviewing inspection certificates, if present, that accompany the shipments.
2. Inspecting incoming colonies for RIFA from RIFA-infested states. Inspection protocol described below.
3. Data entry, sample submissions and reporting as outlined in Scope of Work, sections 2 & 3.
4. Notifying the Interior Pest Exclusion Program of the presence of any significant pest finds, shipments arriving without hold notices, etc.

Ant Inspection Protocol:

1. 100% of all bee colonies originating in RIFA-infested states shall be inspected. Ant inspections must be conducted prior to final placement of bee colonies in the field.
2. Bee shipments originating in states not known to be infested with RIFA (Oregon, Washington, etc.) should be inspected at a rate deemed necessary. The inspection rate may be determined by factors such as the origin of the shipment and prior history and experiences with the beekeeper and bee broker.
3. Ideally, inspections should be performed as the bee colonies are being unloaded. The following inspection procedures should be utilized:
  - a. Visually scan the top and all four vertical sides of each hive body for ants.
  - b. Special attention should be paid to dirt clods associated with the shipment. Dirt clods should be broken open to reveal any ants within.
  - c. If the bee colonies are transported on pallets, the interior space between the pallet slats should be examined for dirt clods and debris.
  - d. Bee colonies on individual bottom boards should be carefully examined for rotted portions that might harbor ants.
4. Shipments found infested with live RIFA worker ants should be rejected and the shipment or infested colonies must be mitigated. All RIFA-infested bee shipments should be reported to the Interior Pest Exclusion Program as soon as possible.
5. SPAM bait should be used in all areas where bee colonies from RIFA-infested states are placed.

The County shall determine the time of day and week the inspections are to occur. If a County finds it necessary to deviate from its approved work plan, said County will notify the Interior Pest Exclusion Program of any changes.

## Appendix F

Pest exclusion activities of nursery stock may include, but are not limited to, the following:

1. Reviewing invoices and 008 for content origin/destination.
2. Checking shipping documents for quarantine compliance.
3. Rejecting shipments that do not adhere to quarantine compliance.
4. Inspecting for pests (i.e. imported fire ant, Asian citrus psyllid, arthropods, gastropods, and weeds).
5. Sampling for nematodes (less than 100% of all shipments may be sampled for nematodes, the decision to conduct nematode sampling on individual shipments should be based upon nematode detection history of the shipper and pest risk associated with the type(s) of plant material in the shipment).
6. Data entry, sample submissions and reporting as outlined in Scope of Work, sections 2 & 3.
7. Notifying the Interior Pest Exclusion Program of the presence of any significant pest finds including but not limited to repeat certification violations.
8. Sealing shipments (up to 1% of all shipments may be sent under seal to the receiver with the concurrence of the receiving county; receiving county inspectors shall be present to break the seal and monitor the unloading of all sealed shipments).
9. Reviewing Pest Exclusion Advisories and relevant reports maintained on the CDFA Interior Pest Exclusion Extranet website.

The County shall determine the time of day and week the inspections are to occur. If a County finds it necessary to deviate from its approved work plan, said County will notify the Interior Pest Exclusion Program of any changes.

Pest exclusion activities for parcel terminal inspections may include, but are not limited to, the following:

1. Reviewing invoices for content origin/destination.
2. Checking parcels for quarantine compliance.
3. Rejecting parcels that do not adhere to quarantine compliance.
4. Inspecting for pests (i.e. imported fire ant, Asian citrus psyllid, arthropods, gastropods, and weeds).
5. Sampling for nematodes (less than 100% of all shipments may be sampled for nematodes. The decision to conduct nematode sampling on individual shipments should be based upon nematode detection history of the shipper and pest risk associated with the type(s) of plant material in the shipment).
6. Data entry, sample submissions and reporting as outlined in Scope of Work, sections 2 & 3.
7. Notifying the Interior Pest Exclusion Program of the presence of any significant pest finds including but not limited to repeat certification violations.
8. Notifying affected parties of a rejection.
9. Reviewing Pest Exclusion Advisories and relevant reports maintained on the CDFA Interior Pest Exclusion Extranet website.

Inspecting shipments of fruits, vegetables, and propagative plant material is the highest priority. Inspecting shipments of cut flowers and greenery is a lower priority. As quarantine areas and commercial channels change, county biologist(s) shall prioritize pest exclusion inspection activities as appropriate to meet the changing needs.

USDA/SITC Referral Form

CDFA is issuing this advisory as an update to Pest Exclusion Advisory No. 27-2009. In an effort to create consistency in reporting federally-actionable pest interceptions to CDFA and to the United States Department of Agriculture (USDA)/Safeguarding, Interdictions, and Trade Compliance (SITC) program, CDFA has developed the attached USDA/SITC Referral Form (SO-155).

This form is to be used when submitting information to USDA/SITC regarding interceptions of federal pests for their investigation. Copies of the USDA/SITC Referral Form should be sent to the appropriate contacts at CDFA and USDA/SITC as outlined in PEA No. 27-2009.

CDFA will require the use of the USDA/SITC Referral Form in both the County Pest Exclusion High Risk contract and Dog Team contract for FY 10/11.

New Monthly High Risk Pest Interception Report

### **NEW Monthly High Risk Interception Report**

A monthly High Risk Pest Interception Report is now available on the Plant Health and Pest Prevention Services extranet web site. This report is generated from a query of the Pest and Damage Record (PDR) database and the Pest Exclusion Information Management (PEIM) database, which contains the Notices of Rejection (NORs).

This monthly report tallies the number of A- and Q-rated pest interceptions and NORs issued by county inspectors as a result of High Risk Pest Exclusion inspection activities **AND** as a result of the inspection efforts of the Dog Teams. To view this report, first log in to this site, then select "Program" from the top menu, then "Interior Exclusion" from the left side bar, then go to the section titled "High Risk Pest Exclusion." For the detailed summary, click on the number of rejections or interceptions corresponding with each county.

This report will enable you to identify the highest risk pathways for pests and for shipments that violate plant quarantines. You may be able to observe trends in pest interceptions and shipping violations, such as violations per shipper or per parcel carrier, or types of violations that occur at certain times of year. Because this report also includes pest interceptions and NORs generated as a result of the Dog Teams, it can also be used to determine at which facilities the Dog Teams are being used most effectively.

***The accuracy of the information contained in this monthly report depends on the accuracy of the data that is entered into the PDR and PEIM (NOR data entry system).***

The following important data entry methods must be followed whenever you enter a PDR or NOR for either the High Risk Pest Exclusion Program or as a result of the Dog Team inspections:

1. **All Notices of Rejection issued for the High Risk or Dog Team programs must be electronically entered into the PEIM database.** The PEIM program (with complete instructions) is available on the extranet, and must be downloaded onto your county's computer system in order to submit NORs electronically.

To access the PEIM database and download instructions, first log on to [Extranet](#), then select "Branches" from the left side bar, then choose "Pest Exclusion", then select "PEIM" from the left side bar. Follow download instructions. *If you encounter problems with installation or sending reports, please call the CDFA help desk at (916) 651-4357.*

The Monthly High Risk Interception report will be created and posted to the extranet on or around the fifth day of every month. All NORs generated during the month should be entered into the PEIM no later than the fifth day of the next month, otherwise they will not appear in the monthly report.

2. The counties currently using the PEIM database to electronically submit their NORs include Alameda, Contra Costa, Fresno, Humboldt, Kern, Los Angeles, Orange, Sacramento, San Bernardino, San Diego, San Mateo, and Santa Barbara.

**If your county is not currently using the PEIM database to electronically submit your NORs, please fax all NORs (only those issued for High Risk Pest Exclusion or Dog Team activities) DAILY to Interior Pest Exclusion at (916) 654-0986. The Interior Pest Exclusion staff will enter all NORs received via FAX until June 30, 2009. After that date, any NOR that is not issued electronically by the issuing county will not be included in the Monthly High Risk Interception Report.**

3. **A new box, titled "Dog Team" is under development on the PEIM database. This box will appear on the second page of the NOR data entry form.** Once this box becomes available, it should always be selected when the rejection is being issued as a result of efforts by any of the Dog Teams. You will be notified when this new feature is available. You will then need to re-install the PEIM program on your computer.

Until this new feature is available, please type the words "Dog Team" in the comment section of the NOR data entry form if the rejection is being issued as a result of the efforts of any Dog Team. Note that the exact spelling and spacing of these words is critical.

4. When filling out an electronic **Pest and Damage Record (PDR)** for pests intercepted during High Risk Pest Exclusion inspections or as a result of the Dog Team efforts, always use one of the following selections from the "Program" pull-down menu:

- High Risk
- Dog Team

Selecting one of these options will ensure that all quarantine pests intercepted as a result of High Risk Pest Exclusion or Dog Team activities are included in the Monthly High Risk Interception report.

For questions regarding the new High Risk Interception Report, please contact any Interior Pest Exclusion biologist by phone at (916) 654-0312 or [wwilkinson@cdfa.ca.gov](mailto:wwilkinson@cdfa.ca.gov) or [calbrecht@cdfa.ca.gov](mailto:calbrecht@cdfa.ca.gov).

For questions regarding the PEIM database (download or installation questions), please contact the CDFA Help Desk at (916) 651-4357.

4. **AUDIT:** Contractor agrees that the awarding department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement. (Gov. Code §8546.7, Pub. Contract Code §10115 et seq., CCR Title 2, Section 1896).
5. **INDEMNIFICATION:** Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Contractor in the performance of this Agreement.
6. **DISPUTES:** Contractor shall continue with the responsibilities under this Agreement during any dispute.
7. **TERMINATION FOR CAUSE:** The State may terminate this Agreement and be relieved of any payments should the Contractor fail to perform the requirements of this Agreement at the time and in the manner herein provided. All costs to the State shall be deducted from any sum due the Contractor under this Agreement and the balance, if any, shall be paid to the Contractor upon demand.
8. **INDEPENDENT CONTRACTOR:** Contractor, and the agents and employees of Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.
9. **RECYCLING CERTIFICATION:** The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply (Pub. Contract Code §12205).
10. **NON-DISCRIMINATION CLAUSE:** During the performance of this Agreement, Contractor and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital

status, and denial of family care leave. Contractor and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

11. CERTIFICATION CLAUSES: The CONTRACTOR CERTIFICATION CLAUSES contained in the document CCC 307 are hereby incorporated by reference and made a part of this Agreement by this reference as if attached hereto.

12. TIMELINESS: Time is of the essence in this Agreement.

13. COMPENSATION: The consideration to be paid Contractor, as provided herein, shall be in compensation for all of Contractor's expenses incurred in the performance hereof, including travel, per diem, and taxes, unless otherwise expressly so provided.

14. GOVERNING LAW: This contract is governed by and shall be interpreted in accordance with the laws of the State of California.

15. ANTITRUST CLAIMS: The Contractor by signing this agreement hereby certifies that if these services or goods are obtained by means of a competitive bid, the Contractor shall comply with the requirements of the Government Codes Sections set out below.

a. The Government Code Chapter on Antitrust claims contains the following definitions:

1). "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.

2). "Public purchasing body" means the State or the subdivision or agency making a public purchase. Government Code Section 4550.

b. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. Government Code Section 4552.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the

violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. See Government Code Section 4554.

16. CHILD SUPPORT COMPLIANCE ACT: "For any Agreement in excess of \$100,000, the contractor acknowledges in accordance with Public Contract Code 7110, that:

a. The contractor recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with section 5200) of Part 5 of Division 9 of the Family Code; and

b. The contractor, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department."

17. UNENFORCEABLE PROVISION: In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby.

18. PRIORITY HIRING CONSIDERATIONS: If this Contract includes services in excess of \$200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Pub. Contract Code §10353.

19. SMALL BUSINESS PARTICIPATION AND DVBE PARTICIPATION REPORTING REQUIREMENTS:

a. If for this Contract Contractor made a commitment to achieve small business participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved. (Govt. Code § 14841.)

b. If for this Contract Contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE; and (5) the actual percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Mil. & Vets. Code § 999.5(d); Govt. Code § 14841.)

20. LOSS LEADER: If this contract involves the furnishing of equipment, materials, or supplies then the following statement is incorporated: It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in Section 17030 of the Business and Professions Code. (PCC 10344(e).)

**EXHIBIT D  
(County Agreement)**

**SPECIAL TERMS AND CONDITIONS**

1. **Excise Tax**

The State of California is exempt from federal excise taxes and no payment will be made for any taxes levied on employees' wages. The State will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales and use tax imposed by another state.

2. **Settlement of Disputes**

In the event of a dispute, Contractor shall file a "Notice of Dispute" with the CDFA within ten (10) days of discovery of the problem. Such Notice of Dispute shall contain the Agreement number. Within ten (10) days of receipt of such Notice of Dispute, the Agency Secretary, or Designee, shall meet with the Contractor and the CDFA project manager for the purpose of resolving the dispute. The decision of the Agency Secretary or Designee shall be final. In the event of a dispute, the language contained within this Agreement shall prevail over any other language including that of the bid proposal.

3. **Agency Liability**

The Contractor warrants by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the State shall, in addition to other remedies provided by law, have the right to annul this Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

4. **Potential Subcontractors**

If Contractor subcontracts out a portion of the work required by this Agreement, nothing contained in this Agreement or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of his responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

5. **Right To Terminate**

The State reserves the right to terminate this agreement subject to 30 days written notice to the Contractor. Contractor may submit a written request to terminate this agreement only if the State should substantially fail to perform its responsibilities as provided herein.

However, the agreement can be immediately terminated for cause. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the contract. In this instance, the contract termination shall be effective as of the date indicated on the State's notification to the Contractor.

This agreement may be suspended or cancelled without notice, at the option of the Contractor, if the Contractor or State's premises or equipment are destroyed by fire or other catastrophe, or so substantial damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by a state agency directly impacting the Contractors ability to perform.

**EXHIBIT E****ADDITIONAL PROVISIONS****SUBCONTRACTORS**

Contractor shall obtain prior approval from CDFA before hiring subcontractors, consultants or both. The total amount of all subcontracts shall not exceed \$50,000 or 25% of the total amount of the contract, whichever is less, unless the Contractor can provide certified documents that award was made through a competitive bidding process requiring at least three bids from responsible bidders.

All subcontractors identified shall be experts in their respective disciplines and capable of performing the tasks for which they were hired. Subcontractors shall have extensive experience in their area of expertise, with particular emphasis on prior experience on similar programs or projects that clearly illustrate their expertise in areas essential to the Contractor and to CDFA.
