SUBJECT: Amendment to the Professional Services Agreement with Hanger Prosthetics & Orthotics, Inc

BACKGROUND: (Continued)

Riverside County Regional Medical Center (RCRMC) surgeons require a contractor to provide orthotic and prosthetic patient care services with a trained and experienced critical care service provider.

On May 18, 2010, County Purchasing on behalf of RCRMC released a Request for Proposal (RFP #MCARC139), to secure prosthetic and orthotic services for the hospital. Hanger Prosthetics & Orthotics, Inc. was awarded the contract. On August 10, 2010; agenda item number 3.54, the Board approved the Professional Services Agreement with Hanger for \$180,000 annually, with the option to renew for four-(4) additional one-year periods.

In January 2011, the Department of Health Care Services (DHCS) released program applications for all eligible entities to participate in the Low Income Health Program (LIHP), which provides entities the opportunity to help build the bridge to the health care reforms of 2014. The LIHP consists of the Medicaid Coverage Expansion (MCE) and the Health Care Coverage Initiative (HCCI) programs. These programs provide health care benefits to eligible persons in accordance with the Welfare & Institutions Code (WIC) Section 15909 - 15915 (Chapter 723, Statutes of 2010, Assembly Bill 342), and the Special Terms and Conditions (STCs) of the federal section 1115(a) California Bridge to Reform Demonstration. RCRMC in conjunction with, other Riverside County departments partnered with Inland Empire Health Plan (IEHP) in administering the service which implements the requirements of LIHP. Through this collaborative partnership, the requirements for the LIHP were developed and incorporated in the Riverside County HealthCare (RCHC) program. RCHC is Riverside County's new health care program to help bridge to the health care reforms of 2014. Patients eligible to participate in RCHC will have the opportunity to receive services through specific referrals.

As RCHC develops and expands, considerable demand for prosthetic and orthotic services will escalate. The additional \$50,000 increase to the annual contract amount will allow RCRMC along with RCHC to expand the services and increase referrals to medically treat patients residing throughout Riverside County.

PRICE REASONABLENESS:

Hanger's fee schedule remains the same and is consistent with the current fiscal year's fee schedule. Hanger has a customized rate schedule for all orthotic and prosthetic coded services. Their rates are equivalent to Medi-Cal rates for the procedures billed and are discounted 42.6% off of their charges.

FINANCIAL IMPACT:

78% Hospital Enterprise Funds; 22% Riverside County Health Care
