If applicable, CONTRACTOR shall provide copies of the claim report submitted monthly for Medi-Cal and/or any other State or Federal reimbursements. In addition, the

Changes in the mailing address or designated contact person must be submitted in writing on the CONTRACTOR letterhead and signed by an authorized representative.

The terms and conditions of reimbursement shall be at

the sole discretion of the Commission. This provision is not terminated upon termination of this Contract.

13. RCCFC FISCAL REQUIREMENTS

A. Budget Adjustments

A budget adjustment is the transfer of funds from one approved categorical line item to another approved categorical line item. Individual transfers shall not exceed 10% of the approved destination categorical line item amount and in no case will cumulative transfers over the course of a fiscal year period exceed more than 10% of the total First 5 Riverside contract amount without written approval of the Executive Director, or designee. Written justification from the CONTRACTOR is required in the Program Progress Report submitted for the quarter in which the transfer is made and written notification of the transfer to the Commission's contract specialist from the CONTRACTOR is required during the month in which the transfer is made. Budget adjustments having a potential effect on the CONTRACTOR'S ability to comply with the SOW require prior approval from F5R staff. Budget adjustments will not change the total Contract amount and additional line items are **not** to be included. Failure of the Commission to discover or object to any unsatisfactory quarterly fiscal reports prior to payment will not constitute a waiver of the Commission's right to require CONTRACTOR to correct such quarterly reports. Budget Adjustments will be considered until June 30, 2012.

B. Budget Revisions

Budget revisions are requests to transfer more than 10% of the total contract amount and/or the addition of line items that were not previously approved. The Executive Director, or designee, will accept proposed budget revisions along with written justification from CONTRACTOR through March 31, 2012. The Executive Director, or designee, will respond to budget revisions within thirty (30) calendar days after receipt at the Commission office.

C. Amendments

Necessity for budget amendments to this Contract will be determined by the Executive Director, or designee, and may include, but are not limited to contract increases or decreases and significant changes to the Scope of Work (SOW). All budget amendments to the Contract shall require formal approval of the Executive Director acting on behalf of the Commission, as provided herein, before they are effective. Major budget amendments, as determined by the Executive Director, in consultation with Commission legal counsel, will require formal approval of the Commission. Contract budget amendments will be considered until March 31, 2012.

D. Cost Allocation

CONTRACTOR shall have or establish a cost allocation plan to identify prorated costs shared by multiple funding sources, including Proposition 10 funds. CONTRACTOR's Cost Allocation Plan must be approved by CONTRACTOR's appropriate governing body and submitted with the executed contract.

A Cost Allocation Plan (CAP) is defined as a written summarization that documents the methods and procedures that the CONTRACTOR will use to allocate costs between two or more programs or funding sources. The goal is to ensure that each program or funding

source bears its fair share, and only its fair share, of the total costs. The CONTRACTOR must have a method of identifying and distributing program costs that are comprehensive, well documented, and defensible under the Generally Accepted Accounting Principles (GAAP).

A written CAP is required if any of the conditions below are met:

- a. Funded staff members share their time between a First 5 Commission funded program and one or more other grant funded programs.
- b. A single-funded staff member shares their time between two or more First 5 Commission funded programs.
- c. The same facilities and/or resources are utilized by more than one funded program.

E. Overhead/Indirect Costs

1. Overhead/Indirect costs are defined as costs incurred for a common or joint purpose benefiting more than one cost objective and cannot be readily identified with a particular final cost objective. These costs do not provide a measurable, direct benefit to a particular program or activity, unlike direct costs. Indirect cost may include salaries, benefits and operating expenses. Capital expenses and subcontractor costs are **excluded**.
2. Indirect costs shall be based on the CONTRACTOR's official governing board approved Cost Allocation Plan or state/federal approved rate not to exceed 10%. These costs will be reviewed and approved on a case-by-case basis.
3. A pass through is defined as those instances where the CONTRACTOR forwards funds obtained from the Commission to a subcontractor and the Commission maintains no relationship or responsibility for the performance of the subcontractor. Proposition 10 funds shall not be used in a manner that will cause payment for indirect costs associated with the CONTRACTOR's funded program more than once. ATTACHMENT A: SCOPE OF WORK

**Loving Support Breastfeeding Program
Nutrition/Breastfeeding
Contract #: 1022 OP-12
July 1, 2011 – June 30, 2012**

Riverside County, Department of Public Health's Loving Support Breastfeeding Program (LSBP) will utilize F5R funding to improve the health, social-emotional and developmental status of children by providing accessible and comprehensive breastfeeding education, support and assistance. The program promotes breastfeeding as the infant feeding norm for Riverside County in order to prevent children's health and learning problems. Its mission is to support the American Academy of Pediatrics in their recommendation that mothers exclusively breastfeed their babies for at least one year, at the same time, striving to reach the similar Healthy People 2020 goals for breastfeeding.

Exclusive breastfeeding is defined as an infant's consumption of human milk with no supplementation of any type (no water, no juice, no non-human milk and no foods).

Exclusively Breastfeeding Eligible Definition: Hospital would disqualify mothers that cannot physically breastfeed due to trauma, hormonal and glandular deficiencies or other medical indications that are physician recommended. Mothers that experience a drug or alcohol dependency would be disqualified from the exclusively breastfeeding mothers.

The LSBP is designed to offer assistance to all new families. LSBP utilizes breastfeeding education and support strategies that are proven effective in increasing breastfeeding initiation and duration among women residing in Riverside County. The LSBP provides information, encouragement and assistance to new mothers to ensure they have the necessary resources to successfully breastfeed at birth through, at least, their babies first year.

The 24-hour/7-day per-week "Loving Support Breastfeeding Helpline" Lactation Counselors provide mothers the assistance and referrals they need. LSBP will document in the quarterly Program Progress Reports (PPRs) the quantity and type of calls/inquiries it has received through its 24-hour/7-day per-week "Loving Support Breastfeeding Helpline". Community-based "Loving Support Lactation Help Clinics" and community-based "Loving Support Breastfeeding Cafes" provide more in-depth help and support required by many new mothers.

The LSBP will assess client satisfaction by conducting a telephone survey of approximately 80-100 mothers who have received services through the Loving Support Breastfeeding Helpline, the community-based Loving Support Lactation Clinics and community-based Loving Support Breastfeeding Cafes. Results of the telephone survey will be reported in the quarterly PPRs.

The Loving Support Program is designed to offer assistance to all new families with breastfeeding education and support strategies that are proven effective in increasing breastfeeding initiation and duration among women residing in Riverside County. Loving Support will provide information, encouragement and assistance to new mothers to ensure they have the necessary resources to successfully breastfeed at birth to one year at its community-based Loving Support Lactation Clinics and community-based Loving Support Breastfeeding Cafes.

**Strategy: Nutrition/Breastfeeding
Aggregate Targets:**

1. By June 30, 2012, 75% (estimated at 5,500) of mothers discharged from hospitals are exclusively breastfeeding at the time of discharge.

2. By June 30, 2012, LSBP will document the total number of eligible to breastfeed mothers contacted for a 6-week follow-up.
3. By June 30, 2012, LSBP will document the number of eligible to breastfeed mothers who were exclusively breastfeeding at their 6-week follow-up.
4. By June 30, 2012, LSBP will communicate with 10,000 unduplicated breastfeeding mothers through its 24-hour/7-day per-week "Loving Support Breastfeeding Helpline".
5. By June 30, 2012, LSBP will serve 1,500 unduplicated breastfeeding mothers at community-based Loving Support Lactation Clinics and community-based Loving Support Breastfeeding Cafes.
6. By June 30, 2012, LSBP will document the number of repeat mothers to community-based Loving Support Lactation Clinics and community-based Loving Support Breastfeeding Cafes.

Notes:

- **Targets 1-3 will exclude data for participants from hospitals that are funded by F5R (i.e., Parkview Community Hospital, Riverside Community Hospital and San Gorgonio Memorial Hospital).**
- **All mothers in Riverside County can attend the breastfeeding café support groups and all mothers can receive a lactation consultation at LSBP lactation clinics. Mothers are referred to their birth hospital clinics first, but if appointments are not available they may need to come to one of LSBP clinics to receive a timely consultation.**
