Mr. Sam Kasbar
Kasa Construction

Dear Mr. Kasbar,

It is with great pleasure that I write this testimonial for Kasa Construction. As Vice President of Construction for LCC3 Construction Services, Inc, I have been afforded the opportunity to benefit firsthand from the talents of the Kasa Construction project team. This testimonial is best exemplified in the following example.

In June of 2010 Kasa Construction started a project for the Pomona Unified School District which was being managed by me as owner's agent. This project consisted of reconstructing a hill slope which had started to fail and was causing damage to one of the district's elementary school campuses. The project was scheduled to complete under a tight time line and reduced budget.

Larry Edwards, Project Superintendant, and his support team's relentless commitment to cost containment; schedule recovery and customer satisfaction truly made the difference in the successful completion of the above mentioned project. I am pleased to share that not only did the project complete under budget, but do to Mr. Edward's commitment to the success of the project it came in on schedule with no disruption to any school programs.

Kasa Construction's project team always searched for the best solution whenever possible and kept the goal of the project in sight. I found the project team to be professional, courteous, and very organized.

I have added Kasa Construction to our contractor list and I look forward to working with the Kasa Construction team in the near future.

Sincerely,

Brian Watt

Project : Rosemead / Walnut Grove Median Beautification and Traffic Congestion
Improvements

Subject : Letter of Recommendation

I would like to thank KASA Construction for a job well done. When the job was awarded, the Agency was a little concerned due to the fact that KASA was a rather new company. Now that the job is done, you have far surpassed the commits initially made and in-turn, the City of Rosemead has received an exceptional finished project. Not only was the quality of work outstanding, the project was completed before schedule and under budget.

The project was constructed on a main city artery which exposed the work to potential political criticism. Fortunately, City Council, Staff, and the Community had nothing but positive comments. I truly hope you win more project with the City of Rosemead as it has been a pleasure working with KASA Construction.

Sincerely,

Rafael Fajardo

KASA Construction Inc. completed the above project in a timely manner and within the budgeted amount. KASA's staff showed experience and professionalism in their work.
