**BACKGROUND** (Continued):

The EDA Maintenance Services division operates as an Internal Service Fund (ISF) and must recover its operating costs through charges to its customers. Maintenance rates were derived by combining direct and indirect costs incurred to run and operate the division.

Customers will be billed based on the number of hours worked at each facility by trade. The FY 2011/12 proposed charges are based on actual hours worked at each facility in FY 2010/11. The estimated financial impact for FY 2012/13 by customer departments, agencies, or other occupants of a county facility is provided in Attachment B.

EDA has complied with Board Policy B-4 and B-28 by building the FY 2012/13 budget using actual operating costs for FY 2010/11 with a reduction, and includes the addition of COWCAP charges. Overall the trade rates have decreased and the laborer rate has been eliminated altogether. Customer departments will recognize a savings of approximately \$2,905,396. The Auditor-Controller's Office has reviewed the proposed rates. The division is committed to meeting with its customers to develop flexible service plans.
