B. Federal Budget Contingency

- 1) It is mutually understood between the parties that this Agreement may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if this Agreement were executed after that determination was made.
- 2) This Agreement is valid and enforceable only if sufficient funds are made available to the state by the United States Government for the fiscal year 2009-2010 for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this Agreement in any manner.

- 2) Contractor may claim Assurance 16 costs for client education only once when LIHEAP and DOE funds and services are provided concurrently in the same unit.
- 3) Contractor may claim Assurance 16 costs for the occupants of each eligible unit not previously weatherized. Additionally, Contractor will be allowed to claim Assurance 16 costs when a safety check of combustion appliances reveals safety hazards that preclude tightening of the envelope.
- 4) Contractor shall not claim Assurance 16 costs for client education unless the dwelling was previously weatherized by nonfederal funds, i.e., regulated or non-regulated utility companies, private-sector funds, etc., or by a weatherization service provider not associated with the provisions of this Agreement. If such circumstances exist, Contractor shall conduct client education and shall claim Assurance 16 costs for the occupants of each eligible unit previously weatherized.

EXHIBIT B
(Standard Agreement)

C. Wood, Propane, and Oil Assistance

1) HEAP WPO

Contractor may claim reimbursement for HEAP WPO expenditures and activities expenditures as required in accordance with the terms of this Agreement.

2) ECIP WPO

Contractor may claim reimbursement for ECIP WPO expenditures (excluding ECIP Fast Track) as required in accordance with the terms of this Agreement.

D. Weatherization and EHCS Specific

1) Contractor may claim reimbursement for Weatherization-related activities under the terms of this Agreement as documented on the Weatherization Building Assessment and Job Checklist (CSD 540) or Contractor's equivalent for each eligible household not previously weatherized.

2) Contractor shall ensure that duplicate billings for the same product or service do not occur.

3) Maximum Reimbursements

a. Contractor shall be entitled to obtain a maximum average reimbursement of \$3,055 per dwelling unit weatherized for applying the energy conservation measures and activities described in EXHIBIT B, BUDGET DETAIL AND PAYMENT PROVISIONS, ATTACHMENT V, Reimbursement Rates for Weatherization and EHCS Activities.

b. In the event that the Governor declares a State of Emergency or Local Emergency under Article 13 or 14 of the Emergency Services Act or any federal official declares an emergency pursuant to 42 UCS 8622(1), the maximum average reimbursement shall be \$3,514 per dwelling unit.

c. For emergency ECIP EHCS provided outside Contractor's normal business hours of operations, Contractor may exceed the maximum cost limits allowed for repair and replacement services. Contractor shall not request reimbursement for more than one heating and/or cooling unit repaired or replaced per household.

EXHIBIT B
(Standard Agreement)

4) Measure Reimbursement

a. General

- i. Reimbursement for Weatherization or EHCS activities shall be claimed only once when LIHEAP and DOE WAP, or any other funding source, are used concurrently in the same unit.
- ii. Contractor may divide the material cost of a single measure among LIHEAP, DOE, or other CSD program when the single measure in question is installed in a dwelling where Weatherization or EHCS services are provided concurrently under these programs.
- iii. For weatherized dwellings where DOE and LIHEAP weatherization services are provided concurrently, Contractor may leverage material and labor costs under multiple LIHEAP weatherization contracts and may leverage material costs under DOE weatherization contracts for each weatherization measure described in EXHIBIT B, ATTACHMENT IV, and the following guidelines:
 - (a) Single Quantity Fixed-Fee Measures – are those weatherization measures described in EXHIBIT B, ATTACHMENT IV, with an assigned fixed-fee reimbursement and limits the maximum quantity of the measure/service to a single item per weatherized dwelling. Such measures can only be performed and charged to a single CSD program and cannot be further leveraged or split with another CSD contract or non-CSD funding source.
 - (b) Multiple Quantity Fixed-Fee Measures – are those weatherization measures described in EXHIBIT B, ATTACHMENT IV, with an assigned fixed unit price per measure and that provide for the installation of multiple quantities of the measure in a single weatherized dwelling. Such measures may only be leveraged with multiple LIHEAP weatherization contracts. Contractor cannot further leverage or split the fixed-fee price for these measures with another CSD contract or another non-CSD funding source.

EXHIBIT B
(Standard Agreement)

- (c) Labor and Material Single Quantity Measures – are those weatherization measures, described in EXHIBIT B, ATTACHMENT IV, where the reimbursement is based on the combined total of labor and material cost and the maximum quantity of the measure is limited to a single item per weatherized dwelling. Contractor may leverage the material and labor costs associated with the installation of these measures between multiple LIHEAP contracts. Contractor may only leverage material costs between LIHEAP and DOE contracts.
- (d) Actual labor hours for weatherization services shall not exceed the cumulative number of hours on the job site and shall be substantiated with client file documentation, job schedules, and payroll time records.
- (e) Labor and Material Measures – are those weatherization measures, described in EXHIBIT B, ATTACHMENT IV, where the measure reimbursement is based on the combined total of labor and material and the quantity of the measure itself is not limited to a specific amount per weatherized dwelling. Contractor may leverage the material and labor costs associated with the installation of these measures with multiple LIHEAP contracts to perform the installation of this type of measure within a single unit provided the combined expenditure reported to each CSD contract does not exceed the dwelling maximum reimbursement for the individual measure. Contractor may only leverage material costs between LIHEAP and DOE contracts. Contractor will be required to provide an accounting of labor, material, and for the quantities installed under each program.
- (f) Contractor may leverage the material and labor costs for ECIP HCS activities in dwellings where ECIP HCS and weatherization services are provided concurrently under multiple LIHEAP contracts. Contractor may only leverage material costs between ECIP HCS and DOE contracts.

EXHIBIT B
(Standard Agreement)

b. Measure Maximums

- i. For those Weatherization and EHCS measures that have an established maximum rate, the reimbursement amount shall be equal to the actual labor hours of Weatherization or EHCS crew members at the approved labor rate and the actual cost of the materials up to the maximum rate.
- ii. Weatherization or EHCS measure costs exceeding the maximum reimbursement limit cannot be offset by charging the cost difference to another weatherization measure, minor envelope repair, or another CSD program.
- iii. When costs for a measure exceed the maximum reimbursement allowed, Contractor shall obtain prior written approval from CSD to exceed the maximum cost reimbursement and/or quantity limit for weatherization and ECIP HCS measures as described in EXHIBIT B, ATTACHMENT IV. Otherwise, at the Contractor's discretion, Contractor may elect to not provide the weatherization measure/service in the event the total cost exceeds the maximum cost reimbursement.

c. Assessments and Diagnostics

- i. Contractor may claim reimbursement for dwelling assessment for each eligible household.
- ii. Contractor may claim reimbursement for dwelling assessment for each eligible unit not previously weatherized. For dwellings weatherized under this Agreement, Contractor may claim reimbursement for a modified dwelling assessment to perform re-weatherization services during the useful life period of the initial dwelling assessment. Once the useful life term has expired for the initial or last performed dwelling assessment, Contractor may claim a full dwelling assessment to perform re-weatherization services.
- iii. If a dwelling was previously weatherized under a nonfederal program, the dwelling and occupant eligibility must be recertified; therefore, Contractor may claim reimbursement for assessment of dwelling and charge for intake.

EXHIBIT B
(Standard Agreement)

- iv. In the case of an un-weatherized dwelling where the installation of measures was not feasible and/or the dwelling was not accessible to install measures, Contractor may claim reimbursement for any related assessments and/or diagnostic checks that were performed. Reimbursement for travel is not allowable.
 - v. Contractor may claim reimbursement for dwelling assessment only once when LIHEAP and DOE funds are used concurrently in the same unit.
 - vi. Reimbursement for diagnostic testing for work performed under ECIP EHCS shall be included in the appliance repair or replacement line item for which the testing was performed.
 - vii. Contractor may claim reimbursement for renovator certification, defined as field-related costs associated with performing lead renovator certification for ensuring lead paint safety on weatherized dwellings built prior to 1978.
- d. Labor Reimbursement
- i. Contractor shall use the approved labor rate for all Weatherization crew labor expenses related to the direct delivery of Weatherization and EHCS services. The approved labor rate includes travel time, down time, supervision, inspection, support staff hours, and related operating expenses; therefore, Contractor shall not bill additional labor hours for these costs.
 - ii. Contractor must be able to substantiate all actual labor hours and labor costs charged.
 - iii. Actual labor hours for weatherization services shall not exceed the cumulative number of hours on the job site and shall be substantiated with client file documentation, job schedules, and payroll time records.
 - iv. If Contractor compensates Weatherization or EHCS crew members using piecework as an alternative to hourly wages or salaries, Contractor shall contact CSD for instructions prior to commencing with services for the current program year.

EXHIBIT B
(Standard Agreement)

- v. For weatherization measure and specialty work activities in projects where LIHEAP and/or ECIP EHCS and American Recovery and Reinvestment Act of 2009 DOE WAP are leveraged, Contractor shall use the approved labor rates included in EXHIBIT D, ATTACHMENT VI, Approved Labor Rates for Units Leveraged with DOE ARRA, for reimbursement purposes.

- vi. Assessments and Diagnostics

Contractor may claim reimbursement for renovator certification, defined as field-related costs associated with performing lead renovator certification for ensuring lead paint safety on weatherized dwellings built prior to 1978.

- vii. Actual Labor Hours
 - (a) For measures that are not reimbursed by fixed fees, Contractor shall bill the number of actual labor hours associated with the installation of Weatherization and EHCS measures for the time spent at the job site.

 - (b) Contractor shall bill the actual labor hours incurred by Weatherization and EHCS crew members or other personnel associated with the direct facilitation of the disposal of appliances, the procurement of permits, and services performed by a HERS Program Rater.

- viii. Other Labor
 - (a) Labor hours for other personnel are billable only if there are no billable hours for Weatherization or EHCS crew members for these services. The approved labor rate will be allowable for Weatherization and EHCS crew members only.

 - (b) When the installation of a measure is subcontracted and there are no billable labor hours for Weatherization or EHCS crew members, Contractor shall bill, in addition to the subcontracted expenditure, actual labor hours incurred by other personnel associated with the direct facilitation of that subcontracted measure. The approved labor

EXHIBIT B
(Standard Agreement)

rate will not be allowable for other personnel under these circumstances. A modified fixed fee labor rate determined by the Contractor or actual labor costs shall be used. Any modified fixed fee labor rate that is to be used must be submitted for CSD for approval prior to requesting reimbursement for these costs.

- (c) When the installation of a measure is subcontracted and there are billable labor hours for Weatherization or EHCS crew members who share in the installation of that subcontracted measure, Contractor shall bill, in addition to the subcontracted expenditure, the actual labor hours incurred by crew members at the approved labor rate.

- e. Heating and Cooling Services (HCS/EHCS)
 - i. If, during the course of repairing a defective unit, additional problems are found that would increase the cost of repairs to an amount beyond the established limits for repairs, Contractor may claim reimbursement for incurred costs related to the repair in addition to those costs associated with the replacement of the heating/cooling appliance.
 - ii. Dwellings in which a single appliance has been both repaired and replaced within the same Weatherization and/or ECIP EHCS component, or under a re-weatherization call-back, Contractor may claim reimbursement for both the repair and the replacement of the appliance. Contractor shall report the single appliance as both a repaired and replaced appliance.
 - iii. For multi-unit dwellings with a common water heater, Contractor may claim reimbursement for only one water heater. Contractor may claim reimbursement for the actual number of water heater blankets used to wrap the common water heater. Contractor shall prorate the cost among all dwelling units within that building envelope.
 - iv. Duct repairs and replacements can only be charged to ECIP EHCS when provided in conjunction with emergency heating/cooling services performed under EHCS.

EXHIBIT B
(Standard Agreement)

f. Other Program Costs

i. Permit and Disposal Fees

Permit, HERS rater, and disposal fees are acceptable expenses and may be charged only once to ECIP EHCS, or LIHEAP Weatherization, or DOE Weatherization, per appliance or weatherization measure, per weatherized dwelling. Permit and disposal fee reimbursement includes crew member, subcontractor, or other personnel staff time and will be reimbursed based on the actual cost of the fee and actual labor hours.

ii. Travel

Contractor shall be credited one round trip travel surcharge for any one dwelling weatherized or any one dwelling receiving assessments and diagnostic testing where weatherization services could not be provided due to client refusal or inability to gain access to the dwelling. Contractor may claim mileage reimbursement for travel to Single Family Dwelling (SFD) and Multi-Unit Dwelling (MUD) Units in which travel exceeds a distance of 30 miles (one way) from Contractor's material storage site or headquarters. Contractor shall maintain records and source documentation in such a manner to substantiate mileage claims by individual dwelling weatherized. The following defines the conditions for mileage reimbursement applicable to dwellings weatherized:

(a) Single Family Dwelling (SFD)

- (i) Contractor may claim one travel surcharge equivalent to one (1) labor hour plus \$18.00 for each completed, weatherized SFD Unit.
- (ii) For SFD Units in excess of 30 miles (one way) from Contractor's material storage or headquarters, Contractor may claim mileage in addition to the SFD travel surcharge for each completed, weatherized SFD Unit. Contractor may claim mileage at a rate of \$.91 per mile for each mile in excess of 30 miles (one way) or 60 miles round trip. Mileage reimbursement is limited to a single

EXHIBIT B
(Standard Agreement)

round trip, per completed SFD Unit; and Contractor may only claim the travel surcharge, fuel surcharge, and mileage reimbursement upon the completion of the SFD Unit.

(b) Multi-Unit Dwelling (MUD)

- (i) Contractor may claim one MUD travel surcharge of \$8.50 for each completed, individual, weatherized unit within a MUD complex.
- (ii) For MUD Units in excess of 30 miles (one way) from Contractor's material storage or headquarters, Contractor may claim mileage in addition to the MUD travel surcharge. Contractor may claim mileage at a rate of \$.91 per mile for each mile in excess of 30 miles (one way) or 60 miles round trip. Mileage reimbursement is limited to a single round trip per day, for travel to a MUD regardless of the number of individual completed units.
- (iii) All other travel-related expenses not directly related to the weatherization of dwellings are subject to reimbursement as described in EXHIBIT D, SPECIAL TERMS AND CONDITIONS, Section 1. Travel and Per Diem.

(c) Lodging and Per Diem

Contractor may claim reimbursement for lodging and per diem related to the installation of weatherization measurers subject to travel and per diem rates as described in EXHIBIT D, SPECIAL TERMS AND CONDITIONS, Section 1, Travel and Per Diem.

EXHIBIT B
(Standard Agreement)

iii. Overhead

All overhead costs shall be charged at actual costs to the appropriate monthly expenditure reporting line items. All other overhead costs without a reporting line item shall be included in the approved labor rate.

iv. Post-Weatherization Inspections

Contractor shall ensure that a total of twenty-five percent (25%) Post-Weatherization Inspections have been completed and that Contractor has not exceeded the maximum reimbursement amount allowable of twenty-five percent (25%) of the total weatherized dwellings per reporting period.

v. Clearance Inspections

Should a clearance inspection be required, Contractor shall defer the costs of the clearance inspection to the property owner and/or local housing authority. However, in those instances where the property owner and/or the local housing authority are unable to incur the costs of the clearance inspection, Contractors may seek a waiver allowing the cost of the inspection as a reimbursable activity. Waiver requests will be treated on a case-by-case basis and must be approved by CSD prior to beginning weatherization services. A copy of the clearance inspection must be placed and maintained in the client's file.

- g. When the total reimbursement for a measure is contracted under a non-CSD program and the reimbursement is intended to cover the entire costs of the contracted service, then all related costs associated with the installed measure shall be charged to that non-CSD program. Additional costs to facilitate or to offset cost deficits for the measure shall not be charged to CSD energy programs.

EXHIBIT B
(Standard Agreement)

- 5) Dwelling Status
- a. Completed Units
 - i. Contractor shall not report a weatherized dwelling as completed nor shall Contractor request reimbursement for a weatherized dwelling until all weatherization measures identified during the dwelling assessment have been installed and completed. Contractor shall not bill for incomplete units or prematurely close a unit with outstanding measures in order to receive reimbursement for work completed. If there are measures found to be non-feasible by crew members after the initial assessment, the reason for the non-feasibility shall be documented in the client file and the dwelling shall be considered completed.
 - ii. Contractor shall not report a dwelling as weatherized nor request reimbursement prior to the quality assurance certification confirming quality and completeness of work performed upon weatherized and EHCS dwellings.
 - iii. ECIP EHCS

Dwelling units receiving services under ECIP EHCS may be reported as completed and billed immediately upon the completion of ECIP EHCS and regardless to the completion of other weatherization measures installed within the same dwelling.
 - b. Un-weatherized Dwellings
 - i. Contractor may claim reimbursement for outreach and intake for each eligible unit not previously weatherized. Additionally, Contractor will be allowed to claim reimbursement when a safety check of combustion appliances reveals safety hazards that preclude installation of measures.
 - ii. Contractor may claim reimbursement for weatherization activities as documented on the Weatherization Building Assessment and Job Checklist (CSD 540) or Contractor's equivalent for each eligible household not previously weatherized.

EXHIBIT B
(Standard Agreement)

c. Previously Weatherized Dwellings

If the previous weatherization was performed under a nonfederal program or under this Agreement, the occupant eligibility must be certified; therefore, Contractor may claim outreach and intake costs.

d. Leveraging with Non-Federal Funding

Contractor may perform services and install energy conservation measures as per this Agreement and in accordance with requirements of another non-CSD funding source concurrently in the same dwelling as feasible and in the best interest of the client; however:

- i. Contractor may not claim duplicate reimbursement for the same services performed and energy conservation measures(s) installed under a CSD program with a non-federal program.
- ii. Contractor may not split Single Quantity Fixed Fee Measure under LIHEAP with any other funding source.
- iii. Contractor may not split LIHEAP or ECIP EHCS labor fees associated with a single measure with any other funding source.
- iv. Contractor may claim reimbursement for outreach and intake only once when DOE and LIHEAP funds are used concurrently in the same unit.

E. Severe Weather Energy Assistance and Transportation Services (SWEATS)

Reimbursement shall be in accordance with the SWEATS Policy, EXHIBIT F, ATTACHMENT II, when specifically authorized by CSD.

5. REPORTING REQUIREMENTS

A. Federal Funding Accountability and Transparency Act Reporting (FFATA)

CSD may issue guidance and/or Amendment(s) to this Agreement, establishing additional reporting requirements as necessary to ensure compliance with the Federal Funding Accountability and Transparency Act (FFATA) or other Federal and State regulations, as applicable.

EXHIBIT B
(Standard Agreement)

B. Monthly Reports

- 1) Contractor shall submit to CSD Contractor's expenditures and activities (excluding ECIP Fast Track and HEAP Electric and Gas) by entry into the web-based, Expenditure Activity Reporting System (EARS). The monthly reports shall be submitted on or before the fifteenth calendar day following the reporting period, irrespective of the level of activity or amount of expenditure in the preceding period.
- 2) Expenditures for Assurance 16, Intake, ECIP WPO, ECIP EHCS, SWEATS, and HEAP program costs shall be reimbursed through the LIHEAP Monthly EHA 16 Expenditure/Activity Report via EARS.
- 3) Expenditures for Weatherization shall be reimbursed through the LIHEAP Monthly Weatherization Expenditure/Activity Report via EARS.
- 4) All adjustments, if any, must be reported through EARS under the report period in which the expenditures occurred.
- 5) Contractor shall also submit to CSD client/job detailed data for services rendered under LIHEAP Weatherization, ECIP EHCS, ECIP WPO, and HEAP WPO for the monthly period in which the service activity occurred and reimbursement for the service activity is requested.
 - a. Utilizing the EPD System or equivalent software database collection system, Contractor shall submit monthly detailed client/job data separately from the EARS monthly activity/reimbursement reporting.
 - b. The client/job detailed data shall be sent electronically on or before the fifteenth calendar day following the reporting period in which direct service activity occurred.
 - c. The monthly EHA 16 Expenditure/Activity Report and the monthly Weatherization Expenditure/Activity Report will not be processed until CSD has reviewed and approved the Monthly Client/Job Detailed Data Report.

C. CSD Review

- 1) CSD shall review Contractor's monthly reimbursement/activity reports and evaluate Contractor's performance related to program and fiscal operations and its demonstrated ability to effectively utilize all funds available under this Agreement.

EXHIBIT B
(Standard Agreement)

- 2) The issuance of other CSD contracts, including reimbursement payments to the Contractor, shall be contingent upon timely receipt of the required reports and/or compliance of material requirements of this Agreement.

D. Close-out Report

Contractor shall submit on appropriate CSD forms, a close-out report, verifying all actual, allowable, and allocable costs earned during the term of this Agreement. Administrative costs, outreach, intake, and training and technical assistance shall not exceed the maximum allowable amounts. Administrative and Assurance 16 costs shall remain proportionate to the cumulative allowable program expenditures. Any administrative and Assurance 16 costs that exceed these limits shall be disallowed and returned to CSD within 90 calendar days after expiration of this Agreement. Subsequent payments, including advance payments, for LIHEAP or other CSD contracts shall also be contingent upon timely receipt of the close-out report of this Agreement.

- 1) The close-out report shall include the following forms:
 - a. Close-out checklist with authorized signature (CSD 733);
 - b. Excess Income/Interest Earned Reconciliation Report (CSD 733F);
and
 - c. Equipment Inventory Schedule (CSD 733G).
- 2) Excess Income/Interest-Earned and Expended

Contractors shall use a CSD 733F, LIHEAP Excess Income and Interest Earned Close-out Reconciliation, to report actual costs, excess income and/or interest income earned and expended. Pursuant to CCR § 100840, any excess income generated as a result of actual costs being less than the fixed rate shall be used by the Contractor for any valid low-income energy assistance/weatherization activity in accordance with LIHEAP statutory and regulatory limits on expenditures subject to the maximum allowable limits for administrative costs, outreach, intake, and training and technical assistance. Upon request from CSD, Contractor shall provide an expenditure plan or other relevant information that demonstrates the allowable use of such excess income and/or interest income. Excess Income/Interest earned and expended are subject to the expenditure and reimbursement guidelines for the program year in which expenditures occur.

EXHIBIT B
(Standard Agreement)

- 3) Any weatherization materials purchased with the funds under this Agreement and remaining at the expiration of this Agreement shall be credited against Contractor's weatherization materials expenditures under this Agreement and charged to whatever other weatherization program Contractor may have in effect. If Contractor has no other weatherization program in effect, the State shall be contacted for disposition instructions.

FOOTNOTES SECTION

1	Unit assessments are charged for each completed unit in addition to applicable blower door and/or duct leakage testing.
2	Following a determination that no combustion byproduct hazards exist, pre-weatherization blower door testing for shell-sealing purposes is a mandatory activity on a minimum of twenty percent (20%) of the total SFD (1 to 4 units) including mobile homes, and a minimum of five percent (5%) of MUD (5 or more units) weatherized under this Agreement. Blower door diagnostic testing shall be proportional to the number of completed units for each quarter.
3	A duct leakage test using the Duct Blaster is a stand-alone test and may be performed in conjunction with the Blower Door Test for purposes of assessing outside air infiltration.
4	An inspection of twenty-five percent (25%) of the total number of dwellings weatherized under this Agreement must be completed in accordance with CSD Inspection Policies and Procedures. Reimbursement shall not exceed the maximum twenty-five percent (25%) limit. A maximum of 25% of the total dwellings reported in a reporting period shall be inspected and shall continue through the contract term. If due to rounding the number of required inspections does not equal 25%, the number of required inspections performed shall be rounded up and the maximum reimbursement limit will be increased accordingly. Reimbursement is allowable for the actual labor hours of the inspection activity including travel at the approved labor rate up to a maximum of three hours per dwelling.
5	If a combustion appliance safety hazard or other unsafe conditions requiring repair is found to exist and cannot be repaired under the scope of the program, Contractor may apply the non-envelope sealing measures identified by this note.
6	Must be classified as mandatory if a gas or electrical safety hazard exists. Age of the appliance cannot be used as a criterion for replacement.
7	Required by the local jurisdiction, a building permit must be obtained and finalized for vented appliance installations (Furnace, Boiler, Water Heater, Cook Top and Free Standing Range, and Vented Space Heater), Evaporative Cooler, Central HVAC, and Wood-Fueled
8	Special licensing is required for the installation of Central HVAC systems, Furnace, and Boilers. Special licensing may also be required for the installation and/or repair of Evaporative Cooler, Oven Cook Top and Free Standing Range, Vented Space Heater, Air Conditioning, and Gas and Electric Water Heaters, if two or more weatherization measures are not installed in a single unit. Electrical wiring upgrade/replacement and knob-and-tube wiring certification will always require a C-10 license.
9	Repairs include cleaning and filter replacement.
10	These maximums apply to heating and cooling source and water heater repairs and replacements under ECIPEHCS with the exceptions as noted in EXHIBIT B, BUDGET DETAIL AND PAYMENT PROVISIONS, Section 4. REIMBURSEMENT GUIDELINES, C. Weatherization and EHCS Specific, item 3). Duct repair and replacement is an allowable stand-alone measure when needed or triggered by Title 24 regulations under the weatherization program only. However, duct repairs and replacements can only be charged to ECIPEHCS when provided in conjunction with heating/cooling services billed to EHCS when required under Title 24.
11	Costs that exceed the maximums in other categories of cooling and heating repairs and replacements cannot be charged to the line items reserved for other types of cooling and heating units not already listed.
12	Propane furnace repairs and replacements shall be reimbursed under Other Types Not Listed.
13	Energy Conservation Measures and Activity Definitions are included in the CSD Weatherization Installation Standards (WIS), and EXHIBIT G, DEFINITIONS.
14	A wood-fueled space heater may only be installed if it is to be used to replace a fossil-fueled space heater and/or damaged or hazardous wood stove that cannot feasibly be repaired, i.e., cost of repair exceeds thirty percent (30%) of replacement cost or existing unit is not a listed and labeled stove.
15	Per dwelling, attic and floor foundation venting may only be performed in conjunction with ceiling and floor insulation, respectively.
16	When using a blower door in conjunction with weatherizing a dwelling, do not apply these measures if the infiltration is less than the Minimum Ventilation Requirement or if the economic stop point for air sealing has been reached. Does not apply to catastrophic leaks that are health and safety hazards, e.g., broken-out window, severely damaged door, etc.
17	Costs that exceed the maximums in Glass Replacement and Window Repairs cannot be charged to Minor Envelope Repair or Window Replacement. The maximum reimbursement for Window Replacement is an average of all dwellings receiving new windows. If costs should occur such that the average maximum is exceeded for Window Replacements, the additional costs cannot be charged to Minor Envelope Repair or Glass Replacement and Window Repairs.
18	When installing a Minor Envelope Repair Measure, the installation of deadbolt locks in conjunction with an exterior door replacement is allowable on rental units only. Reimbursement will be based on the material costs for the door, the deadbolt lock, and the labor.
19	Includes sliding glass doors. Does not include weatherstripping applied to attic and crawl space access hatches, to evaporative-cooler and air-conditioner covers, or to open combustion appliance enclosure doors. Expenditures for weatherstripping applied to covers and enclosure doors shall be charged under the appropriate appliance repair line item. When insulation is not installed, applies to access hatches and windows.
20	Technicians performing evacuation and charging of refrigerant must have EPA-approved certification as a Type II or Universal technician. Refrigerant shall be recovered, and all hazardous waste materials shall be disposed of in conformance with federal, state, and local codes.
21	Do not perform if dwelling has an operable evaporative cooler.
22	Electric Base Load Measures: Special training is a mandatory prerequisite for Contractors before performing Evaporative Cooler Installation and Window/Wall Air Conditioner Replacement. Contractor must contact CSD to schedule training.
23	Cabinet retrofits are only allowed for built-in microwaves that have been replaced and are reimbursable under Minor Envelope Repair.
24	Crawl space height shall be documented on the Weatherization Building Assessment and Job Order Sheet (CSD 540).
25	Manual Thermostats may be installed only if the old thermostat is inoperable and may be installed in lieu of Programmable Thermostats if it is determined that the client receiving such services will not be able to operate and maintain the Programmable Thermostat properly.
26	Microwaves may be installed in dwellings with gas cooking appliances.
27	Contractors shall ensure the proper disposal of hazardous waste products such as fluorescent light tubes, batteries, and mercury thermostats in accordance with the Universal Waste Rule (Hazardous Waste Management System. Modification of the Hazardous Waste Recycling Regulatory Program). Final Rule.
28	CSD Policies and Procedures for electric base-load measures state that a replacement refrigerator may be replaced only if it was manufactured in 1992 or earlier. Documentation in the client file shall contain the manufacturer, make, model and metering information of all replaced refrigerators. Age must be verified utilizing the Refrigerator Energy Use Data at www.waptac.org or other applicable resources per CSD WIS.

FOOTNOTES SECTION

2010 LIHEAP Amendment
Effective 12/15/2011

29	May be used by those Contractors that find that the per-square-foot rate under the other storm window categories is too high in comparison to the actual cost of materials within its service area.
30	Shop fees are used to cover incidental supplies that are difficult to track. Shop fees are allowed once per weatherized dwelling. Shop fees are not applicable for ECIP EHCS or reweatherized dwellings.
31	Only mileage exceeding a 60-mile round trip to the job site is reimbursable. Mileage is allowed once per weatherized dwelling.
32	The total cost per unit must be allocated to all units in the building being served by the central unit. Total costs of the central unit is subject to the sixty-six percent (66%) or fifty percent (50%) eligibility rule used to weatherize all units in a building.
33	Repairs and replacements are allowable on pre-existing and vented kitchen exhausts. New vented kitchen exhausts may be installed where one was not existing in mobile homes only.
34	One lodging and per diem claim filed for each dwelling is not limited by the number of crew members on the out-of-town job(s) and/or the number of nights required to stay to complete the out-of-town job(s). It is limited, however, to one trip by a crew for each weatherized or reweatherized dwelling. If more than one dwelling is weatherized during the single trip, the cost must be prorated among those units and shall be limited to that single trip.
35	General heat waste measures are intended to be low-cost items that can be quickly and easily installed. The weatherstripping for exterior doors only includes weatherstripping for door jams and does not include door shoes or thresholds which are included in door repairs and replacements. If a blower door test is to be performed, these measures can be installed prior to the blower door test.
36	When installing an exterior door, the installation of deadbolt locks in conjunction with an exterior door replacement is allowable on rental units only. Reimbursement will be based on the material costs for the door, the deadbolt lock, and the labor. On any dwelling, an existing and functional deadbolt may be reinstalled in the replacement door, with reimbursement limited to labor for the reinstallation.
37	Quantities of installed smoke alarms are dictated by code and are limited by the higher of state or local building code. Copies of local building code requiring a higher number of alarms than state code must be on file at the agency for CSD review. Pre-existing smoke alarms are not to be replaced unless they are non-operable after battery replacement. Battery replacement is an allowable expenditure under this line item.
38	Lead-safe weatherization would include time related to completing the EPA reporting requirements by the EPA Certified Renovator.

EXHIBIT D
(Standard Agreement)

7. SUBCONTRACTS (CSD)

Contractor may enter into subcontract(s) to perform part or all of the direct services covered under this Agreement. Prior to the commencement of subcontracted services under this Agreement, Contractor shall obtain board approval, to include but not be limited to an assurance that the subcontractor agreement(s) shall comply with all terms, conditions, assurances, and certifications of this Agreement for the nonprofit and local governmental agencies performing services in the area(s) described in EXHIBIT A, SCOPE OF WORK, Section 2.

- A. Contractor shall provide written notification to the State within 60 calendar days of execution of each subcontractor agreement the name of the subcontractor entity, its address, telephone number, contact person, contract amount, and program description of each subcontractor activity to be performed under this Agreement. This written notification shall also include a certification that to the best of Contractor's knowledge, the subcontractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency. For purposes of this certification of subcontractor eligibility, Contractor may rely on information provided via the Excluded Parties List System (EPLS), available at <https://www.epls.gov>.
- B. If CSD determines that Contractor has executed a subcontract with an individual or entity listed as disbarred, suspended or otherwise ineligible on EPLS as of the effective date of the subcontract, costs Contractor has incurred under the subcontract may be disallowed.
- C. Contractor remains responsible to substantiate the allowable and allocable use of all funds under this Agreement and to adopt fiscal control and accounting procedures sufficient to permit the tracing of funds paid to any subcontractor to a level of expenditure adequate to establish that such funds have not been used in violation of this Agreement. Contractor shall ensure that any subcontracts under this Agreement contain all provisions necessary to ensure adequate substantiation and controls of the expenditure of such funds. Contractor may achieve this through detailed invoices, by periodic monitoring of subcontractor's program activities and fiscal accountability, by retaining a right of reasonable access to the subcontractor's books and records, or by any other method sufficient to meet Contractor's responsibility to substantiate costs required by OMB Circulars A-87, 122, and 133.
- D. Contractor shall immediately notify subcontractor(s) in writing within five days of such action in the event the State suspends, terminates, and/or makes changes to the services to be performed under this Agreement.

EXHIBIT D
(Standard Agreement)

- E. Contractor is the responsible party and shall remain liable for the performance of the terms, conditions, assurances, and certifications of this Agreement, without recourse to the State, regarding the settlement and satisfaction of all contractual and administrative issues arising out of subcontract agreement(s) entered into in support of this Agreement, including disputes, claims, or other matters of a contractual nature as well as civil liability arising out of negligence or intentional misconduct of the subcontract(s).
- F. Nothing contained in this Agreement or otherwise shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of its responsibilities and obligations hereunder. Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

B. Self-Insurance

- 1) When Contractor is a self-insured governmental entity, the State, upon satisfactory proof, may waive the appropriate insurance requirements upon written certification. An appropriate county or city risk manager shall sign this certification that shall contain assurance of the adequacy of the governmental entity's ability to cover any potential losses under this Agreement.
- 2) Contractor shall specify in writing a list of which coverage(s) will be self-insured under this Agreement and shall list all applicable policy numbers, expiration dates, and coverage amounts.
- 3) In the case that the Contractor's self-insurance coverage does not contain any changes from the prior year, CSD will accept a certified letter signed by authorized personnel; stating that no changes have occurred from the last year. This letter is due at the time of contract execution or within 30 days of expiration of insurance.

EXHIBIT D
(Standard Agreement)

- C. If the Contractor has previously been contacted regarding noncompliance and is found to have another monthly period of noncompliance, then CSD shall notify the Contractor in writing that contract goals are not being met and that the Contractor has established a pattern of failing to meet expenditure goals. Contractor shall meet all goals inclusive to the next one-month period.
- D. If, at the conclusion of the subsequent reporting period, the Contractor has failed to meet contract goals after written notification disclosing noncompliance, the State shall enter negotiations with the Contractor to access a realistic capacity to expend the remaining funds and a determination may be made as to the viable amount of funds that will remain in the contract. If a determination results in unexpended funds becoming available, the State will redistribute such funds to an eligible performing Contractor within the general geographic region of the Contractor-of-record. In the event a performing Contractor does not exist in the general geographic region, then the State shall reserve the right to redistribute funds to a performing Contractor within the state. If negotiations result in a modified expiration of the contract, EXHIBIT B, BUDGET DETAIL AND PAYMENT PROVISIONS, Section 1., BUDGET, item A., shall prevail.
- E. The term of this agreement will be no longer than thirty (30) months.

14. DAVIS-BACON PROVISIONS

- A. Wages for individuals performing weatherization services under this Agreement shall be fully subject to prevailing wages under the Davis-Bacon Act when LIHEAP-funded weatherization and ECIP EHCS activities are leveraged with DOE ARRA funding to complete a weatherization project. Weatherization or EHCS services do not have to be provided concurrently but will be subject if the LIHEAP funded weatherization and/or ECIP HCS activities are required in order to complete the DOE WAP work as determined during the dwelling assessment.
- B. Wages for trainees and crew leaders or journey while installing weatherization and EHCS measures as part of on-the-job training shall be subject to the Davis-Bacon Act when the dwelling for which services are being provided is also being serviced by DOE ARRA.
- C. When dwellings are leveraged with DOE ARRA, Contractor shall be required to comply with all applicable provisions of the Davis-Bacon Act (United States Code Title 40 – Public Buildings, Property, and Works, Subtitle II – Public Buildings and Works, Part A – General, Chapter 31 – General, Subchapter IV – Wage Rate Requirements) and related acts.

EXHIBIT D
(Standard Agreement)

D. Davis-Bacon Rates

- 1) The Davis-Bacon wage rates determined by the Federal Department of Labor (DOL) are included as ATTACHMENT IV to this Exhibit.
 - a. These rates represent the minimum wage rates to be paid to weatherization workers by county.
 - b. Weatherization work for purposes of this wage determination is defined as minor repairs, battery insulation, blown insulation, window and door repair, and weather stripping, solar film installation, air sealing, caulking, minor or incidental structural repairs, duct sealing, air sealing, installation of light bulbs, and installation of smoke detectors.
 - i. California DOL's recent survey determined as a matter of prevailing practices that these duties are performed by a weatherization worker classification.
 - ii. Specialty weatherization work is the replacement of doors and windows; installation and repair of furnace/cooling (HVAC) systems, and all associated work involved with the installation of the HVAC system including electrical, pipe, and duct work. Classifications performing this work are also listed on the wage determination ATTACHMENT IV to this Exhibit.
 - iii. Contractor must track the amount of time a worker spends doing any of the tasks identified in EXHIBIT B, ATTACHMENT IV, and pay the appropriate wage rates as determined in ATTACHMENT IV to this Exhibit.
 - iv. Contractor shall ensure that employees and subcontractors performing work specific to the Basic Weatherization worker and the Doors & Windows Weatherization worker classifications are paid, at a minimum, the corresponding wage rates identified on ATTACHMENT IV to this Exhibit. The application and the use of the HVAC/Furnace/ Heating & Cooling Mechanic wage rates is limited to only those weatherization personnel directly performing activities assigned to this job classification.
 - c. The rates included in the Davis-Bacon Wage Determination, ATTACHMENT IV to this Exhibit are exclusively for residential project use only.

EXHIBIT D
(Standard Agreement)

- i. Commercial projects, defined as buildings five (5) or more stories, including apartment buildings and public housing buildings that meet this height, are excluded from this wage determination.

Contractor must submit a written project proposal to CSD that is sufficient for evaluation by federal and state labor departments.
- d. The rates included in the Davis-Bacon Wage Determination, ATTACHMENT IV to this Exhibit are effective as of March 1, 2010.

E. Monitoring and Reporting of Davis-Bacon Provisions

- 1) CSD will monitor Contractor's adherence to all Davis-Bacon provisions. Noncompliance with Davis-Bacon will subject Contractor to the process outlined in Exhibit D, Section 10, "NONCOMPLIANCE WITH REQUIREMENTS OF THIS AGREEMENT".
- 2) Weekly payroll reports, in accordance with Davis-Bacon requirements, must be postmarked no later than seven (7) working days following the issuance of the weekly payroll and be submitted via U.S. Postal Service to:

Department of Community Services and Development
Attention: Davis Bacon Unit
P.O. Box 1947
Sacramento, CA 95812-1947

- F. Applicability to all Labor and Construction Workers on DOE ARRA Funded Projects. Under the Davis-Bacon Act, the wage requirements apply to all labor or construction workers working on each dwelling where the weatherization is funded wholly or in part by this Agreement. For purposes of this Agreement, the Project shall refer to all weatherization or health and safety measures identified in the applicable dwelling assessment and performed on the dwelling as a result of the dwelling assessment performed under this program. Contractor's responsibilities under the Davis-Bacon Act include certifying that all labor and construction workers on the Project, including those whose salaries, wages, or benefits paid wholly or in part by other public or private funds, are paid prevailing wages according to federal law. Contractor's weekly certifications must therefore include information for all labor and construction workers on DOE ARRA dwellings or Projects, and not just those paid with funds under this Agreement.

ADDITIONAL PROVISIONS

1. **PROVISIONS FOR FEDERALLY FUNDED GRANTS**

A. Contractor certifies that it possesses legal authority to apply to the State for LIHEAP funds and assures compliance with the purposes as set forth in 42 USC 8621 et seq., as amended.

B. **Eligibility to Receive Federally Funded Public Benefits**

Pursuant to the 42 USC 1305 (Public Law 104-193, 110 Stat. 2168, Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA)) and Executive Order W-135-96, dated August 27, 1996, while in effect, applicants for federally funded public benefits are required to provide proof of U.S. citizenship, U.S. non-citizen national, or qualified alien status. Contractor shall verify client eligibility in accordance with CSD Applicant Verification of Eligibility Procedures and Regulations, forms, and other written guidance provided by CSD.

C. The Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA) Section 508, NO VERIFICATION REQUIREMENT FOR NONPROFIT CHARITABLE ORGANIZATIONS, Section 432 (d) of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (8 U.S.C. 1642) as amended, exempts nonprofit Charitable Organizations under this title to determine, verify, or otherwise require proof of U.S. citizenship, U.S. non-citizen national, or qualified alien status of any applicant for such benefits in providing any Federal public benefit (as defined in section 401 (c)) or any State or local public benefit (as defined in section 411(c)).

2. **FEDERAL CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND RELATED MATTERS**

Contractor hereby certifies to the best of its knowledge that it, any of its officers, or any subcontractors:

A. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

B. Have not within a three (3) year period preceding this Agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement,

EXHIBIT E
(Standard Agreement)

theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

- C. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph B above of this certification; and
- D. Have not within a three (3) year period preceding this Agreement had one or more public (federal, state, or local) transactions terminated for cause or default.
- E. If any of the above conditions are true for the Contractor or any of its officers, Contractor shall describe such condition and include it as an attachment to this EXHIBIT E. Based on the description, CSD in its discretion may decline to execute this Agreement or set further conditions of this Agreement. In the event any of the above conditions are true and not disclosed by Contractor, it shall be deemed a material breach of this Agreement, and CSD may terminate this Agreement for cause immediately pursuant to the termination provisions of State and federal law governing the Low-Income Home Energy Assistance Program.
- F. As provided in Exhibit D, Section 7 of this Agreement, Contractor must certify in writing to the best of its knowledge that any subcontractor(s) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency.

3. PROCUREMENT

A. Contract Administration

- 1) Contractor shall administer this Agreement in accordance with all federal and state rules and regulations governing LIHEAP block grants pertaining to procurement, including Office of Management and Budget (OMB) Circulars and amendments thereto, consistent with the general OMB compliance requirement in EXHIBIT B of this Agreement. Contractor shall establish, maintain, and follow written procurement procedures consistent with the procurement standards in 45 CFR Part 92 (OMB Circular A-102 for state and local governments) and 45 CFR Part 74 (OMB Circular A-110 for nonprofit organizations) and all additional provisions in this Agreement, including but not limited to a code of conduct for the award and administration of contracts and a procedure that provides, to the maximum extent practical, open and free competition.

EXHIBIT E
(Standard Agreement)

- 2) Contractor shall not permit any organizational conflicts of interest or noncompetitive practices that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective subcontractor performance and eliminate unfair competitive advantage, individuals or firms that develop or draft specifications, requirements, statements of work, invitations for bids, and/or requests for proposals shall be excluded from competing for such procurements. Contractor shall award any subcontract to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to Contractor when considering price, quality, and other factors. Contractor's solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient.
- 3) Contractor assures that all supplies, materials, equipment, or services purchased or leased with funds provided by this Agreement shall be used solely for the activities allowed under this Agreement, unless a fair market value for such use is charged to the benefiting program and credited to this Agreement.
- 4) In addition to adhering to all OMB requirements and the Contractor's established procedures for all procurement transactions of any amount, for each purchase, lease, or subcontract for any articles, supplies, equipment, or services obtained from vendors or subcontractors where the per-unit cost exceeds \$5,000 or where the total contract amount exceeds \$100,000, three competitive bids/quotations shall be obtained or adequate justification documented and maintained as to the absence of bidding. In cases of a bona fide emergency where awarding a subcontract is necessary for the immediate preservation of public health, welfare, or safety, documentation of the emergency will be sufficient in lieu of the three-bid process.
- 5) To ensure that significant procurement transactions are conducted in an open and freely competitive manner, Contractor shall prepare and submit a Request for Purchase/Lease Pre-Approval (CSD 558) to CSD at least fifteen (15) calendar days prior to executing the subcontract for each of the following procurement transactions:
 - a. Any articles, supplies, equipment, or services having a per-unit cost in excess of \$5,000; or
 - b. Any articles, supplies, or equipment where the total contract amount exceeds \$100,000.

EXHIBIT E
(Standard Agreement)

- 6) Noncompliance with any of the provisions in this Section 3. shall result in a disallowance of the costs of the procurement transaction.
- 7) Contractor assures that it shall exercise due care in the use, maintenance, protection, and preservation of State-owned property in Contractor's possession or any other property or equipment procured by Contractor with State funds. Such care shall include, but is not limited to, the following:
 - a. Maintaining insurance coverage against loss or damage to such property or equipment.
 - b. Ensuring that the legal ownership of any motor vehicle or trailer is in the name of the Contractor.

B. Limitation on Use of Funds

Contractor shall assure that funds received under this Agreement shall not be used for the purchase or improvement of land or for the purchase, construction, or permanent improvement of any building or other facility other than low-income weatherization or energy-related home repairs.

4. AFFIRMATIVE ACTION COMPLIANCE
