

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

702

FROM: Riverside County Regional Medical Center

SUBMITTAL DATE:
February 7, 2012

SUBJECT: Approval of Sole Source and Multi-year Agreement with Air Liquide Healthcare

RECOMMENDED MOTION: Move that the Board of Supervisors:

- 1) Authorize the Chairman of the Board to approve the Sole Source Procurement with Air Liquide Healthcare for the period of January 1, 2012 through December 31, 2012, with the option to renew annually through December 31, 2018; and
- 2) Authorize the Purchasing Agent, in accordance with Ordinance No. 459, to exercise renewal options, based on the availability of fiscal funding, and to sign amendments that do not change the substantive terms of the agreement up to ten percent the maximum contract amount.

Dep't Recomm.:
Per Exec. Ofc.:

Date: February 7, 2012
From: Douglas Bagley, Hospital Director, RCRMC
To: Board of Supervisors
Via: Purchasing Agent
Subject: Sole Source Procurement; Request for bulk gas, liquid oxygen and storage vessels

The below information is provided in support of my Department requesting approval for a sole source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole source.

1. Supply/Service being requested:

Bulk gas, Liquid Oxygen & Storage Vessels

2. Supplier being requested:

Air Liquide Healthcare

3. Alternative suppliers that can or might be able to provide supply:

None as current bulk and auxiliary tanks are proprietary to Air Liquide

4. Extent of market search conducted:

Because the bulk and auxiliary tanks are proprietary to Air Liquide thus ruling out the options of procuring bids for the bulk gas, liquid oxygen and storage vessels alone, RCRMC investigated the costs involved in replacing the tanks. The project to replace these would require:

- Architectural and Engineering documents with OSHPD submittal
- Bulk Oxygen equipment
- Bulk Oxygen storage are (foundation)
- Installation of Bulk Oxygen equipment
- Certification

The price for the above mentioned items is \$630,000 (+/- 30%). This estimate does not take into account additional, unforeseen requirements that may be required by OSHPD such as shaker table testing, unforeseen agency submission and /or certification, etc.

5. Unique features of the supply being requested from this supplier, which no alternative supplier can provide:

- The bulk tank currently installed at RCRMC is owned by Air Liquide and no other suppliers gases can be put into this tank.
- Choosing a different vendor would require the removal of the Air Liquide tanks at a cost of \$97,623 and replacing it with one from a new vendor at an estimated cost of \$630,000 (+/- 30%).

6. Reasons why my department requires these unique features and what benefit will accrue to the county:

- To maintain consistency with the main tank and products which have been used in the hospital since its opening in 1998.
- Cost savings will be realized with new (GPO Amerinet), pricing structure and ability to use the main and reserve tanks which are already installed

7. Price Reasonableness including purchase price and any ongoing maintenance or ancillary costs from the supplier:

- Under Amerinet GPO pricing the hospital would see an estimated cost saving of \$99,695 annually over the current bulk pricing.
- EZOXPlus (combines an 'E' cylinder of oxygen with a permanent regulator and flow meter attached) implementation with Amerinet GPO pricing will net an estimated savings of \$5,000 annually in comparison to our current rental spending for the tanks.
- Pricing is guaranteed for the first 18 months of the agreement and any price increase would not exceed 5% per year after the first 18 months or CPI.

8. Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this sole source? (Maintenance, support, or upgrades, if so, please explain).

No

9. Period of Performance:

7 years in 1 year increments, renewed annually.
